SANTODOMINGO MAY HAVE QUIET

Provisional Government Immediately Takes Charge of Things—Prominent Members of Old Regime Killed in an Assault.

SANTO DOMINGO, Santo Domingo, April 26.—

At a result of the fighting between government forces and revolutionaries here yesterday the government has abandoned San Carlos and Guadalupe, and these suburbs are now occupied by rebels, who became possessed of the ammunition, rifles and cannon left by the government forces.

The fighting of yesterday has entirely changed the situation here and has been hoped that peace will soon be restored. The hospitals of the city are filled with wounded. The losses sustained by the government were heavy.

JOINED THE REBELS.

Two Government Garrisons Change Allegiance—One Hostile.

SANTO DOMINGO, Republic of Santo Domingo, Tuesday, April 27.—The government garrisons at Azua de Compostela and San Cristobal have joined the revolutionary movement and the garrison at Dabonfis is expected to follow their example. The revolutionary garrison at Independencia has proceeded to San Pedro de Macoris for the purpose of obliging that port to surrender.

In Santo Domingo City the misery is very great, some 30 families having been rendered homeless through the burning of the suburb of San Carlos. The wounded men in the hospitals here are suffering from the lack of proper food and medical attendance. The departure yesterday of the United States steamer Atlanta is much regretted for the assistance her hospital staff rendered the wounded. The city is growing more quiet and business is reviving.

OVERTHROW OF VASQUEZ.

Provisional Government Formed, Headed by A. Woz-Gil.

SANTO DOMINGO, Wednesday, April 27.—It was learned here today that the government forces at Bahona, San Pedro de Macoris, have joined the revolutionaries in the northern part of the island and the overthrow of President Vasquez is complete. A provisional government has been formed, headed by A. Woz-Gil as President.

Important Notice to Patrons

We are ever striving to benefit our patrons by improved store service. Our latest move is, we believe, one in that direction. We have decided that an expert in one line is generally incompetent in another; for instance, a man may be a splendid watchmaker, and yet make a failure at shoeing a horse. Our line is merchandising; that of the CITY MESSENGER & DELIVERY COMPANY is delivering of merchandise to all parts of the city and suburbs. We have decided that, commencing this (Monday) morning, we will withdraw all of our delivery wagons, and the above-named company will do all work for this house in that line. We are prompt and reliable, and we shall continue to be so. We ask that any dissatisfaction, or complaint, be made known to the company, so that we may change we are best serving our patrons' interests. Quicker and more frequent deliveries must and now will be the rule. If you hear of an exception, will you tell us? It will be in the City Messenger & Delivery Company. OLDS, WORTMAN & KING.

IN OUR SHOE STORE

We Sell Only Good Shoe

Fancy one of those towering office buildings without the support of the hidden framework of steel. If the steel disintegrated or lost its strength, how soon the tall skyscraper would crumble! So with shoes. It's the hidden parts that keep the shoe in shape. The "counter" must be solid, else the shoe falls over at the heel. The "box" in the toe must be solid, else there's soon a wrinkle where there should be smoothness. The box and the counter are to the shoe what the steel framework is to the high building.

Oak leather soles are good in shoes, but a shoe can have oak leather soles and yet be "scamped" in the box or counter—vital points in keeping their shape; and equally as important as the soles in giving satisfaction to the wearer. Cheapened inner details result in shapelessness after brief wear.

At the top are the "Glorias," the acme of shoe perfection for \$3.50
The "Dorothy Dodge" is the best shoe made to date. It's a beauty for the women at \$3.00
