There was no baseball game yesterday and Mique Fisher, he who pilots the destinies of the Sacramento baseball team, said all sorts of uncomplimentary things about the weather man. Mique, you know, if you don't you ought to, because every goose in the State of California knows him, was once a policeman. During 11 years he was a guardian of the peace in Sacramento. The Police Commissioners had been kind to him and had allowed him an eight-months leave of absence in order to look after Sacramento's baseballists. Previous to this Fisher had been a city detective for four years, police captain for two years. In all he had served the city for 11 years and in that time he had made just two arrests, and for one of these arrests he wears a gold medal, and it might be mentioned in passing, that this is the only piece of gold that has ever remained in the Fisher family. All other gold goes to buy shoes for the rising baseball managers and good things for the ex-policeman.

The ex-policeman is without doubt the greatest baseball fan in the business. He keeps abreast of the game at all times, and is the most popular man in Sacramento. Why, they are even thinking of running him for Mayor of that pretty little city. The Mayoralty bee is buzzing very busily in Fisher's sconce, and he declares that if he is elected—and he is sure that he will be if he is nominated—he will run things wide open in California's capital city. "Talk about Dawson being an open city," said he, when he was told that his name had been mentioned as a candidate, "why, it will be a closed blind compared to the wide-openness of Sacramento when I'm Mayor. There'll be a shell game on every corner, and the guy that isn't right will have to jump to the opposition.

"Say, did you ever hear how I got the Governor to pitch the first ball over the plate for me when the season opened? Well, while the campaign was at its height I asked Governor Pardee to pitch the first ball over the plate. He said he would if he was elected, and he did. On the day that the team opened at home it was the last day for signing bills. In spite of this Governor Pardee jumped into his carriage and kept his word. Governor Pardee was handed a new ball, and he curved it beautifully into Captain Graham's mitt. The ball was then handed to a local jeweler, and he fitted a silver band around the sphere and it was suitably engraved and is now the property of the Governor of California. Governor Pardee is the greatest statesman alive, and in addition to his being the greatest Governor California ever had, he is a good fellow.

"This fellow Reed," continued Fisher, when he got to discussing road happenings, "this Spokane manager, is about the worst that ever happened. It would have been a good thing for baseball on the Coast if this fellow had stayed away. This duck has a veracity department which needs laundering. This is the man who received money for getting those Southern players to jump to the Pacific Coast League only to play one day—yet long enough to get through that loophole that Sexton so cunningly made—and then jump to the opposition. Reed thinks he's a wise one, he does, but some of these fine days he'll bump into some one who will fix his clock quick.

"Dugdale tried a swell game of bull con on me while I was in Seattle. He came to me one day with a face as innocent as an Oakland piker and gave me a lot of hot air about having no place in his stable for contract-jumpers. I thought he meant it, but what do you suppose he did? Why, that very night he got hold of one of my choice roosters and offered him $300 advance money and a salary of $250 a month. The promise of so much money came near giving the boy—who hasn't cut his comb yet—a severe attack of inflated chestitis. The 'Tad' came to me at midnight, and at first I thought he had been playing silent poker with some freshy, but when he told me the pipe that Dugdale had been giving him I said things to him and changed my opinion of Dugdale. Dug tried to get this fellow just because I bet him that I would not lose a player. Dug's all right, he is—I don't think."

CHANGES MADE IN SCHEDULE.

Greengages Cut Out One Week of Play in Los Angeles.

Portland directors of the Pacific National Greengages have taken a couple of twists to the schedule which President Lucas arranged for the Pacific National League, and, instead of playing two games at Los Angeles, a week of the San Francisco series will be transferred to Los Angeles and the Greengages will return home next week and play with Tacoma. President Drake, of the Greengages, says the change of the schedule was made on his request and not because Los Angeles fans refused to see two weeks of a tail-end team. A dispatch from Los Angeles had it that the Pacific National League people were turning and twisting their schedule until there were so many kinks in it that it made the managers cross-eyed and the exchanging of dates was resorted to because of the great slump in gate receipts. This also Drake denied. He says Grim has been making money while away and points with special pride to the great crowd at Los Angeles on last Sunday.

