ALBUQUERQUE, N. M., May 5.-Pres ident Roosevelt closed the most pictur-esque day of his Western trip with a esque day of his Western trip with a stop of two hours in Albuquerque this evening. His train reached here at 1:50 o'clock, and he was escorted by a re-ception committee headed by Deicgate S. Rody, of New Mexico, to a lavishly decorated stand in front of the beautiful Alvarado Hotel, where he spoke for a few minutes to a crowd of 5000 people. few minutes to a crowd of 5000 people. The President dwelt on irrigation and its importance in the development of New Mexico, but occupied the greater part of his time in discussing the qualities that go to make up good citizenship.

Directly opposite the speakers' stand was a tableaux representing New Mexico arresulter for affecting to the Union

ico appealing for admission to the Union 45 little girls dressed in white representing the states while one of them on the outside of a gate, at which stood Uncle Sam, representing New Mexico. The President said when New Mexico had a little more irrigation there would be nothing the matter with the little maid on the outside.

From the Alvarado, President Roosevelt was escorted to his carriage and the en-tire party was taken for an hour's drive about the town, ending at the Commercial Club, where a brief reception was held. Here the President was presented with a Navajo saddle blanket, in which was roven in white letters his credentials as an honorary member of the club. The President was greatly pleased with the gift. Here the President was greeted by her large delegation of members of his Rough Riders' regiment, and he re-peatedly referred to his pleasure in meet-ing them and in visiting the country from which the greater part of the regiment was recruited. At 5 o'clock the President continued his trip to the West with the Grand Canyon of the Colorado as the objective point, Governor Otero, of New Mexico, and Governor Brodle. of Arizona, accompanied the President to Albuquerque from Santa Fe. Governor Albuquerque from Santa Fe. Governor Brodle will be the President's guest until he passes out of Arizopa.

IN HISTORIC OLD SANTA FE. President Becomes Godfather to Son of Rough Rider.

SANTA FE, N. M., May 5,-President Roosevelt spent three hours and 20 min-utes today in this city, whose historic buildings and monuments seemed to be of intense interest to him. At the capitol he made an address, speaking for 20 min-utes to an audience of fully 10,000 people. President Roosevelt said it was a great pleasure to him to come to New Mexico, from which territory more than half of the members of his regiment came.

"I know the people of New Mexico," he said "and I am fond of them. How can I help being fond of the people with whom I have worked?"
He congratulated the people of New Mexico on what they have accomplished

and said he believed they were on the and said he believed they were on the verge of greater things.
"Much will depend on the thrift of the people," said the President, "but the Government can help somewhat and the

Government will help." The President said the benefits of forest preservation and irrigation to be enjoyed by this section will do most toward bringing New Mexico to statchood and making it one of the great states of the West.

The President as a Godfather, A brief reception was held in the capitol. after which a drive was taken over the guily decorated streets, all of which were thickly lined with a cheering multitude. A stop was made at San Miguel Church the oldest church edifice in the United States, and at the Cathedral, where the vicar-general, Anthony Fourchegu, bap-tized the son of George W. Armijo, a ser-geant in the Rough Riders, President Roosevelt being godfather. The child was named Theodore Roosevelt. After this pleasing incident the President addressed 2500 school children, including 350 pupils in the uniform of the United States Indi-an school, the students of St. Michael's College of Loretto Academy, St. Cathe rine's Indian and the Presbyterian Mission school. The roof of the historic old place

and the roofs of other buildings surround-

ing the plaza were thronged. The drive was continued to Fort Marcy, from which a superb view of the city and surroundings is obtainable. Here Mayor Sparke presented the President with an sparse presented the President with an illustrated volume of the city's history. The book is in a cover of gold filigree work, set with large turquois, and was the product throughout of Santa Fe skilled workmen. Luncheon was served at the residence of Governor M. A. Otero, in front of which was a triumphal arch, on which stood a girl, as goddess of liberty, strewing flowers upon the President. As the President re-entered his carriage, an original ode was sung by the children and inal ode was sung by the children and the President stood up in his carriage and waved his hat lustily. A visit was made to the New Mexico Historical Society Museum, after which the party returned to the depot, the train leaving at 12:20

A large detail of Rough Riders in uniform served as a guard of honor here, and a number of these accompanied the President to Albuquerque. The Cleveland (O.) Grays, who happened to arrive on an excursion, took part in the exercises. Four large arches and many lesser ones formed part of the scheme of description. which exceeded anything that Santa Pe

has thus far seen.

