" cent of the holders have joined in the pool to force up prices or to keep prices from being forced down. There are 3300 bales in Yakima in the hands of the growers.

Fifteen-Cent Hop Contract,

SALEM, Or., May 14 .- (Special.)-J. and S. Coleman, of Salem, have sold to Benjamin Schwarz & Sons 10,000 pounds of hops of the rop of 1900, at 15 cents per pound.

Potato Meal to Replace Flour.

In February last, in Berlin, an exhibition was held of various articles obtained from the potate. The principal alm was to popularize the flour obtained from that vegetable. The Emperor of Germany visited the exhibition and manifested considerable interest in the subject, and at present this foodstuff is being experimented with by the ministry of war. . Potato meal is said to be 15 per cent cheaper than rye flour and it is recommended as an admixture to the latter or to wheat The bread thus made is stated to retain its newness for from two to three weeks, while the flavor is unobjectionable. The addition of 15 per cent potato meal is recommended for the bread served to the Army and marine. At the exhibition a variety of pastry containing from 10 to 75 per cent of potato flour, was distributed gratis to visitors, and the articles were generally consumed on the spot, apparently with relish.

Polk County Wool Poel,

DALLAS, Or., May 14 .- (Special.) - The Polk County Woolgrowers' Association is meeting with fine success, and from present indications the pool of wool will be as large, if not rger, than any other in the Willamette Valley. From present indications there will be at least 200,000 pounds offered to the highest bidder in the near future. The wool will received by the association in the south part of the county at L M. Simpson's wareouse and the Southern Pacific warehouse at independence. In the north end of the county, will be received at Ballston, Perrydale, Mc-Coy and Sheridan, and in the central part of the county at Dallas. The association will hold a meeting next Saturday afternoon, for the purpose of signing members and getting ready to dispose of the 1905 clip.

Strawberries and Oranges.

Plenty of California berries came up by express yesterday and as the market was bare, they moved promptly at \$1.50. Receipts bare, they moved promptly at \$1,30. Receipts of Cersum berries were light, only mine crates arriving from Dillard. A car of large cranges errived in the forenoon. Regular sizes are very ecorors. Since the California Fruit Agency took charge of the orange business in South-ern California, a smaller supply has been com-ing to the North, the bulk of shipments going to Eastern cities. This has been the suiva-tion of many of the orangegrowers, but it has produced a scarcity and much inconvenience in the Northwest.

Eastern Crop Outlook.

Wool Markets.

LONDON, May 14 .- The offerings at the wool LONDON, May 14.—The offerings at the wool auction sales today numbered 14,185 bales; mainly merinos. Competition throughout was spirited. Medium merinos were in strong de-mand for Germany and several parcels were taken for America. Crossbreds weres in large supply and they were experity purchased by the home. Continents and American buyers at the highest prices paid during the series, in some cases 20 to 25 per cont above the March series. Withdrawals were frequent, ow-ing to the high limits of seilers.

ST. LOUIS, May 14.-Wool-Steady and strong; territory and Western mediums, 15@ 17c; fine, 12@15c; coarse, 12@15c.

Coffee and Sugar

Coffee and Sugar.
 Coffee and Sugar.
 NEW YORK, May 14.—The market for coffee futures opened duil with prices unchanged to 5 points lower under casher French in the Northwest.
 Sugar is Firm.
 The sugar market has suddenly shown great strength and prospects are good for an advance any day. The New York market for refined sugar yesterday went up 5 cents per 100 pounds. Taiking the price of standard granulated there 44.85.

Not consumers are holding on, particularly in the foundry trade, and their attitude seems justified to some extent by the fact that such prices had gone to an unnatural figure, from which they have been and are still receding. Last year leading interests in the South made a frantic but ineffective effort to hold down the market on the basis of \$12.50 for No. 2 foundry iron at Elimingham. Now some of Pogsor PUBLIC

oundry iron at Birmingham. Now some of hom are struggling to hold values at \$17.50 then outside interests are selling down to 15.50

Another element is that a large part of the new capacity which has entered the market is that of the steel companies, which will cut down their outside purchases. This puts pres-aure on the Beasomer furnaces of the Central West which may be sevened to the contral New York Chicago St. Louis West, which may be expected to turn to the bundry trade for relief. Butte On the other hand, the sellors may point with