Tacoma is sixth in the race and the Los Angeles crew this week is trying to drive them still farther down the toboggan. When the Tigers and the Greengages get to exchanging compliments on the East Side it will be a battle of the tailenders, with the Greengages bulging out of the bottom ranks like a bunion out of a new boot.

ALL EYES ON AMERICAN AUTO.

Great Crowds View Vanderbilt Machine Entered in Paris Race.

PARIS, May 19.—C. Gray Dinsmore, W. K. Vanderbilt, Jr., and Tod Sloan were among the Americans who qualified today for the section of the Paris-Madrid automobile race which starts from Versailles at 3 A. M. next Saturday. Crowds filled the Tuilleries Gardens to get a glimpse of the racers. Mr. Vanderbilt's machine attracted much attention. It is painted a vivid blue, has a huge body, tapering to a point at both ends, and resembles a miniature submarine boat. It weighs 985 kilos, and it is understood it has 92 horse-power.

Replying to a question by one of the judges, Mr. Vanderbilt said that automobiling in America was practically killed, owing to adverse legislation, speed limits and poor roads. Foxhall Keene and S. W. T. Dana are among the Americans who have qualified for tomorrow's section of the race. There are 314 entries in all.

"AGRICS" WANT DATE CHANGED.

Dual Meet With Varsity May Not Be Held.

UNIVERSITY OF OREGON, Eugene, May 19.—(Special.)—From present indications, the dual field meet between the 'varsity and the Oregon Agricultural College will not be held next Friday. Manager Earl today received word from Manager C. L. Johnson, of Corvallis, stating that it would be impossible to hold the meet on Friday, as the Oregon Agricultural College battalion would be in Portland on Thursday to welcome President Roosevelt. It seems that the "Agrics" best athletes are the leading officers of the battalion, and, of course, could not compete against Oregon should Manager Earl hold the Oregon Agricultural College manager to the contract.

The local collegians are bent upon holding the contest upon the appointed date, as most of the men are in the pink of condition, having trained especially for this meet.

The Oregon Agricultural College manager offered to concede the 'varsity a victory, provided Manager Earl would release him from the contract, but such a victory means nothing to the 'varsity athletes. The University of Oregon-Oregon Agricultural College meet is the only contest that has induced the local men to work hard, and they are anxious for the meet to be held. President Campbell telephoned to President Gatch this morning, and it now seems possible for the meet to be held Saturday, as the Oregon Agricultural College battalion will return from Portland on Thursday evening, thus giving their athletes a chance to rest. The date has not been agreed upon, but if the meet is held at all, it will be held Saturday at Corvallis.

PORTLAND ACADEMY WINS.

Loose Team Work and Costly Errors Costs Bishop Scott Nine a Game.

Loose team work and costly errors lost the game for Bishop Scott Academy yesterday to Portland Academy. The game was played on Multnomah Field during a drizzling rain, and the final score stood 12 to 5 in favor of the Portland Academy boys.

The feature of the game was a neat double play executed by Houston in the first inning. Another double by Randall in the seventh and Fenton's clever steal of home in the third also received merited applause from the spectators. The line-up and score follow:

TROTTER'S RACE FOR LIFE.

Two-Year-Old Runs in Front of Two Fast Trains for Six Miles.

NEW YORK, May 19.—Prince Well, a two-year-old trotter belonging to David Lee, while being led to the Empire City last night broke loose and had a stirring race for life in front of two trains, one of them the Buffalo Express. Terrified by the glare of the headlights and the whistles, the blooded trotter tore along between the rails, straining every muscle to outrun the express, until he fell exhausted at a siding after a six-mile dash.

Frank Ferris, a hostler employed by Mr. Lee, started from the stable, leading Prince Well, which had as yet made no record. Prince Well had recently developed fine speed qualities, however, and was to be taken to the track, where he was entered in several races.

