

NO MORE SHIPS

Bremerton Is Again Under a Ban.

BROTHELS MUST BE CLOSED

Vessels Will Not Be Sent to Navy-Yard for Repairs.

SAILORS MUST BE PROTECTED

No Amount of Political Influence Will Cause the Acting Secretary to Change His Decision—Hills of Deception.

Until the saloons and dives just outside the Bremerton naval yard are closed, all ships, so far as practicable, will be sent to Mare Island. In case of a rush of work there, the vessels will be ordered to the Atlantic Coast.

Assistant Secretary Darling issued this order today, and the Bremerton Town Council agreed to remedy the situation. Now it is reported that much the same old conditions prevail, and the Secretary has issued an emphatic order.

Secretary the Navy Moody has declined to grant the request of the Washington Senators to appoint Captain Bleeker commandant in the place of Captain Barclay.

WASHINGTON, May 25.—Until he is satisfied with conditions at Bremerton, Wash., in the vicinity of the navy-yard, Acting Secretary Darling will direct that no more ships be ordered there for repair or docking. This work, so far as practicable, will be done at Mare Island navy yards. Ships too large for docking at Mare Island will come to the Atlantic Coast.

Telegraphic instructions have been sent to the Pacific squadron, which was about to proceed to Bremerton for repairs, to remain at San Francisco until further orders. Mr. Darling has wired Captain J. V. S. Bleeker, the acting commandant at Bremerton, regarding the truth of newspaper reports that the Bremerton Town Council has declined to approve the revoking of the licenses of saloons and gambling-houses on Front street, and that these places are still in operation.

War Department Mailed.

If these reports be true, Acting Secretary Darling says, the department has been misled. Some time ago, because of the evil influences which investigation showed existed directly outside the Bremerton yard, an order was issued that no more ships be sent there until this condition was remedied. Although powerful political influence was brought to bear on the department to revoke this order, Acting Secretary Darling stood his ground, and not until the Bremerton authorities officially informed him that the licenses for all saloons and gambling-houses on Front street had been revoked, and the places closed, did he consent that the gunboat Ranger go there for docking. That vessel has just arrived at Bremerton.

Sailors Must Be Protected.

Mr. Darling desires that whenever practicable the yard at Bremerton shall be kept busy, but he is determined that American sailors shall not be subjected to evil influences such as have existed outside the gates of the Bremerton yard. It is he found that the Town Council has refused to revoke the licenses for saloons, etc., the department will discontinue all work at Bremerton until assured that Front street has been cleaned up to its satisfaction, regardless of any and all political pressure.

It was announced today that the orders recently issued to Captain Charles J. Barclay, to take command of the Bremerton yard, will not be revoked in favor of Captain Bleeker, the present acting commandant. Secretary Moody was urged by the United States Senators from Washington to revoke Captain Barclay's orders and appoint Captain Bleeker commandant of the yard. A telegram has been received from the Secretary approving the issuance of Captain Barclay's orders, and announcing that he had informed the Senators of his views on the case. Captain Bleeker has not informed the department that the Bremerton Town Council has declined to close the objectionable resorts. He has been telegraphed to for information, and no further steps will be taken until he is heard from. It is hoped the report will prove untrue.

With the exception of the armored cruiser New York, the other vessels of the Pacific squadron, consisting of the Maine, Marblehead and Ranger, can be docked at the Mare Island navy-yard. If it is necessary to keep ships away from Bremerton, the New York probably will come to Atlantic waters sooner than was intended for a complete overhauling, which will require two years' work. If temporary repairs can be made at Bremerton, the New York will remain on the Pacific Coast for another year. When recommissioned, the New York will be attached to the new European cruiser squadron.

ARRESTED FOR PART IN SCANDAL

Postal Attorney Is Dismissed and Charged With Conspiracy.

WASHINGTON, May 25.—Postmaster-General Payne today summarily dismissed Daniel V. Miller, assistant to the Assistant Attorney-General for the Post-Office Department, for conspiracy in connection with the case of John J. Ryan & Co., charged with fraudulent use of the mails, and caused a warrant to be issued for his arrest.

