Multnomah Athletes Return From Victoria.

#### THEY FOOLED THEIR RIVALS

okane Made Sure of Winning and Offered Sympathy, Which Was Returned After the Meet Was Over-In Portland in 1905.

The Multnomah Amateur Athletic Club track team of 1900 returned home last hight after having won the first meet held by the new North Pacific Amateur Athletic Association, in Victoria, an honor that has aroused more enthusiasm in the club than any athletic event since the great victories of the crack teams of \$155-56.

Captain and Manager Bert Kerrigan Captain and Manager Bert Kerrigan and Trainer Jack King are highly elated over the victory, and well may they be, for to them this wonderful victory for Multinomah is largely due. Careful "headwork" is undoubtedly what brought Multhomah out victorious. Fourteen men were expected to go north with the team, but by the time set for their departure only seven were able to leave the city. Multinomah left half of her crack men at home and still won the meet. An idea of the local ciub's handloap may be had the local ciub's handloap may be had the tenth inning. Attendance 2800 Score: From the fact that she was represented better in the 100-yard dash nor the mile but, while Kerrigan was suffering so inely from a stone-bruise on one of his heels that he had practically to give the pole-vault-first to Murphy, of the Spokane

Multnomah was represented by Captain Bert Kerrigan, A. B. Coates, Roland Peterson, Frank Fletcher, "Rube" San-ders, Brace Van Voorhis, Frank Smith and Trainer Jack King, the latter taking no part in any of the events. Points were as follows:

The Multnomah boys were actually laughed at by the other teams before the meet. The Spokane men were even so thoughtful as to tender their sympathy to the boys and tell them that it was "hard luck." but that they intended to "give" Kerrigan the high jump, and that with a few seconds or thirds Mulinomah would have to be contented. The prizes, valued at \$700, were on exhibition in some of the display windows and the Spokane men, it is said, instead of planning how one had a cent for the field. The Multi-momah boy themselves conceded the vic-tory to Spokane as soon as the line-up-was seen. Spokane had drained the en-tire State of Washington as well as Idaho for her contestants and among them was the famous Maloney, who won a place in the world's meet at the Paris Exposition. Then there were the Pearson brothers, who will be remembered as having caused quite a row in Washington College athletics on account of being professionals. Tilly, the great Idaho athlete, was with Spokane, as well as "Spud" Murphy.

But the Mulinous was the most

But the Multnomah men won the most spite of the handleap, and how they did it Kerrisen and Smith are trying to find out. Meanwhile they are receiving the praise of all the clubmen who have learned from the rest of the team, that, while the men all worked like flends for the bonor of the winged "M" and the restlend and while without the careful. cardinal and white, without the careful management of these two experienced trackmen Portland's popular athletic club would have had a defeat instead of a glorious victory to her credit.

Multnomab, when questioned about her different strong points by the Spokers

different strong points by the Spokane aggregation, certainly made "dubs" of the Washingtonians. Sanders was represented to be the "190-yard man," who could "easily step it off in 9.3-5." "That was the only event Multnomah expected to win" (?). When the time to start came, it was discovered that Sanders was not entered in this event, and could not participate, and so he was barred and Spokane thought with the possibility of winning the high jump that she would take every first. But the surprise! Multnomah won six firsts and Spokane, the crack team of the Northwest, went home with nothing better than second benors, after planning all her air castles. Out at the Multnomah Club a piane is "groaning" under the weight of a wheelbarrow load of silver cups and trophics that the boys brought back. In a few days the new trophy pennant will arrive, and will be kept by the chub until the close of next year's meet at Spokane. to win" (7). When the time to start

umph at the great meet.

At the meeting of the directors of the N. P. A. A. A. Bert Kerrigan represented the club in the absence of Herdman, the club's representative. Plans for the future of the Association were formulated and considerable the second in an lated and considerable time spent in ar-ranging the details of the Victoria meet. ranging the details of the Victoria meet.

Many funny incidents are related about
the trip, one of them being that after
the meet three cheers were proposed for
his Majesty, the King. The Multnomah
boys just hearing the word "King"
thought it was Jack King, their popular
trainer, and shouted the hurrahs with
a gusto that would indeed have made
King Edward proud.
Seventeen hundred people were present
at the meet, and more than 500 was re-

at the mest, and more than \$400 was re-ceived in gate receipts. The affair was a grand success, and next year's meet at Spokane premises to equal that of this year. Multnemah will hold the meet

The start received by the Association assures the fact that amateur athletics are sure to take a great jump during the next few years. Bort Kerrigan has worked faithfully to bring about this resuit, and too much cannot be said of his good work, as well as that of Jack

ABERDEEN, Wash., Aug. 17.—(Special.)

