

IS CHOSEN KING

Karageorgevich Will Rule Over Serbia.

ELECTION IS UNANIMOUS

People Receive the News With Salvos of Cheers.

NEW RULER IS MILDLY EXCITED

He Laughs Hysterically While Receiving Congratulations, and is Finally Overcome—Leader of Assassins May Be Slandered.

BELGRADE, June 15.—With scarcely the excitement which marks an ordinary fete day in the capital, Serbia today instituted a new dynasty. Within less than two hours from the meeting in the wing of the royal palace, where King Alexander and Queen Draga were shot down, the Senate and Skupstina had legally and with due formality elected Prince Peter Karageorgevich King of Serbia, and had notified him by telegram of the fact.

The Senate and Skupstina, on assembling today, listened to a proclamation signed by all the Ministers, which was read by President Velimorovich. The members then proceeded to church, returning a little later to the palace. The ceremony of electing the King was conducted in the Salle des Fetes, which had been beautifully decorated for the occasion. The Metropolitan of Belgrade and the bishop of Nisch, in their full robes of office, lent the sanction of their presence.

Name Greeted With Cheers. The formal motion that Prince Karageorgevich be elected King of Serbia was moved by a Radical deputy named Neschtsich, who was attired in the national costume. Immediately a shout arose from the assembly of "Long Live King Karageorgevich." Each member was then called by name and rose quickly from his seat and gave his vote for "Peter Karageorgevich."

Royal Salute in Flead. The crowd responded with cheer after cheer, which, however, had the effect of being somewhat mechanical, as though proceeding from well-disposed groups. At the same time a royal salute of 101 guns was fired.

WIRE HIS ACCEPTANCE. King Issues an Address Stating That He Will Forget the Past.

GENEVA, June 15.—Prince Peter Karageorgevich has telegraphed his acceptance of the Serbian throne. King Peter also telegraphed to the Emperor of Russia and Austria and to the King of Italy, announcing his election and adding that he hoped to work for the good of Serbia.

Will Remain in Background. BERLIN, June 15.—The election of Prince Peter to the throne of Serbia will not cause any difficulty on the part of Germany. The Foreign Office today, answering a direct question on the subject, stated that the German government practically identical instructions to recognize the election of the Serbian Parliament, if the latter has full liberty of action during the choice of a King.

DISAPPOINTMENT CRAZES HIM. Soldier Who Was Not Allowed to Shoot King Ends His Own Life.

BELGRADE, June 15.—Lieutenant Lazar Javodovic, of the Sixth Infantry, shot himself today in the city of Belgrade. He had been refused permission to participate in carrying out the plot against the late King and Queen.

KIDNAPS HER SON. Mrs. Helena A. Malchester of Portland Recovers Her Child.

DENVER, June 15.—Mrs. Helena A. Malchester of Portland, Or., has abducted her 7-year-old son from the home of his father and her former husband, Frederick W. Kimberley, a diver of this city. It was learned today that she left with the boy on the train for Portland last night. Kimberley will probably follow and try to recover the child. The couple were divorced two years ago in this city. The wife was awarded the custody of their daughter and the husband the custody of the son. They had only two children. About a year ago Mrs. Kimberley married a pressman named Malchester in Portland.

LEADER IN PLOT TO BE SENTENCED. New King Will Not Receive Colonel Machin When He Ascends Throne.

VIENNA, June 15.—King Alexander's ex-secretary, M. Petronovitch, who was regarded as one of the most faithful of the King's adherents, has caused a sensation by telegraphing in the name of the entire Petronovitch family their desire to pay homage to King Peter, assuming him that they will serve him as faithfully as they served King Alexander.

POWERS WILL NOT INTERFERE. Servia Has Received Satisfactory Assurances of Their Attitude.

PARIS, June 15.—The Temps in a dispatch from Belgrade prints an interview with the new Minister for Foreign Affairs, M. Kallierovic, in which he is quoted as saying: "The powers at first hesitated concerning their attitude, but on receiving fuller official information as to the cause leading up to the assassination they have manifested no interest of interfering in Serbia's affairs. Vienna and St. Petersburg give satisfactory assurances. Berlin is more reserved, because Germany is less circumspect than Austria and Russia, and does not oppose us. Serbia is tranquil and now resumes her normal conditions."

BRITAIN MAY SEVER RELATIONS. King Peter Will Not Be Allowed to Have Assassins in Cabinet.

LONDON, June 15.—Premier Balfour announced in the House of Commons today that the future diplomatic relations between Great Britain and Serbia were under consideration. The statement brought up by a question of Gibson Bowles, Conservative, and indicated that Mr. Balfour proposed to continue diplomatic relations with those concerned in the assassination of the King and Queen of Serbia, who had now assumed their government; what attitude the government intended to assume in consequence of recent events, and whether any communications were passing between the powers with a view to concerted action.