Miller was taken to the City Hall tonight, and placed under arrest by a Deputy Marshal. He waived examination, and was released on \$500 bonds for appearance in court at Cincinnati next Autumn.

A warrant on the same charges has been issued for the arrest of Joseph M. Johns, a lawyer of Rockville, Park County, Indiana.

Miller came here from Terre Haute, Ind., about two years ago. He was appointed by ex-Assistant Attorney-General James N. Tyner. The charge against

Miller has been under investigation for three months. The Ryan Company was a trust investment concern, which operated at St. Louis and Covington, Ky. It was the beneficiary under a decision of the Assistant Attorney-General of the Post-Office Department, made several months ago, subsequent to a decision in the Arnold case, and couched in practically the same terms as that decision. These decisions declared the concern named to be free to use the mails. The Arnold decision, it is stated, was signed by Assistant Attorney-General Tyner, and the Ryan decision by George A. Christy, the law clerk of the department, who was then acting Assistant Attorney-General on account of Mr. Tyner's protracted illness. Mr. Christy was at the Post-Office Department on summons from the department, and was closely examined regarding the case.

It is stated that the amount offered Miller aggregated several thousand dollars, and was in the form of a cash payment, followed by a check. This payment is alleged to have taken place in Cincinnati, so the case will be tried there, probably in the October term of court. The penalty for the offense charged is a fine of not more than three times the bribe asked or accepted, and imprisonment of not less than three years.

Mr. Payne said that this statement was all that could be said at this time. In view of the fact that the case is now before the judicial authorities.

FAVORS ALASKA COAL STATION.

Admiral Dewey Recommends One for Dutch Harbor.

WASHINGTON, May 25.—Admiral Dewey, as president of the General Board, has made a report to Secretary Moody, recommending the immediate establishment of a coaling station at Dutch Harbor, Alaska, and the erection there of a coal depot with an initial capacity of 5000 tons. The estimated cost of the work is about \$65,000. The money is now available. Believing the establishment of a coal depot at this strategic point will strengthen the United States on the Pacific Coast, the President has heartily approved the plan, and preliminary steps in the work have been taken already.

Dutch Harbor is located on one of the Aleutian Islands, and is on the direct commercial route between the ports of Behring Sea and Southern Alaska and the Pacific Coast of the United States. It is also in the line of steamships passing through the Unimak Pass, most of which make Dutch Harbor a port of call. Its use as a coal depot site was first recommended by the General Board, and is also in the line of steamships passing through the Unimak Pass, most of which make Dutch Harbor a port of call. Its use as a coal depot site was first recommended by the General Board, and is also in the line of steamships passing through the Unimak Pass, most of which make Dutch Harbor a port of call.

Rear-Admiral Bradford, in his report recommending this new coaling station, said:

"Attention is invited to one of the great political questions of the day, viz., the settlement of the boundary between the Territory of Alaska and the Dominion of Canada. It is abundantly evident that the spirit of Canada in this matter may be considered threatening. Between Alaska and the continental limits of the United States is located the domain of a foreign country. The territory separating Alaska has good harbors and ample anterior waters, and this fact alone constitutes a great strategic advantage to a possible opponent. It certainly constitutes a serious menace to the safety of war, whatever they may be, should be stored in Alaska."

Although Sitka is located in the vicinity of the disputed boundary, no coal is kept there by mercantile companies, and the Navy frequently has been embarrassed for want of coal in the protection of American seal and other interests. A strong case is made out, therefore, to prove a great aid to commerce, as ships are frequently in need of coal when reaching this point, and an arrangement will be made by which the Government can sell coal to steamships applying for it.

FUNSTON HAS ALASKAN PLAN.

He Would Put the Eskimos Under Control of an Officer.

WASHINGTON, May 25.—The War Department was informed some time ago that the native Indians and Eskimos in Alaska were in a starving condition, and at once a strong case was made out, to the mind of the Department of the Columbia, to report on the conditions in the territory. The reports of suffering came particularly from Nome.

