BLOOD TIES BIND

Kaiser Says Germany Is Kin to America.

RELATIONS MUST BE CLOSER

Ambassador Tower Speaks in Same Friendly Vein.

TENDERS EMPEROR A DINNER

His Majesty Looks Upon the Squadron Visiting Kiel as the Bearer of the Good Will of the United States.

SENTIMENTS OF THE EMPEROR.

We readily grasp the hand proffered to us across the sea in cordial friendship, feeling at the same time that blood is thicker than water.

Gentlemen, I propose the toast of his excellency, the President of the United States. God bless him and the United States.

KIEL, Prussia, June 26.—The dinner given by United States Ambassador Tower to the German Emperor tonight was made the opportunity both by the Emperor and the Ambassador, to utter speeches of political significance.

President's Flag in Banquet Hall.

Emperor William tonight, for the first time, saw the flag of the President of the United States, which adorned part of the banquet room in the yacht clubroom, where Mr. Tower's dinner was given. At the Emperor's right sat Prince Henry, and on his left was Ambassador Tower. Opposite His Majesty sat Admiral Cotton, between Chancellor von Bulow and Admiral Koester. Among the 75 guests at the table were Admiral von Tirpitz, Imperial Secretary of the Navy; all the German Vice and Rear-Admirals and the principal members of the Emperor's household, while besides all the members of the American Embassy at Berlin those present included Mr. Myer, American Ambassador to Italy; all the Captains and executive officers of the American warships and Admiral Cotton's staff, Cornelius Vanderbilt, R. W. Goetz, J. H. Smith, James Lawrence and Edmund Baylies.

After dinner the Emperor walked to the Hotel Zabade-Anstalt, which is near the Yacht Club, and sat with Ambassador Tower and the others on the veranda for an hour.

Prince and Princess Henry gave a large garden party this afternoon, which was attended by all the American naval officers who could get leave, and those civilian Americans visiting Kiel.

ROOSEVELT THANKS KAISER.

Warm Praise for the American Fleet Deeply Impresses the President.

WASHINGTON, June 26.—President Roosevelt today sent the following telegram of thanks to Emperor William in reply to the latter's message regarding the American Squadron now at Kiel:

"Washington, June 26.—I thank Your Majesty for your gracious welcome to the United States Squadron, and for the complimentary expressions of your dispatch. I had already received notice from Admiral Cotton of the kindness shown him and his Squadron by Your Majesty. I am deeply impressed by those tokens of Your Majesty's friendship and good-will towards the United States, and I reciprocate in the heartiest manner the sentiments which your dispatch conveys.

(Signed) "THEODORE ROOSEVELT."

LIPTON IS HIS GUEST.

Sir Thomas Dines With the President at the White House.

WASHINGTON, June 26.—Sir Thomas Lipton, the challenger for the America's cup, lunched with President Roosevelt at the White House this afternoon. The other guests were Andrew D. White, the former American Ambassador to Germany; William Fife, the designer of Shamrock III; R. A. C. Smith, vice-commander of the New York Yacht Club; Assistant Secretary of War Sanger, Adjutant-General Corbin, George W. Perkins, of New York; Senator Hanna, and Secretary Moody. Upon the conclusion of luncheon, Sir Thomas departed for New York.

CZAR WILL SNUB

NO AFFRONT TO AMERICA

Russia Is Firm in Its Stand Against Interference.

ROOSEVELT MADE A SURPRISE

It Is Hoped That the President Will Yet Change His Decision About Presenting the Petition of the B'nai B'rith.

While Russia will show the American Minister every courtesy when he presents the petition of the B'nai B'rith, asking for better treatment of subjects of the Czar, it will refuse to receive the note. Its first determination to brook no foreign interference will be strictly adhered to.

Russia readily admits the sincerity of the United States' decision, and declines to listen to reports that the forwarding of the petition has any ulterior significance or is in any way connected with any other matters.

WASHINGTON, June 26.—The Russian government has learned with profound regret of the intention of the Washington authorities to forward to St. Petersburg a petition from American Jews relative to Russia's treatment of her Jewish subjects.

It is yet hoped that the United States will appreciate the Russian view of the case, and will content itself with the kindly expressions of sympathy which it has already offered for the affair at Kishineff.

The Associated Press already has stated the Russian position regarding what is considered outside interference in the internal affairs of Russia. That position continues to be held, and the Associated Press is further permitted to say that Mr. Riddle, the American Charge, when he presents the petition at the Russian Foreign Office, will be received with the same cordiality always accorded an American envoy.

In returning the petition to Mr. Riddle, the officials will assure him that Russia cherishes no ill-will toward the United States, and that the action it takes with respect to the petition is necessary in view of Russia's unalterable policy of refraining from interference in the internal affairs of other powers, and insisting on similar treatment for itself.

The Russian government holds its firmness in the matter will not be misunderstood, but in view of the announcement of its position weeks ago, it is surprised at developments which will force a reiteration of its views.

Mr. Riddle, it can be stated, will be subject to no personal embarrassment in presenting the petition, and he will be given to understand that the St. Petersburg authorities appreciate the fact that he is only carrying out his orders.