—Much interest is centered in the final
games of the Southwest Pacific League,
composed of the Aberdeen, Hoquiam, Centralia and Olympia teams. There is only
a game difference between Hoquiam and a game difference between Hoquiam an a game difference between Hoquiam and Aberdeen for the penmant, and the difference is in Hoquiam's favor, with Centralia and Olympia out of the race. Aberdeen has three games to play—two with Hoquiam and one with Centralia. Hoquiam has four to play, one a contested game with Olympia. As there has been great rivalry between the two teams, the final contests will draw big crowds.

Baseball Extraordinary.

Hartford Times.

Duluth policemen are compelled by the rules to play baseball. It keeps down fat and promotes activity. Thus it is a good thing, but no one anticipated one result which came to a policeman who had never played the game and protested vigorously against the rule. Of course he had to give in, and this is what happened;

There were three men on bases and two strikes on him. Then he cleared the bases and brought in four runs without so much as touching the ball. He got his base on halls and, not having played before, started to steal second, despite the fact that there was a man on that base and another at third. The company team of puller not an excitawas a man on that rose and another at chiral The opposing team of police got so excited trying to get him out that every man on the patch was able to cross the plate, and the sicking veteran was informed that he had made a home run without hitting the ball. It is said that the feat has never been equaled in the history of the game, and very likely this is true.

a hardship to have to quit now. The financial reasons for Buttle desiring to stay in the league are also self-capianatory. All teams have made money here, and Butte has fared fairly well in the season.

The feeling here is that Tacoma has shown the rellow feather and has taken advantage of an opportunity to get out of the league ahead of the game, and it is believed that Tacoma is in communication with the outlaws, and long has been. It is also believed that an utterly new circuit, independent of the Coast cities and including Butte, Ogden and Sait Lake, will have to be formed next season.

Our strict adherence to this policy has had a part in the building of our success and rep-utation as specialists. Among the cases we treat and cure are many that have refused to yield to other forms of treatment. The methods we employ are original, distinctive and thoroughly scientific, and can be relied upon to effect cures in a majority of the cases where ordinary and less prefect measures have falled,

#### What Weakness Is and How We Cure It

"Weakness" is merely a symptom of chronic inflammation in the prostate gland, brought on by excesses, early dissipation or by the improper treatment of some contracted disorder. A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this we accomplish promptly and completely, mainly by the use of local remedies. Our treatment is original and scientific, and has proved absolutely effective by thousands of tests. We are convinced that by no other methods can full and perfect restoration of strength and vigor be accomplished.

#### Varicocele

Many who are but slightly affected with varicocele believe that the trouble is of little consequence. The opposite is true. Varicocele is a disease of a progressive nature. As it advances, nervous complications come, power diminishes, and the general health becomes impaired.

We cure varicocele without the use of the knife, ligature or caustic, without pain and without detention from business.

Our illustrated book should be in the possession of every man. It is interesting and instructive as a study, and is helpful in making a home diagnosis. Sent free upon request, scaled in a plath wrapper, Consultation and advice free at office or by mail.

PILES Oulck Cures Certain Cures We cure the worst cases of piles permanently without the use of ointments, without pain, cutting or detention from business, in from two to three treatments. Our treatment is entirely new and peculiar to ourselves. Remember, no matter who has failed before in your case, we will cure you with mild methods, and without danger, or else make no charge whatever for our services.

Should you live at a distance, we can treat you successfully at home.

WE ARE ALWAYS WILL ING TO WAIT FOR OUR FEE UNTIL A CURE IS EFFECTED.

#### Contracted Disorders

Every case of contracted disorder we treat is thoroughly cured. Our patients have no relapses. When we pronounce a case cured there is not a particle of infection or inflammation remaining, and there is not the slightest danger that the disease will return in its original form or work its way into the general system. No contracted disorder is so trivial as to warrant uncertain methods of treatment, and we especially solicit those cases that other doctors have been unable to cure. able to cure

#### Stricture

Our treatment for stricture removes the necessity of surgical operations, even in severe cases of long standing. We do no cutting or dilating. No other physician employs our methods of overcoming this disorder, so the service we offer you is original and distinctive. Do not give up hope because others have falled. We will cure you and the cure will be a prompt and paintless one. Our treatment dissortes the stricture and permanently removes every obstruction from the urinary passages, subdues all inflammation, relieves all irritation or congestion that may exist in the kidneys or bladder, reduces enlargement of the prostate gland and restores health and tone to all organs affected by the disease.

#### **Syphillis**

Our treatment for this most hid-cous of all diseases neutralizes and eliminates the very last taint of virus from the system, and all this is accomplished without the use of dangerous minerals. We afford you a complete and perma-nent cure.