General Funston has submitted a preliminary report, in which he says steps will be taken immediately to ascertain through Army officers in Alaska the extent of the famine. The General contemplates visiting Alaska, when he will make further inquiry. He says he has spent considerable time in Alaska, and asserts that before there was a mining boom in that territory there were cases of destitution and starvation among the natives.

General Funston recommends that an Army officer or a special agent of the Government, from the office of the department be placed in general control of the Eskimos in Alaska, to hold a relation to them similar to that of Indian agents to Indians in the United States.

IMMIGRANTS ARE DUPED.

High Prices Paid for Fraudulent Citizenship Certificates.

WASHINGTON, May 25.—Immigration officials said today that they had investigated reports that thousands of fraudulent naturalization papers had been sold to immigrants at New York, and had ascertained that the purpose was to facilitate the admission of immigrants into the United States, but to permit immigrants to secure work on the subway and other improvements in New York, as under the law only citizens are permitted to do such work.

Improvements of that kind, Chief Wilkie, of the Treasury Secret Service, has received information that in New York City probably 5000 aliens were given citizenship certificates for \$500 each, and that the price for a fraudulent certificate was \$50.

GREAT IRRIGATION DAM.

Geological Survey Prepares a Model of Work in Arizona.

WASHINGTON, May 25.—The Geological Survey has prepared a model of the extensive dam to be constructed on Salt River, 65 miles above Phoenix, Ariz. This dam will be among the first and also among the largest irrigation enterprises to be undertaken by the Government under the new law. The exact proportions of the dam are 188 feet thick at the base, 80 feet long at the top and 250 feet high. It will contain 11,000,000 feet of masonry. The reservoir to be constructed will drain over 300 square miles of territory and add 600,000 acres to the tillable area in the vicinity of Phoenix.

JOHNS IS ALSO ARRESTED.

CINCINNATI, May 25.—Word was received by Federal officers here tonight, that Joseph M. Johns was arrested at Rockville, Ind., tonight. Johns, it is said, was the person who worked directly with John J. Ryan, and accepted the money for the Tyner letter. According to the Federal officers, Johns first offer for the letter was \$2000. Johns agreed to pay that amount, when Johns agreed to compromise for \$200. Johns and Ryan met at the Gibson House in this city, January 12, when Ryan paid over the money, and in return received the letter which was used in advertising the "get-rich-quick" scheme. Subsequently, Ryan paid Johns \$2000 more for other services.

Johns is Prosecuting Attorney for Parke County, Indiana.

John J. Ryan, when seen at his home here tonight, refused to talk about the matter.

AID FOR THE NEGRO

Presbyterians Give \$300,000 for His Education.

WORK OF GENERAL ASSEMBLY

Enlightenment of the Colored Man Considered the Best Solution of the Race Problem—1904 Fair Scored for Sunday Work.

WORK OF THE ASSEMBLY IN BRIEF.

Three hundred thousand dollars are subscribed to the education of the negro.

Funds are set aside to lift \$200,000 mortgage on the Presbyterian building in New York.

St. Louis Fair board is scored for allowing work on Sunday, and delegates are reprimanded for traveling on the Sabbath.

Portion of report on Young People's Societies reflecting on other churches is expunged.

Ground is broken for \$50,000 addition to Occidental College at Los Angeles.

Trainmen's Oath Elect Officers.

DENVER, May 25.—The Oath, an auxiliary of the Brotherhood of Railway Trainmen, which is now holding its biennial convention in this city, today elected officers as follows:

George W. Newman, Philadelphia, former third vice-master of the Brotherhood of Railway Trainmen, high coxswain; John B. Wilson, of Detroit, vice high coxswain; C. C. Sears, of Washington, grand hot-air merchant; M. J. Slaughter, of Philadelphia, assistant grand hot-air merchant.

The Brotherhood of Railway Trainmen's convention is revising the constitution and by-laws of the order. Insurance classes have been raised as follows: A, from \$400 to \$500; B, from \$500 to \$1000; C, from \$1000 to \$1250.

Musicians Honor Mayor Schmitz.

SAN FRANCISCO, May 25.—Mayor Schmitz was notified today that the National convention of the Musicians of America, which has just concluded its session at Indianapolis, has elected him head executive officer for the Western district, which comprises Washington, Oregon, California, Nevada and Arizona.

