AMUSEMENTS. THE BAKER THEATER-Tonight at 8:15. Baker stock company in "East Lynne." EMPIRE THEATER-Twelfth and Morrison. Tonight, vaudeville. SHIELDS' PARK-Tonight Summer vaudeville, 8 P. M. Holiday Park-Band Concert tonight at 8 o'clock.

SCHOOL DIRECTORS WANT GOOD WOOD-The board of school directors who advertised for bids for furnishing slabwood for heating the public schools have not received many, if any, proposals, and are beginning to imagine that there is a slabwood trust. Last year they bought slabwood and had a whole lot of trimmings off the edge boards ring in on them, and they do not propose to pay for any more such worthless stuff. In their advertisement they specified that none of the sticks furnished should be less than 1 1/2 inches and none larger than 7/16. The latter specification could be easily complied with by spitting huge slabs, but it is not possible to get in waste laths of trimmings under the other, so there are not many dealers anxious to take the contract. The schools consume about 300 cords of slabwood at about \$2.50 per cord. Cordwood in large quantities costs about \$1.50 per cord. The directors say that cordwood goes much farther than slabwood. Some of them favor cordwood at the higher price, and all will vote for it before submitting to have trimmings delivered for wood.

GOOD STREETS COMING-The prospects are now favorable for the pavement on Morrison street, east of Third street, being put in order if the weather continues fine and the river continues to fall. The Trinidad Asphalt Company, who have this matter to attend to, yesterday commenced the work of completing the pavement on Washington street from Eleventh to the Clark street. This will take only a short time, and in a few days they will begin the work of repairing the holes in the pavement of Third street and laying a new asphalt surface on that street from Main to Yamhill. Then they will get to work on Morrison street and put it in good order. The cause given for the long and aggravating delay in getting these repairs made is that during high water it is impossible to procure the sand necessary, and further that in rainy weather it is not practicable to lay asphalt pavement properly. It would probably be difficult to shut off the rain, but a supply of sand might be stored away in summer in some elevated position, where it would be available during the "June rise," which is sure to occur.

MURDER PAY FOR WATER-Men were at work tearing down an old shack in Fifth street, just south of Madison, yesterday, and were burning the debris on the property. At an early hour, before the fire had grown large, an inspector of waterworks came along and proceeded to turn off the water supply of the house on the adjoining lot, and the men, in a few steps away when a woman, who had apparently been at work in the kitchen and had found the flow of water stopped, came rushing out and called to him. She was evidently angry, and the fire in the next lot might catch her house. The inspector, who is accustomed to shutting off water from houses, had no words to waste on the woman. The waterworks office is in the next block. All she had to do was to pay her water rate and 50 cents for having the water turned on. She had not even the excuse that many have of being far from the office as a reason for not paying in time.

PRISONERS KICK ON MEALS-Ten of the prisoners confined in the County Jail were out on the street yesterday morning in charge of Sheriff Searle, in order that they might obtain exercise by throwing into the jail yard 20 cords of wood, which had been sawed into blocks by a machine. They did not seem to take much pleasure in the exercise. One said they could not afford to work very fast, as they received only two meals a day. When it was suggested to him that if they had to go to work on every day they might get three meals a day, he said the Sheriff would not favor such a scheme, as he was allowed only 25 cents a day for feeding prisoners, and he did not care about increasing their appetites. A number of persons recognized persons they knew among the gang, but did not stop to cultivate their acquaintance.

MORE FARMERS NEEDED-A caterer for a restaurant out marketing yesterday was complaining of the high prices of provisions. Eggs cost 20 cents a dozen, new potatoes \$1.50 per sack and were so small that they were of little use, but old ones were not to be obtained. Butter was 25 cents a pound, and meats in proportion. He complained that restaurant men could not make any profits these times, and said the trouble was caused by the city increasing in population and the country not keeping up. If as many people settled in the country as ought to be, there would be more farms and more of everything raised, and the prices of farm products would not get so high.

