SHANIKO, Or., June 2.-(Special)the reconnoitering expedition of President A. L. Mohier, of the O. R. & N.; resident E. E. Lytie, of the Columbia Southern, and T. B. Wilcox, of the Portand Plouring Mills Company, returned to Shaniko this evening after a 200-mile wagon trip through Central Oregon. The party went through to Bend by way of Princeille and returned by way of the Haystack country and across the agency from Bend. A 30-mile trip was made south through the Yellow Pine belt. The railroad men were enthusias-tically received all along the proposed route, but the desired data regarding the various sections visited is not yet in such shape as to enable them to complete the report for Mr. Harriman.

Mr. Mohler was accomputed by Chief Engineer Kennedy and Professor French, of the Agricultural Department of Idaho or the Agracultural Department of Idaho University. Chief Engineer Hammond, of the Columbia Southern, was also with the party. He was in charge of the survey of the proposed extension of the Columbia Southern last year and is familiar with all sections of the country which

Dr. T. L. Eliot gave an interesting address which he termed "a little talk on the refinement of charity," and Dr. E. P. During the year the association has em-ployed Mrs. Lucy Morgan to make free professional visits to the eck poor and her careful and conscientious work was warmly praised by Mrs. Mille Trumbull, who reported for the friendly visiting committee. Mrs. Trumbull was unable to

be present, and her report yas read by the Secretary. Miss Wasserman.

Mrs. Trumbull said that many mistakes had been made by the association, but that in no case and there been a failure of effort to render aid where it was

"In many cases," Mrs. Trumbull said, "the nurse's effort is only the forerunner of aid to the family, of food and of clothing. Mrs. Trumbull said that the society's
work was often hindered by the familiar

She said that at present the association's strength was entirely inadequate for the work which should be done in neighbor-hood nursing, and that furthermore there was a great need for a hospital for suf-

Dr. Ellot said: "It was a vist reform in the art of charity when it began to dawn, as it did very recently, that it was our duty to help the poorer element of society. Into Service June 27.

Those who are planning their vacation this year will be interested in knowing that the popular excursion steamer, the T. J. Potter—queen of river boats—goes into service June 27, and that she will leave Portland, during the season, everyday from Tuesday until Saturday inclusive. To see the beauties of the picturesque and mighty Columbia from the decks of the Fotter is a treat never to be forgotten. For speed and grace nothing in river or lake service in the entire West equals this sidewheeled beauty. Five hours from Portland and one from Astoria, through the famous fishing waters of the Columbia, past scores of salmon traps and nets and as many white-winged furboats, lands the passenger at Ilwaco, where close connection is made for beach points with trains of the Ilwaco Railway & Navigation Company, whose cars stand on the wharf awaiting the steamer. The points with trains of the Ilwaco Railway & Navigation Company, whose cars stand on the wharf awaiting the stemmer. The beach is 27 miles long, 250 yards wide at low tide, and so hard that carriage wheels scarcely leave a mark. It is an ideal place for driving, riding, wheeling or walking, and the surf bathing is unusurpassable. The excellent hotels and boardinghouses provide good accommodations at prices ranging from \$1 to \$3 per day.

The round-trip rate from Portland to Astoria is \$2.50; to ocean beach points \$4, good until October 16. On Saturdays, during July and August, round-trip tekets are sold to beach points at \$2.50; good for return leaving the beach the following Sunday evening.

PERST NATIONAL BANK GIVES HIS. TORY OF FORGED WARRANTS.

Purchased in Good Faith, They Were Apparently Indorsed as Valid by the County Treasurer.

The First National Bank yesterday filed its answer to the suit brought by Multnomah County to recover tax certificates of the face value of \$727, given in ex-change for county warrants amounting to \$663, issued on forged road warrants.

The answer recites the history of these warrants, which has frequently been pub-lished. It states that the warrants were purchased in good faith by the bank be lieving adequate compensation had been received for them by the county, and the County Treasurer accepted them and stamped them "not paid for want of funds." The bank, it is alleged, had no notice or suspicion, nor could have, of any act of the County Court or any person that would invalidate the warrants, and believed they would be paid by the County Treasurer when presented, and that they were a just and valid obligation against the county.

The circumstances of the sult brough in the State Circuit Court by A. H. Maeg-ley, a warrant broker, who furnished evidence concerning the issuance fraudulent time checks, and had the warrants declared illegal, are detailed. It is stated that Maegley held some of such warrants, and received 30 per cent under a contract with the county for having them all declared vold, and was paid \$150

on the contract. It is further alleged in the answer that in June, 196, after negotiations extending over a year, the bank turned the war-rants over to W. F. White, a warrant broker, who offered to purchase them for 5 per cent, amounting to 1993, and at the request of White and solely for his benealt Professor French will make a report on the nature of the soil, climatic conditions, etc., and his report will undoubtedly have considerable bearing on the final decision of Mr. Harriman.

False Statements.

Louis Robinson, a ciothing dealer on North Third street, charged with making false statements under the bankruptcy law, was placed on trial in the United States District Court yesterday before Judge Bellinger and a jury.

Robinson's assets, it is stated, figured up about \$11,000, and he owed about \$14,000 when some of his creditors attached his property and he filed a petition in voluntary bankruptcy.

The defense will endeavor to establish that this latter never occurred, and that Ben-jamin retained the cash, as he was en-

titled to.

A second count in the indictment charges
Louis Robinson with concealing property Louis Robinson with concealing property valued at \$1200. It is alleged that he turned over property to this extent to Lazarus Robinson and got the money, and said, when asked about it, that Lazarus owed him the amount.
