

ARIONS WELL MET

Enthusiastic Greeting of Walla Walla German Singers.

SAENGERFEST IS UNDER WAY

Three Hundred Voices Set Audience Wild in Opening Lied—Mrs. W. A. Bratton Delights With Liszt's "Lorelei."

WALLA WALLA, Wash., June 5.—(Special.)—With the magnificent strains of Zetterli's "Die Deutschen Saenger" the "Lorelei" burst forth in a grand chorus, the second annual saengerfest of the North Pacific Saengerbund formally opened at the Walla Walla Opera-House tonight.

For technique, perfection of crescendo and diminuendo, volume and general execution, the a capella chorus tonight by individual societies were splendid. The mass choruses were also of good quality, and that one this afternoon. All the societies sang individual choruses except the Maennerchor of Walla Walla.

There was an inspiring scene at the depot this evening, when the Walla Walla Society met the incoming train at 3 A. M. The happy German brethren, arms, hats and other articles, and then marched uptown, singing and cheering. The military band accompanied them.

About 60 Germans are here from outside points, 150 of whom are not singing. The local Maennerchor is one of the strongest singing societies in the West, and is putting up a royal reception.

Ferninand Compton, president of Mrs. W. A. Bratton, vocal instructor at Whitman College conservatory, and Mrs. Beatrice Barlow-Dierke are assisting the saengerbund. Mrs. Bratton tonight with her rendition of Liszt's "Die Lorelei."

There were not sufficient seats tonight to accommodate the audience. The town is talking more seriously in this event than in any state convention for some time.

EAGLES CONGREGATE AT DALLES. City is Given Up to Delegates to State Convention.

THE DALLES, Or., June 5.—(Special.)—Today's trains both ways were loaded with delegates and visitors to the state convention of the Eagles. The delegates, and the committee's hands are full receiving and entertaining delegations. The Eagles are in possession of the town. At the opening session, Charles Flynn, state president, presided and presided over the convention.

There were not sufficient seats tonight to accommodate the audience. The town is talking more seriously in this event than in any state convention for some time.

John Watson, president of Portland Arnie, takes an active part as a legislator. Chairman Flynn congratulated the delegates on the showing of Oregon Eagles. Del Cary Smith, the grand president, is undoubtedly absent. All arnie towns are candidates for the next state convention.

The body will urge a monster attendance at the grand arnie session in New York September 1. The council, however, has been phenomenal. At tomorrow's session there will be an increased attendance, as several Eastern visitors are expected to attend the tomorrow night leading city and county officials will be present. Sunday the visitors depart. The state convention will make history for Eaglesdom in the Northwest.

Engene Wants No Carnival. EUGENE, Or., June 5.—(Special.)—A representative of the Southern Carnival Company has been in Eugene today trying to bring about an arrangement whereby he can give his show in this city. The company entered into an agreement with the Fourth Regiment band for a week's show ending July 1. The council, however, refused to grant the use of the streets for the purpose and the matter was dropped. The company is getting no encouragement now.

LONG PLANNED THE CRIME. Walkers Wanted Aged Negress' Lifespan Fringed. The police have secured a photograph of the negro, Victor Walkers, who is accused of having murdered Mrs. Lizzie LeRoy and buried her body in the cellar of her house at Golden Gate. After his perpetration, Walkers and Mrs. LeRoy, a woman who had boarded with Mrs. LeRoy, continued to live in the house, but Mrs. LeRoy became very nervous and then sick, and after going to the San Francisco County Hospital, where she remained three days, she resolved to inform the police.

Hattie Cochran, the octonion, who was brought to Oakland as an important witness in the case, made a statement to Deputy Attorney Leach today to the effect that Victor Walkers, the supposed murderer, had planned the atrocious crime nearly a month prior to its commission.

An autopsy on the dead woman was held today. According to Coroner Mehrman, the autopsy physicians found absolutely no indication of any scarp wound or skull fracture, and, in their opinion, that if a hammer was used in the murder, only a slight tap was administered by the murderer. The physicians, however, found indications in the lungs and heart that clearly show that the woman was strangled to death.

Mrs. Ross, the informer, has been acting strangely, and it is feared that she may attempt to commit suicide. To prevent this, a careful watch is being kept over her.

