Delegates Are Pouring Into Seattle.

ARE ROYALLY TREATED

Trans-Mississippi Congress Opens Today.

FIVE HUNDRED WILL ATTEND

Irrigation, River and Harbor Im provements and Similar Undertakings Are Being Discussed in an Informal Way.

SHATTLE, Wash., Aug. 17 .- (Staff correspondence.)-Seattle hotels are all crowded tonight with Trans-Mississippi delegates and their friends, who have been pouring in by every train arriving for the past 24 hours. The far South and Southwest have a larger representation among the delegates already here than any other portion of the country, except Utah, which came in goodly numbers on the evening train. President Kirby has not yet evening train. President Kirby has not yet
grived, and it is reported this evening
that he may not be here tomorrow, in
which case the presidential address will
be delivered by First Vice-President B. F.

Rev. Harold Oberg, paster of the Methodist Polaronal Charles Montgomery of Cripple Creek, Colo.

Among the more prominent arrivale today was ex-Congressman Gresham, of Texas, formerly president of the Trans-Mississippi Congress, and at present leadvernor McBride also arrived this evening and will speak at the meeting at Leschi Park tomorrow morning. Tom Richardson, of New Orleans, one of the founders of the organization and a bustler from Hustleville, has been here several days and is doing very effective work in showing others besides the Missourians how great good can be accomplished by keeping the organization up to its past

Scattle is taking care of the strangers as she does everything else-on a broadgauge plan. The inhabitants of this lively city on Elliot Bay may be addicted to peculiar methods of compiling bank clear-ings and may infuse overdoses of hot air their population statistics, but when it comes to genuine hospitality to the stranger within their gates, they never go wrong. Today they have a large force of men at Leschi Park decorating the pavilion and installing exhibits of fruits, grains and granses. They are also preparing an elaborate lunch, which will be served at the pavilion between the morn-

ing and afternoon sessions tomorrow.

The first session of the Congress will be called to order at 9 o'clock tomorrow morning by Judge C. J. Gavin, of Raton, N. M., chairman of the executive com-The members of the organization will be welcomed to the state by Governor McBride, and in behalf of the city Mayor Humes will deliver an address of welcome. For the commercial bodies of the Northwest Judge Thomas Burke, one of the most eloquent speakers of the state, will deliver an address of welcome. The response to these addresses will be made by President Kirby, or in the event of his non-arrival, by First Vice-President Mont-

As none of the delegations have we reached here intact, they have been delayed in formulating their particular desires for action by the congress, although the Texans held an informal cancus at the Washington Hotel this afternoon, and the Louisiana delegation met at the Lincoln for the same purpose. Nothing definite was arrived at at these meetings, and there will be no business of importance transacted until the delegates are all here. Meanwhile, irrigation, river and harbor improvements and other similar undertakings which will come before the congress for discussion, are being pretty freely discussed in an informal way.

The Scattle reception and entertainment rommittees have opened headquarters in the Marion block, and Chairman Fletcher and Secretary Hedrick, of the executive committee, are very busy looking after the requirements of the arriving delegutes. No register was opened at these downtown headquarters and as the delegates are scattered all over the city in hotels and rooming-houses, it is imposwible to ascertain the exact number already here. The register will be opened at Leschi Park tomorrow morning and it is believed that it will show over 500 delegates in attendance.

At the afternoon session tomorrow the principal address will be by Tom Richardson, manager of the New Orleans Progressive Unlen, who will speak on "Im-migration and its Distribution." Hon. H. W. Richardson, secretary of the National Good Roads Association, will speak on "Good Roads," A joint committee will make a report on the advisability of merging the Trans-Mississippi Commercial Consciens and the National Irrigation Con-This report will undoubtedly preity freely discussed and will end the business part of the day's proceedings.