Should the presentation of the petition be deferred until the return to St. Petersburg of Mr. McCormick, the American Ambassador to Russia, the same programme will obtain, unless in the meantime the Russian government is made aware of extenuating circumstances which put the matter in a different light. Indeed, it is declared Russia would be glad to do anything possible to relieve the tension in the United States. The Russian government readily admits the sincerity of the American Government's decision and declines to listen to reports that the forwarding of the petition has any ulterior significance or is in any way associated with any other matters.

Strike in Indiana Quarries Ends.

REDFORD, Ind., June 26.—The great strike in the stone quarries which has been on since May 1 and which crippled the building industry in many cities, ended when hundreds of men returned to work this morning. The agreement is the scale made by the operators May 18 which increases the wages of many and lowers that of a few.

Building Trades War Renewed.

NEW YORK, June 26.—The building trade war was renewed today when a delegation from the Ornamental Plaster-

workers Union and forty representatives of the Board of United Building Trades marched through the upper West Side calling out all the plasterers who were overlooked yesterday.

Plasterers throughout the country who work for members of the New York Employers' Association will be called out and Delegate Samuel Parks today said if this did not prove effective the Housewives and Bridgemen's Unions will order a national strike and tie up every building operation in the country.

STRIKE CAUSES BLOODSHED

Passenger on Richmond Car and Boy Crying "Scab" Are Shot.

RICHMOND, Va., June 26.—Lester Wilcox, a 14-year-old boy, was shot by a soldier in Fulton, in the lower end of the city tonight for crying "scab," at a car and refusing to desert when ordered to do so. He is wounded in the hand and hip.

William Tucker, aged 23, a passenger on a Main-street car, was shot tonight in the arm and leg. He was not badly hurt. Who did the shooting is not known. Cars have been run regularly on all but one or two of the lines today and tonight, and all are under military protection.

Strikers Move for Peace.

CHICAGO, June 26.—The Freight-handlers Union involved in the Chicago & Alton strike today sought a peaceable settlement of the trouble through the agency of the teamsters' joint council, taking the direction of the strike out of the hands of President Curran.

FLOOD RELIEF BILL FAILS

Kansas Legislature Refuses to Make an Appropriation.

TOPEKA, Kan., June 26.—The extra session of the Kansas Legislature ended this afternoon at 2 o'clock. Over 50 bills were passed, only two of which were of a general nature. Most of them give Kansas counties the right to restore bridges washed away by flood. County Commissioners are authorized to aid flood sufferers from the county funds to any extent that seems best to them. To the last an effort was made to pass a bill appropriating money for the relief of the sufferers, but it was defeated. This action of the Legislature has caused a great amount of comment.

SUMMARY OF THE RACES.

Varsity race, four miles, eight-oared, first, time, 18 minutes 57 seconds; Georgetown, second, time, 19:27; Wisconsin, third, time, 19:29 2-5; Pennsylvania, fourth, time, 19:23 3-5; Syracuse, fifth, time, 19:36 2-5; Columbia, sixth, time, 19:54 1-5.

POUGHKEEPSIE, N. Y., June 26.—For the first time in years, there were distinct surprises in the intercollegiate races here today.

Two crews of practically unknown quantities, and whose coaches had not predicted or had not hoped for them anything better than fourth or fifth places in their respective races, each finished second in the two most important races of the day. The Syracuse University crew took such close second honors in the freshman race that for the last half-mile it was a serious question whether her boys would not pull to victory.

Georgetown University, in the 'varsity race, while finishing a very bad second to the phenomenal crew put in the race by Cornell University, walked away from the other four crews in the race, old-timers, with the exception of Syracuse, in a manner that made the rowing sharpshooters throw up their hats for joy.

Columbia Disappoints All.

The Columbia University crews, from which much had been promised, finished in the worst possible shape, although in the betting, in the general predictions and in the prognostications of her coach Columbia was supposed to have an excellent chance in both the four-oared and 'varsity races. As it was, she finished last in the four-oared race, simply beaten out by even Wisconsin, which university had

put a green crew in the field, in a shell borrowed from Columbia.

In the freshman race she was the fourth crew, and a very poor fourth; Wisconsin was third, with Pennsylvania, from whom nothing had been expected, as her crew had been materially changed in the last few days, a close fifth.

In the 'varsity race Columbia finished last, being at least six lengths behind Syracuse, the fifth crew in the race, and at least four out of her eight men collapsed in the boat as the finish line was crossed.

It Was a Cornell Day.

It was, as it has now been for the past four years, a Cornell day. As in last year's regatta, Cornell won all three races, and while only one record was broken, it is the consensus of opinion tonight that had the Cornell 'varsity crew been present the record would have been broken even in that race.

The 'varsity race, as a matter of fact, was a miserable walk-over. Cornell took the lead before the mile point had been reached, and rowed away from her competitors so easily that at no time was she ever pressed for the first place. The result was that in the last mile, when it pushed, she would have rowed from 31 to 33 strokes per minute, she held a 23 clip almost to the finish, crossing the
