AMUSEMENTS.

MARQUAM GRAND THEATER—This after-noon at 2:15 o'clock, tonight at 8:15—The Pollard Lillipatian Opera Company in 'The Belle of New York.' BHISLIDE PARK, Thirteenth and Washington EMPIRE THEATER, Twelfth and Morrison

PREPARING MAP OF RIVER CHANNEL.—A party detailed by City Engineer Elliott yesterday began taking soundings along the channel of the Williamette for a mile above and half a mile below the Morrishove and half a mile below the Morri-son-street bridge, preparatory to prepar-ing the map which must be submitted to the United States Engineers and be ap-proved by the War Department before the work of constructing a new bridge at Morrison street can be begun. The party is in charge of John R. Hansen, and is furnished with a good big rowboat, tran-sit, sexiant and all apparatus necessary to secure data for preparing a map showriver as exactly as if it were dry land. It will not be practicable to use any chainmen, as the water is \$9 feet in depth on the ground to be charted. This work will be no smell job. First, soundings will be taken to find where the channel is, this being a point in which the Government is particularly interested. Then cork floats, with small flags, will be put out to ascertain the exact course of the current. The harbor lines and wharf lines will also have to be laid out, and in the end the whole platted on a small scale. This will platted on a small scale. This will whole platted on a small scale. This will take three or four weeks, probably, and the map when completed will be submit-ted to Captain Langfitt, United States Engineer, for his approval. The city au-thorities have but little doubt as to the thorities have but little doubt as to the plans for the new bridge at Morrison street being approved by the Government, as the plets are to be located farther apart, thus giving a wider opening for the passage of vessels. The water is so deep that shipping will not be impeded. In order to be certain that no harm can come order to be certain that no harm can come to navigation by the construction of the proposed new bridge, the Government re-quires the survey and chart to be made.

MAZAMAS TO HOLD REUNION.-The Ma. gama Society will have their usual Fall regulon and home outing for members and invited friends on the afternoon of Saturday, September 5. It will be held at the head of Macleay Park, where refresh-ments will be served and the officers of the society will make their reports of the various outings. Miss Elia McBride will be expected to give an account of her recent trip to the summit of Mount Whit-ney, the highest mountain in California, and Rodney L. Glisan, president of the Mazamas, will tell how the lightning siruck about the summits of the Three struck about the summits of the Three Sisters. In the evening the party will proceed over the Macleay trail to the City Park, carrying lighted Japanese lanterns and marching in single file, and as it is expected that there will be about 200 present, the string will be half a mile long and will, as seen from a distance, present the appearance of a flery serpent, as they wind in and out of the ravines through the woods. It is confidently expected that the rain will be over by that time. It is the intention for the by that time. It is the intention for the party to gather in a body on he high ridge plateau west of St. Vincent's Hospital and march and counternarch along the rim, which is in full view from the city. Colonel Hawkins will make a special trip over the route to see that all parts of the trail are in good order.

PROMINENT ORDERALOWS HONORED.—At the meeting of Ellison Encampment, No. 1, I.O. O. F., on Tuesday evening, P. W. Stewart. P. G. P. and grand representative to the Sovereign Grand Lodge, i. O. O. F., which meets at Baltimore, Md. September II, was presented with a beautiful G. R. collar. The presentation speech was made by Dr. S. W. Striber. J. W., who mentioned the fact that the Encampment branch had made its largest gain in membership during Patriarch. PROMINENT ODDFELLOWS HONORED .- At est gain in membership during Patriarch standard immediately.

Etewart's term of office. The recipient responded in a feeling manner, thanking the patriarchs for their beautiful gift, which be appreciated very much. The delegates to the Sovereign Grand Lodge, Robert Andrews, of Portland; Judge T. F.

M. cally, runs through to Seaside direct without transfer, reaching Gearhart at 12:20 P. M. and Seaside 12:30 P.M. Saturday afternoon Portland-Seaside Flyer leaves Union Depot every Saturday at 2:30 P. M., and runs through to Sea-cide direct, arriving Asteria 5:50 P. M., Gearhart 6:40 P. M. and Seaside 6:50 P. M. Season excursion tickets between Portland and all beach points sold for 4 round trip. Special Saturday round trip excursion fickets between same points, good to return Sunday evening, \$2.50.

