## HOPS LOOK BETTER

Great Improvement Seen in Oregon Yards.

YIELD WILL BE VERY GOOD

Figuring the Increased Acreage, the Output Will Be But Slightly Below That of Last Year-Oregon Crop Report.

The weekly crop bulletin issued by the Weather Bureau yesterday contains the most sncouraging report from the hopyards received this season. It indicates a yield almost equal to that of last year, which was about 85,000

bales. The bulletin says: a fairly good crop, which taking into consideration the increased acrosse, will fall but slightly below that of last year. There are many stunted hills, probably caused by frost in March, but those that came up are in as thrifty and promising condition as could be wished for.

Detailed reports from Weather Bureau cor-

Hubbard, Clackamas County-The warm Hubbard, Clackamas County-The warm weather prevailing during the past week has been of considerable benefit to backward plantations. But there is no improvement noticeable in the stunted roots; there is less foliage and laterals are shorter than usual; mait hope are just starting to bloom, and English cluster and fugalis are setting stroblies rapidly, and should be a setting stroblies rapidly, and should be a setting stroblies rapidly. ter and fugnis are setting strontes rapus; and about a week earlier than last year, which gives promise of good fertilization of the crop, which is likely to be of fine bodied quality; there are very few aphia to be found in well-cared-for yards; the yield in this district will

Dayton, Yambill County-Present Indications point to a two-thirds bop crop in this vicinity; vines in the old yards are very uneven; in the new yards the condition is better; some grow-ers report considerable lice in their yards and are spraying, but the condition is not general; the evenings of the past week have been two cold for rapid growth; hope are not so far advanced as at this date last year. Rickress!, Polk County—Hope are generally

very promising, especially new yards; a few old yards will produce only two-thirds erep:

being so many, even with the increase in acre-age the crup cannot be so large as last year. Albany, Benton County-Rops in this local-ity are not up to average; many hills are missing, thought by hop men to be on ac-count of cold, backward Spring; growers ex-pect about three-fourths crop; hop peats have appeared, but as jet have done no damage. Wilbur, Douglas County-Hops made splen-did growth the last two weeks and will be

similar, showing a marked improvement in the vine over the conditions that existed earlier

of 1932. Mr. Muscke says:

I believ the Oregon crop will be within 10 our cent of that of fast year, the California trop equal to that of 1902 and the Washington crop better.

nights in March. "The warm weather in March," he says, Cstarted the tendrils to sprouting and in the cold nights they were nipped and the vines stunted. Many of these have come up, but they are sounted and will gard to the missing hills. They occur here and there throughout the fields and present the same characteristies as an orchard does that has been affected by frost."

Weather Bureau records show that in the center of the hop district from March 19 to 21, inclusive, the temperature ranged from 00 to 70 degrees in the daytime and at night CoATS—No. 1 white, \$1.07½; gray, \$1.05 per VEGETABLES—Cocumbers, 25,065c; garl Weather Bureau records show that in the fell to freezing or below.

#### OREGON CROP REPORT.

Weather Excellent for Haying and Maturing Grain.

U. S. DEPARTMENT OF AGRICULTURE, Climate and Crop Service, Portland, Or., July 21.—The weather during the past week has been excellent for haying and for maturing grain. Haying has been pushed in all parts of the state, and the crop is of good quality and prices rule steady. BUTTER—Fancy creamery, 2062246 per gound; dairy, naminal; store, 186116. CHEERS—Full cream, twins, 1846; Young and the yields are generally satisfactory, except in the southern sections, where previous dry weather caused some shortage, which has been made up by cutting grain for hay; consequently the farmers will have feed enough for stock, but grain yields in this locality will show a still greater reduction from former as show a still areater reduction from former es-

ripen nicely, the heads are full and the berry is plump, and if it were not for the stand being thin the crop would be up to the average. Harvesting will become general this week. Cats are unusually promising in all sections, except about Cottage Grove, in Lane County, where for some unknown cause a number or fields have stopped filling and the plant has suddenly turned a light color. Minor cross, such as corn notatoes, ontons. Minor cross, such as corn notatoes, ontons being out of season.

eather fair and favorable for having; large amount of hay cut, quality rather poor, quantity large; grain, especially oats, heavy; corn and vegetables promising; wild blackberries fice, but not plentiful; fruit prospects good; pastures good; mik supply decreasing.

