IN THE HOPYARDS

Conditions Are Satisfactory on the West Side.

NOT SO GOOD EAST OF RIVER

Albert J. Ray Believes the Crop of the State Will Be From 85 to 90 Per Cent of That of Last Year.

Albert J. Ray, who has just returned from a trip through some of the hop districts on the West Side, says that from a careful examination of 32 yards in the Middleton, Chehalem and Sherwood districts he finds the yields in these neighborhoods will not differ materially from last year. Those yards produced last season 1675 bales, and from present appearances and the statements of the various growers, will this year produce 1655 bales. The yield is partly accounted for by several small additions to old yards.

"It is not to be denied," said Mr. Ray, "that a few of the yards present a deplorable appearance. But, taken as a whole, the district is satisfactory. The same conditions and averages are good in most of the West Side counties. So on the whole, the West Side will produce within a small percentage of last year's crop.

"My information from the East Side counties is based upon reports from the various districts, which indicate a more unfavorable condition—the poor yards being more general than on the West Side. Personally, we are operating five yards in Marion and Clackamas Counties which last season produced 567 bales, and we expect to harvest 585 this year. Included in these is the Townsend yard, which will not exceed one-half a crop; while the other four will considerably exceed last season. Reliable people say that this average will not hold good throughout the East Side, and judging from all reports, the yield will fall below the 1902 crop. But considering the fact that last season was not a heavy crop, I believe that the total product of the state will reach from 85 to 90 per cent of last year."

In Washington the conditions are satisfactory and the crop will exceed that of 1902. In California, with favorable weather from now on, the new acreage will bring the crop to about last season's, making the total Coast crop nearly equal to last season's.

Asked about the present market and the prospects of the Oregon pool to realize 25 cents or over, Mr. Ray said:

"The operation of the pool has not the slightest effect upon the market, unless it be to weaken the future market, by the belief that most of these hops will be carried over and sold as old hops. The market is now contingent entirely upon crop reports from England and other centers.

"Some days ago I noticed some figures in the paper, which, however, I presume were not intended to be taken seriously, to the effect that our brewers would need 10,000 bales of hops before the new hops would become available. Assuming this to be correct, if the pool members will hold their hops and crop reports continue favorable, they will be given an object lesson in beer making for the next four months without hops. The brewers are stubborn as well as very resourceful fellows, and as our pool members have already mastered the growing part of the business and have just learned all there is in the dealers' part of it, this course will give them the brewer's end of it, which is the end of it all, hops included."

PENDLETON WOOL SALE.

Nearly a Million Pounds Change Hands at Good Prices.

PENDLETON, Or., June 12.—(Special.)—Of the 1,000,000 or more pounds of wool in the warehouses of this city this morning, all but 175,000 pounds was disposed of during the sales today. It was all offered, but some of the growers have not yet decided whether they will accept the price offered or not. The bidding was rather strong and some good prices were secured, although some of the growers felt that they should have received more money. The top price was 14¾ cents, paid to G. H. McDonald for 9656 pounds of a very fine grade of wool. J. E. Smith, the sheep king of the county, put 93,012 pounds of fine grade merino wool in the pool and received 13¾ cents for this.

The general impression is that the growers received a good price for their wool. Nearly all the clips were dirty and carried a large percentage of sand and grease. This kept the price down. Some of the growers withdrew their clips from the pool on the ground that the buyers had formed a combination as to who should have certain clips, but this was unfounded to all appearances. When a good clip was put up every buyer who could handle the wool at all made a bid on it. This occurred both before and after the few had withdrawn. This is the last sales day for Umatilla County this season.

Largest Car of Wool.

WEISER, Idaho, June 12.—(Special.)—Probably the largest car of sacked wool ever shipped left Weiser Wednesday for Hallowell, Donald & Co., of Boston. It contained 138 sacks of wool aggregating 57,956 pounds. The best previous record of any Western wool car was 54,987 pounds shipped from Ontario, Or., several years ago.

Fourteen-Cent Contract.

