ACUTE INDIGESTION

CURED BY DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE.

Every Sufferer Will Recognize the

Symptoms Described by Miss Rol-ing, a Former Sufferer. Healthy and rosy-cheeked, looking as hough she had never known a sick day,

Miss Helen Roling has nevertheless passed through intense suffering. To a reporter who called at her home, No. 287 South Washington street, Colum-

"Two years ago I had an attack of

acute indigestion, accompanied by nervous troubles and dizzy spells. I lost in

weight, my complexion became pale and sailow, slight exertion made me breathe hard, and I could not walk any distance

without getting all tired out. I became

alarmed and sought medical aid, but the doctors gave me no lasting benefit

and I continued to grow worse. My

stomach could not digest even the simplest and most wholesome food, and

dieting did not seem to help me. And I was so tired and worn out all the

"It was Dr. Williams' Pink Pills for Pale People that cured me. I read an

article somewhere telling what these

pills had done, and I began taking them. Relief came almost immediately. I

kept on taking them, and my color came back, I could eat again with relish and with no fear of distressing con-

sequences. I began to feel strong and active, and in a short time was restored

to perfect health." What Dr. Williams' Pink Pills for

Pale People did for Miss Roling they will do for others similarly afflicted, as

is proved by thousands of cases on file. Dr. Williams' Pink Pills cure stomach

trouble by their tonic action, building

up the digestive organs and enabling

them to do the work that Nature in-

tended them to do. Artificial ferments and predigested foods weaken the stom-

ach in many cases. Medicines should

not do the stomach's work, but should put it in condition to perform its natu-ral functions. A diet book giving use-

ful information will be sent free on request by writing to the address below. Dr. Williams' Pink Pills for Pale Peo-

ple are sold at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mall from Dr. Williams Medicine Company, Schenec-

tady, N. Y. They are never sold in bulk or by the hundred. Avoid imita-

CHAMPION IS THE FAVORITE

Tracey Backers Are Hunting fo Odds-Money Flows in From Outside Cities to Bet on Gans, 10 to 8.

Never before in the history of Portland has such interest been taken in a boxing contest as is shown in the Tracey-Gans match, which takes place at the Exposition building tomorrow night. Never be-fore have two men taken such pains and gone through such a thorough course of training to fit themseives for battle. Every artifice known to the profesisonal trainer and athlete has been used in the develop ment of the muscles and wind of the prin

Fight-followers in all the leading cities in the Northwest have cars chartered to bring them to the ringside tomorrow night, and when the large local advance sale up to this time is taken into con-sideration, it is certain that there will not be a vacant seat in the vast arena. Since the announcement has been definitely made that Eddle Graney, one of the world's leading referees, will officiate world's leading referees, will officiate at the contest, betting has taken a lively tufn, with Tracey's followers looking for odds, though why they should is a mystery, as the local man stands second to none as a ring general and has a wallop that will land the long end of the money any time it connects with the spot.

Already about \$1000 has been placed on the outcome of the battle at various odds. Last night the Portland Club received a commission of 5500 to be bet on Gams at 10 to 8, which at this stage seems to be the prevailing odds. Constituting he early betting it is estimated that more money will be bet on this mill than any other fight ever held in the city. All day yes-terday there was plenty of Tracey money in sight, but backers of the local fighter in sight, but backers of the local hghter are holding out for better odds. Another commission of \$1000 is coming from Se-attle. The club also received a telegram from Butte, where Gans is to fight soon, stating that about \$500 would be sent to the clty. Most of the out-of-town money is sent to be placed on Gans. Local followers of the game well re-member the retting lik-round draw that

member the rattling 15-round draw that Jimmy Relly and George Memsic boxed as preliminary to the Britt-O'Keefe fight, and the dissatisfaction caused by the decision, and are congratulating themselves on the opportunity presented them of seeing the boys come together again to setthe for good and all which is the better man. They, like the principals, are trained to the minute, and say their former contest will be as a draft horse com pared with a Kentucky Derby-winne when they meet tomorrow evening.

Lots Like It Being Done Right Here in Portland.

Portland people are surprised at the work being done by "The Little Con-queror." Public expression on the sub-ject brings the matter frequently before the people. At first there were many doubters; and why not? So many claims of a similar nature have been made with little or no backing excepting the word of some stranger residing in a fur-away place; this evidence was accepted for lack of better. Not necessary to accept any longer. All sufferers from any kloney fil some stranger residing in a far-away place; this evidence was accepted for lack of better. Not necessary to accept any longer. ### University Henvy-Hitters Too Much for Academy Boys.

The Hill Military Academy and Colum-iba University baseball nines crossed bats for the second time on Multnomah Field yesterday afternoon. The Hill boys trotted on to the diamond with a determina-tion to win. They had fire in their eyes, and Van Houten, their pitcher, threw the

first ball with such speed that Gleason, Columbia's twirler, simply touched the ball and away it went for a base hit. Hits try. were bunched in succession by Columbia, Gleason, Fox, the Carmodys and Culler scoring.

Gleason pitched a remarkable game. He retired the military boys in order, and once again the Columiba sluggers came to the bat for two more runs. Hill did the best work in the second inning. They found Gleason for five hits and as many runa, but were it not for bad errors made by Columbia Hill would have scored an-other goose egg for the inning. Hill never

filled the base again. Gleason's keen eye and steady hand allowed none of the Hill man will become one of the pitching staff. heavy hitters to see home, once they arrived by mistake at first. Columbia, with the exception of the second inning, played a splendid game, and gives evidence of having a first-class chance for the college championship. Columbia's players batted well and safely. Miller, Redmond, Cullen

and Fox distinguished themselves by sev-eral long hits. The feature of the game was a three-base hit by J. Carmody. Columbia scored until the eighth, when the nine retired with a total of 18 runs. Hill failed to score in the ninth, and Columbia won, 18 to 5. Hill and Columbia have

each scored one game, and the next game will be watched with interest. The line-up:

COLFAX, Wash., May II.-(Special.)-Jack Coppel, a butcher and prominent citi-zen of Pullman, was arrested today on a charge of stealing a steer from Smith & Pfell, proprietors of a rival market. The warrant was issued on information filed by Prosecuting Attorney Hanna. The crime is alleged to have been committed last Whiter. The arrest caused a sensation, owing to the preminence of Coppel. League. He is an outfielder of rare ability and has quite a record as a sticker. Henry Harris, who controls the destinies of the Saints, has been trying to get Houiseman for two years, but failed. When Harris learned that Manager Vigneux was after him he spoke in very high terms of this man's playing. Another change in the Browns which the fans will be surprised to hear is that Charley Zinssar has been released in order that Parke Wilson could sign him to play right field. Zinssar has been released conditionally, the Brown management retaining the right to call for his services after the season closes. Zinssar is one of the most faithful ballplayers in the coun-try. PORTLAND, May 11.-(To the Editor.)-In yesterday's issue of The Oregonian the following statement is made in the article about the Bohemia mines: That on the completion of the new electric train rall-road "the men can ride to work in ten minutes, instead of wading several miles in soft snow, as they do now." The lat-ter clause as to the men wading through the snow is unfortunately misleading and inasmuch as it should refer to the former method of conducting the work before the present management began to operate the mines.
