Hour on Earth by Fight in Courts. LINCOLN, Neb., July 16.—The hanging of William Rhea, which was to have taken place at 12:30 o'clock today, was postponed nearly an hour pending a decision of the court on an application for an injunction to prevent the hanging. The court denied the application for an injunction, but expressed a willingness to go into consultation regarding the granting of a reprieve by the Governor until a further hearing of the application could be made. Gov-ernor Mickey refused to grant a further reprieve and ordered the Sheriff to proceed with the execution.

Rhea's attorneys then went before Dis-trict Judge Holmes for an injunction stopping the execution, but before the injunction proceedings could be prepared Governor Mickey's order was carried out and Rhea was hanged at I:21.

The crime of William Rhea was the kill-ing of William Zahn, a saloon-keeper in the village of Snyder, January 4, 1901. Railway Earnings Show Gains Over All Preceding Years-Wool Has Again Advanced.

NEW YORK, July 19.-Bradstreet's tomorrow will say: Weather conditions continue almost perfect. The Winter wheat crop harvest has perfect. The Winter wheat crop harvest has about been completed, with a considerably larger yield than last year; retail trade in Summer goods has improved and reorders from jobbers are larger in volume; confidence in a large Fall trade grows as corn and cotton make up for their backward start, clearings are in excess of a year ago at most centers, railroad earnings continue to show gains over all proceding years—the increase for June is fully 12 per cent—and prices display exceptional steadiness for a midsummer period. The prospect grows that whatever deficiencies from last year occur in crop yields will be made up by increased quointions or better quality of products. Wool has been again advanced and while manufacturers are not inclined to and while manufacturers are not inclined to stock up, the higher price for the raw ma-terial practically insures high cost for Spring

Retail trade has been stimulated by Summer weather and jobbers East and West, note a much-improved reorder business in sea-sonable goods. Eastern shoe shipments are 14 per cent less than last week, but 18 per cent

Trade Responds to Improved Conditions Throughout the Country.

NEW YORK, July 10.-R. G. Dun & Co.'s weekly review of trade tomorrow will say:
Business responds to improved conditions.
Distribution of merchandine is accelerated by
more seasonable weather and fewer labor controversies, while wholesale and fobbing trade,
especially at the interior, shows the encouraging effect of brighter agricultural prospects. There is the customary excessive demand for farm hands. Receipts of holiday
traffic and trade in holiday goods indicate no
immiguitor in purchasing power, and semisinreckly review of trade tomorrow will say: traffic and trade in holiday goods indicate no diminution in purchasing power, and semiannual inventories show a more gratifying situation than expected. There is less than the usual midsummer idleness in manufacturing except in the cotton industry. Commodity prices advanced slightly during June, Dun's index number on July 1 being 399, 456 compared with \$56,896 a month earlier. A decline of 2.4 per cent is recorded in comparison with July, 1902, chiefly in articles of food. Railway earnings for June zer 13.1 per cent is zer than ings for June are 13.1 per cent larger than last year and 25.5 in excess of 1901. last year and 20.5 in excess of 1901.

Installation of new converters and other repairs interfers with work at some prominent sicel mills, which explains in part the quiet condition of the market. Baw wood is firmly, held, fair prices being secured at the London-American auction sales.

Fallures this week numbered 194 in the United States against 193 last year, and 24 in Canada, compared with 19 a year ago. Mother Among the Pioneers

CLAIMS CONTESTED.

Supreme Court Awards Dow Half Interest in Mines.

OLYMPIA, July 16,—(Special.)—A case involving title to valuable mining claims in the Katchez District was decided by the Supreme Court today. The title of the action was Jacob Korfus and Johan Neuman, appellants, vs. J. B. Dow, re-Korfus and Neuman executed a deed

in favor of Dow for an undivided half interest in The Nelly, Yellow Jacket, Bismark Shon, Anna, Black Copper Slate, Red Copper Queen, Flora, Flora No. 3 and Weston claims, the named consideration being \$500. They also executed a contract of sale for the other half of the property at a consideration of \$50,000.

Dow did not comply with the conditions of the contract of sale and Korfus and 2 Neumann brought this action in the Superior Court of Kittitas County to set aside the \$500 deed on the ground that it was delivered to Dow on condition that 500 the contract of sale was fulfilled, that it was practically an option and delivered so that there would be no delays in perfectthat there would be no gears in persecu-tion and was delivered to Dow without

sonal property alleged to belong to Win-ter and to be in the possession of the rallway company. Judgment was obtained for the plaintiffs in the lower court, and Cooper's appeal is now dismissed be-cause he failed to serve notice of appeal

on his co-defendant.

The case of Union Bank, a corporation, respondent, vs. Peter B. Nelson, appellant, from Spokane County, was affirmed. The action was on a promissory note and Nelson claimed as defense that a former judgment had been rendered between the parties on the same cause of action. The bank won the case in the lower court.