SALEM, June 12.—(Special.)—S. J. Kerr, of Butteville, has sold to T. A. Livesley & Co. 5000 pounds of hops of the crop of 1903 at 14 cents.

NEW WHEAT REACHES COAST.

Fruits Are Quieter—Old Potatoes Are Firm—Chickens Are Not Active.

SAN FRANCISCO, June 12.—(Special.)—Grain options had a further decline. The first shipment of new wheat has reached tidewater. New barley is offering freely at lower prices. Oats are weaker, with sales of new red to arrive. Bran is steady. Old hay is scarce and higher.

Fruits were quieter, as usual on Friday. Shipments on the Portland steamer were small as the bulk goes by rail direct from producing districts. Cherries, apricots, peaches and green apples continued weak, with receipts large. The first Clyman plums of the season from Vacaville brought fair prices. Green pears are quite plentiful. Nutmeg melons, canteloupes and figs from the South were in moderate supply, but the demand is light.

Strawberries are steady and other berries weak under large receipts. Currants are easy.

High grade oranges and lemons are very firm. Four carloads of second and third grades brought good prices at auction. Limes are scarce but fresh supplies are close at hand.

Old potatoes are firm and new weaker, with heavy arrivals. New red onions are in a few hands and are higher. New silverskins are now arriving from the river. Tomatoes are easy. Cucumbers are selling rapidly. Rhubarb is more plentiful. Green corn and string beans are weaker.

Poultry is quieter and only fancy chickens are sustained.

Butter is active but steady for best grades. Cheese is firmer. Eggs are lower. Receipts—48,000 pounds of butter, 19,000 pounds of cheese, 44,000 dozen of eggs.

Wool and hops quiet and firm.

VEGETABLES—Cucumbers, 85c@1.50; garlic, 3@4c; green peas, $1@1.50; string beans, $5@7c; asparagus, 75c@$1.75; tomatoes, $1.50@2; onions, 45@55c.

POULTRY—Roosters, old, $5@5.50; do young, $8@10; broilers, small, $2@3; do large, $3.50@4.50; fryers, $5@6; hens, $5@6; ducks, old, $4.50@4.50; do young, $4@5.

BUTTER—Fancy creamery, 24c; do seconds, 22c; fancy dairy, 22c; do seconds, 20c.

EGGS—Store, 17@20c; fancy ranch, 23c; Eastern, 18@20c.

HAY—Wheat, $12.50@15; wheat and oats, $12@14; barley, $9.50@11.50; alfalfa, $10@11.50; clover, $10.50@11.50; straw, per bale, 40@50c.

CHEESE—Young America, 12@12½c; Eastern, 16@17½c.

MILLSTUFFS—Bran, $24.50@25.50; middlings, $28.50@30.50.

FRUITS—Apples, choice, $1; do common, 40c; bananas, 75c@$3; Mexican limes, $4.50@5; California lemons, choice, $3.50; do common, $1; oranges, navels, $1.25@3; pineapples, $1.25@2.50.

POTATOES—River Burbanks, 40@75c; river reds, 30@35c, sweets, $2; Oregon Burbanks, 85c@$1.

HOPS—18@20c.

Receipts—Flour, 21,630 quarter sacks; wheat, 2050 centals; barley, 1910 centals; oats, 550 centals; beans, 117 sacks; corn, 1397 centals, potatoes, 3325 sacks; bran, 1255 sacks; middlings, 435 sacks; hay, 393 tons; wool, 153 bales; hides, 849.

Dairy Produce at Chicago.

CHICAGO, June 12.—On the Produce Exchange, today, the butter market was weak. Creameries, 16@21½c; dairies, 15½@18½c. Eggs, steady, 13½@14½c. Cheese, steady, 10½@11½c.

ACTIVE BUYING OF STOCKS

PRICES CARRIED TO HIGH POINT THROUGHOUT THE LIST.

Close Is Active and Firm at Near the Top Level—Turn of Market Is More Than Temporary.