Southern Presbyterian Assembly.

LEXINGTON, Va., May 25.—Today's session of the Southern Presbyterian Assembly was mainly taken up with reports from the committee on bills and overtures and the committee on publication.

Switchmen Elect Officers.

INDIANAPOLIS, May 25.—At today's session of the Switchmen's Union of North America, Grand Master Hawley and Grand Secretary-Treasurer Welsh were re-elected.

POSSE ON TRAIL.

(Continued from First Page.)

northeast of the Richards' home. Yesterday morning they were reported to be journeying in an east and southerly direction along the Columbia Boulevard and on Taylor street. At 5 o'clock yesterday afternoon Leanda and his wife were reported by a man named Anderson, to have taken dinner at noon, at his house, three miles up the Columbia River and east of the Vancouver ferry landing, and that they started out in the direction of Troutdale.

Posse Seizes the Country.

Since Sunday, when the posse was formed at Peninsula Station, the country has been scoured by men both mounted and on foot. The posse has been in the direction of Troutdale. There is hardly an acre of ground on the Peninsula, also, that has not been searched over repeatedly.

The local police force has been drawn upon and a number of competent policemen sent out.

Under the careful direction of Captain of Detectives Simmons his best detectives, Kerrigan, Snow, Bailey and Gibson, are hunting the murderer. Detectives Kerrigan and Snow, armed with 30-30 Winchester rifles, have been over the entire territory from Troutdale to a point several miles west of the Drews' home.

Rich Churches Should Give More.

"Now, I want to say that we must resolve to put \$200,000 to this end. We ought to have \$100,000; but what is the use of resolving if we do not act? It is the duty of the churches to do this. The richest churches in the land give a mere pittance to this work when they give large sums to other objects."

Dr. E. E. Cowan, secretary of the Board of Education, said in brief:

"There are in this land of ours more than 5,000,000 freedmen. A noted Englishman wrote a book some time ago, in which he estimated that the colored race in America was bound to disappear. On the contrary, the negroes have increased from 13 to 23 per cent. They are here to stay, and they will stay. They will not emigrate largely and they have not only doubled in numbers in the last 40 years, but they have quadrupled in influence. So many have become respectable that they are easily recognized by Paulson and his family, as those of their guests a few hours before."

To Bury Murdered Man.

The funeral services of the late F. H. Drews will take place from the undertaking parlors of J. P. Finley & Son, on Sunday afternoon. The services will be conducted by the Albina Camp of the Woodmen of the World. Mr. Drews was a charter member of Mount Hood Camp of The Dalles.

TELEGRAPHIC BREVITIES.

Frost has done great damage to garden truck about Manchester, N. H.

Glanders has caused the death of a colored stableman at Newark, N. J.

After burning two months, the fire at the Glace Bay (N. S.) colliery has been put out.

Charles Adams, held for the attempted murder of his wife, drowned himself in the bathtub of the Goshen (N. Y.) jail.

Five electric shocks were necessary to cause the death of A. Triola, an Italian murderer, at Sing Sing, N. Y., yesterday.

The photograph of the \$5,000 building of the American Ice Company at Philadelphia and ruined \$150,000 worth of machinery.

In a Shooting Affray on the Streets of Freedom, Pa., three intoxicated Italians were wounded, and many pedestrians had narrow escapes.

Dr. Charles E. Wendt, of New York, a well-known medical writer, committed suicide in Paris yesterday, during temporary insanity. He was 60 years of age.

Henry Tiernan, of St. Joseph, Mo., will receive the prize offered by the King of Denmark for the best poem on the recent meeting of the Dowager Empress of Russia and the Queen of England.

James Will All to His Family.

PITTSBURGH, May 25.—The will of Benjamin F. Jones, the steel manufacturer, divides \$60,000,000 among the widow and four children.

the railroad companies, which, it was asserted, had failed to carry out the itinerary prepared by the state clerk.

