**THE "BAT"** --- Another "Websterism"

The man who writes dictionaries says a "bat" is "a flying mammal, possessing a pair of leathern wings which extend between the fore and the posterior limbs." He might have added—"and only flies about nights while brighter birds, including the great American eagle, are resting from their labors." Leathern wings may do for bats, but it takes the Marconigram to keep pace with Time today—leathern wings are things of yesterday. We, as storekeepers, strive to take time by the forelock—to ever keep in advance of the field—down-to-the-minute in every modern idea—in the merchandise we carry—in the conduct of our store—the service we give and the values we return for the favors received from our thousands upon thousands of patrons. No leathern wings for us—the wireless or nothing! The leathern wing stores of our grand-daddies kept open night and day. The modern establishments of today close evenings, thus giving their salespeople time for well-earned rest and recreation. This is especially applicable to Saturday, that the army of helpers employed in our great "Different Store" may make proper preparations for Sabbath observance. Some storekeepers haven't heard as yet of the automobile and fly around on leathern wings, after 6, Saturday nights. That's another reason why we're "DIFFERENT"—WE CLOSE AT 6 O'CLOCK EVERY EVENING—SATURDAY INCLUDED. DON'T BE A BAT—shop at the "Daylight Store." HERE'S A BROADSIDE OF BARGAINS for ten hours' selling to round out a busy week. 8 A. M. till 6 P. M.—then closed.

**STRIKE NEARS END**

Both Sides at Omaha Agree to Peace Meeting.

**GOVERNOR BRINGS IT ABOUT**

Matters at Issue Are to Be Referred to a Committee of Fourteen—Mayor, Confident of Agreement, Allows Saloons to Reopen.

OMAHA, May 8.—A plan for the settlement of the strike, which now involves 3000 teamsters, restaurant workers, freight package handlers and members of the building trades, was reached late this afternoon.

The plan for the proposed settlement was reached after Governor Mickey had held conferences with leaders representing both sides of the controversy. It provides the appointment of a committee of seven men each, to represent the Business Men's Association and the labor unions, who will sit with Governor Mickey as chairman. The committee will meet in Omaha next Monday evening, to try to reach a basis of settlement. Meantime the labor leaders have given their pledge to do everything in their power to preserve peace and prevent violence. The situation here will remain in charge of the Chief of Police and Sheriff.

The saloons were permitted to reopen at 6 o'clock this evening, the Mayor expressing the opinion that no trouble could arise from such action.

Neither side to the controversy is willing to state on what grounds they will meet, but the opinion is generally expressed that the end of the strike is in sight. This afternoon there was a large number of teams in the jobbing district, and wagons were driven without molestation.

The peculiar spectacle of strikers in the role of Deputy Sheriffs protecting non-union men was presented on the streets this afternoon. Sheriff Power stated that he believed both sides should be represented.

**HILL WILL FIGHT STRIKE HARD.**

If Great Northern Men Walk Out, He Will Not Arbitrate.

ST. PAUL, May 8.—In an interview today on the possibility of a strike on the Great Northern Railway, President J. J. Hill said:

"If the men have voted to authorize a strike, I can see no common ground on which the matter can be further arbitrated. They will be allowed to accept the consequences of any action they may decide upon. Our information is, however, that the men are holding meetings for the purpose of opposing the demands of the committee. I am quite sure they do not want to strike, if left to act as they would of their own accord."

The question last issue is one which does not affect the Great Northern directly; ours is not a double-header road. Less than 3 per cent of our freight mileage is handled by doubleheaders, and this includes the pushers, to which no opposition has been raised. About 1 per cent of the men who would be called upon to strike—should the grand officers and men decide to declare one—would be directly interested in the properties they would go out to vindicate.

"We have good trainmen and have agreed to give them the increase in pay they ask, but if, without anything that affects them directly, they vote to go out, we do not want them to work for

the road a minute longer. I don't think more than 2500 men would go out in any event."