NEW YORK, June 12.—There was a continuance today of the active buying of stocks which developed so suddenly yesterday morning and prices were carried to a substantially higher point throughout the list on dealings of over 1,000,000 shares. The market closed active and firm at near the top level, profit-taking on the rise making an insignificant impression on prices. The large demand this morning for stocks was fed freely and the active buying of the first hour was within a fractional range of fluctuations after the opening advances. The confidence with which these offerings were absorbed encouraged renewed buying. The demand showed signs of being satisfied at times during the day and there were lulls in the activity of the market with fractional recessions in prices, but no important pressure to sell developed at any time during the day and the bulls had the situation completely in hand. Evidently a considerable part of the demand came from the short interest, which failed to cover yesterday in the hope of a reaction from the first rebound and who had put out fresh lines to contest the recovery.

There was some short covering of older lines which were put out earlier in the stock market reaction and which have remained uncovered throughout the occasional rallies. This demand and some buying from belated investors was significant of confidence that the turn in the market is something more than temporary. There had been recognized a waiting in the investment demand which has held back from buying on the principle that so long as the market was going down they might secure stocks cheaper. Thursday's sudden rebound deprived this element of its opportunity to buy stocks near the lowest, but there seems to have been some buying of this character today. There was evidence of some new speculative ventures on the long side and of renewed activity by organized pools in certain stocks.

The dealings in Reading were on an extraordinary scale, and it was rushed up 4 points in the late dealings, helping materially to sustain the late strength of the market. A judicial decision affirming the right of the coal-carrying companies to refuse to comply with certain demands for information by the Interstate Commerce Commission was the nominal basis for the rise. Rumors were circulated also of a very strong showing of earnings for May to be shortly published. The Baltimore & Ohio May statement showed more than a two-thirds increase in gross earnings. The Pacifics and St. Paul were in large demand and there was some disposition to attribute the strength of the Gould group to vague suggestions that the heavy accumulation of Pennsylvania on the decline had resulted in sufficient holdings to secure representations in that company for the Gould interests.

The forecast of the currency movement indicated a sufficient balance of receipts from the interior to offset the loss to the subtreasury by gold exports. Sterling exchange continued to recede, but an additional engagement of gold for South America was announced.

Bonds advanced in sympathy with stocks. Total sales, par value, $2,835,000. United States 2s coupon declined ¼ and the new 4s ½ per cent on the last call.

WHEAT CROP WILL BE LARGE.

News Has Depressing Effect on Prices at Chicago.

CHICAGO, June 12.—The general impression among the traders in wheat today was to the effect that the crop would be a heavy one in spite of the past seemingly unfavorable weather, and this had a depressing effect on prices, which ruled easy the entire day. Large Argentine shipments, liberal receipts and disappointing cables caused an easier tone at the start and July was a shade to ⅛@¼c lower at 75½@75¾c and with considerable liquidation by local longs the market continued on the down grade the early part of the session, July going to 75¼c. Later, a fair demand developed on the bullish character of the American Miller's crop report and the market became firmer with part of the loss regained. Closing prices were steady with July ⅛@⅜c lower at 75¾c.

In corn, improved weather and the weakness in wheat caused an easier tone early, but a good demand from commission-houses and local traders tended to uphold prices. The close was steady with July unchanged at 48½c.

Oats were strong again today, July closed 1c up at 37c.

Trading in provisions was small, but the market was firm. The closing was steady, with pork 10c higher, lard a shade up and ribs 2½c advanced.

AFFECTED BY FLOODS

RAILROAD EARNINGS SHOW ONLY A SLIGHT INCREASE.

Prices of Commodities Are Fairly Maintained—Wool Business Is Light at the East.

NEW YORK, June 12.—R. G. Dun & Co.'s Weekly review of trade tomorrow will say:

Except in those branches of business that are always quiet at this season, reports indicate a steady demand and prices of commodities are fairly maintained.