Ferris led the horse up Broadway as far as Kings Bridge. Here he turned into the Albany Post road, where he jumped into a passing wagon, holding the halter and letting the horse fall behind. Frightened by an automobile, Prince Well suddenly pulled the halter from the hostler's hands, turned and ran across the tracks of the New York & Putnam Railroad at the Riverdale crossing. He tried to cross the adjoining tracks of the New York Central Railroad, but the bars were down and Prince Well turned and started southward just as the train from Yonkers left the Kings Bridge station on its way to this city.

Morris Heights, the next station, was three miles below, but the horse kept on. When only 100 feet ahead of the train and within a quarter of a mile of the Morris Heights station, he was startled by a roaring noise and a big headlight in front of him. It was the Buffalo Express, from New York, on the New York Central tracks. The trotter turned and ran northward on the adjoining track in front of the express. For three miles back the race was run until the horse fell off the track, exhausted, in the Broadway cut. Dr. Dowd, a veterinary surgeon, there, revived him and he was led back to his stable.

Working Hard to Make Team.

SEAGIRT, N. J., May 19.—The topnotchers among the expert marksmen using the United States regulation military rifle, who are eager to serve on the All-American team that will be sent to England next month, were up bright and early today. Again the weather and atmosphere conditions were most satisfactory. The firing began at 10 o'clock, nearly two hours earlier than yesterday, 37 trained trapshooters lining up at the 800-yard range. As the competition proceeds, the interest in it increases.

Martin Proves the Best Shot.

SEA GIRT, N. J., May 19.—Captain William B. Martin, Second Regiment, New Jersey National Guard, accomplished the best work today in connection with the competition for places on the All-American rifle team by rolling up a total of 213 out of a possible 225 over the three ranges, 800, 900 and 1000 yards.

SAN FRANCISCO, May 19.—(Special.)—Until the sixth inning today it looked as though Portland might win, but San Francisco pulled out. Stovall's pitching was a source of delight to the home team's rooters. There were eight holes in the graveyard to show where he had been at work. Lundbom, on the other hand, did not succeed in winnowing a single man, but it was because the locals knew their business and not because he did not come loaded with a good stock of benders. One of the features of the afternoon proved to be a play by Stoval. Parrot stretched a single to second on poor fielding, and Anderson stood at first. The batter then tumbled a grounder toward the box where Jesse grabbed it and started for Parrott, who was half way to third, and let the pitcher tag him out. So quickly was it done, that Anderson was disposed of on his way to second.

SAINTS DEFEAT THE LOO LOOS.

Pitcher Lindsay Would Have Scored Shutout With Good Support.

OAKLAND, May 19.—Pitcher Lindsay was responsible for the defeat of the Los Angeles team today. The Southerners could do nothing with his slow delivery, the only man among them who hit safely being Hurlburt. Had the little pitcher been given better support he would have scored a shutout. Score:

MORE BAD LUCK FOR YACHT.

Constitution Damaged While Being Hauled Out.

NEW YORK, May 19.—The ill luck which has followed the Constitution ever since her launching, two years ago, is still with her. She arrived from New London yesterday, and during the process of hauling her out of the water to be reburnished the cradle props gave way. The yacht keeled over with such force that some of the bilge blocks went almost through her thin bronze underbody, and her keel sank in the mud. When the extent of the damage done was discovered, her owner, August Belmont, gave up all hopes of being able to race the Constitution against the Reliance and Columbia. The Constitution will be drydocked at once.

Track Tryouts Postponed.

The tryouts for five of the track team events of the Multnomah Club were to have been pulled off at the Multnomah field yesterday afternoon, but the poor condition of the track, and the fact that the baseball game between two school teams occupied most of the field, forced those in charge to postpone the events until a more suitable day. The five events which were to have been tried out were the 100 and 220-yard dashes and the mile runs, the discus throw and the pole vault.

Reliance Out for a Spin.

NEW ROCHELLE, N. Y., May 19.—The Reliance, which came here today, after having cleaned at City Island yesterday, in preparation for her race there with the Columbia and Constitution, later went out for a spin.

FRANCE ACTS WITH RUSSIA

One for Aggression in the North, the Other in the South.