Denmark, Curry County, C. W. Zumwalt-Weather damp, with fog and showers, not favorable for making hay; all grass and clover out, fair crops; corn, because and root corns.

fruit doing well; all stock in good condition.

Solo. Linn County, S. W. Gaines-Weather ter sait, bulk, 120s. 25 per barrel; linen sacks, warm; crops never more promising: wheat, oats, species, barray and vetch excellent; no cath, species, barray and reten excellent; no wheat S. County-Pears, Bartlett, WHEAT SACKS-In tots of 100, 6864c. Solo, Libn County, S. W. Gaines-Weather warm; crops never more promising: wheat, oats, speitze, barier and veich excellent; no aphie; hay all cut. Fruit-Fears, Bartlett, Idaho, winternellie, loaded; plums, Hungarian, silver, loaded; stock fai; grain harvest in ten days; gardens never better.

Loraine, Lane County, George Lanarith-Weather warm; haying well alons; grain ripening finely; oats doing well; wheat will be a fair crop; pointoes and beans doing finely.

SOUTHERN OREGON.

aphis; hay all cut Fruits-Pears, Bartlett, Idaho, winternellis, loaded; plums, Hungarian, silver, loaded; stock fai; grain harvest in ten days; gardens never better.

Lorains, Lane County, George Lanarith-Weather warm: baying well along; grain ripening finely: oats doing well; wheat will be a fair crop; potatoes and beans doing finely.

SOUTHERN OREGON.

Wilhur, Douglas County, W. B. Lambwarm and windy: crops not cut doing well; wheat will be assembly rain,
Galice, Josephine County, J. E. Loomis-Warm weather has improved the looks of gardens and growing crops; potatoes looking finely, some dug; fruit of all kinds rather scarce.

Ashland, Jarkson County, F. C. Homes-Weather warm and dry; second crop of alfalfa coming on finely and will be ready to cut in a week; about here the first crop was heavy, although a short crop was feared; all grain is a whort crop, though the flyring sown is poored than the Fall sown; Alexanders, the earliest peaches, are in market, to be followed soon by Hale's Early; these two varieties will furnish the bulk of peach crop; all irrigated ordys are growing well, and gardens generally are in fine condition.

COLUMBIA RIVER VALLEY.

Simmarko, Wasco County, J. O. Ashenburst weeks ago is looking well.

Lexington, Morrow County, Edwin R. Beach Weather warm; rather dry for potatoes; fruit dollars well the avenue visid of wheeks.

Congound Highly Groups and the ballstorm of several weeks ago is looking well.

Lexington, Morrow County, Edwin R. Beach Weather warm; rather dry for potatoes; fruit dollars well the avenue visid of wheeks.

weeks ago is looking well.

Lexington, Morrow County, Edwin R. Besch.

-Wenther warm; rather dry for potatoes;
fruit doing well; the average yield of wheat
and barley by the acre will be less than usunl: nearly everything was destroyed on Upper Willow Creek by the flood; hay crop short.

Wasco, Sherman County, W. C. Morehouse—The Enresting of harley and volunteer wheat in progress; weather fine.

Pendleton, Umatfila County, E. W. McComas—Hilless—Dry hides, No. 1, 16 pounds and up, 10g/15½c per pound; dry kip, No. 1, 5 to 15 pounds, 1kc; dry saited buils and stags, one-third less thar satisfacting general; some grain already threshed is yielding less than anticipated; several unseasonably cold nights caused some delay in maturing grain.

Hells, Umatfila County, S. L. Issac—Weather favorable for maturing crops; baries harvest begun; wheat harvest will commence this coming week if the weather continus favorable.