Seriously Suspect Not Walkers. SEATTLE, Wash., June 5.—(Special.)—The colored fanatic, who was recently removed from the City to the County Jail, is not the man who is wanted in Oakland for committing a brutal murder.

The description of the murderer, whose name is given as Victor Walker, was received today by the police, and does not tally in any respect with the man in custody in this city. He is 35 years old, two inches taller and 20 pounds heavier than the man wanted. He also is much darker, wears a mustache, instead of being smooth shaven, and cannot boast the numerous scars that disfigure the countenance of the California desperado.

M'BRIDE'S SHREW MOVE

J. T. MILLS TO BE HEAD OF WASHINGTON REFORM SCHOOL.

Appointment of the Popular Thruout County Sheriff Will Benefit the Governor Politically.

OLYMPIA, Wash., June 5.—(Special.)—Sheriff Jesse T. Mills will tomorrow tender his resignation to the County Commissioners, to take effect on July 1. His resignation is tendered in order that he may accept a position with the state.

The foregoing information leaked out in this city this afternoon, and although no definite announcement has been made other than the above, it is considered a certainty that the position which Mr. Mills will fill is that of superintendent at the State Reform School. For some reason the news that the resignation of Thomas P. Westendorf, who for 12 years has been superintendent of the school, had been placed in the hands of the board of control, was kept a secret at the Governor's office, and also at the office of the board.

The same attempted secrecy prevails as the appointment of Mr. Westendorf's successor, Mr. Westendorf's resignation was not heard of here outside of the two

TAKES SECOND PRIZE IN INTERSTATE ORATORICAL CONTEST

SPOKANE, Wash., June 5.—(Special.)—Ralph Carpenter, representing the University of Washington, was awarded first prize in the interstate oratorical contest between the Universities of Oregon, Washington and Idaho.

Harvey B. Denmore, University of Oregon.

offices mentioned until Mr. Westendorf gave it out himself in Chehalis. Today Governor McBride declined to discuss the resignation in any of its phases, and "Deep Creek" Jones, the only member of the board here, also refused to make any statement.

The news of Sheriff Mills' new move has created a profound sensation in local political circles. Mills is a native of Thurston County, and his popularity was shown at the last election, when he led the ticket. While the enemy of none, he has nevertheless been considered in the Scooby-Madge faction, which is opposed to the Governor's ideas on the railroad question. Governor McBride is known to have long wished for the support of Thurston County, and political leaders here consider that he has made a shrewd move in pulling Mills over to his side.

Mr. Mills will become matron at the school. He is Deputy Sheriff John McCallum, Councilman (Laud Westendorf) and Chief of Police Taylor. It is believed that Mills will be able to name his successor, and it is thought that he will favor Weston.

TO FLOAT LOGS IN YAKIMA. Lumber Company Increases Its Capital Stock.

NORTH YAKIMA, Wash., June 4.—(Special.)—At a meeting of the stockholders of the Cascade Lumber Company, held here today, the capital stock was raised from \$100,000 to \$200,000, for the purpose of continuing the construction of the big plant now under way, and for making further improvements.

One of the most important of these improvements is the construction of a big reservoir at Kicholas Lake for the storage of water for use in floating logs down the Yakima in the dry season. Work on the construction of this reservoir has already been begun. A considerable sum of money has been expended for the storage of water for use in floating logs down the Yakima in the dry season. Work on the construction of this reservoir has already been begun. A considerable sum of money has been expended for the storage of water for use in floating logs down the Yakima in the dry season.

Funeral of Mrs. C. L. Parker. ASTORIA, Or., June 5.—(Special.)—The funeral of the late Mrs. Charles L. Parker, of Portland, was held at 1 o'clock this afternoon from the residence of W. F. McGreggor, the services, which were most impressive, were conducted by Rev. William Seymour Shurt, rector of Grace Episcopal Church, and were attended by a large number of friends of the deceased. Interment was in Oceanview cemetery.

Mrs. Andrew Peterson. ASTORIA, Or., June 5.—(Special.)—Mrs. Andrew Peterson, of Blind Slough, died last evening of old age. Her funeral will be held at 10 o'clock this morning at the residence of the family, and the interment will be in Greenwood cemetery. The deceased was a native of Sweden, 84 years of age, and has resided in this vicinity for many years.

