## **OUTLOOK IS BRIGHT**

General Trade Conditions Are Satisfactory.

REPORTS SHOW IMPROVEMENT

Two Disturbing Factors in Recent Months, Labor Controversies and Bad Weather, Cause Little Trouble-Large Fall Trade.

NEW YORK, July 17 .- R. G. Dun & Co.'s weekly review of trade tomorrow will say: Conditions continue satisfactory, many re-ports indicating further improvement. During recent months the two disturbing factors have been labor controversies and weather conditions, but each week has brought better things in these two respects, until the outlook contains much that is encouraging. Crops are contains much that is encouraging crops are making rapid progress and the army of un-simployed is diminishing. Railway earnings thus far reported for July exceed last year's by 18.6 per cept. In the retail trade there is less than the customary midsummer quiet, while the positions of jobbers and manufactur-ers indicate a large business in Fall trade. Expectated conditions till exist in force and Unsettled conditions still exist in forge and ndry pig iron markets, while Bessemer iron

only barely steady. Supplies of cotton goods in first hands are low and there is no effort to make spot sales. As supplies diminish there is a corresponding stiffening of quotations. Mills are steadily curtailing production both here and abroad. New light weight wools are being opened with

### TRADE IN THE SOUTHWEST. Seeling Grows That Large Fall Business Will Be Done.

YORK, July 17.-Bradstreet's to will say: Well nigh perfect Summer weather helps crops, increases Fall trade and stimulates railroad Summer resort business. Lower prices for many staples are really an encouraging development. The present railway business is the largest ever handled for a midsummer period. The sallent feature in trade reports this week is the better tone of trade advices from the outhwest, where the feeling grows that a arge business will be done. The wool market s strong with more doing, both in the raw ma-

rerial and in the manufactured product.

The iron trade is quiet enough on the surface, but production and consumption are alike enormous, though pressure of the latter tends to ease in quotations for from and steel. Tin and copper are weak and lower on larger its in the case of the former and an

Wheat, including flour exports for the week ending July 16, aggregate 3,652,784 bushels against 2,380,410 bushels last week and 3,775,-222 bushels this week last year.

Business failures in the United States for the week ending with July 16 numbered 173 ngainst 154 last week and 174 in the like week of 1902. In Canada for the week 18 as against 14 for the week before and 19 this week a year

Means and Provisions,

NEW YORK, July 17.-The following table, mpiled by Bradstreet, shows the bank clear ings at the principal cities for the week ended July 17, with the percentage of increase and decrease, as compared with the corresponding

STOCK LIST IS LIFTED TWO OR THREE POINTS.

eneral Feeling Over the Money Outlook Is Brighter-Inflow of Currency From the Interior.

NEW YORK, July 17 .- The recovery prices of securities, which was interrupted yesterday by the late slump in Amaigamated Copper, was resumed today. It showed some hesitation at various times, owing to the unsettled effects of sudden breaks in special settled effects of sudden breaks in special stocks. But it gathered force as the day pro-greesed and in the final hour the whole mar-ket was lifted between 2 and 3 points over last night. New York Central and St. Paul led the advance, but gains of 2 points or more were made by Pennsylvania, Reading. Brie first preferred, lilinois Central, Union Pacific, Atchieve, Americant of Smelling, Among Atchison, Amalgamated and Smelting, Among the inactive stocks there were some larger gains which represented recoveries

The opening advance in the market was first checked by a renewed attack on Amalgamated Copper, which carried it back to yesterday's low record level. But the stock showed determined resistance and became strong, notwith standing a report of an additional cut in the price of the product. Another backset was caused by the drop in Sugar to 1% below last night, which followed the announcement of a rise in the price in refined sugar and was with-out other explanation. Colorado Fuel then made a violent slump of 6 points to the low price for the year, and this break was followed by a break in Toledo, St. Louis & Southwestern securities. Rock island was the last stock to show notable weakness and its decline of 1% ended the resistance to the ad-

vance in the general market.