PLATEAU REGION. Erwin, Baker County, John Erwin-First of week some high winds from the north; latter part was fine for haying; wild hay on the river bottom is light; bariey is beginning to ripen; will be average crop; Winter rye is not more than half a crop; potatoes and other vegetables looking well.

EDWARD A. BEALS,

Section Director, Portland, Or.

General Crop Report. WASHINGTON, July 21.-The Weather Bu-reau's weekly summary of crop conditions is

Rickresil, Polk County-Hops are generally looking fire, though some yards have a good some street of the central valleys, Lake region and Atlantic Coast region has averaged considerably below normal, no unfavorable effects from coal weather are apparent from the reports, except in normal the Management of the Coast region has averaged considerably below normal, no unfavorable effects from coal weather are apparent of the central valleys. as follows: parent from the reports, except in portions of the Middle and South Atlantic States, where growth was checked to some extent. The need of rain is beginning to be feit in Oklahoma and Southwestern Kansas. Local storms, in on low lands the outlook is not so promising but will be better than predicted in early Spring; on the whole, the condition of hops is about as good as last year.

Aurora, Marion County-Hops are growing finely, and considering the condition of many yards in early May, and even later, are doing remarkably well; but the fact of missing hills being so many, even with the increase in acreage the crop cannot be so large as last year.

Albany, Benton County-Hops in this local-approach in the central and easier districts, but in some corn states it is variable and ereceilly in the central and easier districts, and ereceilly in the central and easier districts and ereceilly in the central and easier districts and enversable and even and the condition, being generally small, and erreceilly in the central and easier dis-

as to size and condition, being generally small, and especially in the central and eastern districts of the beit.

Winter wheat harvest is practically completed, except in a few of the more northerly states. Weather conditions have been favorable for threshing, which work is in progress, the yield continuing light. The reports respecting Spring wheat are not favorable. The latesown in the Red River Valley, in Minnesota. is believed to be beyond recovery, while heavy rains have kept lowlands in the southern por-tion of the state flooded, and have caused lodg-ing in the uplands. Bains in the southeast and G. Mucche, of Miramonie Parm, Aurora, a large hoperower and buyer, says the yield on the Pacific Coast this year will equal that of 1902. Mr. Mucche says: of 19.2. Mr. Muscke says:

I believ the Gregon crop will be within 40 per celar of that of last year, the Chilfornia crop equal to that of 1902 and the Washington crop better.

Mr. Muscke attributes the large number of Mr. Muscke attributes the large number of the crop is below recent expectations.

Mr. Muscke attributes the large number of missing bills to the warm days and fristy tion of the crop is below recent expectations.

#### PORTLAND MARKETS.

Grain, Flour, Feed, Etc. Wheat is dell and nominally unchanged. Very little is doing in old wheat and transactions

is no regularity in repulling the second of the second of

cental.

MILLSTUFFS-Bran, \$23 per ton; middlings, \$27; shorts, \$23; cnop, U. S. mills, \$18; linsced dairy food, \$18.

HAY-Timothy, 22624 per ton; clover, nominal; grain, nominal; chest, nominal.

Butter, Eggs, Poultry, Etc. Trading in these lines is quiet and without feature. Poultry, eggs and butter are all in adequate supply and prices rule steady.

Vegetables, Fruit, Etc.

A car of decidous fruits arrived last night, containing Crawford peaches, apples, pears and plums of all kinds. Sacramento canta-

Beide have stopped filling and the plant has suddenly turned a light color.

Minor crops, such as corn, potatoes, ontons, anger beets and gardens, are doing nicety. Fruit also continues promising, and a large crop of pears and prunes is now almost a certainty.

COAST DISTRICT.

Clatsop, Clateop County, D. F. Stafford-First of week good haying weather, and cutting general; last of week cloudy, with mist in the mornings; much hay was housed, but not so much as would have been with more gunshine.

