UNION STRIKES BACK

Sweeping Injunction Obtained in Omaha.

HANDS OF BUSINESS MEN TIED

They Cannot Declare Boycotts, Meet to Conspire Against Strikers, Nor Discriminate Against Dealers Selling Them Goods.

OMAHA, May 12.—Judge Dickinson, in the District Court, at 7 o'clock tonight, on application of John O. Yeiser, an attorney representing the waiters' unions whose members are on strike, issued an injunction against the business men and proprietors, even more sweeping than that issued by the Federal Court against the unions last week.

labor unions, or of any new or similar plans connected directly or indirectly with an existing plan. The injunction applies to about 50 individual proprietors of concerns whose business comes in contact with the strike.

TO ORGANIZE AGAINST UNIONS.

New York Building Firms Plan an Aggressive Fight. NEW YORK, May 12.—The most important development in the strike situation today was the expressed intention of the building trades concerns, composed of the most prominent firms in the building business in Manhattan and the Bronx, to form an Iron League, which includes most of the employers of ironworkers in this vicinity, to unite for united and aggressive action against the demands of the labor organization.

GREAT NORTHERN IGNORES ULTIMATUM OF MEN.

St. Paul and Minneapolis Business Men Will Try to Bring About Peace Today.

ST. PAUL, May 12.—The newest development in the negotiations going on between the Great Northern and a committee representing its trainmen was the announcement tonight that a joint committee from the St. Paul Jobbers' Union and the Minneapolis Chamber of Commerce will meet with the committee and the railway officials tomorrow morning in an endeavor to harmonize matters and if possible avert a strike, which they deem would be disastrous to the business interests of the Northwest.

STRIKE IS LEFT TO MEN.

Machinists Will Vote on Going Out in Sympathy for Boiler-makers.

Work of City Tied Up by Strike.

NEW YORK, May 12.—With 400 miles of streets of the city calling for new asphalt and 120 new contracts let, Commissioner of Highways Livingston finds himself entirely helpless, because of the great labor war now on.

Bakersfield Men Still Out.

BAKERSFIELD, Cal., May 12.—There is absolutely no change in the local strike of the boiler-makers here. Not a single man reported for work this morning. All the other departments are running as usual and no attempt has been made to replace the strikers.

Officers Guard Train Men.

MOBILE, May 12.—The ultimatum issued by General Manager Clark to the effect that all striking employees must return to work this morning or their names would be filed failed of effect here, as none of the men returned.

Molders Vote to Strike.

ERIE, Pa., May 12.—At a special meeting last evening, attended by 60 molders, it was unanimously ordered that strike be inaugurated. Six of the largest shops in the city are affected, and it is expected the trouble will extend to several others.
