BAN FRANCISCO, April 17.-(Special.)-Wheat was steadler but inactive. Only one reseal is now on the engaged list for spot loading. Future charters are stendier. A bariey vessel was taken for August-September load-ing at 20s 6d. Oats were easy. Bran was firm, Strawberries were again in light supply and firm. Small sizes of choice and fancy navel Some of the standard railroad stocks were comparatively late coming into today's move-ment, and there was an unusually large num-ber of industrials embraced in the advance. Colorado Foel and General Electric made gains of 3%, People's Gas advanced 4, just at the last, and the list of 162-point gains among the industrials is a long one. General comidera-tions apparently ruled the speculation, such as the technical strength of a portion following so prolonged a downward course of prices with the resultant relief of the money market by liquidation, good railroad estmings, exception-ally encouraging crop returns, and reports of large current export business in the grafn mar-kets. The figures of the week's grain exports were, however, somewhat disappointing, snow-ing an increase over last week in wheat of 364,438 bushals, but a decline in corn exports of mearry 1,000,000 bushels. firm. Other citrus fruits were unchanged. with supplies ample. Fineapples were more plentiful and lower. Hipe bananas are still scarce. Little interest is now taken in apples. Fancy old potatoes are selling readily at recently advanced prices, but lower grades are still dragging. Receipts of new potatoes are increasing, and the market is daily weakening. Onions were weak, with new white affering freely. Asparagus was very weak for common grades, but steady for choice, Green peas are now selling by the sack at lower rates. Rhubarb was weak for the general run. A consignment of Mexican tomatoes arrived in uncondition. Repacked Floridas are selling readily. Some egg plant is now appearing,

be averted at the next time of pressure. -Rail-way earnings thus far in April exceed last year's by 12.5 per cent and those of 1901 by 28.1 per cent. Several factors tend to delay the placing of contracts for pig iron deliveries after July 1, which weakens the tone, and it is reported that Bessemer is freely offered at \$20 at Valley furnaces without attracting purchases. Tor-tion of the several contracts of the several actions of January and February provided au-ficient supplies for present needs. No im-port of an upuscally early opening of Spring lines for next year in order to secure subvances of bary-weight woolens, and there is pro-port of an upuscally early opening of Spring lines for next year in order to maintain activ-tity at the mills. A beneficial atter-effect of the Easter rush, however, is an improve- ment in collections. Export trade is still ex- panding, cotton and corn being leaders, and manufactured products are also soing shread in larger volume. Last year's record has al- ready been surpassed. With improved transportation and better sup- plies of coke, iron production is surpassing all record. This has resulted in some further weakness in pig, this, by the way, discouraging imports of foreign materials. On the other hand, finished products are in unprecedented demand, and foreign steel is arriving in in- creased volume to eke out domastic needs. Railway earnings are the best ever recorded for this season, grows receipts for March exceed- ing these of a year ago by about 14 per cent. The high price of cotton and the numerous labor troubles unsettied the demand for manu- factured goods. Men's wear woolen goods for Fall delivery are record to backward, and res' wool has steadied slightly. The theory ad- vanced last week that the sugar imade su- star the increased prices of, raw and refined su- star the week. Coppet is noted lash weak, that of destroying low-grade Brazilian supplies, and new record low prices have been touched by 'futures.'' Pig iron of all kinds moved lower this week. Coppet is signify higher on the week, and other matals are steady. Silver is strengthened and this week stold at the highest point reached in several years. Manufacturing is active the country over.
