Provincial Finance Minister Scores Cabinet Members.

SPECIALLY AIMED AT EBERTS

Resignation of Provincial Secretary Forced-Premier Would Appeal to Country on His Stand in British Columbia Land Scandals,

VICTORIA, B. C., May 27,-The political crisis grows apace. Following the dis-missal of W. C. Wells, Chief Commissioner of Lands and Works, and Attorney-Gen-eral D. M. Eberts, when the House sat today W. W. B. McInnis, Provincial Secretary, tendered his resignation. Then Colonel Prior, the Premier, announced that he had received a promise from the Lieutenant-Governor that he would grant a dissolution of the Legislature after the estimates and necessary non-contentious legislation has been passed. Then the Premier will go to the country, the elec-tion taking place in September or October next.

The general feeling in the Legislature is that the election will be held on party lines. The Attorney-General said he had resigned, after having been asked to do so. He had not done so before because his reputation was at stake, considering him-self on trial at the inquiry. He was bitter regarding the action of the Premier, J. D. Prentice, Finance Minister, who

followed, said the Attorney-General had brought his dismissal on himself. Speak-ing regarding the Columbia & Western deal, he said George McL. Brown, exallroad, had been assisted in 1900 by the Attorney-General in this matter. He referred to Eberts as a "blackguard." De-fending the Premier's course, he said that he had for colleagues "men untrue, and unfaithful; cowards and liars." Asked to retract, he said he would withdraw the

Commissioner Wells spoke, taking his dismissal philosophically, speaking at length. He defied the Premier to show where he had been negligent. He read the letter dismissing him, which told of matters in his department not meeting the Premier's approval, and that under any circumstances the Premier thad intended to ask for his resignation at the close of

the session.

After long discussion, several minor matters were dealt with, and then the government was defeated on the Pre-mier's motion to adjourn, 16 to 13. He said he regarded the defeated motion as a vote of non-confidence, and would ask the Lieutenant-Governor to come tomorrow and dissolve the House. This would result in the province being left without funds from June.

The leader of the opposition then moved adjournment, thinking thus to demon-strate that the opposition was in power, but the Martin wing in the opposition voted with the government and the oppo-sition lender was defeated. After consid-erable discussion, in which W. W. B. McInnis made an effort to secure control, it was finally shown that it was nece sary to pass supply bills, and the motion to adjourn offered by the Premier car

#### PACIFIC HAS HOPES. Forest Grove Athletes May Surprise State 'Varsity.

PACIFIC UNIVERSITY, Forest Grove Or., May 27.—(Special.)—It is believed here that the track and field meet which is to be held tomorrow between the Uni-versity of Oregon and Pacific University will be one of the best contests held in oregon this year. Supporters of the local team hardly hope for victory, but they expect Pacific to take her share of first The fact that Oregon won seven firsts from Corvaills and the Pacific took six from the same team goes to show that the competition for first bonors will be very close tomorrow. Pacific concedes to Eugene the discus throw, high jump and broad jump, and admits that it is probable that the men from up the valley will take the mile and a half runs. On the other hand, it is thought that the 100, 230 and 440-yard dashes will all go to Peterson, of Pacific, and it is believed that Barnet will take both the shot-put and hammer-throw. The chances are in favor of Gilbert, of Pacific, in the pole vault. Both hurdle races will be close, although if comparative time shows anything, Fletcher, of Pacific, ought to win. Trainer Hexter feels that his men did

not do themselves justice in the meet with Corvailis, and believes that they will do much better tomorrow. The fact that Eugene will only have 12 men entered gives Pacific hope, as Corvallis had 34 men entered against Pacific's 13, and was able to enter fresh men in each event.

Captain Gilbert, when asked about the outlook, said: "Thursday will find Pa-cific's men in perfect condition, and I expect them to do better than at any previous time this season. In the jumps and hurdles I think we have a surprise for Oregon. Our team is weak in second and third place men, and if we lose, it will not be by first places. I expect to see some records broken if the weather is favorable."

### OFF FOR FOREST GROVE,

Dregon Track Team Hopes to Win From Pacific.

UNIVERSITY OF OREGON, Eugene Or., May 27.—(Special.)—The varsity track team left here this afternoon for Forest Grove, where the dual field meet with Pacific University will be held on Thurs day afternoon. After the contest with the Pacific, the Oregon collegians will return to Portland, where they will mean ure strength with the Multnomah Ama-teur Athletic Club on Decoration day. The collegians have snatched two successive victories from the clubmen, and

cessive victories from the clubmen, and should they lose the coming meet, the series nevertheless belongs to them. Considering the fact that the "Agrics" easily defeated the Pacific University team, it would seem that Oregon ought to win over Pacific tomorrow. Captain Payne is known to be in poor condition, and Sprinter Henderson, who received a bruise in the Corvallis meet, has been absent from regular practice this week. The rest of the Oregon men are in splendid condition.

After the dual meet with the clubmen, the local collegians will return to Albany, where they will meet the much-talked-of Albany track team on Monday.

REPORT ON INSURANCE BUSINESS

OLYMPIA, Wash., May 17.-(Special.)-The annual report of Deputy Insurance Commissioner J. H. Shively to the Sec-retary of State, who is ex-officio Insurance Commissioner, was issued today. As a preliminary to the report Mr. Shively

'The books of the department show that during the year 1900 the sum of \$68, 184-11 was received from all sources. Th receipts for 1908, up to May 1, are \$83,-229.45, an increase of \$15,115.34. Of these amounts the sum of \$85,53 should be de-ducted from the 1902 receipts and added to those of 1902, as this represents the bills due in 1902 and collected during the present year. This would reduce the net increase of 1903 over 1902 to \$13,356.28, but estimating the receipts for the balance of the year upon the basis of last year's business, it will be rendily seen that the increase of the current year over 1962 will amount to \$18,000,"

Special memorial services were conduct-ed this morning in honor of the three de-censed members of the State Grange who died during the past year. They were: Mrs. L. H. Clark, of Multnomah, No. 71; Mrs. C. S. Wagner, Salem, No. 17, and John Bryant, charter member Jordan Valley, No. 42.

The report of Mrs. Mary S. Howard,

the state secretary, shows the organiza-tion of 19 new Granges in the state dur-ing the year, with the loss of only three. In this state the Grange now has a membership closely approximating 5000. There are now 36 Granges in the state, and the combined increase in the membership for the past 12 months was 1200.

The report of the treasurer shows the state organization to be in good financial condition. On May 29, 1962, there was a balance of \$3419.34. During the year reounted to \$2450.36; disbur \$1756.51; balance on hand, \$3113.19.

CRUSHES OUT The most loathsome and repulsive of all living things is the serpent, and the vilest and

most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored splotches break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideous-The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life.