In the evening between 6:30 and 9 o'clock an excursion will be given on Lake Washington. No evening business sessions will be held and the Scattle people have planned enough interesting diversions to occupy the time of the dele gates whenever they have any to spare

A few of the advance guard of the Portland delegation arrived today, and quarters for the remainder of the delegation have been secured at the Hotel Scattle. Oregon headquarters will be established in the balcony of the hotel, just off the main

Space has been reserved at the Park pavilion for an exhibit of photographs of Oregon scenery and industries which will be presented in lieu of a more substantial exhibit.

CRAZED BY JEALOUSY.

outh Seattle Woman Fires a Bullet Into Supposed Rival's Brain. SEATTLE, Aug. 17.—Crazed with the cellef that the affections of her husband

had been stolen and her home destroyed by Mrs. Laura Graham, Mrs. Sarah Allen fired a shot into the brain of her supposed rival at South Seattle this even-ing about 7 o'clock. She fired two shots. The first missed its object, but the sec-ond penetrated Mrs. Graham's forehead and she fell bleeding to the ground.

Mrs. Allen was captured by Sam Latterday, formerly a policeman, who held
her until the arrival of two patrolmen.

The woman was taken to the City Jail. and a little later transferred to the County Jall. Mrs. Graham was brought to the city and placed in Providence Hospital. An operation was performed, which revealed the fact that the bullet is lodged in the brain. The surreons have little hope of the woman's ecovery. Mrs. Allen is the wife of a motors

running on the South Seattle Street Rall-way line. Mrs. Graham is separated from her husband. The latter is a gambler and is now in Alaska.

PROFESSOR OF ENGLISH AT M'MINNVILLE COLLEGE

Miss Melissa E. Hill.

McMINNVILLE, Or., Aug. 17.— (Special.)—Miss Meliusa E. Hill has accepted the position of acting pro-fessor of English in McMinnville College. Miss Hill received her early education in the public schools of The Dalles, graduating from the High School of that city. In 1894 she was granted the degree of A. B. from the University of Oregon For six years she was instructor of English in the High School of The Dulles, and four years of that time she was assistant principal. During the past two years she did graduate work in English under the instruction of Professor Hart, head of the department of English at Wellesly College: Mrs. H. A. Davidson, of English in the University of the State of New York. While in the East she made a study of English work as it is presented in Mount Holyoke *College, in Wellesley Col-lege, and in Oswego Normal. July 14 Miss Hill organized a round table for the study of Eng-

club leaders and special students of English. The Round Table will meet in Portland every Summer.

During the school year Miss Hill will eccupy Mrs. Chandler's cottage on the campus of McMinnville College. With the help of her secretary, Miss Maudo Michell, of The Dalles, she will make a home for herself and several of the young ladies of the college.

foresight, for his schemes have materialized into permanent paying realities. Colonel Dewey had long been prominent in mining circles in Idaho; but it was not until the great Thunder Mountain gold strike that the name of Dewey spread beyoud the state. After becoming firmly in-tremched in the gold fields of Thunder Mountain, Mr. Dewey turned his attention to railroad building, with a view finally to to rairous obtaining, with a crew thinky to running a road from Silver City to his mines in Thunder Mountain, and those south of the Snake River. Thus, leading out from the Oregon Short Line at Nampa, a road was built north towards Thunder a road was built north towards Inunder. Mountain, 40 miles, as far as Emmett, and one south across the Snake River to Murphy. Hefore these reads could be completed Mr. Dewey died at his home in Nampa in April of this year, leaving the responsibility of the road's completion to his oldest son, Edward H. Dewey. Before Calcad. Devery died by built a realistic. Colonei Dewey died he built a palatial hotel at Nampa, costing more than \$25,000, and sequired several thousand acres of hand near Nampa. Upon this ground he proposed to build two large reservoirs for the conservation of the waste waters of the Boise River. While Mr. Dewey is not the chance-taker his father was, he is, nevertheless, progressive, public-spirited and is showing a disposition to carry out the plans formulated by his father. There is no doubt, therefore, that his northern road will be extended a good part of the road will be extended a good part of the way to Thunder Mountain next year, and that the great Ridenbaugh Canal, purchased by Mr. Dewey two months ago, will be enlarged and reservoirs built, as designed by the elder Dewey.