Bay City, Tillamook County, Captain J. J. Dawson-Week warm and dry, with stiff cold northwest winds; large amount of hay cut, cured and housed in good condition; many orchards show barely snough fruit for home use; milk supply good.

Toledo, Linceln County, Otto O. Krogstad-Warm weather and sunshine very beneficial to all crops; haying in progress, with very leavy yield; berries of all kinds large crop; garden truck, and potatoes will be heavy crops; fair crop of prunes, but small crop of apples.

Foint Terrace, Lane County, S. J. Allison-Weather warm; haying well along, crop heavy; gardens looking well; cattle fat, and all stock doing well; fruite good.

Myrtle Point, Coos County, L. Strong-Myrtle Point, Coos County, L. S

dozen.

ONIONE—New California reds, 90c per sack; silverskins, \$1.25.

RAISINS—Loose Muscatel, 4-crown, 7%c; 5-crown, 7%c; 2-crown, 6%c; unbleached seedless Muscatel raisins, 74c; utbieached seedless Suitans, 6%c; London layers, 3-crown, whole boxes of 20 pounds, \$1.85; 2-crown, \$1.75.

HONEY—15c per No. 1 frame.

Demmark, Curry County, C. W. ZumwaltWeather damp, with fog and showers, not faVerable for making hay; all grass and clover
cut, fair crop; curn, beans and root crops
making good growth; stock getting fat; dairies
doling well.

WILLAMETTE VALLEY.

Terry, Multsomanh County, William SalesHay is mostly all cut; grain and potatoes
growings well; raspherries are poor.

Hubbard (Elliott Prairies District), Clackamas County, George Pope-Weather favorable;
Spring wheat is filling well; cats making
large heads and good straw; corn is growing
lancely, and early planted is tisseling; heap
a good yield; fruit doing well; stock fat; pastures still good.

NEW LOW RECORDS MADE ON MANY SECURITIES.

NEW YORK, July 21 .- The stock market NEW TORK. July 21.—The stock market made a pretty good stand during the greater part of the day against scattered liquidation of the same kind as that of yesterday. But the slump in the United States Steel stocks at the end of the day cost the market about all the gains that had been achieved in the course of the day's trading. Other specialties scored losses of fairly sensational proportions, but they were sufficient to the course of the day's trading. timent as the headlong downward plunge in the United States Sterl stocks. The common sold at 22 and the preferred, with the quar-terly dividend of 1% deducted since yesterday, sold at 70, making extreme declines 1% for the common. Today's drop was in the face of open buying by banking interests which conducted the corporation's syndicate trans-actions. The financial authorities of the cor-poration declined to be officially quoted as to the truth of current rumors that the next dividend on the common was to be passed. The usual rumors circulated also that the ur-

the truth of current rumors that the next divisiond on the common was to be passed. The usual rumors circulated also that the urgent liquidation was due to financial embariance in the substitution of the other important capitalist. But the market seemed to take these rumors with a good deal of equanimity, and there was a considerable absorption of standard railroad stocks, so that prices in many linatances rose at one time a point or more over last night. New York Central was in nictable demand. There was a demand for this stock also in the loan crowd on the Explain the stock. The shorts were an esement in the baying at other points.

There was little in the day's news to explain the action of the market. The Weather flureau's weekly crop bulletin was considered less reassuring as to the Spring wheat situation and the action of the wheat market confirmed this impression. The only notable effect in the securities market was a sharp decline in the securities market was a sharp decline in the securities market was a sharp decline in the securities market was a sharp decline. The market appeared to be oversold and responded readily to the demand. The close was firm and showed a gain for September of the general movement of the market. The work was a good throughout the resistion. Provision interests bought the close of the general movement would be out of except where necessary to be carried out be calved the money market. News of railroad corporations, but the possibility began to be canvassed that improvements would be out of except where necessary to be carried out be estimated by the money market. News of railroad darnings were favorable, the L. & N. and the sliling by commission houses.