RAISES FOUR-OUNCE PRUNES. - Several specimens of Pacific prunes, weighing four ounces each, full weight, were sent to The Oregonian office yesterday by S. C. Beach, who raised them on his place at Arbor Lodge, in this city. All who have seen them admit that they take "the prune cake," as far as size and weight are concerned as to their good or bad qualities bothing definite is known, but they can stless produce more tons to the acre and break down more trees by overproduction than any other prune.

"LONG DISTANCE" IMPROVED.—The en-Telephone & Telegraph Company, who have been trying new methods on the long-distance lines of that company, greatly increasing their talking capabilities, have just finished their work upon the line between Portland and Son Franchee, and the improvement in the talking

qualities of the line is surprising.

Flasschner, Mater & Co. to Build.— Fielschner, Mayer & Co., manufacturers and dealers in dry goods, are to have their new \$29,000 building constructed at once. They have a force of men at work tearing down the wooden shacks that now occupy the site of the new building at Second and Yesterday they secured a building permit from the city.

Anxious to Have Street Bridge Re-pared.—A large number of property-own-ers are very anxious to have the bridge on East Eighth street, between East Caruthers and Clinton streets, which has just been closed, put in order as soon as possible, as East Eighth street is an im-portant thoroughtare. They will prob-ably apply to the Council for assistance in this matter, as the job will be quite an expensive one, the cost being more than the City Engineer has any idea that the Executive Board will be willing to appro-priate out of their limited street repair Executive Board will be willing to appropriate out of their limited street repair fund. The bridge is 570 feet long, and the roadway is 36 feet in width. The roadway planking is badly worn, and the superstructure, which is 36 feet in height, needs some repairs. The new roadway will require about \$2,000 feet of 35-foot planks, which cost \$14.50 per thousand, amounting to \$1150. Thirteen kegs of spikes will cost \$25, and labor \$400, making the total cost of the new roadway \$1635. The property-owners are probably correct The property-owners are probably correct The property-owners are probably correct in the idea that the Executive Board will decline to draw on the limited street re-pair fund for the sum necessary to put this bridge in order, and they will hasten to ask the Council for assistance before others in the same situation apply.

Bids on Concussions Invited.—Sealed bids will be received until August 25, insit, sexiant and all apparatus necessary to secure data for preparing a map showing the topography of the bottom of the river as exactly as if it were dry land. It will not be preclicable to use any chainmen, as the water is 30 feet in depth on will not be preclicable to use any chainmen, as the water is 30 feet in depth on will not be preclicable to use any chainmen, as the water is 30 feet in depth on will not be preclicable to use any chainmen. MONEY SYSTEM FOR CHINA Prance and Russin Would Begin on Silver Basis ad Work up to Gold.

PARIS, Aug., 26.-The report of the French Commission appointed to confer with the United States Monetary Ex-change Commissioners has been delivered to Ambussador Porter. It contains a note from Foreign Minister Deleasse saying France is not prepared to express bind-ing conclusions until she has consulted with the powers. The report indorses the principle of a gold standard for China and other silver-using countries, but it points out that the plan is possible only under judicious control of the coinage by the government and the creation of an ade quate gold reserve. It favors a coinage ratio for the Orient, fixing the face value of silver slightly above its bullion vallue, similar to the American system in

the Pollippines.

The French commission makes reserva-tion upon the proposed regular purchase of silver, on the ground that it is impos

sible to foresee the country's need for substituty and colonial coinage. Semi-official advices from Russia indi-cate that the commission appointed by Pinance Minster Witte his adopted a similar conclusion. The French and Russians consider it preferable to establish a uniform system in China by beginning on a silver basis and afterward raising it to a fixed gold value, than to begin on a gold

CASTS HERSELF IN SLOUGH

HER LIFE.

Suffering From Insanity, She Eludes Her Watchful Sister and Seeks a Watery Grave.

nah Molander slipped from the residence of S. Peterson, 850 Michigan avenue Sun-day night and was forced by a demented mind to end her life by casting herself into a slough near the Portland flouring mills. The body, floating face downwards. was found yesterday afternoon by Mrs. J. Miliard and her two little daughters. Mrs. Molander was the wife of Andrew Molander, of La Center, Wash. She was brought to the home of her sister, Mrs.

Peterson, inst Tuesnay, and was then known to be suffering from a mild form of insanity. The Petersons watched her carefully though they did not fear she would make any atempt upon her life.
Sunday evening Mrs. Molander made a
number of efforts to get the Petersons
out of the way for a time. Finally she
succeeded and graking the best of the opportunity slipped from a rear door and vanished in the growing darkness. The police were at once notified of the

disappearance of the demented woman and the patrolmen of the East Side were inthe patroimen of the East Side were in-structed to be on the watch for her. Noth-ing was seen of Mrs. Molander, however, until her body was discovered yesterday afternoon by Mrs. J. Miliard, who with two little girls was walking along the bank of the slough mklway between the new dry dock site and the Portland flour-tor wills.