WHY NOT make a trip to the famous Yellowstone National Park? You can do so at a very moderate expense. Special excursion tickets are on sale daily at the Northern Pacific ticket office, No. 235 Morrison street. This is the best month in the year to visit the Park, and the Park Association are fully prepared to take care of all the tourists desiring to make the trip. Call at the office, No. 235 Morrison street, for Park literature and full particulars. All arrangements will be made for you prior to starting on the trip.

IF you are contemplating a trip East this month you can avail yourself of very low excursion tickets over the Northern Pacific on July 12 to 15. For full details call on or write A. D. Charlton, assistant general passenger agent, 235 Morrison street, corner of Third, Portland, Or. PADDY MAHER SEVERELY ILL-Paddy Maher, of Portland, has been appointed deputy game warden by J. W. Baker, the new warden of the state. The appointment has been unofficially announced, but Mr. Maher has not yet received his word of the fact.

COLUMBIA RIVER SCENERY-The steamer Bailey Gatzert, of the Regular Line, makes round trip to Cascade Locks daily, except Monday. Leaves Portland, 9 A. M.; returning 7 P. M. Music and excellent meals. Round trip ticket, \$1.50. Phone Main 314. Large carriages, only \$1.50. Places reasonable. B. H. G. & Co., 235 Morrison street. E. H. MOONSHOUSE & Co. at Seventh and Alder. Telephone Main 133.

NO FLIES ON HIM-There is trouble at Woodlawn about a stable which is built in the middle of a street, and is owned by a man named Nye, who stables his horse there. Nye has another stable near his own residence, but does not keep his horse there, owing to the pest of flies which infests the stables where the horse is kept, two blocks away from his residence, but near the residence of several others, who object to the flies about it and insist on its being removed. Special Officer Caswell, whose jurisdiction it is to keep streets free from obstructions, has been over to examine the situation, and reports to the Mayor that the horse should be removed. Many persons complain that Nye should keep the barn and his horse on the street, in order that he may boast "There ain't no flies on me." Such freaks as locating horses on streets are not uncommon in unincorporated tracts. Several cases occurred in Holladay addition, but they have all been disposed of.

MARKET MAY BE BUILT-Again it appears as if the old Mechanics' Fair building is to be torn down and a city market to be built on the block. Nearly all the windows have been removed from the old ruin, and the tenants have all fled. A painter, who has been painting the inside of the building, is getting out. The interior of the building is a sight to turn the stomach and a dejected look on the south side looks like a deserted and dismantled warship. The place would have been torn down long ago for sanitary reasons, but it has required no end of hard work and trouble to get the place ready to be interesting to know just how much income this stupendous and aggravating old nuisance has yielded in the past ten years and whose pockets it went into.

BASEBALL TODAY, 3:30. REMEMBER, TODAY IS YOUR CHANCE TO SEE THAT CRACK TEAM. ALL THE FAIR SEX WILL BE THERE. BASEBALL TODAY, 3:30. WILL, HERE THEY ARE AGAIN. THOSE FAST TOP-NOTCHERS FROM THE CITY OF LOS ANGELES. EVERYBODY WANTS TO SEE THEM. THAT FAST LOS ANGELES TEAM. COME OUT AND GIVE THE BOYS A HELPING, WINNING HAND. LOS ANGELES.

EVERYBODY WANTS TO SEE THEM. THAT FAST LOS ANGELES TEAM. COME OUT AND GIVE THE BOYS A HELPING, WINNING HAND. LOS ANGELES.

EARLY ONION PEACHES-The first Oregon peaches of the season were on the market yesterday. They came from Grant, Sherman County. They are very fine for the first and superior to the California peaches, which have only just begun to come in. There is a good understanding about them among buyers. Some said they came from Grant's Pass and were raised under glass, but the dealer says they were raised in the open and were grown out of doors. They sold for a little over a dollar a box. If such peaches can be grown at Grant there should be more peach orchards planted there for the product will always bring a high price early in the season. The peaches are of the Early Alexander variety.

WILL BUY MORE FIRE APPARATUS-In answer to an advertisement for proposals to supply the fire department with hose and carriage for this city, the Board of Fire Commissioners have received an offer to furnish the apparatus for the sum of \$180. The committee having the matter in charge has decided to recommend that the offer be accepted. The chemical engine to be provided carries 100 feet of hose, and while the engine is being tried on an incident fire the hose can be attached to a hydrant so that if the chemical is not powerful enough to subdue the flames the city water can be turned on at once. This method will save a small fire spreading to a large one.

