National Health Convention Favors San Francisco.

QUARANTINE NOT NECESSARY

State, However, Must Continue Its Present Strong Methods of Education-Dr. Andrew Smith Addresses the Meeting.

WASHINGTON, June 1—The first con-ference of State and National Boards of Health, under the act of July 1, 1902, be-gan here today. Surgeon-General Wy-man, of the Marine Hospital Service, pre-

Dr. Wyman, in an address, said that the great end in view was closer association and union of effort between state and National health authorities. He briefly described the system and workings of the United States Public Health and Marine Hospital Service, and suggested a plan of organization by which the work of the National and state health administrations might be made more effective. The con might be made more effective. The con-ference adopted a resolution expressing approval of the methods of co-operation suggested by Dr. Wyman. Dr. Foster, of California, gave a description of quar-antine operations in that state, particularly in relation to the plague danger in San Francisco. He said that with the vigorous cleaning of Chinatown, the fear of another attack of this disease was rapidly disappearing. He attributed the success achieved to the hearty co-operation existing between the city, state and National health officers in endeavoring to stamp out the infection. In all 21 states were represented ht the conference. A long discussion of local health and quarantine conditions was held, the various representatives explaining the sanitary laws sentatives explaining the sanitary laws and the method of carrying out in their particular states addresses being made by Drs. Westbrook of Minnesota, Hunter of Missouri, Probst of Ohlo, Smith of Oregon, Lee of Pennsylvania, Swariz of Rhode Island, Simons of South Carolina, Tebor of Texas and Cooper of Delaware. The conference addressed the following respliction. adopted the following resolution

"Whereas, the conference of the State Boards of Health of the United States, with the Public Health and Marine Hospital Service, having confidence in the earnest efforts and ability of the Gov carnest efforts and ability of the Governor and State Board of Health of the State of California, acting in harmony with the Bureau of Public Health and Marine Hospital Service to thoroughly eradicate bubonic plague heretofore existing in the City of San Francisco, do resolve that in the judgment of this conference, so long as the present effective work is continued, there is no need for quarantine restrictions of travel or traffic to or from that state."

A committee was also appointed to draft a resolution expressing regret at the death of Dr. Mathew Gardiner, late president of the State Board of Health of Call-fornia. The conference then adjourned

United States Confident of Spreess, WASHINGTON, June 2.—The State De-partment has no present intention of making any move in the matter of the Panama Canal negotiations until the Coiombian Congress meets June 20, and has given some evidence of its disposition to-ward the treaty. President Marroquin, it is understood, satisfied himself before calling the Colombian Congress in special session that the government would be able to command a safe majority upon the question of ratification. JEWS MOVE FOR DEFENSE Kishinef Massacre Causes Them to Import Firearms.

BERLIN, June 3 .- A dispatch receive here from Odessa, under date of May 28, says the Jews there are now preparing to defend themselves intelligently. Sev-eral thousand revolvers have been im-ported since the Kishinel massacre, so that at present almost every Jew, man or woman, is armed. Those who were unable to buy weapons received them as gifts from the defense committee, A system of communication has also

been agreed upon, so as to spread a warn-ing throughout the city when there is an outbreak of violence in any quarter. Families residing near each other will concentrate for defense, and every sec-ond man will join with what might be ed a petitionary expeditionary corps to take part in aggressive defense wher anything is actually going on.

WHAT SHE ESCAPED.

Delay Would Probably Have Been Fatal in Miss Goodwin's Case.

"My mother die i of consumption five years ago," said Miss Johannah Good-win, of Northbridge, Mass., "and I thought I was going into the same disease. I believe I would have done so but for Dr. Williams' Pink Pills for Pale

"My complexion had turned pale and yellow, and I was ghastly looking. was so weak I could not dress myself without sitting down to rest a few times, and often when I walked a short distance, or ever stooped over, pains shot through my back. I was short of breath and often dizzy, my food did not digest properly, and my heart was very irregular. There was a noise in my head that nearly drove me crazy. I would hold my hands tight over my ears, but still it would not stop, and sometimes I could hardly see. I grew thinner and weaker, and was afraid and nearly certain I was going to die.

"One day a friend advised me to try Dr. Williams' Pink Pills, and I did so. They helped me before one box was used up, and in less than two months I was well and strong again, entirely cured."

The disease from which Miss Goodwin suffered was anaemia, or "bloodle ness," and is caused by an actual deficiency of the blood and a watery and depraved state of that fluid. It is characterized by a pallid complexion, pale lips, dull eyes, tongue and gums blood-less, shortness of breath on slight exertion-especially upon going upstairspalpitation of the heart, feeling of impending death, weakness, loss of appetite and ambition. If left to itself, it is apt to result in decline and death.

The one remedy that has proved itself a specific for anaemia is Dr. Williams' Pink Pills for Pale People. These pills have a double action, on the blood and on the nerves. This is the secret of Dr. Williams' discovery, and is the cause of the wonderful cures effected by them in stubborn cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness, either in male of female. Dr. Williams Pink Pills for Pale People are sold at all druggists, or will be sent direct from Dr. Williams Medicine Co., Schenec-tady, N. MANENTLY CURED

Dr. W. Norton Davis

OUR EXPERIENCE

Over 20 years' successful practic ods to be the best. We treat Variocele, Hydrocele, Contracted Disorders, Syphilis, Stricture and Piles, restoring all affected organs to not mal and healthy action in the shortest possible space of time.

Men Only

We have the largest practice bepromises. We are treating more men than any other specialist in Northwest. We are curing more men by our method than any other treatment even benefits.

Expect a Cure

If you come to us for treatment, expect to be cured. If others have failed, expect us to cure you. Unless we know that we can cure you we will not accept your case, and in every case we treat by original, advanced and scientific methods.

Contracted Disorders

Every case of contracted disor der we treat, is thoroughly cured. Our patients have no relapses, When we pronounce a case cured there is not a particle of infection or inflammation remaining, and there is not the slightest danger that the disease will return. No contracted disorder is so trivial as to warrant uncertain methods of treatment, and we especially solicit those cases that other doctors

have been unable to cure. So-Called "Weakness"

Our cures of this disease are per manent and lasting. No tonics that stimulate temporarily, but thorough scientific treatment for the removal of conditions responsible for the functional derangement, "Weakness" is merely a symptom of inflammation or congestion in the prostate gland, and under our originsi treatment, which is principally local in character, this gland is promptly restored to its normal state, and complete functional ac-

tivity is the lasting result.

Varicocele We use neither knife, ligature nor cocele. We positively cure this disease by an absolutely painless method and without detaining the

patient from business,

Syphilis
Our treatment for specific blood polson forces the very last taint of virus from the system, and all this is accomplished without the use of dangerous minerals. We frequently accomplish a permanent cure in 60

Stricture Our method of curing stricture is new and entirely original. No cutting or dilating. The stricture is absorbed and every obstruction in the urinary passage is entirely removed and all affected membranes

thoroughly cleansed. PILES

Quick Cures Certain Cures We care the worst cases of piles permanently without the use of continuents, without pain, cutting or detention from business in from two to three treatments. Our treatment is entirely new and seculiar to ourselves. Remember, no matter who has failed before in your case, we will cure you with mild methods, and without danger, or else make no charge whatever for our services.

WE ARE ALWAYS WILL-ING TO WAIT FOR OUR FEE UNTIL A CURE IS EFFECTED.

Our book, which we send free, in plain envelope, is both interesting

and instructive.