Engineer Keerly Sentenced for Life. BUTTE, Mont., June 5.—(Special.)—James A. Keerly, a miner, was sentenced to life imprisonment for the murder of Reuben Cryer, a fellow miner, by Judge Smith today. Keerly, 37 years of age, was one of the best-known civil and mining engineers in the Northwest.

John Pryor, of Eugene. EUGENE, Or., June 5.—(Special.)—John Pryor, groceryman, died suddenly last night at his home in this city from heart failure. He was 61 years of age and highly respected. He leaves a widow and five grown children.

DEFUNTS GET THEIR MONEY. Defunct First National of Vancouver Will Still Have Funds. VANCOUVER, Wash., June 5.—(Special.)—A. B. Eastman has announced that he has been authorized by the Controller of the Currency to declare a dividend of 10 per cent to depositors of the First National Bank of Vancouver, which suspended in May, 1902. The dividend, which will be ready for payment in about 30 days, will complete the 100 per cent of deposits, three former dividends of 50, 25 and 15 per cent, respectively, having been paid.

Republican Vote Falls Off Forty-Five Per Cent. SALEM, Or., June 5.—(Special.)—The official canvass of the vote in the present election, as reported by the Oregon Republican politicians in this section, was made today by County Clerk J. W. Rowland and two Justices of the Peace. The totals are as follows: Hermann 174, Reilly 187, Impe (Socialist) 209, Blum (Prohibitionist) 181, total vote, 551. Hermann's plurality, 167.

THE VOTE ON CONGRESSMAN AT THE JUNE DECREASE IN REPUBLICAN VOTE, 45 PER CENT. DECREASE IN DEMOCRATIC VOTE, 17 PER CENT.

MISTOOK POISON FOR WATER. Es-Sinstock Babcock, of Montana, in Serious Condition.

BILLINGS, Mont., June 5.—(Special.)—Es-Sinstock Babcock, one of the wealthiest and best-known Republican politicians in this section, lies in a serious condition at his home in Twenty-seventh street.

He swallowed several mouthfuls of formaldehyde under the impression that it was distilled water.

MOTHER MUST PAY PART. Asylum Patient Whom the State Will Not Support.

SALEM, Or., June 5.—(Special.)—Secretary of State Dunbar today received the first commitment which orders the relatives of the insane person to pay his expenses at the State Asylum for the Insane. The commitment, which was returned upon the ability of relatives to pay for the maintenance of insane persons went into effect May 22. A number of commitments have been made since then, but not until now has any County Judge found relatives who are able to pay \$10 a month toward the support of the patient.

The commitment filed today was that of Frank C. Allen, of The Dalles. He is 24 years of age, and a morphine fiend. The County Judge made a finding to the effect that his mother, who lives at Spokane, is able to pay \$10 a month for his support, and a decree was made that such payment be made as required by law. The Secretary of State will certify to the State Treasurer the fact that this decree has been entered.

The money is payable on the 1st of July and the 1st of January of each year, and if not paid, it is made the duty of the State Treasurer to certify the delinquency to the Prosecuting Attorney in the district in which the commitment was made. The Prosecuting Attorney is required to bring suit to collect the amount due.

There is perhaps room for doubt whether a liability can be created against a resident of the State of Washington.

SENTENCED, BUT NOT IMPRISONED. Frank Holdger Now Wants His Name Cleared.

OLYMPIA, Wash., June 5.—(Special.)—James L. Crotty, a Seattle attorney, was in consultation today with Governor McBride over the case of Frank Holdger, a resident of Spokane, who for the past eight years has been under sentence to the penitentiary but has never been incarcerated, and who now asks the Governor to remove from his name the cloud which has been resting there so long.

The case is unique in the history of the State. Holdger was tried in Spokane County in 1895, on a charge of circulating obscene literature. He was tried on an

SCHOOL DISTRICTS UNITE

INDEPENDENCE INSTITUTION IS MADE THE BASE.

Other Districts in Polk County Have Advantages of Similar Move Under Consideration.

DALLAS, Or., June 5.—(Special.)—A meeting was held at the American Schoolhouse, near Independence, for the purpose of deciding whether or not that district should be consolidated with the Independence district. The main speakers were: County Superintendent C. L. Starr, State Superintendent J. H. Ackerman and Principals J. T. Newbill, of the Independence School.