Private Secretary Loeb arrived here last night and joined the President. Governor Otero and other territorial officials accompanied the President to Albuquerque.

Every hour of this time will be fully occupied, the floral and electrical parades in this city on Friday being the chief features of the programme. At Pasadena, President Rosesvelt will probably visit the widow of the late President Garfield at her homa.

MATOS IN A TRAP. Venezuela Is Massing Its Forces for a Final Attack.

CARACAS, May 5.-It is believed here in some circles that General Matos, the lead-er of the revolution, has fallen into a trap. His object in landing again on Venezueian soli was to re-establish harmony among the chiefs of the revolution, who are fighting among themselves. General Matos on May 1 reached Barquisimeto, where a revolutionary army of 29,000 men is conrevolutionary army of 20,000 men is con-centrated under Generals Paneloza and Ja-cinto. The government at first was in-clined to disbelieve the news that Gen-eral Mates had returned to Venezuela, but after this was confirmed it concentrated its forces, which are now encircling the rebels. It is believed that the approaching battle will be sanguinary, and probably the last of the Matos revolution, if the revolutionists are defeated. revolutionists are defeated.

Argentina-Chile Dispute Ended, LONDON, May 5.—Colonel Sir Thomas Holdich, British Commissioner for the Arsouth a feet to a realization of the Argentina-Chile boundary arbitration, arrived here today from South America. In an interview he said the whole of the disputed tract has now been delimited. The former alliance between Chile and Argentina will probably be revived, and may lead to a realization of the scheme for a federation of South America.

Both First Officers in Charge

The Saginaw was in charge of First Officer Goslee when the collision occurred, and the first officer of the Old Dominion ship was also at the wheel of his vessel. From all accounts obtainable, the denseness of the fog made high speed pertious and both ships were going at reduced speed. Their fog whistles were kept blowing regularly, and were distinctly heard by each other before the crash.

The passengers and most of the crew of both ships were asleep below when the disaster happened, and when the terrible shock and grinding noise awakened them a panic-stricken rush for safety took admirable. "Women first!" was the initial command of Captain Tunnell after the lifeboats had been prepared for lowering. The frightened colored women piled into the first boat of the Saginaw, and all lost their lives.

Statement by Captain of Hamilton. The following statement was made to the press representatives by Captain R. B. Bonz, of the Hamilton, this afternoon;

"It was clear when we left New York yesterday afternoon, but we ran into a fog bank four miles north of Egg Harbor. the fog lasting until we reached Cape Charles this morning, and we were proceeding at about nine knots an hour. We had been under reduced speed since encountering the fog. We could not see a ship's length ahead when we heard a whistle on the starboard bow two points ahead. We stopped the Hamilton, and then I heard another whistle. Suddenly the Saginaw loomed up three points on the bow, and the Saginaw attempted to run across the Hamilton's bow. We backed at full speed, but struck the Saginaw on the port quarter. In a very short time she went down. When the We lowered two boats, but meanwhile the Saginaw had lowered boats and a raft. I picked up two of these boats and a raft.

The third was probably sunk." Captain J. S Tunnell, of the Saginaw, did not leave his boat until the last man. He was finally taken from the rigging of the sinking ship, and when got aboard the Hamilton was found to be badly injured. He is now in Norfolk under the care of a doctor, and cannot be seen. His injuries

are serious, but not fatal. Engineer Selzer, of the Saginaw, re ported to the Clyde officials here this afternoon that the Saginaw lies in 15 fathome of water, The Clyde estimate of the missing to eix of the crew and nine pasofficials sent to their home office in Phila-

Fire-Fighter's Story

How the Strongest Man in the Philadelphia Fire Department---Once the Weakest--- Gained His Strength and Health, by Using Swamp-Root, the Great Kidney and Bladder Remedy.

HERE'S the story of a man who was near death's door and was saved by using Swamp-Root.

If he came to you and said: "My friend, do you suffer

with kidney trouble? Does your back ache? Do you feel bad all over and can't tell exactly what's the matter? Have you tried medicines or doctors without benefit? Are you about discouraged? Then do as I did, and get well-Use Dr. Kilmer's Swamp-Root! 1 know it will cure you."