Rev. W. H. Roberts, state clerk, said he wished to make it known that railroads east of the Mississippi River had carried out the contract, and that the trouble all occurred west of the Mississippi. One of the commissioners explained that delays from accidents could not be foreseen, and the accidents obliged them to travel on Sunday. The resolution was finally adopted.

A third resolution by Mr. Yearnace approving the movement to organize the California Sabbath Association, having in view the enactment of legislation in connection with the proper observance of the Sabbath in this state, was adopted.

Portion of Report Expurged.

The afternoon session was brief, and was taken up with the reading of the report of the special committee on Young People's Societies, and a speech upon the subject by Rev. Edward B. Hodge, of Philadelphia, secretary of the committee. Before the vote on the adoption of the report was taken, the committee members wanted it edited. He pointed out a particular sentence which read: "Lead on or driven blindly, as in the case of some other denominations, the churches and sentence reflected on other churches and moved that it be expurgated. This motion prevailed, and the report as a whole was adopted."

Discussion of the report on Young People's Societies was postponed until the report of the committee on education shall have been disposed of.

After the reading of the report of the special committee on the Omaha Theological Seminary, the assembly adjourned until tomorrow morning.

At 4 o'clock the commissioners took leave for Occidental College, near Highland Park, where they participated in the breaking of ground for the laying of foundations of an additional \$50,000 college building.

Dead near Norman.

Daniel McCurdy, leg broken; George J. Jimeer, badly hurt; Robert Chambers, badly hurt; Earl Bacon; John Wehaver; Mr. and Mrs. Kilner, not seriously.

Dead near Upland:

Lutheran minister, name unknown.

Mrs. John Peters.

Mrs. Chris Lamers and mother.

Injured: Chris Lamers and two children; William and Minnie Schultz; Fred Pop and mother; Mrs. Isaac Casper.

Dead at Pauline.

Mr. and Mrs. James Mumaw and child. Frank Quigg.

Flora Palmer.

John Palmer.

Injured at Fairfield.

Mrs. A. W. Broderick and child, seriously; John McCreynolds, internally injured; Mrs. N. Lindsey; Charles Taylor, caught by falling chimney, seriously.

Near Norman, at the home of Daniel McCurdy, a number of relatives and friends were spending the day, and not an inmate escaped death or serious injury.

Two miles south of Upland, German Lutheran services were being held in a schoolhouse, when the storm struck and demolished it, killing four of the occupants, including the minister, and injuring a number of others.

The storm was equally destructive at Fairfield, but the people were warned of its coming and sought cellars for safety. Six dwellings were blown to pieces at that place, but their occupants escaped injury, with a few exceptions.

Missouri Town Demolished.

MARYVILLE, Mo., May 25.—A tornado struck the town of Elmo, near here, today, unroofing J. H. Store and leveling the town with debris of outhouses, barns and trees. No lives were lost. Elmo is located in the northwestern corner of Missouri, near the Nebraska line, and the storm is probably a continuation of one which struck near Moran, Neb.

Iowa Laundryman Is Killed.

DES MOINES, Ia., May 25.—A tornado struck the town of Rolfe, 70 miles west of here, today, leveling the town and leveling the town with debris of outhouses, barns and trees. No lives were lost. Elmo is located in the northwestern corner of Missouri, near the Nebraska line, and the storm is probably a continuation of one which struck near Moran, Neb.

Oklahoma Waters Receding.

OKLAHOMA CITY, O. T., May 25.—The waters that covered the southern end of Oklahoma City and a portion of Enid as a result of the cloud-burst Saturday night, are receding today, and no further damage is expected. The homeless are being cared for, and it is believed that no serious suffering will result.

Killed by Collapse of Building.

CHICAGO, May 25.—One man was killed and another seriously injured by the collapse of a building under construction at West Forty-eighth avenue and North avenue late today. Both were laborers employed upon the building. The cause of the disaster is not known. It occurred during a severe thunder storm.

FIRE WHISTLE TELLS OF FLOOD.

A number of Minnesota people narrowly escape death.