The market was not notably affected by any of these breaks and this caused an impression that covering movements on a large scale were going on under cover of the depression in spots. This gave color to the supposition that occasional breaks were due to raiding tics, although there were indications of the losing out of some accounts by forced liqui-

was brighter. Estimates of the week's cur-rency movements pointed to a net gain by the hanks of over \$1,000,000. The rise in interest rates here seems to have induced a large in-flow of currency from interior points and the Subtreasury made heavy disbursements yes-terday and today for special accounts, thus largely reducing the week's early loss by the banks to that institution. The offerings of foreign funds in this market have also lieved the situation. Sterling exchange, how-ever, made some recovery today from yester-day's sensational break. Discounts hardened in London and Berlin and sterling weakened at Parts. Today's movement in stocks reflected a feeling of confidence that the banking situation is materially improved. The market closed active and steady at about the top level Bonds were inclined to rully, but there were some weak spots which made the tone irregu-lar. Total sales, par value, \$2,265,000. United States bonds were all unchanged on the last

THICAGO WHEAT MARKET

Close Is Firm at a Gain of a Quarter of a Cent.

CHICAGO, July 17.-The early wheat market was easy on bearish crop news and lower cables and prices declined from the opening on free stop loss selling. September opened 140 140 lower at 76%276%c and sold off to 76%c. Buying by commission-houses checked the decline and the tone became firmer on excellent cash prospects and reported small country offerings. Under these influences, September sold up to 76%c, but lost some of the advance on renewed selling on the upturn. The close was firm at 77%c a gain or 16c.

There was considerable selling in corn early on the better crop prospects and lower cables and the feeling at the start was weak. Local bulls gave support at the decline, however, and a fair demand from scalpers followed—causing a recovery, the market holding steady until the close. September was up a shade at

until the close. September was up a shade at 10%@50%c.
There was a fair trade in cats. Se

closed steady at 14c advance at 33%3314c, after ranging between 33%3314c. Commission-houses supported lard and bro-kers took on ribs and pork. The result was a strong market except for an easy start in lard. September pork was up at the close 15c at \$14.65, with lard 109124c higher at \$3, and

## FRUIT FOR PORTLAND

SHIPPING STOCK IN DEMAND AT SAN FRANCISCO.

Wheat Options Close at a Sharp Ad. vance-Potatoes Quiet and Weak-Butter Stendy.

SAN FRANCISCO, July 17 .- (Special.)-Wheat options opened lower, but closed at a sharp advance. Spot prices were very firm. Barley had a better tone on smaller arrivals. Oats were firmer despite uncertainty as to Government purchases, receipts being light and consumption good. Plour and milifeeds were firm, Hay was steady.

Cool weather and the usual Friday duliness affected the fruit market. Shipping stock was in fair demand for the Portland steamer. Crated apricots were quite firm, but bulk lots were easy under large arrivals, which sold chiefly to canners. Hale's early peaches were abundant and weak, while choice yellow were firm under light receipts. Gravenstein apples and Bartlett pears were easier. Ordinary plums and prunes were plentiful. The first muscat grapes of the season arrived from Coachella and sold well. Other early grapes were mostly unripe and neglected. All melons were in liberal supply and easier. Receipts of berries and currants are lessening and prices rather firmer. Huckjeberries have again arrived. Citrus and tropical fruits were unchanged.

Potatoes generally were quiet and weak, Onlone were firmer. Tomatoes and most descriptions of other vegetables were more plentiful and easier.

Receipts of poultry were lighter and the market was in better shape. Butter held at previous prices, but the demand was moderate, Cheese was firm. Eggs were steady, with less inquiry. Receipts, 70,000 pounds butter, 50,000 pounds cheese, 34,000 dozen eggs.

Choice wool was scarce and firm. Hope were quiet with a weak tendency.

HIGH PRICES FOR RAISINS. California Growers Also Expect a

Great Crop. NEW YORK, July 17.-M. Theodore Kearney, of Fresno, Cal., ex-president of the California Raisingrowers' Association, who is in this city on his way to Germany, says indications point to a great fruit crop of good size and quality in California, and in view of shortages elsowhere growers are, he said, expecting higher prices this year. The signing of contracts by growers to deliver to the Raisingrowers' Association is progressing satisfactorily and he believes the one-year agreement will be signed generally.

