Miss E. M. Swan Completely Cured of Terrible Blood Troubles That Doctors Could Not Relieve.

POLITICAL WOES TOO MANY

In the month of May, it is an absolute necessity that the body should be furnished with a richer and purer supply of blood for the establishment of a health that can successfully cope with the weathering effects of hot summer weather.

In the world, Miss E. M. Swan, Stamford, Conn., says: "Before I began taking Paine's Celery Compound my blood was in a very bad state, and I had three large abscesses under my right arm, which completely disabled me from work, or even dressing myself. At last I was compelled to have the abscesses opened, when my system became worse than ever before. I tried everything that I could hear of, and also had several of the best doctors, but they did not cure me. I then commenced the use of Paine's Celery Compound, and before I had finished the second bottle my abscesses had all healed, and the eczema was almost gone. I am now on my fourth bottle, and am more than happy to say that I have not a pimple or any sign of eczema on my body. I am thankful for the great work that Paine's Celery Compound has done for me."
