COOD FOR HARVEST

Weather During Past Week pruce crop to Clackarnae County this year Ripened Spring Grain.

HAY CROP HAS BEEN SECURED

Wheat Threshing Being Pushed in All Sections-Onts and Barley Yleids Good-Lice In Hopyards.

U. S. DEPARTMENT OF AGRICULTURE, Climate and Crop Service, Portland, Or., Aug-II.-The weather during the past week was nt for ripening Spring grain and for harvest work. The hay crop has been secure udition, and the yields are generally reported satisfactory. Pastures are turning on and feed on the ranges is getting short. but in the dairy districts the supply of milk eed and because the flies have become unpeed and recase the willamette Valley grasshoppers are reported thick in the clover fields, al-

fields are unanimous as to the excellent quality of the berry, but nearly everywhere the yields are turning out smaller than last year. Outs are a fine crop, and bar-

Valley, and in southern sections the ears numerous in the hops, and the plant is from are also arranging their dryers so as to week to ten days backward, which condi- out a better quality of dried fruit. tions excite considerable apprehension as to the outcome of this crop.

blackberries and huckleberries, are abundant. nes during the past ten days have shed to an alarming extent, and there is no question that the yields will fall greatly below the estimates made earlier in the season. Ap-

COAST DISTRICT. Knapps, Claisop County, W. H. Baddiffe— First part of week heavy mist, last part fair; a large amount of hay secured in good con-dition; cate nearly all cut; gardens and pas-tures getting dry, worms are working on cab-bage and other vegetables; ptume are getting

ripe, berries plentiful.

Nestocton, Tillamook County, S. H. Phillips-Lots of cats are cut and waiting for sun to shine and cure them for hay; gar-

the sun to entire and cure them for may, gar-dens and potatoes defing well.

Minerya, Lane County, L. C. Ackerley-Weather fine until the last two days, which were fuggy, with some fine rain; cut worms have made their appearance in some locali-ties; potato blight is quite had in low places. WILLAMETTE VALLEY.

WILLAMETTE VALLEY.

Bethary, Washington County, N. JohnsonFore part of week cloudy and cool: Fall grain
all cut: Spring grain ripening, threshing begun; pointees looking excellent; plums and
early apples beginning to get ripe.

North Yammil, Yammil; County, J. T. Patterson-First part of week cool and cloudy,
good weather for hop fice; millions of them
this year; no damage yet, last part of week
bot and dry wheat nearly all cut some

and dry; wheat nearly all out, some ned; yield will be light, quality good; arvest will be finished this week; yield average; potatoes will be light unless

and some oats that were sowed in Janugrain is ripening fast; the yield will be average: threshing will commence the

lew, Linn County, F. M. Snyderor very favorable; threshess started this on Pall grain; wheat yields fair and pool; very little Spring grain has been ed; Spring grain harvesting in progress; oppers are plentiful, but small yet. Lowell, Lane County, Amos D. Hyland-Weather favorable; having over; grain barvest is nearly over, with fair yields of good quai

ity; potatoes and gardens good; pastures rather dry, but stock looks well. SOUTHERN OREGON.

Cialla, Douglas County, W. R. Wells Weather very favorable; having is over, yields

Weather very preorable; haying is ever yields were light; grain harvesting has just commenced; crope here are going to be short, but of excellent quality.

Dryden, Josephine County, H. S. Mastin-Weather very dry and cool; grain and hay nearly all harvested; perhaps will average half a crop; irrigated fruit, gardens and potatoes doing well; stock looking well.

Table Rock, Jackson County, S. M. Nealon-Shop harvest weather, all grains cut and

-Fine harvest weather; all grains cut and now being stacked; threshing will begin next weeks even looks thrifty, and on the low-lands it is earing well: farmers well along with their work; the quantity of wheat saved in the county this year will not supply home

COLUMBIA RIVER VALLEY.

Condon, Gilliam County, F. B. Stevens— Warm and dry; light thunder shower on 5th; heading under full headway; bariey is an ex-tra good crop; wheat about average; fruit and gardens doing well.

Hardman, Morrow County, A. B. Stanley— Weather favorable for late grain and gardens; harvastics is

harvesting in progress; large part of grain crop being out for bay; yield above average crop being out for bay; yield above average of furner years; stock in good condition.
Adams, Drastilla County, C. S. Ferguson—Weather warm and dry and favorable for harvesting; the yield generally is satisfactory, but slightly below average; grain is of a good quality, firm and plump; corn is booking well; pastures dry.