Mr. Kenney's attention was called to re-ports that the Smyraa raisins coming on this season are likely to be a heavy crop. He was asked what effect, if any, this would have on

"As far as the foreign crop is concerned," he said, "the Spanish crop last year, for instance, was very large; in fact, the largest for many years, and owing to the failure of the crop in one district prices ruled higher. Nevertheless, practically the entire crop was taken up at home and there was no effect on the American market. In view of that fact there seems to be no danger of foreign raisins being sent here this season in quantities large enough to affect prices. There is a custom duty on raisins, and furthermore, it is the policy of the California association not to put prices so high as to invite foreign com-WOOL MARKETS.

Montana Record Again Broken at Great Falls. GREAT FALLS, Mont., July 17.-The state

record was again broken in the local wooi market today when a clip was sold for 17% a a pound. The last record was made earlier in the week, when a Montana clip brought 17% c in this market. Over 312,000 pounds of fleed were sold today. This has been the greatest season for wool in the history of Montana.

LONDON, July 17.—The offerings at the wool auction sales today numbered 12,435 bales. Trading was animated. Fine grades were firm. Coarse and medium cross breds were in demand at an advance of 10 per cent. Tammanlars were in keep request, several parcels be ng taken by American buyers. ST. LOUIS, July 17.-Wool-Steady, Territory and Western mediums, 16318c; medium,

14@15%c; fine, 18@15%c.

Mining Stocks. SAN FRANCISCO, July 17.-The official clesing quotations for mining stocks today were as follows:

NEW YORK, July 17.-Mining stocks today

closed as follows: BOSTON, July 17.-Closing quotations:

NEW YORK, July 17.—There was an advance of 5s for spot tin in London to £122 15s. while futures advanced 10s to 4120 5s. In New York tin was also a little higher, being quoted at 27627.15c.
Copper in London was slightly higher, gain-Copper in London was slightly higher, gaining 5s on spot, which closed at \$58 12s 8d and 2s 8d on futures; which closed at \$55 15s. Locally, however, copper was lower, being quoted at 13.50413.62½ for lake and electrolytic and at 13.12½613.25 for casting.

There was a decline of 1s 6d for lead in London, where it closed at \$11 7s 8d Locally, lend was quiet and unchanged at \$1.12½.

Spotter declined 2s 8d in Loudon, closing at \$20 7s 8d in New York spotter was quoted at

Finest Cherries Out of Reach On many pieces of residence property about the city are fruit trees—apple, pear and cherry trees—some of large size, and bearing fine crops, although often cramped for room. The owners of such trees are envied by many, and are often proud of their trees, but most of them would be glad if they could get rid of them without expense or trouble, as it is often more bother to gather the fruit than it is worth. One tall, fine cherry tree it is worth. One tall, fine cherry tree was noticed yesterday loaded with large, ripe cherries. The tree is nearly 50 feet in height, about twice the height of the house on the quarter block, but an effort was being made to secure the tempting fruit displayed on the higher limbs, which appeared the best. Two ladders had been put end to end and a shorter one placed over the connection and firmly fastened with ropes. They reached nearly to the top of the tree, but only a small person could hope to climb them in safety, and it would need a tall, long-armed man to [4:00 P. M. Sheridan passenger, [3:25 A. M. reach the highest limbs and secure the fruit. The owner wished he had a balloon to send some one else up in after his cherries, and it is probable that next year the tree will be cut down when cherries are ripe. In many places the cher-ries on such trees are allowed to hang till they fall off, when most of them are

# **Blood Poison**

Is the worst disease on earth, yet the easiest to cure WHEN YOU KNOW WHAT TO DO. to cure WHEN YOU KNOW WHAT TO DO. Many have pimples, spots on the skin, sores in the mouth, silvers, falling bair, bope pains, catarrh, don't know it is BLOOD POISON. Send to DR. BROWN, 935 Arch St., Philadelphia, Pa., for BROWN'S BLOOD CURE, \$2.00 per bottle, lasts one month. For sale only by Frank Nau. Portland Hotel Pharmacy.
