Two days of damp dampness, the rain still within a couple of inches of the mark for this time in the year and Mique Fisher fussing and fretting like an old maid who has just received her first offer of marriage, is trying the nerves of the fans, don't you think? And it's all Fisher's fault, too. If he had not discovered through the kindly agencies of one of Chief Hunt's darlings that it was no sin through the kindly agencies of one of Chief Hunt's darlings that it was no sin nor fracture of the law to steal, purioin, lift, coontail, cabbage, cart away, make a temporary loan, take without consent of the owner, drag down an umbrella, the rain would not have interfered with the baseball games during the past two days. Since Fisher heard this he has worn out two pairs of shoes making the rounds of the various thirst emporiums in hones. the various thirst emporiums in hopes that some native Portlander would ab-sent-mindedly release his grip on an umbrella. Yesterday while he was visiting a business house he saw two unprotected shower sticks in the umbrella rack. He made a regular Nadeau drive for the rain parachutes, but he hesitated while trying determine which was the best, and of e he lost out, for just as he had his selection the office boy jarred his bilities by saying: "Cheese, cull, sensibilities by saying: "Cheese, cull, you'se de rankest shower stick dip dat's been in die dump fer low dese many sleeps. T'say on de square, where did yer get dose bum mits? Somet'ing seems ter tell me dat you'se is what de offishul guy what chalks de errers agin' the Browns w'uld call a honest fan, I don't tink. Now cheese yer rough work and duck afore I gets a peeler an' yer gets landed in the boobyhatch." It was the intervention of the owner that saved Fisher from fur-ther roast from the boy. If Fisher and his roosters could not play

ball the Sacramento magnate could play the ponies. When he found that J. Pluvius hadn't got through with his bath and was still splashing water, Fisher returned to his hotel and there found a telegram putting him wise to a good thing running in New York, so Mique took last Sunday's Seattle gate receipts and became a dyedin-the-wool plunger. He won. It wouldn't do to give the amount, but it was enough and more to buy the good wife at home a handsome reminder of his trip in Portland and to present each member of the team a nickel cigar.

With the kind permission of the weather man there will be two games today. The first will be called at 10:30 in the morning. Our own Joe Kostal will bend the ball for the Browns in the morning game, and against him will be pitted Fitzgerald, one of Fisher's latest hatched roosters. Kostal is as ripe as a proverbial pippin, and if his team will do a clock-work stunt be-hind him, he will give the Senators a run for their money. The afternoon matinee is scheduled for

"Dr. Levy" Shields, he of the white ducks and a brisket that is a second addition of that which adorns Champion Jeffries, and Mique Fisher's star twirler, Thomas will hold the center of the stage. This lad Thomas is a much-heralded wonder in the pitching business, but at that he has no edge over Shields, for this b of that south wing that fools

"For over twenty years I was afflicted with rheumatism, and, in addition to that, a trouble which only women can FIELD THE LARGEST IN YEARS have," says Mrs. Thomas Maxwell, of Waltsfield, Vt. "I was hardly able to do my work about the house, and could walk but a few steps out of doors. My fingers were growing out of shape from the rheumatism, my heart palpitated awfully, my stomach was so affected that I could eat hardly anything, and it pained my horribly. The female trouble made me almost crazy. Oftentimes it was so bad that I had to go to bed, and very often was obliged to neglect my housework entirely. Things continued in this way and nothing seemed

to do me any good. "A friend in Waterbury was cured of a trouble like mine by Dr. Williams' Pink Pills, and, upon her recommendation, I began to take them. Before the first box was used up I could see that the pills were helping me, and after using them faithfully for a while longer they entirely cured me. Now I can eat anything I want, can sweep and do my own work, and walk about a mile without trouble. There is no rheumatism whatever in my system, and it is all due to Dr. Williams' Pink Pills."