Preparatory to casting herself into the muddy water, Mrs. Molander had removed her hat and black jacket. These lying upon the low bank were the first evidences of the low bank were the first evidences of the suicide. When Mrs. Millard saw the clothes she looked over the slough more carefully and at once saw the body of Mrs. Molander floating upon the water, 12 feet from the bank.

Supported by the air in her clothes the body of the self-sinin woman had not sunk below the surface since she threw herself headlong from the bank, presumably Sun-day night. The slough is not more than a mile from the house on Michigan avenue, but in a neighborhood little frequented by

any one, so the floating body thus escaped notice until yesterday. Coroner Finley was at once notified and took charge of the remains. The funeral will be held this afternoon from the Finley chapel. The interment will be in Green-wood cemetery, where Mrs. Molander's father and former husband, D. F. Jacob-Mrs. Hannah Molander was 56 years old. Her mother, Mrs. Carlton, lives at 250

Corbett street. Coroner Finley made a thorough investigation of the case and was satisfied that the woman had committed suicide. No in-quest will therefore be held.

CORDRAY'S MADE NEW.

Renovated and Much Improved, Popular Theater Will Reopen Sunday.

Cordray's theater, renovated and with practically new interior, will open next unday evning, Aug. 30, with the droll omedian, Frank Bacon, in "The Hills of California." Since the theater was ed last June it has undergone such extensive alterations that its former pa-trons will scarcely recognize the interior. The balconies have been cut off on each side and changed into the form of the ietteted "S," affording an unobstructed view of the stage from every seat in the balcony. The old boxes have been torn out and new boxes erected on each side, each box containing six seats. A full view of the stage can be had from these box seats, as well as from the cen ter of the parquet. The old loges have been removed and opera chairs substi-tuted both upstairs and down. The first balcony has been extended back to in-BADGES OF EVERY STATE close that portion formerly used as a gallery and reseated with opera chairs.

Grand Army Men Come From All mer balcony seating about 200. Four mew stairs have been crected, leading Robert Andrews, of Portiand, Judge T. F. Ryan, of Oregon City; Dr. O. H. Nelson, of McMianville, and P. W. Stewart, expect to leave for Baltimors September 2 over the O. B. & N. They are being supplied with a lot of Lewis and Clark literature, which they will distribute at the convention.

gene about as complete a metamorphosis as possible. But, best of all, the prices have been arranged on a lower scale than ever before, and Messrs. Cordray & Rus-sell report that the best class of bookings ever seen in its history will be seen at Cordray's Popular Family Theater during

Matinee at Marquam Today.

This afternoon at I:15 o'clock a Company now playing to crowded houses nightly at the Marquam Grand Theater where they will present their greatest suc-cess "The Belle of New York." The last performance will be given this evening when the same bill will be given.

Ezra Kendall Tomorrow

Eara Kendall presenting, supported by a most capable company and producing a comedy that will appeal to people in all walks of life, "The Vinegar Buyer," with be the attraction at the Marquam Grand Theater tomorrow night continuing Satorday afternoon and night. The sale of seats opened yesterday.

Amateur Night at Shields' Park. Tomorrow is amateur night at Shields Park, and this means that there will b carloads of fun when the young men and young women with inclinations toward the stage make their initial bow to a Portland audience. The sketch of Rose and Severne this week is one of the most laugable turns presented this sea-son, and the dancing of Caston and Har-vey is artistle. The other acts on the bill are also of the highest vandeville

Cordray's Opening Sunday.

Frank Bacon, the well-known comedian supported by his own company, in a pla eason of 1905-4 at Cordray's Theater next Sunday evening. Mr. Bacon has jus closed his three years' engagement at the Alcazar Theater, San Francisco, where h has played the principal comedy parts in more than a hundred different plays. The Hills of California" is his new play and the part of Amos Hill is said to fit him better than any character he has ever appeared in. The company has met with flattering success on its trip to

Japanese Gymnasts Next Week. Next week at the Empire Theater the Tetruwari, a Japanese troupe of gymnasts, jugglers and magicians, will top Take the elevator

the new programme which has its first presentation on Monday, August II. The troupe consists of three fair Japanese girls, who, with their father for instructor, have gained a prominent place among performers. Other new features will be Loa Durbyelle, a woman shadowgraphis, who does some truly marvelous work with her hands, and the entertaining team of Mounts and Delmar. This duo of artists introduce all the latest vocal novelties, coon songs, and cause continuous laughter.