Manufacturing returns are irregular, idleness in textile lines partially offsetting the good effect of activity elsewhere. Earnings of railroads reporting for the first week of June are only 2 per cent larger than last year and 7.8 per cent greater than in 1901, a condition due entirely to the Western floods. That furnace stocks of pig iron increased only 40,000 tons, despite the unprecedented output, testifies to the great consumption of the steel industry. Leather and hides are strong and active.

Failures this week were 215 in the United States against 162 last year and 14 in Canada against 20 a year ago.

Bank Clearings.

DAMAGE OVERESTIMATED.

Crop Reports and Labor Conditions Show Improvement.

NEW YORK, June 12.—Bradstreets tomorrow will say:

Weather crop reports and labor conditions all show improvement this week and the feeling has grown that damage from the foregoing sources has been overestimated.

Railroad earnings are good as a whole, though as expected, Western floods have curtailed June gross receipts somewhat. May gross receipts show a gain of 12 per cent as against a gain of 14.3 per cent in April, but follow a gain of 9 per cent in May, 1902, over 1901.

Wool is steady, but business is light at the East, while at the West new wools are moving quite freely. Lumber shows a firm tone, despite labor troubles.

Wheat, including flour, exports for the week ending June 11, aggregate 4,191,337 bushels, against 4,885,905 bushels last week, 3,400,314 bushels in this week last year and 4,741,107 bushels in 1901. Wheat exports since July 1 aggregate 214,472,122 bushels against 241,420,215 bushels last season and 205,292,746 bushels in 1900.

Metal Markets.

NEW YORK, June 12.—Spot tin advanced £11 15s in the London market, while futures advanced £1 12s 6d to £125 2s 6d. The gains abroad were reflected in a firmer market here, and spot closed at $28.25@28.50.

Copper declined 7s 6d in London, spot closing at £58, and futures at £57 6s. Locally copper was dull and unchanged.

Lead and spelter were unchanged all around. Iron closed at 46s 7d in Middlesboro. Locally it was firm and nominal. No. 1 Northern foundry, $20@21; No. 2 foundry, Northern, $19@19.25; No. 1 foundry, Southern, and No. 1 do soft, $19.50@20.

Coffee and Sugar.

NEW YORK, June 12.—Coffee—Spot Rio, steady. Options closed dull and unchanged to 5 points lower, except September, which advanced 5 points. Sales 4700 bags, including July $3.75; September, $3.95; May, $4.70.

Sugar—Raw, firm; fair refining, 3⅛c; centrifugal, 96 test, 3 19-32c; molasses sugar, 2 29-32c; refined, steady; crushed, $5.45; powdered, $4.95; granulated, $4.85.

Seats on 'Change Less Valuable.

NEW YORK, June 12.—The sale of a seat on the New York Stock Exchange is reported at $70,000. This is a drop of $13,000 from the high record of a few months ago and $10,000 below the last sale.

BARBER SLASHES PATRON

Explosion so Shocks Him That the Man's Cheek Is Badly Cut.

NEW YORK, June 12.—Many persons have been slightly injured by the discharge of a heavy blast in the subway at Broadway and Forty-third street. Windows were broken on both sides of the street, heavy rocks were thrown to the roofs of near-by buildings and a shower of splinters and stones hurt many persons, but none seriously. The shock so startled a barber in a shop near by that he drew his razor's edge across the customer's cheek and laid it open for three inches. No explanation for the heavy charge of dynamite has been obtained.

Trust Reorganization Not Given Up.

NEW YORK, June 12.—The reorganization committee of the shipbuilding companies had a conference today. Mr. Cromwell, speaking for the committee, denied that any abandonment of the reorganization is contemplated because of the receivership proceedings.

George C. Sheldon, chairman of the reorganization committee, has issued a statement which states that all talk of separating the Bethlehem Steel Company from the shipbuilding company is absurd.

Lumber Camp Under Quarantine.

GARNER, Wash., June 12.—(Special.)—Camp No. 2 of the Weyerhaeuser Timber Company, working on Yacolt Mountain, has been quarantined, owing to the prevalence of smallpox among the men.