AUSTIN, Minn., May 25.—Southern Minnesota was visited by a heavy rain and electric storm yesterday afternoon and during the night. At 2 A. M. the citizens of the city were warned of the oncoming of Cedar River by the fire whistle. Boats were soon procured, and a number of people were removed from their dwellings. It is reported that the dam at Ramsey has been taken out by the heavy volume of water. The damage in this city and vicinity will be heavy.

Streets Are Flooded.

ROCHESTER, Minn., May 25.—The worst storm in 20 years raged here last night, and several streets in the city were flooded. The Zumbrota River rose five feet in two hours this morning, and many houses and yards are under water. A cloudburst is reported at Rockville, and some stock has been drowned.

LAWMAKERS IN DEADLOCK.

Hawaiians Refuse to Pass One Another's Expense Bills.

HONOLULU, May 18.—Via San Francisco, May 25.—(Correspondence of the Associated Press.)—A legislative deadlock has occurred over the appropriations for the expenses of the session, and there is much feeling between the House and the Senate. The House passed a bill to appropriate \$20,000 for the expenses of its session, including the salaries of members, amounting to \$9000. The Senate received the bill and held it up without action, many of the members thinking the appropriation too large. Then the House held up the Senate's bill for \$3000 for its session expenses. Last week the Senate adjourned for three days without having acted on the \$20,000 bill of the House, and having no other business before it. The Senate had passed all the appropriation bills brought up, and was through with its work, until some action was taken by the House, which up to that time had not passed a bill during the session, except the one for expenses. On Saturday the House adjourned to Thursday next at 10 o'clock, and a question has arisen as to whether this is not a violation of the organic act, which provides that neither house shall adjourn for over three days during a session without the consent of the other house. The outlook for agreement between the members of the House on legislation for appropriations is regarded as very poor.

Treasury Agent McLennan, who came here with \$1,000,000 from the National Treasury to pay bubonic flea claims, is ill in the hospital. The records have been ready for him and the drafts on the fund in the First National Bank are ready for his signature. They will be sent to him at the hospital for signature, if he is unable to be out.

The military authorities here have re-

CALENDAR DEATH

Fifteen Nebraska People Lose Their Lives.

TWENTY SUFFER INJURIES

Tornado Sweeps Several Towns and Causes Heavy Financial Loss—Every Building in Its Path Blown to Pieces.

HASTINGS, Neb., May 25.—A series of heavy storms, two of which developed into the worst tornadoes that have visited Southern Nebraska for years, passed over portions of Clay, Franklin and Kearney Counties last evening. Fifteen persons are known to have lost their lives, and a number of others received minor injuries. Every dwelling and out-building in the path of the tornado was blown to pieces, and the financial loss thus far accounted for will reach about \$50,000.

Dead near Norman.

Daniel McCurdy, leg broken; George J. Jimeer, badly hurt; Robert Chambers, badly hurt; Earl Bacon; John Wehaver; Mr. and Mrs. Kilner, not seriously.

TRIUMPHANT OVER FEMALE DISEASES!

PAINE'S CELERY COMPOUND

Home Treatment With the Famous Prescription Has Brought Happiness and Health to Hosts of Suffering Women.

Intelligent and thoughtful women are now using the best and most reliable of all Spring medicines, Paine's Celery Compound, and are getting back nervous vigor, pure blood, bodily strength, and a rosy and clear complexion. The women of our land who silently suffer from female irregularities and dangerous illness, and who spend fully half their time in misery, will find in Paine's Celery Compound all the virtues and elements that lead to health and true happiness. Paine's Celery Compound possesses peculiar powers for the strengthening of the female organism. It braces the nervous system, makes strong the weak muscles of every important organ. Victims of sup-

pressed, profuse or painful menstruation, leucorrhoea, chloroma, uterine inflammation and other ailments common with females are quickly cured of these troubles. These annoyances, are made vigorous and active, and rejoice in permanent health. Mrs. M. A. Morris, Tilton, Ark., writes for women as follows:

"I was afflicted with the whites and irregular menstruation, and tried several doctors, but found no relief. A lady friend of mine advised me to try Paine's Celery Compound. I used two bottles of your great medicine, and I am now a sound woman, and I give your wonderful remedy all the credit. I will forever praise Paine's Celery Compound. It did me so much good."