**Both Sides Hold Conferences.**  
ST. PAUL, May 8.—The Great Northern trainmen's trouble was the subject of two conferences today. The side of the road was represented by President J. J. Hill, General Manager Ward and General Superintendent Slade. They met in the office of Mr. Ward. The other conference was held in the Windsor Hotel, those taking part being Messrs. Garretson, Newman, Miller and Woolley, the latter two being the chairmen of the Conductors' and Trainmen's committee, respectively. Nothing was given out by either side after the meeting.

Messrs. Woolley and Miller arrived from the West today bringing with them the votes in their district. G. W. Rist, another committeeman, arrived yesterday with the returns from his district. The vote will not be officially canvassed until Sunday morning.

**Organize to Fight Unions.**  
Brooklyn Contractors Will Carry the Struggle to a Finish.

NEW YORK, May 8.—At a meeting of the Brooklyn builders and contractors, a movement was inaugurated for a struggle between labor unions and employers in the building trades. An organization was effected under the name of the Builders' Protective Association of Brooklyn, and a committee was appointed to confer with similar associations in Manhattan and the Bronx. The chairman of the meeting explained its object and said:

"We will not give in to the demands of labor agitators under any circumstances. Whatever wages are now being paid our employees will stand, and will not be lifted. We propose to fight to a finish, and if necessary will cause a complete tie-up of all building operations until we win."

The lockout of the lumber dealers and building material men against the United Building Material Drivers was more com-

plete than ever today, according to the dealers. They also said that the yardmen, who started a sympathetic strike and closed the five lumber yards in New York last week, returned to work today, ready to pile union or nonunion lumber.

**No Change in Subway Strike.**  
NEW YORK, May 8.—There was no change in the situation of the strike of the 35,000 excavators and rockmen today. The president of the union said that the subway men might submit the question of hours to arbitration, but they would not accept anything less than \$2 a day. Work was also at a standstill on most of the big buildings as the result of the refusal of the lumbermen and brick dealers to send out material until the teamsters have modified their demands.

**Longshoremen Reject Peace Offer.**  
MONTREAL, May 8.—Two thousand union longshoremen in mass meeting tonight rejected a proposal to settle the big dock strike. Solution of the difficulty hinges upon recognition and both sides remain absolute on the point.

**Fleemen Win at Stockyards.**  
CHICAGO, May 8.—The stationary firemen today made a settlement of their wage demands with the packers at the stockyards. The 60 men involved with receive material increases in wages. The engineers' strike is unchanged.

**Forfeit Their Strike Pay.**  
GLASGOW, May 8.—The Council of the Amalgamated Society of Engineers has notified the Clyde strikers that strike pay will not be allowed them, as the strike was declared contrary to the instructions of the council.

**Laundrymen Agree to Arbitrate.**  
CHICAGO, May 8.—The Laundry Owners' Association today reversed yesterday's decision not to treat with the striking employes and appointed a com-

**UNION SEEKS INJUNCTION**

Telegraphers Contend That They Have Been Combined Against.

ST. LOUIS, May 8.—The Commercial Telegraphers' Union of America today filed a petition in the United States District Court, asking Judge Adams to issue an injunction restraining the Western Union Telegraph Company from discharging men belonging to the union. The petitioners also ask that the company be restrained from blacklisting members of the union, and from interfering with them in any manner.

The petition states that the Western Union Telegraph Company and M. N. Boyne, A. H. Bowie and A. H. Frank, who are also named as defendants, have unlawfully combined and conspired themselves to destroy the Telegraphers' Union, and intend to discharge from the Western Union service all telegraphers who are members. It is alleged that the officers are interfering with the members

of the Union, and by threats and intimidation are trying to prevent the company's employes from becoming members of the union. The petition states that the Western Union has established and maintains a blacklist, on which is kept the names of persons who have formerly been in the employ of the company and have been discharged or have incurred the displeasure of the officers or chief operators of the company. The immediate issuance of a restraining order is asked. No action has been taken by the court

in the case, as the plaintiffs have not yet filed affidavits in support of their contentions. They began work of taking affidavits immediately after filing the petition.

Superintendent Frankel, of the Western Union Telegraph Company, when seen, confined himself to a general denial of the allegations, and stated to the Associated Press that no action would be made until Judge Adams signified his intention in the matter.
