Renewal of the Storm Feared.

The Norwegian steamer Salvatore d liorgy was driven ashore at Annotta Hay, and lies in a dangerous position. Sevcrai sailing vessels were wrecked on the north side. It is still stormy and threatning, and there are fears that there may be a renewal of the storm. Thousands of houses in Kingston were damaged, the wharves were battered and several coasting vessels were sunk in the harbor, Trade is practically at a standstill.

The southeastern portion of the island has been practically denuded of its crops, the rivers are flooded, and many men were carried out to sea and drowned. Considering the damage to property during the burricane the loss of life was comparatiyely small, though the present estimate is that the death list will reach 50. Hundreds of persons were injured and there were numerous hairbreadth escapes.

II—The first complete and authoritative statement in regard to the success of public instruc-tion in the Philippine Islands, has just come from Professor Bernard Moses, of the University of California, who has just returned to Berkeley, after serving since April, 1900, as a member of the Philippine Commission.

Professor Moses goes into the various Professor Moses goes into the various problems that have come up in connection with the American administration in the triands, paying particular attention to the questions on education, in which he was particularly concerned. Professor Moses was Secretary of Public Instruction in the Philippines under Governor Taft, and formulated the educational system that was adopted by the commission. He viscorcusly defends the policy of teaching English to the native children, holding that this is essential in order that the race may come in touch with Western institutions.

Professor Moses has high praise for the business sagacity of the Chinamen, and says the intermingling of the blood of the Chinese and the Filipine would produce a people that would combine many of the good qualities of both races. He also holds that a certain amount of immigration from China into the islands will be absolutely necessary to supply the labor. dutely necessary to supply the labor market for at least 50 years.

would cost Him Much, but He Desires to Please the President.

MANILA, Aug. 11.—Governor-General William H. Taft refused to discuss today his probable appointment as the successor of Secretary of War Root, when the latter retires, saying that he had not yet been affered the appointment. It is generally believed here that Governor Taft does not wish to leave the Philippines until numerous problems now pending are solved. The situation is scarcely beginning to show the results pledged for the upbuilding of the Fillpinos whose devotion to and faith in Governor Taft are remarkable.

It is known, in any event, that Governor Taft does not desire to leave before next February, but it is thought he is ready to obey President Roosevelt's wishes, though his departure would cause a sacrifice. In the meantime, it is stated that relatives and friends are constantly urging him to return to the mainland. Governor Taft is now enjoying excellent, though, after living nearly four years in the troptes, he is liable to a recurrence of the dysentery.

Governor Taft is now personally formulating measures of the utmost importance to the islands. The romore of the probable retirement of Governor Taft is agitating the archipelago, and the provincials join the Filipino press in begging him to sires to Please the President.

of San Francisco, elected by union labor vote, is Republican in National politics. The only objection to his candidney on the Republican municipal ticket is the fact that he advocated the election of Heurst, when the latter was running for Congress in New York as a Democrat. Disaffected Republicans might turn to Lane, the most prominently mentioned Democrat, who, his the labor vote.

SAN FRANCISCO, Aug. 12-(Special.) The result of yesterday's primaries makes it plain who will head two of the nunicipal tickets. Franklin K. Lane has the Democratic nomination for Mayor assured and will certainly be nominated Mayor Eugene Schmitz is equally sure of union labor vote, but who will head Republican ticket is the great political

By his sweeping victory over Michael Casey in labor fight Schmitz has come to front as Republican possibility. In Na-tional politics he is Republican and he has the backing of Abe Ruef, who will have a large following in the municipal convention of that party. Friends of Schmitz declare that the outcome of the factional fight in both the Union Labor and Republican parties is the vindication of Schmitz, because the friends of Michael Casey and the opponents of the United Republican League sought to gain votes by making savage attacks on both

Schmitz and Ruef. In the labor fight they say that the issue was between Congressman Liveron one side and what these elements called the Ruef influence on the other.