There were weak spots in the bond market, but the market as a whole was irregular. To this market as a whole was irregular. To this market as a whole was irregular. To this was oner whith \$200 the power of the money market. Reverse from brokers, but the market as a whole was irregular. Provisions opened easy and sold off on selling by locals on a fair movement of hogs.

Later there were weak spots in the bond market,
but the market as a whole was treegular. Total sales, par-value, \$2,377,000. United States
bonds were unchanged on the last call.

STOCKS.

Provisions opened easy and sold off on selling by locals on a fair movement of hogs.

Later there was a fair demand from brokers,
supposedly acting for the packers, and on this
and the firmness in grains, some of the loss
was regained. September pork at the close
showed a loss of Sc, at \$14.25; lard was The
off, with ribs down 25c at \$8.375.

The leading futures ranged as follows:

WHEAT but the market as a whole was irregular. To-tal sales, par-value, \$2,277,000. United States bonds were unchanged on the last call.

Slump at the End of the Day Wipes Out All the Guins Made in the Rest of the List,

NEW YORK, July 21.-Bear attacks, coupled NEW TORK, July 21.—Bear attacks, coupled with further forced liquidation, resulted in a new low level for a number of securities in today's stock market. Declines ranged from 15 points to 5, while some of the better grade of stocks showed losses of a point or more. Rallway shares of the better class were moderately firm, but in little demand, and there was no evidence of "bargain puying" in these takes. The attack on neiters became at the states. issues. The attack on prices began at the opening and was continued with more or less regularity throughout the day. In fact, lowest prices for some issues came almost at the class.

The United States Steel shares were severely pounded, with net losses of 2% and 3% in the common and preferred, respectively. Sales of these stocks aggregated over 180,000 shares, over 182,000 shares of common changing hands. Trading in the steel stocks congrided considerably more than 182. September Advances Three-Quarters prised considerably more than one-fifth of the day's business. Sixel common closed at 22, CHICAGO, July 21.-With the exception of

the day's business. Steel common closed at 22, a low-record figure, while the preferred stock touched 70.

Besides the steel issues, the lowest prices ever recorded were scored by Tennessee Coal & Iron, Colorado Fuel & Iron, Republic Iron & Steel preferred, United States Realty and Virginia Chemical. In the railway group there were new low records on Rock Island common and preferred, Kansas & Texas preferred, Chicago Terminal, Big Four, Colorado & Southern issues, Lake Eris & Western preferred, Brooklyn Rapid Transit, Metropolitan Street Railway, Pacific Coast and Peorla & Eastern. There was the usual crop of rumors, but There was the usual crop of rumors, but nothing definite could be learned. At some of the banks which have close Wall street relations it was said that a number of loans

had been called.

Much of today's selling was for out-of-town account. The West was again a very heavy seller. The gossipe declared that a prominent St. Louis interest had been forced to sell out

St. Louis interest had been forced to sell out a line of 400 shares.

The day was not without some news of a favorable character. The quarterly report of the Tennessee Coal & Iron Company showed aurplus increases of over \$500,000, with an increase of almost \$900,000 for the half year. In spite of this, the stock was among the weakest in the list. weakest in the list. The steady decline in the steel stocks caused great uneasiness.

WOOL MARKETS.

Ten Million Pounds Change Hands at Boston in the Week.

BOSTON, July 21.—Many woolen manufac-turers, fearing a situation somewhat similar to that which has confronted cotton mill men, have come into the market of late for large supplies of raw material. Sales have been supplies of raw material. Sales have been enormous, almost reaching the unusual total of 10,000,000 pounds last week. The market is gradually strengthening in tone, with prices atendify tending upward on all grades. The only weak point in the situation is the reluctance of manufacturers to advance the prices of goods. The new clip is fast disappearing from the West. In the territorial sections there is little that is destrable left according tions there is little that is desirable left, ex cept in Montana. In that state large sales are being made every day, and the latent ad-vices say that the tendency of prices is upward. The top price of the season was reported with 17%c paid for a well-known clip by the Bos-ton house, which price was exactly %c higher than paid for the same clip a year ago. Quo-