Helk, Umastilla County, S. T. Isanc—Harvesting has progressed rapidly the past week, with very favorable weather; in this locality about half of the wheat crop is in sack, and but little remains unout; no composint or

smut; quality all No. 1: yields satisfactory, PLATEAU REGION.

Imbler, Union County, L. Billings-Week hvorsable; cutting grain is in full sway; Spring grain is generally very smutty; haying is about through, with fair yield; potatoes are Sug very well; sugar beets are all right. Erwin, Baker County, John Erwin-ceather warm and dry, with considerable high

wind; a great deal of oats and wheat have been out for hay; barley is about all cut; wheat and oats will be ready to harvest next week; potatoes and gardens look well. Klamant Fails, Klamath County, Francis J. Bowns-Pirst crop of alfalfa all harvested; rys laying about finished; inse seazon for hay-ing, no rain since commencing; range very joor, but stock is looking good; beef cartis-being mathered and not in mathered evals look-being mathered and not in mathered evals lookoring gathered and put in pastures; grain look-ing fine. EDWARD A. BEALS, Section Director, Portland, Or.

General Crop Report.

the outlook is less promising.

Bains have obooked somewhat the progress of Spring wheat harvest, which, however, is now general throughout the Spring wheat region. Harvest is rapidly advancing throughout Oregon and will sook begin in Washington.

200 cone of fruit this Fall," said Pranklin T. Griffith, of the Willamette Fruit Company, today. "Last year the prune crop of Clackamas County was a tallure, but this year we will burvest two-thirds of an average crop." The and umeasonable figring raise that will re-

duce the yield, but the quality of the fruit cipal damaging element with which the Will-ametic Valley orthardist has to contend in the alsing of prunes. It is to counteract this adverse climatic condition that the William-ette Fruit Company is experimenting. The company is fertilizing its orchard on an exmaive scale, believing that in building up the soil lies the only means of strengthening the trees and fortifying them against severe eventher conditions. During the time that the experiment has been mails, the trees have trees are more capable of withstanding seere weather conditions. The picking of prunes will begin in two weeks.

DROP OF PRUNES.

Not So Heavy as Seriously to Im-

pair the Yield.

SALEM, Or., Aug. 11.—(Special.)—Inquiry of prune growers concerning the extent of the seriously to impair the yield. It seems that thus far the drop is heaviest on the level lands, though some of the hill growers have expressed nlarm over the amount of fruit that has left the trees. Men who have been out the past week say that although the drop has he wheat harvest is being pushed in all been heavy, the fruit left on the trees will tions of the state, and reports from the be. In the great majority of cases, all that

the trees should bear,
It is expected that prune-drying will begin in the low lands between September 1 and 10 and in the hill lands from a week to 20 days

week; it is now tasseling in the Willamette of the valley and many old ones are being re-Valley, and in southern sections the ears modeled and enlarged so as to increase the are forming fairly wall. Lice are unusually caracity, Guided by experience, the growers

NEW YORK, Aug. 11.—Spot tin broke sharply in London, closing about \$1 lower at \$125 los, while futures were 128 6d lower at \$125 lfs. Locally, tin was carr and in los, while futures were 12s 6d lower at 4123 15a. Locally, tin was easy and lower aba, spot closing at 28.60928.65c. Copper advanced 41 on spot in London, where it closed at 458, and futures were 15s higher at 164. In New York copper was quiet and nom-nally unchanged. Lake is quoted at 13g. 13.124c; electrolytic at 13c and casting at 12.73c.

Lead declined is 3d in London to fill, but was unchanged here at 4.20c.

Spelter advanced 2s 6d in London to 420 5s, and was unchanged in New York at

5.87hc. Iron closed at 52s at Glasgow and at 46s 4hd in Middlesboro. Locally, from was quiet; No. 1 foundry Northern, \$17.50g18; No. 2 foundry Northern, \$16.50g17; No. 1 foundry Southern and 6o soft, \$16.75g17.

SHOT FROM AMBUSH.

American Is Slain in Honduras by Native Holding a Grudge.