Rheumatism is a disease of the blood and external remedies can do no more than give temporary relief. To cure the disease permanently it must be attacked at the root, that is, treated through the blood. The pills which cured Mrs. Maxwell act directly on the blood and nerves, and in that are different from any other medicine. They cure locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold at all druggists, or will be sent direct from Dr. Williams Medicine Co. Schenectady, N. Y., postpaid, on re-ceipt of price, fifty cents per box; six boxes for two dollars and a half. not be deceived when a clerk tells you that he has a blood and nerve pill "made from the same formula as Dr. Williams' Pink Pills for Pale People." ### **OUR PROMISES**

Most physicians hesitate to make definite promises. We do not, A specialist who cannot make promises with certainty of fulfilling them lan't much of a specialist. He doesn't understand his field. He hasn't thorough knowledge of the diseases he treats. He is uncertain about his methods of treatment. He prescribes in doubt and hopes for the best.

It has taken our head specialist over twenty years to acquire the knowledge to enable him to found our system of treatment. He has been treating men exclusively, and has been learning all the time. Every one of our physicians is experienced in all our methods of treatment. When a case comes to us for treatment we know whether we can cure it or whether we can us for treatment we know whether we can cure it or whether we cannot, and we make our statements accordingly. This sort of frankness is appreciated, and we can truly say that our practice is now the largest because we invariably fulfill our promises.

"Weakness"

Weakness"
We not only cure "weakness"
promptly, but we employ the only
treatment that can possibly cure
this disorder permanently. It is
mainly a system of local treatment
entirely original with us, and is
employed by no physician other
than ourselves. This may seem
a broad assertion, but it is just as
substantial as it is broad. Socalled "weakness" is but a symptom of local inflammation or congestion, and a radical cure is merely a matter of restoring normal
conditions throughout the organic
system, and this we accomplish
thoroughly and with absolute certainty.

# Syphilis

We cure this leprous disease completely. The system is thoroughly cleansed and every poleonous taint removed. The last symptom vanishes to appear no more, and all is accomplished by the use of harmless blood-cleansing remedies. Do not submit to the dangerous mineral dosing, commonly indulged in. Such treatment merely obscures the symptoms. Varicocele

Under our treatment the most aggravated cases of varicocele are cured in a few days' time. There is no pain, and it is seldom neces-sary that the patient be detained from his occupation. Normal cir-culation is at once restored throughout all the organs, and the natural processes of waste and re-peir are again established. If you are afflicted with varicocele consult us at once. Delay can but bring on aggravated conditions and nervous complications that will impair the vital functions and involve the general health.

# Contracted Disorders

In no other allment peculiar to cen is a prompt and thorough cure o essential. Contracted disorders and to work backward until the most vital nerve centers become involved in the inflammation. Then follows a chronic stage that stubbornly resists all ordinary treatment. Safety demands that every vestige of infection be cradicated at the earliest possible moment. Our treatment is thorough. The remedies employed have a more positive action than has ever before been attained, and so perfect is our method of application that even chronic cases yield completely.

# Often the condition appearing to be the chief disorder is only a re-flex aliment resulting from some other disense. Weakness sometimes comes from variaccele or stricture. Our long experience in treating men enables us to determine the exact condition that exists and to treat accordingly, thus removing every

accordingly, thus removing every damaging cause and its effects. Stricture Surgery should have no place in the treatment of stricture. There is no necessity for it. This is a fact we have demonstrated in thousands of instances. We remove thousands of instances. We remove all obstructing itssues without cutting or dilating. We employ a painless and harmless treatment that gradually dissolves the stricture, subdues all inflammation, removes all irritation or congestion from the kidneys or biadder, reduces enlargement of the prostate gland and restores health and tone to all the organs affected.

Consultation at office or by mail free. Instructive book, describing male anatomy, sent by post under plain wrappers.

# PILES

Quick Cures. Certain Cures.

We cure the worst cases of PILES permanently without the use of ointments, without pain, cutting or detention from business, in from two to three treatments. Our treatment is entirely new and peculiar to ourselves. Remember, no matter who has falled before in your case, we will cure you with mild methods, and without danger, or else make no charge whatever for our services.

Should you live at a distance, we can treat you successfully at home.