VICTORIA, B. C., May 20.—Alfred Cunningham, manager of the Hong Kong Daily Press, a passenger on the Kaga Maru, which arrived last night, said in an interview here that Japanese journalists do not regard Russia's action in Manchuria as surprising or unanticipated.

Mr. Cunningham says that, while attention is being maintained in the North by Russian aggression, a matter of far greater importance to America, Britain and Japan was being overlooked in the South. That is the aggression of France in the Southern provinces. He was of the opinion that France and Russia were acting in concert, the former in the North, and the latter in the South. He says France has bribed the officials of Kwangsi, and is waiting the opportunity to pour troops into that province. The South, said Mr. Cunningham, is now on the verge of a far greater international crisis than that now on in the North. Although at present the rebellion in Kwangsi is practically brigandage on a large scale.

The rebellion in South China, he says, is another factor. "There is no doubt but that the reformers have organized the brigands and a rebellion which will be far greater than the Taiping rebellion ever was will break out before long in South China. Large quantities of arms are being shipped into the rebels, chiefly from the United States, and headed by the reformers a movement will break out pro-foreign in its nature, to overthrow the Empress Dowager and reinstane Kwang Su. He said he has it on the best information that a movement organized on an immense scale and including many provinces, is liable to break out at any moment, which will have immediate and far-reaching results.

CORBETT WINS IN THIRD

LIGHTWEIGHT CHAMPION KNOCKS JACK KEEFE OUT.

A Right to the Stomach and a Left on the Jaw Ends the Fight.

ST. LOUIS, May 19.—Young Corbett easily disposed of Jack Keefe, of East St. Louis, tonight, knocking him out in the third round. Keefe started out well and kept young Corbett busy blocking in the first round. Corbett encouraged Jack in the second round, going to the floor once. In the third Keefe sailed in with great determination. A right to the stomack and a left swing on the jaw by Corbett ended hostilities, Keefe being completely knocked out.

MEN CELEBRATE TOO SOON

Union Pacific Officials Deny That Strike Has Been Settled.

CHEYENNE, Wyo., May 19.—News received in Cheyenne this afternoon stated unequivocally that the Union Pacific strike had been settled, and that the strikers had won every point. The local paper published it as a New York dispatch. The report stated that all nonunion men now in the Union Pacific shops would be turned out. Great excitement prevailed, and the strikers have been celebrating their supposed victory. Inquiry by the Associated Press correspondent of Superintendent W. D. Park and Master Mechanic Niland this evening brought out the simple response that they knew of no settlement.

Navy Yard Fears Trouble With Men.

NEW YORK, May 19.—The officials at the Brooklyn Navy-yard are somewhat apprehensive of trouble on account of information received by them that a determined effort is being made to get every workman in the yard into a labor union. For the last month the unions have caused almost constant annoyance to the heads of the various departments, but have not been successful in tying up any of them completely. It is believed that the union men are attempting to get all the workmen in the yard into their organizations in order that a demand may be made for recognition of the union.

First Strike of Chinese in Chicago.

CHICAGO, May 19.—Chinese laundrymen struck today—the first strike of the kind in Chicago's history. Ten Chinese employed in a South Side laundry demanded more pay, and when it was refused followed the example of their white brethren and walked out. Several of the strikers picketed the place, while a committee of their number later in the day attempted to carry on peace negotiations, but the proprietor, William Moy, locked himself inside his establishment and refused to treat with them.

Pears'

What is wanted of soap for the skin is to wash it clean and not hurt it. Pure soap does that. This is why we want pure soap; and when we say pure, we mean without alkali.

Pears' is pure; no free alkali. You can trust a soap that has no biting in it, that's Pears'.

Established over 100 years.

IMPORTANT SCIENTIFIC DISCOVERY
A Clinical Preparation That Positively Kills the Dandruff Germ.
A most important discovery has been made after a year's patient laboratory work aimed in a certain direction—it is Newbro's Herpicide, a preparation that cures baldness, prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you remove the effect." For sale by all druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich.
