# FILE REPORT IN TIME

County School Superintendents Are Given Warning.

# FUNDS APPORTIONED AUGUST I

State Apportionment Will Be Lost by Failure to Make Return to the State Treasurer Before That Date.

SALEM, July 2-(Special.)-The school cers who fail to make their annual eports this year at the time required by law are very likely to find themselves trouble. The annual apportionment August I, and the apportionment is made upon the basis of school population, as shown by the annual reports of County shown by the annual reports of County Superintendents. Superintendent of Pub-lic Instruction J. H. Ackerman furnishes to the State Treasurer the statistics of population, and, in order that the figures may be available by August 1, he has ad-dressed the following letter to all County Superintendents:

The State Treasurer has just informed me that he will follow the law strictly this year and apportion the state school fund on August I, even though all of the County Superintendents' reports may not be in on that date. In that case, any County whose County Superintendent fails to report to this office by that time would lose its state apportionment for this year. I write you at this time so that you may be sure to have your re-port filed in this office on time. "J. H. ACKERMAN,

"Superintendent Public Instruction."
Heretofore a number of County Superintendents have falled to report by Au gust 1, and Superintendent Ackerman has been compelled to spend a whole day trying to get by telegraph the informaded. This will not be done again. and if any county loses its share of the state school money the County Superintendent will have something to answer for to the people of his county. The usual excuse given by tardy County Superin-tendents is that school district clerks do not report promptly to him. The law requires clerks to report by July 10, so that the County Superintendent's remedy is to require clerks to report by that time, so that he will have the information from

which to compile his report.

This year the County Superintendents will find it necessary to forward their reports in time for them to reach Salem by August 1, even if they must do so without including the population of some districts. If some of the school districts lose their share of the money in the county apportionment the people will be likely to elect clerks who will attend to their duty more promptly.

# COW QUESTION FIGURED.

Blamed for Passage of Prohibition

FOREST GROVE, Or., July 2-(Special.)-That a good many voters were dissatisfied at the Council's action in passing the ordinance forbidding the cows running at large in this place, which went into effect July 1, had largely to do with the defeat of the saloon license question here yesterday.

Mayor will be elected here in January, and it is thought men who favor and who oppose the license question will again be voted for at that time.

#### GUNST REPORTED PARALYZED. Partner in San Francisco Does Not

Give Credit to Rumor. NEW YORK, July 2-Private advices have been received here that Moses Gunst, of Ban Francisco, who is prominent in politics there, is reported to have suf-fered a stroke of paralysis at Bad Nau-helm, Germany, where he has been tak-ing the baths. There is no confirmation of the rumor.

SAN FRANCISCO, July 2.-A. O. Es-perg, partner of Moses Gunst, does not credit the cable rumor that the latter is suffering from paralysis. On June 29 Mr. Gunst wrote that he would start for home about the 29th.

# Married

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided,

however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful

remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.