After considerable discussion it was decided to suspend district No. 15 and consolidate it with the Independence School. Active interest is being taken by Superintendent Starr in the agitation of the consolidation of schools, and will, with Superintendent Ackerman, hold a meeting in Spring Valley next Saturday to discuss the advisability of the consolidation of the Zena, Lincoln and Lower Spring Valley Schools.

HUMPHREY, THE OBLITERATED. Already He Has Made Himself Person Non Grata.

OREGONIAN NEWS BUREAU, Washington, June 2.—It has been a long time since a new member of Congress has so completely obliterated himself as has the Hon. William E. Humphrey, of Seattle. Humphrey has not taken his seat in the House, yet he has greatly discounted his influence in Washington, and from recent reports seems to have dug his own political grave at home.

Most new members of Congress are prone to take themselves too seriously. This is a common fault; but most men, especially men of character and ability, soon get over this nervousness and settle down to their true work.

Humphrey, however, does not seem inclined to settle down. Nor does he grow any wiser. Judging from his correspondence with the departments at Washington, he is assuming responsibility for the entire Congressional delegation, and has bestowed with all the power heretofore divided among the Senators and members.

A very high official in the Navy Department was speaking of Humphrey the other day, in connection with things he wanted done at the Puget Sound Navy-yard, and the approach of the day is generally gradual. Frequently the first warning is a vague feeling of headache, vertigo and muscular weakness. The best method of treatment is to restore the nutrition and vitality of the nerves by using Dr. Williams' Pink Pills for Pale People.

Injuries to his back which resulted from his jumping out of a window during a hail storm, and the loss of vitality, whether Mrs. Sharon or Mrs. John C. Breckenridge, wife of the invalid, should superintend his treatment. Dr. Motet believes that the approach of the disease is to either side.

The lunary proceedings brought against Mr. Breckenridge by Mrs. Sharon will be heard later.

CHILDREN PERISH IN BLIZZARD. Were Living With Father, a Sheepherder, in a Tent.

GREAT FALLS, Mont., June 5.—Word has been received from Lethbridge of the loss in the recent blizzard of the two small sons of J. Derrick, a Lethbridge sheepherder. The father was six days absent from the city, and the children had been dead eight days before he could get them into town to bury them. A third child, aged 5 years, had a narrow escape.

Derrick was living with his children in a tent when the blizzard broke.

Killed by Runaway in a Mine. BUTTE, Mont., June 5.—Giffrey Noren, while trying to stop a fractious horse on the 100-foot level of the High Ore mine today, was caught between an overturned car and the wall timbers and his neck broken. He died almost instantly. His wife and children are at Washup, Utah, where Mrs. Noren went to attend the funeral of her father.

Regulation Issues for Lands. SALEM, Or., June 5.—(Special.)—Governor Chamberlain today issued a regulation upon the Governor of Indian Territory for the extradition of M. D. Landis. It charged the land agent, killed and robbed Jesse B. Eaudally in Coos County. Landis is under arrest in the Cherokee Nation.

WATCHED THE BALLOON GO UP. Dallas Carnival Attraction Pleases a Large Crowd.

DALLAS, Or., June 5.—(Special.)—The third day of the Dallas carnival and street fair came to a very successful termination this evening at 10 o'clock. The largest crowd of attendees was here today, conservative estimates averaging the crowd at 400 persons. The people commenced to arrive early and by 10 o'clock the streets were thronged with the sight-seers.

The first thing on the day's programme was a balloon ascension and parachute jump. Frank Johnson, a local enthusiast, made one of his ascensions over known in the state. The balloon reached a height of 3500 feet, and Miller looked about as big as a clothespin. At the highest point the balloon cut loose his parachute and after falling some distance the parachute opened and he slowly glided back to earth. After the balloon ascension, the crowd put up the rest of the day looking at the many attractions furnished by the carnival management.

One very noticeable feature of the fair was the absence of the usual tough element that is usually in attendance at such affairs. No arrests have been made and it is likely none will be.

Tomorrow is Pioneer day and it is expected that the largest crowd for any one day will be here at that time.

ELECTION AT SECRET MEETING. Salt Trust Stockholders Were Not All Informed.