NEW YORK, Aug. 11.—Martin Lippman, formerly a New Yorker, who has been for some years a resident of Central America, was assassinated July 28, while on his way home from his plantation, a few miles from Port Teala, Spanish Hon-duras, says a New Orleans special to the World. The news was brought to this city by Frank Angle, who was associated with Lippman in banana planting. Angle said Lippman left their planta-

tion, about five miles from Port Teals, on July 27. Several days later a Spaniard living on the plantation notified the authorities that Lippman's body had been found in a cornfield. There was a hole in the back of his head, evidently caused

The Government drop report was a favorable factor in general. The corp-carriers themselves were affected by attempts to market shares on the aircraft of the crop showline file of 15 in that stock, in which an ineasy short interest within an ineasy short interest with a site of a corner would be discomfiting to the market as a declide in prices.

The Government drop report was a favorable factor in general. The corp-carriers themselves were affected by attempts to market shares on the aircraft of the crop show-

ing of a corner would be discomfiting to the market as a decide in prices.

The Government crop report was a favorable factor in general. The corn-carriers themselves were affected by attempts to market shares on the strength of the crop showing. The chances of damage by frost to a late crop are also held in mind. There were persistent rumors that the authorised St. Paul stock increase would soon be issued, but there was no official sanction for these reports. Encouraged by the good resistance, the whole market turned strong in the last hour and rose to the best of the day and closed strong at about the top level.

The coveraged continued to price was a favorable form and report was in some respects beartish. Local buils were active buyers of the distant months and there was little on the

of light, \$5.00@5.50; Yorkers, \$5.45@5.60; late in the day, but the other issues failed to share in the late recovery. Total sales, par value, \$1.800,000. United States 5a declined

Daily Treasury Statement. WASHINGTON, Aug. 11.-Today's statement of the Treasury shows:

BULLISH CROP REPORT. Causes Firm Opening of Wheat Mar-

ket at Chleago. CHICAGO, Aug. 11.-Wheat opened firm or CHICAGO, Aug. II.—Wheat opened firm on the Government crop report, which was construed as moderately bullish, and September was a shade lower to MSNe higher, at the start at 1916800 c. Local traders were disposed to sell on the small advance which resulted in an easier tone, September selling off to 1916 for the tone, September selling off to 1916 for the soon railled again and September advanced to 80%. Some of the large interests that were such persistent sellers yesterday were again on that side of the marinterests that were such persistent sellers yea-terday were again on that side of the mar-ket. During the last hour the market be-came quite weak, and September declined to 79%;c, closing at 80c, a shade higher than yea-terday's close. Unseasonably cool weather throughout the corn belt caused firmness in corn in spite of the bearish construction placed upon the crop report. Opening prices were easier, but a

couraged by the good resistance, the whole market turned strong in the last hour and rose to the best of the day and closed strong at about the top level.

There were some sharp advances in bonds late in the day, but the other issues failed to share in the late recovery. Total sales, par value, \$1,800,000. United States 5s declined by per cent on the last call.

The leafly five interest the market gradually turned easy. September pork closed 5g/fbs lower, land unchanged and ribs off 5c.

CONSIGNED TO PORTLAND

LIBERAL STEAMER SHIPMENTS OF FRUIT FROM SAN FRANCISCO.

Hops in Better Demand and Firmer in the California Market-Cereals Approaching Actual Values,

SAN FRANCISCO, Aug. 11,-(Special.)-The local market for wheat and barley is assuming a more normal condition. Prices are weakening under sales of holders who now realize that both cereals have been forced too high. Onts were fairly steady, despite liberal receipts. Flour and feedstuffs were still firm and hay steadler.

Most kinds of deciduous fruits were in ample

supply, though river receipts are falling off. The shipping demand for pears, peaches and grapes was more active on account of the departure of the Portland steamer. Selected lots brought steady prices. Muscat grapes are now more pientiful and Sweetwater in large boxes are beginning to arrive. Teltaya are too green for use. Seedless and Rose of Peru varieties are abundant. Apples were very slow and weak, but choice pears moved well at good prices. All kinds of melons were abundant and weak. A carload of Valencia cranges suitable for shipment is now offer-ing. Fresh supplies of Hawalian bananas ar-

small. River sweets were in fair supply. Onions were easier. Tumatoes had a rapid advance on account of light arrivals. Sumbeans were better cleaned up and firmer, Other vegetables were steady.

Poultry was in more demand and firm. Butwere well sustained. Receipts-29,000 pounds outter, 12,000 pounds cheese, 28,000 dozen eggs. Hops were in better demand and firmer. Wool was firm with good prospects for an active Fall market.