The main argument made by the Republican friends of Schmitz is that he can hold the bulk of the labor vote against any candidate named by the Democracy, and that therefore the surest way to insure Republican success is to choose Schmitz as a standard-bearer and let him make the fight with the two

On the other hand, many Republicans say that if Schmitz is nominated the Republican defection because of his adocacy of William R. Hearst when the latter was running for Congress in New York as Democrat will more than offset his Union Labor vote. These same Re publicans also say that Lane can defeat Schmitz in Labor districts, and that the right thing for the party to do is to name straight-out Republicans and take its chances in three-cornered fight. Several candidates have been proposed lets, on which is written a part of the history of the Flowery Kingdom. The three tablets, inscribed in Manchu and Mandarin, are from two books of six tablets each, the other "leaves" being now in St. Petersburg in the possession of a Kirkpatrick, Treasurer John E. Mo-Dougall, and State Senator Edward L. Wolfe. None has yet developed any great strength, and it can truthfully be said

that the lists are still open. Abe Ruef, who took his primary league into the camp of the United Republican League and made good in districts where he is looked upon as a power, is nonommittal, although it is known he will leave no stone unturned in his effort to bring about the nomination of Schmitz as the Republican candidate. This is

Convention Free to Choose.

"The United Republican League has no candidate for any office, and will endeavor to have the convention name a ticket without outside dictation, some thing that has not been done in years. The only effort of the central organization will be to see that the convention does not put up weak and undesirable an economical, business-like administration and see to it that the candidates, if elected, carry out their pledges. For the first time in years the party has organized responsibility and has the power to execute its policies."

BEEF POISONS MANY. Luncheon Prepared by Senator Stewart Makes Fifty People III,

WASHINGTON, Aug. 12-A remarkable washington, aug. 12—A remarkable case of ptomaine poisoning is reported to-night from Ashburn, Va., 20 miles outside Washington. A large number of persons had gathered to attend the sale of the dairy farm owned by Senator Stewart, of Nevada. The Senator served to the prospective buyers a light luncheon, consist-Nevana. The senator served to the pros-pective buyers a light function, consist-ing of coffee, ham and beef sandwiches. Shortly afterward at least 50 persons were taken violently ill, suffering from pto-maine poisoning. One after another, they fell to the ground, writhing in agony. Messengers were dispatched in all direc-tions for doctors, and a number responded and took prompt measures to relieve the

sufferers. In a statement issued at 11 o'clock tonight the doctors say that their patients are out of danger, although many still are quite ill. An investigation developed the fact that the beef, which had been purchased in Washington and kept in cold storage on the farm for several days, was the cause of the trouble.

Senator Heyburn's Wedding Delayed.

Western Hustle Triumphs After an Anxious Hour.

QUAKER CEREMONY IS USED

Happy Couple Leaves Scene of Simplicity to Board Luxurious Palace-Car, Which Will Soon Come West.

ROMANCE OF THE WEDDING,

By the marriage of Senator Heyburn and Miss Mabel Geraldine Yeatman, a omance extending over a quarter of century came to a happy climax. Years ago young Heyburn met Miss Yeatman, like himself a Pennsylvanian of Quaker ancestry, and they became friends. In 1884 the young lawyer came West and settled in Idaho. He became a leader, acquired wealth, and last Winter became United States Senator, but he did not forget the Quaker girl.

WESTCHESTER, Pa., Aug. 12.—(Spe-ial.)—The romantic marriage of United States Senator Heyburn, of Idaho, to Miss Mabel Geraldine Yeatman, divorcee of Dr. Joseph P. Pyle, of Wilmington, Del., had a striking culmination today. When the Idaho Senator sought to claim his bride at the Yeatman homestead, "Agaunneva," in Kennett township, he was informed that the license obtained in Philadelphia several days ago was not good, the law providing that the license the ceremony is to be performed. It was a rude awakening, and for a time there was consternation among the principals to the proposed marriage and the guests, for ivar a postponement of the ceremony would be necessary.

Senator Heyburn displayed some Western hustling ability, and, after much telephoning, hurried driving and an hour's delay, a new license was secured.

It was as simple a Quaker wedding as the strictest Pennsylvania Friend ever heard of, and yet from that scene of rural simplicity, amid the trellises of flowers that overhung each door and window of the Yeatman home, the bridal couple merged to board their own luxurious palace-car, with all its finery and retinue, bound on their trip to the Great Lakes, or the Alberta unitarity, a typical Alberta tructure, using four giant totem poles, thence by steamer and trains to the Pa-nie at each corner. In addition to the cific Coast, there to take the richest of steamship suites for a trip to Alaska.