DEPUTY ABUSED A CONVICT. Suicide Due to the Punishment He Received in Juli.

BUTTE, Mont., Aug. 17.—Pursuant to legal advice, Michael Egan today aban-doned an autopsy upon the remains of Frank Ortoff, the Wyoming stage robber and leader of the recent jailbreak, whose body was found hanging in a cell Satur-

day morning.

The allegations were made that Ortoff's suicide was due to terrible punishment inflicted at the jail, it being alleged in a signed statement made by Edward Dor-val, chief operator of the Western Union, that he had seen a Deputy Sheriff stamp upon the prisoner's stomach until the

shackled man became unconscious.

Coroner Egan declares that the question of Ortoff's treatment by the jallers is a matter for the County Commissioners. and not for him to investigate, as it has been proved beyond a doubt that death was directly due to the suicide. It is stated that the Federal authorities will order an autopsy, as Ortoff was a United States prisoner, charged with robbing the mails of stages.

"Shut your eyes, open your mouth and see what luck will bring you."

The mother smiles at the childish game, and doesn't realize that It is a game she as a woman has perhaps played for a great many years.

Many a woman is weak and sick, nervous and discouraged. She suffers from headache, backache and other ills. She wants to be well, but all she does is to and open her mouth for medicine and trust to

luck for results. She "doctors month = after month, often year after year. in this same blind, hap-haz-ard fashion, and receives no per-manent benefit. Women take Dr. Pierce's Favorite Prescrip-tion with their eyes open to the

"Favorite Prescription."

"My disease was displacement and ulceration of the uterus, and I was in a terrible condition, with pain and weakness and had given up all hopes of ever being well again," writes Mrs. Harry A. Brown, of Orono, Penebscot County, Me. Had doctored with four different docters within four months, and instead of getting better was growing weaker all the time. I decided to try your "Favorits Prescription," Golden Medical Discovery and "Pleasant Peilets," as I had heard of the many cures resulting from their use. I bought five bottles and felt so much better after taking them that I kept on until I am as well as ever in my life, and to Dr. Pierce all the praise is due, I cannot say enough in favor of his medicines, Before I began taking your medicines, Before I began taking your medicines. I only weighted 100 pounds. I now weigh 160 pounds. I am now in perfect health, thanks to Dr. Pierce."

WONDERFUL

Right Here in Portland.

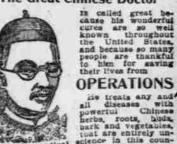

Pertland people are surprised at the work being done by "The Little Conqueror." Public expression on the sub-ject brings the matter frequently before the people. At first there were make doubters: and why not? So many claims of a similar nature have been made with little or no booking excepting the word of

doubters; and why not? So many claims of a similar nature have been made with little or no backing excepting the word of some stranger residing in a far-away place; this evidence was accepted for lack of better. Not necessary to accept any longer. All sufferers from any kidney ill can find plenty of local indorsement for a remedy that will cure them. Surely the wonderful work of Doan's Ridney Pills right here at home is proof sufficient to satisfy any skeptic. Read the expression of one citizen on the subject:

J. Blake, whose place of residence is 55. Market street, says: "I bought several boxes of Doan's Kidney Pills from the Laue-Davis Drug Company's store corner of Yamhill and Third streets, and I scarcely think if the first had not proved satisfactory that I would have tried the second or third. I have used in my time almost everything said to be a cure for weakened or overexcited kidneys and bladder, but nothing ever gave me the satisfaction I received from Doan's Kidney Pills. They are easy to take, have no effect upon the stomach or bowels, and act directly on the kidneys, and I thoroughly believe from the results I received and also from observation that Doan's Kidney Pills are one preparation on the market which acts directly as represented."