SAN FRANCISCO, June 5.—Judge Sewell has handed down a decision granting the plaintiffs, H. C. Coward, William J. Dineen, William G. Henshaw and Oscar L. Weber, a new trial in their suit against George D. Squires and others, brought for the purpose of declaring void the alleged election of the defendants as directors of the Continental Salt & Chemical Company.

Judge Sewell holds that George D. Squires, the secretary of the corporation, concealed from the plaintiffs, Coward and others, the fact that a meeting of stockholders was to have been held on June 2, and that for that reason the election of the defendants was void.

Defendants claim to have been elected directors, and that a new trial would be granted.

PUT IN CHARGE OF SPECIALIST. John C. Breckenridge Taken From His Mother's Control.

PARIS, June 5.—The question involving the control of John C. Breckenridge, the wealthy young Californian, came up in court again today. The court, after receiving the report of the committee of three medical experts, appointed May 29, declared that Breckenridge was sane and of legal age.

The court, after receiving the report of the committee of three medical experts, appointed May 29, declared that Breckenridge was sane and of legal age.

The court, after receiving the report of the committee of three medical experts, appointed May 29, declared that Breckenridge was sane and of legal age.

PARTIAL PARALYSIS

Still Another Case Cured by Dr. Williams' Pink Pills.

The story of the cure of Henry J. Hubbard, of Wittens, O., from paralysis will bring hope to others afflicted as he was. He was helpless and utterly discouraged. He had been getting worse and worse month by month. First it made him unable to work, then he could not walk, then he could not even raise a hand to feed himself; he could not move any part of his body except his head.

"I heard of Mr. Lee F. Cypher, of Sistersville, a neighboring town in West Virginia, who had been cured of paralysis by Dr. Williams' Pink Pills for Pale People," says Mr. Hubbard in telling the story of his cure, "and my son took me over to see him. It gave me new courage to hear him tell how easily he found relief, for I had given up hope of ever being able to move again. I was perfectly helpless. When I was first taken I was treated by three physicians, one of them a specialist. I got worse instead of better. I could not both walk and feed myself when I began doctoring with them, but finally I could move nothing except my head. The doctors' medicine caused my stomach to pain me a great deal; it didn't help me a bit, and, as I said, I got discouraged.

"Then, after I saw Mr. Cypher and he told me that Dr. Williams' Pink Pills for Pale People had accomplished such a wonderful cure in his case I decided to take this remedy myself. In about three weeks after beginning with the pills I noticed a change for the better. Now I can walk and get around all right."

The first symptoms of partial paralysis are: Trembling of the hands; sudden loss of power in arms or legs; frequently affecting one whole side of the body; staggering; partial or entire inability to use the fingers; distortion of the features, sometimes an uncontrollable quivering of the chin; severe pains; difficulty in speech. Paralysis may be caused by exposure, emotional influence, venereal excesses and by other diseases. The approach of the disease is generally gradual. Frequently the first warning is a vague feeling of headache, vertigo and muscular weakness. The best method of treatment is to restore the nutrition and vitality of the nerves by using Dr. Williams' Pink Pills for Pale People.

Injuries to his back which resulted from his jumping out of a window during a hail storm, and the loss of vitality, whether Mrs. Sharon or Mrs. John C. Breckenridge, wife of the invalid, should superintend his treatment. Dr. Motet believes that the approach of the disease is to either side.

QUICK AND CERTAIN CURES

It is to the discredit of the medical profession that so few physicians recognize the need of better ways of doing things. Too often disease is treated according to some ancient rule of practice entirely obsolete among those more advanced in the science of medicine. Every method we employ is based upon accurate and scientific truth in regard to the ailment treated, and in a method original with ourselves. In every instance painful and dangerous procedures are entirely eliminated. Best of all, our cures are thorough and permanent, are accomplished quickly and without fail.

"Weakness" Functional derangement, such as loss of energy, is neither a disease nor a symptom of disease. It is a symptom of prostatic disorder. To stimulate activity by the use of powerful tonics is an easy matter, but such results are merely temporary drug effects. Most doctors treat "weakness" in this manner because they do not know how to cure the real cause of the derangement. We are the only physicians employing scientific and successful methods. We use no tonics at all. Our treatment is principally a local one, and corrects every abnormal