POWERS AGREE UPON A POLICY. Ministers Will Remain and Look After Current Interests.

PARIS, June 15.—It is said in official quarters that official action between the powers regarding their attitude toward Serbia has now eventuated in an agreement that the Ministers of the various powers shall remain in Belgrade in order to look after the current interests of their governments, each Minister receiving practically identical instructions to recognize the election of the Serbian Parliament, if the latter has full liberty of action during the choice of a King.

RAILWAY MILEAGE ON INCREASE. Interstate Commerce Commission Gives General Statistics for Year.

WASHINGTON, June 15.—The Interstate Commerce Commission has prepared a summary of its report on the railroads of the United States for the year ending June 30, 1902. It shows that the total single track railway mileage on June 30, in the United States was 322,471 miles, having increased during the year 1902 miles, including side tracks, double tracks, etc., the total track miles was 574,135 miles. EL PASO, Tex., June 15.—The Rio Grande river is now a raging torrent and threatens to break through the levee. The population of the low grounds numbers about 10,000, and these would be driven from their homes should a break occur. The river continues to rise steadily, and the velocity of the stream has increased with its volume until many points of the levee where the current and its eddies touched have been eaten away, and large forces of men under the Chief of Police and the City Engineer have fortified them with bags of sand. The head gate of the canal, one mile above the center of the city, is considered the weakest.

ALBUQUERQUE, N. M., June 14.—This section has just been visited by the heavy rain of the evening, accompanied by what almost amounts to a cloudburst in the Jimenez Mountains, north of this city. A sudden rise came in the Rio Grande, and Albuquerque is again in imminent danger of being submerged. Los Cerillos, eight miles up the river, is completely under water, and the people have fled to the hills, taking such of their household goods as they could load into wagons. Alameda, where the lake that protects Albuquerque is located, is also under water, and the people have fled, leaving their houses to the waters of the floods. A break 40 feet wide is reported in the levee near the tracks of the Santa Fe Railroad, and directly above the city, and a large force of men has been hurried there to stop the break, if possible. If this attempt fails, it is hoped to stop the water at one of the several irrigation ditches that lie between the dike and the

ST. LOUIS, June 15.—The river has so far receded that several of the Eastern roads that have been cut off from connection with the city since Monday last are today entering Union Station, and it is expected that the others will be enabled to do so either over their own tracks or over the rails of competitors by tomorrow Wednesday. This morning's reading of the official gauge showed a stage of 13.3 feet, a decline of 1.3 feet during the past 24 hours.

ST. LOUIS, June 15.—The Coroner's jury that has been investigating the death of Clifford Hamby, a member of the St. Louis Naval Reserve, who was killed in a levee riot in East St. Louis Saturday evening, rendered a verdict holding John S. Bratten, W. A. Brown, S. J. Allen, E. Collier and Frank Hale responsible. Bratten is a newly arrived barman and the others armed employees.

MINERS TAKE UP DISPUTE. Convention to Decide Conciliation Board Middle Is at Work.

SCRANTON, Pa., June 15.—The United Mineworkers' convention, called for the purpose of taking action on the refusal of the operators to recognize District Presidents Fahy, Nichols and Dettay as the miners' representatives on the conciliation board, was called to order here today. President Mitchell was unanimously chosen chairman.

LABOR AGITATOR NEARLY MOBBED. Flood Suffers Wax Warm Over Attempt to Promote a Strike.

KANSAS CITY, Mo., June 15.—A man who alleges that he is E. H. Hager, a union carpenter from Hannibal, Mo., narrowly escaped violence at the hands of West Bottom flood sufferers, while he was trying to collect for the relief of the Missouri Pacific Railroad Company to go on strike for the full recognition of their union. People who had left their all and who are depending on freight shipments for relief, were bitter in their denunciation of Hager's action, and only the prompt action of the police in arresting him saved him from their wrath. At the police station Hager tried to commit suicide.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the invariable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored spots and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay. S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by the natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

TAKE ROOSEVELT TO TASK. Miners Are Offended Because Soldiers Were Sent to Arizona.

DENVER, Colo., June 15.—In a set of resolutions adopted by the executive committee of the Western Federation of Miners, President Roosevelt is severely taken to task for ordering Federal troops to quell the troubles at Morenci, Ariz. The resolutions charge that as a member of the Brotherhood of Locomotive Firemen, the President by his action has been guilty of treason to the principles of organized labor. The resolutions appeal to the toilers of the Nation to "array themselves on the political battleground in 1904, and use the franchise of citizenship to overthrow at the ballot-box a system that demands for its maintenance and perpetuation the murderous implements of barbarism."