New Bill at Shields' for Next Week. Manager Edward Shields states that he will be prepared to announce his attractions for the coming week's bill in the papers Saturday. He has secured some fine talent for his show and will see that the excellent bill of the current week is surpassed by the artists be has booked. The moving pictures for the programme, which commences Sunday night, have already arrived from Chicago, where they were especially manufactured for they were especially manufactured for Manager Shields.

ular excursion next Sunday via the South-ern Pacific, going south on the East Side and returning from Corvalitie on the West Side. Train will leave Union Depot at

STRUCK BY LIGHTNING. Greaham Residence Is Set on Fire by Electric Bolt.

GRESHAM, Or., Aug. 28.—(Special.)— During a severe thunder storm the resi-dence of Johnson Cleveland at this olace was struck by lightning and set on fire. The electric bolt struck the roof and went through into the parior, where it shat-tered a studding between two windows and passed through the floor into the and passed through the floor into the ground. The windows were not injured, but the inside of the room was soon in flames, and considerable damage was done to the building and furniture before the fire was extinguished. Mrs, Cleveland was alone in another part of the house, but was unaware that anything had happened until neighbors come to put out the fire. Such a small hole was made in the roof by the lightning that it could scarcely be found, but the west wall of the build was badly damaged. The building was insured in the McMinnville Company, which promptly adjusted the loss and paid the damages, although it does not insure against lightning. Such freaks of the elements are very rare here, this being the first of the kind ever known in this vicinity, although trees are sometimes struck by lightning during such electrical

Tiemakers Dissatisfied.

The tie mills of Eastern Multnomah County are all running again and deliver-ing their products at Troutdale, but their wners are dissatisfied with the small cwners are dissatisfied with the small victory the railroad companies gained over them last month when they were all shut down for several weeks. The price of ties was reduced from 30 cents to 35 cents, delivered at Troutdale, and there is a feeding that the price should be restored to its old figure. All the mills, if in number, belong to the Columbia River Tle and Lumber Association, with headquarters in Portland, and a concerted move-ters in Portland, and a concerted moveters in Portland, and a concerted moveit is on foot to bring the railroad com panies to terms. A representative of the association has been visiting the mills of this vicinity, and there is a probability that another market will be looked for unless a better figure is obtained for the ties manufactured by the mills of the association. It is the intention to ship the ties to California, either by radi or on the sailling vessels, unless the old prices are restored by the O. R. & N. Co., which has been taking all the product up to the present time

It is said that cheap freights can be se cured by water and that there is an un-limited market for all ties that can be

made, Much Grain Dumnged. Much damage is being done to grain in the shock by the continued showery weather Uncut fields are not damaged to any great extent, and threshing machines are at work wherever the grain has been stacked. Late fields that had not ripened yet are improving and should yield better than early-sown crops if the weather comes off hot again.

Remembered by His Friends. David Brown, formerly of Rockwood, but now living at Lexington, was one of the sufferers by the Heppner disaster. He belongs to three fraternal orders, each of which sent him money from their relief fund. He was given 39 in all, the lodges preferring that he should have their done-tions to having it put in a Portland bank along with the unexpended balance contributed by others.

ACKNOWLEDGMENT.

Though language will never fully exfriends who aided us in our recent severtrial and tried to lighten our great sor row with their kind sympathy we feel that we owe a public acknowledgment to those whom we cannot take by the hand and express our deep gratitude face to

First of all our thanks to the brave men First of all our thanks to the brave men who risked their lives in the treacherous element to save the life of, to them a stranger, but to us the sun of our lives, C. C. Spencer, of Oregon City, Charles A. Burden and John Straub, of Eugene, and N. Bush, of Salem. Though not successful, their efforts lose none of their merit. We also wish to thank the people of Newport, who, headed by their noble Mayor, Mr. Irvine, did all in their power to lighten our grief by their assistances to lighten our grief by their assistance and to the ladies who took care of the beand to the lanes wan took care of the be-reaved mother and sister, and to the watchers and searchers at the shore, who, headed by Mr. Gault, of Hillsboro, succeeded in recovering the body, and to Edward Stone and his courteous employes of the C. & E.