If he did this, would you believe him?

Wouldn't you, if you were a sufferer, follow his advice, knowing that he bore living. sentient, vital testimony to the wonderful virtues of this great natural remedy?

WELL, that is just what Hugo

Hutt, strongest man in the Philadelphia Fire Department, hero of a hundred battles with the flames, is doing NOW through the medium of this newspaper.

Hugo Hutt has been connected with the Philadelphia Fire Department for the past four years. He is stationed at the engine house at Nineteenth and Callowhill Streets. Mr. Hutt is known as the strongest man in the Fire Department and has taken many prizes at athletic tournaments for his prowess in the field of sports.

He is also an ex-sergeant of the United States Infantry, having for several years been stationed at Fort Niobrara, Neb. Mr. Hutt also served with the Sixth Pennsylvania Regiment during the Spanish-American War.

H ERE is the story as he gave it to a special representative of Phila delphin's Great Newspaper, "The North American:"

"You will hardly believe it when I tell you there was a time when my body was in such a diseased condition that my relatives and friends would have, at

> no time, been surprised to learn of my death. It was all due to kidney trouble, for which I could secure no relief. I was under the care of my family physician for a number of years, but he was unable to do me any good. I also consulted two noted specialists on kidney diseases, but they were unable to give me more than temporary relief. I had already made application to join the Army, but was turned down on account of my bad physical condition.

"I was advised to try that greatest of all remedies-SWAMP-ROOT.

"I wrote to Dr. Kilmer & Co., at Binghamton, N. Y., for a sample bottle, and its effect upon me was so noticeable that I went immediately and bought a supply from my druggist, with the result that in a comparatively short time I had entirely recovered and became the man you see me now.

"I served a number of years in the Army, and for the past four years I have been connected with the Philadelphia Fire Department. My work, both in the Army and fighting fires in Philadelphia. has been of the most arduous, and work that I could not do, did I not have a strong physique.

"I do not know what the words 'kidney trouble' mean now, and do not expect to. I cannot speak too highly of Swamp-Root. A few bottles of this great remedy did more for me than a dozen physicians could.

(Signed) "223 Vine St., Philadelphia, Pa."

AND this is only one man's story-if the average reader

of a newspaper could be persuaded to read the thousands of such testimonials which come to Dr. Kilmer's Swamp-Root, the kidney troubles which now afflict humanity would be cut down fifty per cent.

For these testimonials all prove beyond a doubt that the greatest cure for kidney, liver and bladder troubles is

Dr. Kilmer's Swamp-Root

The regular 50-cent and \$1 size bottles are sold by all druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every

BALTIMORE RESULT WILL NOT BE KNOWN UNTIL TODAY.

Ballots Which Will Decide Locked Up by the Police-Republicans Make Big Gains,

BALTIMORE, Md., May 5.-The result of today's municipal election in this city, as to the Mayoralty candidates, is in doubt, and will not be officially ascertained until tomorrow. Of the 308 pre cincts in the city, 263 have been counted, and they give a plurality of 382 for Robert M. McLane, Democratic candidate, over Frank M. Wachter, Republican. In the other five precincts, owing to disputes be-tween the election judges, the ballot boxes have been locked up by the police for the night, and will not be opened until to-morrow. The actual result will, therefore, be in doubt until these votes are counted, and a recount will probably be ordered. George F. Heffner, Republican, has been elected City Controller, and E. C. Ti-manus, Republican, is elected president of the second branch of the City Council. The Republicans will have a majority in the second branch of the City Council, and the Democrats a majority in the first branch. At the municipal election in 1899, the Democrats carried the city by 8600.

MAYOR MOORES WINS AT OMAHA. Fought by Faction of Own Party and Democrats to No Avail.

OMAHA, Neb., May 5.—Frank E. Moores, Republican, was today elected Mayor of Omaha for the third time, hav-ing beaten his three opponents out with about 1990 plurality. Notwithstanding about 1000 plurality. Notwithstanding there was a split in his own party, the Moores' forces have made a most ag-gressive campaign, Erastus Benson, who was nominated by the bolting faction of the party, coming in second best. E. E. Howeli, Democratic candidate, was third. W. W. Moore, Socialist candidate, re-

ceived about 2000 votes. The campaign has probably been the most bitterly fought of any in the history of the city. At the Republican primaries the issue was Moores and anti-Moores.

the issue was Moores and anti-Moores. The Mayor had a majority of one vots in the convention, but his opponents alleged it had been secured fraudulently, and bolted. They placed Benson in the field as a Citizens' candidate.