MORE DISEASED MILK-Selling milk from a diseased cow is the charge made against a dairyman of Peninsula by Mrs. Blain, one of his customers. She notified the police yesterday, and the matter was passed up to Dr. Blerford, the Health Commissioner, who in turn passed it along to Dr. McLean, the state veterinarian. No investigation has yet been made, but something will doubtless be done today. The name of the man against whom the complaint was lodged is withheld by the official. Selling milk from a diseased cow is always a bad offense for a dairyman to commit, the offender being liable to a heavy fine or imprisonment.

WHARVES NEED DISINFECTING-The water is getting shallow in the lower part of the city front. At the street it is only 18 inches deep, and there appears to be no current, as a sack of rotten onions, dead chickens and other garbage were floating up stream. The inclines of the wharves are littered with rubbish of all kinds, and will soon be emitting foul odors when the weather gets warm. The sooner they are cleaned up the better, and as the best time to clean the wharves is before they are entirely free of water, Officer Caswell will soon be notifying owners to clean and disinfect them.

OVERHAULING ENGINE HOUSE-Chief Campbell, of the Fire Department, has in hand the overhauling of the house of Engine No. 7, and its improvement by putting in new stails for the horses. He will next tackle the house of Engine Company No. 6, on Twentieth street, between Quimby and Raleigh streets, and have that put in good order.

LOW EXCURSION RATES to all points East will be placed in effect by the Northern Pacific on July 12, 13, 14, 15 and 16, and again on August 18, 19, 20 and 21. Full particulars in person or by letter can be had by calling on or addressing D. Charlton, assistant general passenger agent, 235 Morrison street, Portland, Or.

MORE MONEY FOR HEPPEL-The members of the Chinese Y. M. C. A. under the leadership of Mrs. Chan Sing Kai, president of the organization, have collected a total of \$40 for the benefit of the Heppel sufferers. The amount has been turned in to R. L. Sablin, treasurer of the Portland committee.

TO RETURN CHESTER SEARLE-Chester Searle, who was bound over to appear before the grand jury a few days ago on a charge of larceny, was yesterday turned over to the Boys and Girls' Aid Society. He is a boy but 14 years of age, and the officials have decided to give him a chance to straighten up.

NOT HITHERTO ACKNOWLEDGED-Among the contributions to the Heppel relief fund sent to The Oregonian, not hitherto acknowledged, is one of \$50 from School District No. 26. Knob, Lewis County, Washington. The money was put into the Heppel general fund, and appears in Mr. Sablin's report.

STREET RAILROAD EXTENSION-The mile extension of the Portland Railway Company's system on Alberta street, from Union avenue to the East line of Vernon street, is to be completed and will be put in operation in a few days. The track is being improved by laying out streets through it.

JOHN McINNIS RESIGNED-D. M. McInnis has resigned from the police force, giving as his reason that he has been offered a better position in British Columbia. McInnis recently passed the civil service examination for police captain, but was not appointed.

JOIN FIRST PRESBYTERIAN C. E. Society tonight, Alder street dock, 7:45 sharp. Full music, jolly crowd, entertainment in cabin. Tickets, 50 cents. Baley Gatzert, Columbia River-50 cents. LOW EXCURSION RATES to all points East July 12, 13, 14, 15 and 16 via the Northern Pacific Railway. One-way tickets, 25 cents. Round-trip tickets, 40 cents. D. Charlton, 235 Morrison street, Portland, Or. Dns. NICHOLS have returned to old office, 505 The Dukum.

The disease won't yield to quinine or capsaicum nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation, or dandruff cure, or hair restorer on the market that would kill that lipidous germ that dries up the scalp in little scales called dandruff, and absorbs the vitality of the hair, causing falling hair, and finally baldness. Newbro's Herpetide is the only really scientific preparation to cure dandruff, prevent falling hair, and baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpetide Co., Detroit, Mich.
