AMERICAN CLAIM BROUGHT UP

Engineer Was Deprived of Valuable Lands by Kruger's Arbitrary Methods and State Department Calls Up His Suit.

WASHINGTON, May 21.-The State Department has called the attention of the British government to the claims of the late Charles Brown, an American civil and mining engineer, for compensation for lands of which he was deprived by the Boer government before the South African War. The amount of the claim is The case is of particular interest, not

only because of the amount of the claim, but also by reason of the important principle involved. Brown located, as he al-leges, in conformity with Transvani law, a large number of land entries, including mining properties. He was enabled to do this by adopting the methods of the "American sceners," to the astonishment of the slow-going Boers, with whom he was competing for the land. However, his proceedings were within the letter of the law, according to a decision of the Su-preme Court of the Transvaal. But President Kruger was autocratic in his methods, and had little regard for the courts, according to the testimony. He sent for the Chief Justice, and demanded that he reverse the decision the court had rendered in Brown's favor, and on the re-fusal of that officer to do so, expelled him from office without troubling himself with the formality of impeachment proceedings.

and then vacated Brown's title.

Brown appealed to the State Departwhich had begun to move in the case when the war broke out. The claim then lay in abeyance. Now it has been taken up afresh, but with this new com-plication, that there is no Boer Republic and that England is the Sovereign, and it question whether she can be held isible for the misdoings of the Boers,

COREA REMOVES THE BOYCOTT, Japan Takes Forcible Steps to Have Proclamation Rescinded.

TOKIO, May 6, via San Francisco, May 1.—(Correspondence of the Associated Press.)—The Corean Governor of Quelpart recently issued a proclamation "boycot-ting" Japanese residents as not entitled to reside on the island, and declaring that any Corean attending a Japanese school be behended. The Japanese Consul at Mokpo, reinforced by police and a Japan-ese warship, went over, and is said to have arranged matters satisfactorily. Governor is said to have acted under

French influence.

Some discontent was manifested in dip-lomatic circles here by the announcement that the Corean Emperor had appointed a Boggian, Mr. Bohm, special adviser, a post held by Mr. Kato, a Japanese. Japanese Minister Hayashi has demanded that seni-

ority of position be assured Mr. Kato.

REVOLT IN CROTIA SPREADING. Peasants Stone the Militia and Engage in Fight With Police.

VIENNA, May 21 .- The revolt in Crotla spreading to every part of the kingdon and threatens to extend to Daimain. ants.

Cotton Tax Will Not Be Abolished LONDON, May 21.-Lord George Hamilton, the Indian Secretary, received at the the Indian Office today an influential dep-utation representing the cotton employers and operatives of Lancashire, the members of the House of Commons from the various Lancashire districts, and repre-sentatives of public bodies of that coun-ty, who urged the abolition of the Indian cotton excise duties. The Secretary, however, was unable to meet the wahes of the deputation. He said the government of India could not afford to part with its existing sources of taxation, and contended that the excise duty gave an equality of treatment between Lancashire

Turkey Would Exile Bulgarians. CONSTANTINOPLE, May 21.—Hilma Pasha, the Inspector-General under the reform movement in European Turkey, is credited with having formulated a plan for the colonization of Anatolia and the Islands of the Archipelago, by Bulgarians, whom he proposes to deport wholesale from Macedonia. It is doubtful, however,

if the powers will permit this.

Meanwhile, Hilma has planned to summarily exile to Anatolia the Macedonian ners who are suspected of compli ity in the recent events in European T key, but who have not been convicted.

ROSEBERY NOT WITH HIM

HE IN NO WISE INDORSES CHAM-BERLAIN'S POLICY.

His Declaration for Unequivocal Free Trade Pleases Liberals, Who May Unite on Issue.

LONDON, May 21.-Lord Rosebery expressed surprise that his speech at Burn-eley, on May 15, in which he dealt with Colonial Secretary Chamberlain's tariff speech, delivered at Birmingham, on May 15, has been interpreted as in any way supporting Mr. Chamberlain's proposal to establish reciprocity between Great Brit-ain and her colonies, and explains that he purposely treated the subject uncontroversially because he was addressing a non-political audience. Lord Rosebery ad-heres absolutely to his opinion that the Liberal party is indissolubly bound to free trade, and anything like an imperial commercial league would weaken the En nternally, and excite the permanent hos-

LIBERALS ARE PLEASED. Rosebery's Chances for Leadership,

However, Are Dimmed. LONDON, May 2L-Lord Rosebery's explanation of his ambiguous speech at Burnley gives satisfaction to the Liberal party, as dispelling the rumors which had begun to gather that he was bidding to become a Minister in a Chamberlain Cab inct, but the incident is considered further to prove his impossibility as a leader of the Liberal party.

At various Liberal demonstrations today Mr. Chamberlain's scheme of tariff of an active discussion, was denounced by the speakers, among them Mr. Asquith, Lord Spencer, Earl Carrington and Sir Henry Campbell-Bannerman, and it is evi-dent that if Mr. Chamberiain holds to his supposed intention of making a preferen-tial tariff within the empire a plank of his programme at the general election, he will have provided the Liberals with a welcome platform of reunion.

Chamberlain Firm in His Stand. LONDON, May 21 .- In a letter to a con stituent, Mr. Chamberlain further empha-sizes his belief in the necessity for an imperial commercial league. He says:
"I am firmly convinced that the perity of this country depends largely on our trade with the colonies, which, under a wise system of mutual concession, will increase by leaps and bounds. We have been apt in the past to consider too much the advantage of buying cheaply, and not to pay sufficient attention to methods whereby we may have the means that enable us to pay at all. Increased wages are even more important to the working classes than reduced cost of living." Mr. Chamberlain adds that he has the fullest confidence in the working classes and in their power to realize "the great issues which depend on our present ac-tion."

RUSSIA PEARS LABOR RIOT." Employers Asked Not to Let Men Off

on a Holiday, ST. PETERSBURG, May 18.—The great est anxiety prevails in administrative circles, owing to the possibility of serious outbreaks on the occasion of the approach ing bicentenary of this city. The police have requested the owners of workshops and factories to refuse a holiday to their employes during the festivities, but the men probably will refuse to work. Emisaries of the revolutionists have been flooding the workshops with sedictors its flooding the workshops with seditious lit-erature, in which it is declared that while the Czar, in his plan of March 11, pretend-

ed to be animated by a desire to ameli-orate the lot of the peasants, in reality he cares nothing for them, and the men must themselves obtain their rights, These pamphlets are couched in language most insulting to the Czar, the Czarina and the government. The bank managers, shopkeepers and warehousemen have decided to close establishments during the festivities. BAER MUST ANSWER.

Interstate Commerce Commission Will Try to Bring Him to Time.

WASHINGTON, May 21 .- A vigorous effort is to be made by the Interstate Com-merce Commission to compel President Baer of the Reading Coal and Iron Com pany and the Reading Railway, and offi-cials of other anthracite coal carrying roads to answer certain questions and produce certain documents which they refused at the recent hearing before the commission in New York. The particular documents, the originals of which are de manded by the commission, are alleged contracts among the coal-carrying roads, limiting the production of coal.

After considering the refusal of the offi-cials to present the contracts to the In-terstate Commerce Commission, the members of the commission requested Attor ney-General Knox to direct General Bur-nett, district attorney for the Southern District of New York, to present the case to the United States Court and ask for an order to compel the officials of the coalcarrying roads to appear before the con mission, answer the questions and pro-duce the documents. All that the govern-ment proposes to do is to guarantee the bonds of the company, taking a first mort-gage on the road.