The rest of the ticket is about evenly divided. The Democrats elected C. C. Wright City Attorney: William Fleming, Tax Commissioner; C. A. Lobeck, Controller. The Republicans re-elected A. H. Hennings, City Tressurer, and William H. Eibourne, City Clerk. The City Council is still in doubt.

CLEVELAND BOOM GAINING. Hanna Says He Is Coming Candidate, but Will Not Win.

OREGONIAN NEWS BUREAU, Washington. May 5.—Senator Hanna is again protesting that he is not a candidate for President. Special dispatches from Chiprotesting that he is not a candidate for President. Special dispatches from Chicago quote him as saying directly that "all talk of my candidacy for the Presidency is bosh." He again asserts that Roosevelt is sure to be the Republican nomines. No one believes that Hanna is a fool, and he is not likely to give any encouragement to the movement that is on foot to have him contribute to Roosevelt's defeat.

velt's defeat. Hanna also says the demonstration for Cleveland at St. Louis indicates that he is the coming man for the Democratic nomination, although he does not predict nomination, although he does not predict and Cleveland's success. At the same time, Cull the talk of Cleveland continues, and the Eastern papers especially are full of it, some favoring him and some opposing him. The Boston Post, the leading Demittee

ADDRESS WORKINGMEN'S REPUBLI-CAN CLUB AT SALEM.

Attention Is Called to the Fact That Disgrantled Party Members Have Elected Many Democrats,

SALEM, Or., May 5 .- (Special.) -- Salem Republicans held a campaign raily this evening under the auspices of the Work-ingmen's Republican Club. Neither the attendance nor the enthusiasm were what attendance nor the enthusiasm were what had been expected, but Republican leaders say that when the campaign warms up more interest will be manifested. Frank Davey presided over the meeting.

Hon. Tilmon Ford was the principal speaker. He advocated the maintenance of a policy of a protection tariff, and said that Mr. Hermann had secured larger appropriations for Oregon than had any

propriations for Oregon than had any other man, and contended that it is best for Oregon to send an experienced man to Congress. He said that Hermann is in harmony with the Administration's policy of making the American Navy the equal of any on earth, and also with the Ad-ministration's policy in the Philippines. Mr. Ford eulogized President Roosevelt and predicted his nomination in 1904, which prediction was greeted with hearty ap-plause. The speaker conceded that there have been serious strikes and other labor

troubles during a Republican administra-tion, but asserted that the Republican party has done more than any other to control trusts. He said that Roosevelt favors legislation that will protect both anital and labor, and that he understands E. H. Flagg said that he left the Den cratic party when it stood for free trade and free silver, and that party's principles have not changed since. Reames stands as an exponent of such principles. The Democratic Congressional Convention was controlled by a boss, Sam White, who ma-

mipulated it so successfully as to produce a platform which Bryan would not rec-ognize as Democratic unless it were la-beled. He said that a return to Demobeled. He said that a return to Demo-cratic rule means a re-enactment of the Wilson bill, which deprived farmers of their protective tariffs and gave the trusts the best end of the bargain. He called attention to the fact that a majority of the Sheriffs and many other county officers in this state are Demo-crats, and that Oregon Republicans elect-ed a Democratic Governor because they were dissatisfied with the Republican nom-inee, and said that it is up to the Repub-

licans of this district to say whether they will do this again. He closed with an ap-peal to Republicans to lay aside person-alities and work for principles.

Colonel E. Hofer made a brief argument in behalf of a protective tariff, subject to revision, and emphasized Hermann's fit-ness for the Congressional seat as evidenced by his success in securing appropriations. Frank Davey made an eloquent appeal to young Republicans of the district not to be cajoled again into voting for a Democrat, as they were last June. when disgruntled Republicans foolishly elected a Democratic Governor. He de-nounced in scatching terms the attempt of Reames to secure the votes of native sons, and eulogized Hermann as a man of ability and honesty, and one who is always ready to serve his constituents.

J. D. Lee spoke briefly in behalf of a continuance of the protective tariff. Ex-Governor Geer, who was advertised as one
