TAKES OFFICE TODAY

W. E. Finzer Assumes Duties of Adjutant-General.

SUCCEEDS C. U. GANTENBEIN

Two Officers Meet and Arrange for the Transfer-In Four Years Oregon National Guard Has Been Reorganized.

The command of the Oregon National Buard will today be transferred to Capain W. E. Finzer, of Company I, Third Regiment, of Woodburn, when he will enter upon his duties as Adjutant-Gen-eral. He succeeds General C. U. Gantenein, who has been Colonel of the Third bein, who has been Colone; of the Inite Regiment since August 10 and has only retained the office of Adjutant-General while he was winding up the unfinished business he had on hand ready to turn over to his successor.

All arrangements for the transfer were made yesterday, and the change will occur as easily as one man comes in at one converse at the Armory last night, while the bustle incidental to the return of Bat-tery A from camp and the preparations of the Third Regiment and the of the Third Regiment and the companies of the Separate Battalion to go into camp were going on all around them.

Colonel Gantenbein is probably as happy in giving up the only salaried office in the National Guard as General Finzer is to step into it, for it has lately taken up nearly all his time and he has new duties to take up which will not leave him any time to kill, for he has been appointed dean and lecturer on common law, evice and contracts at the University of Oregon.

During his four years as Adjutant-Gen eral, Colonei Gantenbein has successfully carried the organization through a transition stage in its history. On his return from the Philippines, where he was Major of the first battailon which landed, and his appointment to the office, he took up and completed the work of reorganizing the Guard, which had begun in his absence. Then he took up and carried through the collection of the state's claims against the United States, amounting to about \$54,000 in cash and kind for equipment furnished by the state to the Second Oregon Volunteer Regiment. It also fell to him to prepare a new code of regulations governing the National Guard, which he completed in 1901. He had the pleasant task of distributing the 1700 medals issued by the Government to the Spanish-Amer-ican War veterans of the state. Then he succeeded in collecting about \$21,000 for the Second Oregon Volunteers as pay the date of their assembly at Camp McKinley to the date of their muster into the United States service. He his work in connection with the scond Regiment by compiling the official record of their services in the Spanish-American War and the Philippine insur-

nected with the payment of the claims of the Indian War veterans, for the payment of which the last Legislature appropriated He has passed on all claims pre sented to date, numbering 870, with the exception of two, which are suspended The appropriation is not sufficient to pay claims for they will aggregate all the claims for they will aggregate about \$140,000. The bill originally provided for an appropriation of \$300,000 to pay \$2 a day for each man and \$2 a day for each borse. The allowance for the horses was eliminated and the appropria-tion was cut down to \$100,000. If it had tion was cut down to \$190,000. If it had been placed at \$150,000 it would have been enough, for all the men were mounted, so that the allowance for horses will amount to as much as that for the men. Action on the claims in excess of the appropriasuit to compel the Secretary of State to draw warrants for all claims allowed. If the court grants the order sought, the State Treasurer will mark these warrants "not paid for want of funds," and they will draw 6 per cent interest until paid. Colonel Gantenbeln has recently completed the reorganization of the National Guard on the lines of the Dick militia law.

This makes the Guard the first reserv into service in case of invasion, insurrec tion or the need of military force to main-tain the law. Under the Dick bill, either whole regiments or single companies may be called into service as a unit with their own officers. The Guard is now equipped in the same way as the regular Army. The Guard is now equipped with the same uniform, shoes, tents and Krag-Jorgensen rifles. This is the first time that the National Guard has had entirely new rifles, for it has had to satisfied hitherto with rifles discarded by the regulars.

The last work falling upon General Gantenbein was the arrangement for the an-nual encampment with which the Guard which are full of work and not merely picnics, such as have been the jest of the humorists.

"I shall follow the same lines as Gen-eral Gantenbein," said General Finzer, in talking of his plans with an Oregonian reporter, "and expect to do the best I can for the Guard. General Gantenbein has given very good service, and if I can do as well as he, I shall be content. I expect to visit the camps of both the Third Regent at Gearhart and that of the Se rate Battalion at Roseburg. I shall not be able to join Troop A, which will make a ractice march from Lebanon towards frownville, under command of Colonel

General Finzer will probably make his headquarters in Portland, as the largest proportion of the state troops is here.

FIRST BATTERY RETURNS. National Guard Field Artillery

Makes Good Records. First Battery of Field Artillery, O. N. G., which returned a few days ago from camp at Seaside, made good rec-ords with the field guns in target practice and, if it had been firing at a hos-tile battery instead of a landslide, would

have done some damage.

The guns were stationed on the beach and fired across a strip of water at a landglide on the side of Tillamook Head, the center of this target being marked by a piece of muslin three by six feet, which ranges used. Twelve shots were fired at a range of 1700 yards and all were effective. that is, hit the target. The other is shots were fired at a range of 2600 yards, or a mile and a half. Of these 14 were effectively about 10 would be unfair to single out any common wealths in the Union. tive and one shell broke only about 50 industry and say that it especially has feet from the muzzle of the gun. It condone well in Idaho. Our wheat crop will tinued to travel, fragments dropping all along the line towards the target for a distance of 2000 yards and most of them falling in the water.

The battery also had pistol practice at ranges of 25, 50 and 75 yards, each man having six shots. The honors were won by Corporal H. W. Ormandy, who made six bull's eyes at E yards. The full scores have not been added up, but the men showed fairly good markmanship, though some of them had never handled out the Lewis and Clark Exposition to be held in Portland.

"It is a most important." showed fairly good markmanship, though "It is a most important Exposition" some of them had never handled a resaid he last night, "whether we view it colver. It requires a score of 50 out of a from an industrial or an historical stand-

to break in the horses, but the last two drills were good, the horses having been put in good training by that time. One horse was balky and on one occasion fell, but nobody was hurt and not a strap in

but nobody was hurt and not a strap in the harness was broken.

A decided friendship was struck up be-tween the battery and the citizens of Seaside, who enjoyed their society during the hours of liberty, which were a large part of every afternoon and from sunset to II P. M. A baseball team was formed and heat the Seaside team by a score of 7 to 4 Mayor Young, the town Council, Marshal and Decenty Marshal of Seaside Marshal and Deputy Marshal of Seaside were all entertained at dinner one day. Last Wedneday the whole battery ex-cept the guard detail were invited by Lieutenant B. M. Clark to a campure on the beach near his house, at which refreshments were served by Mrs. Clark and the hours flew with the aid of singing and other amusements.

The camp was visited last Wednesday by Colonel James Jackson, the Inspector-General, who made a thorough inspection of the men, both in camp and on drill. Adjutant-General Gantenbein visited the camp on Sunday, August 25, and was greeted with a Brigadier-General's salute

of 11 guns. Sergennt E. O. Bender was made the victim of a practical joke by his comrades. A Sesside lady gave him a cake, which he concealed in the Quartermaster's storeroom. The boys found it, carefully packed in a box and promptly made a football of it, so that, when the box was opened, the cake was reduced to about the consistency of clam chowder, to Mr. Bender's great indignation. The battery assembled at the Armory last night to check up all the property

TOO LATE TO GET MONEY.

Friday evening.

as a preliminary to receiving its pay on

Lewis Stubbe's Children Sue for Their Father's Property.

The children of Louis Stubbe, deceased, charge that Mrs. Alvina Reinke has \$1800 in cash and other personal property which she obtained from their father during his lifetime, and now refuses to surrender. The children, whose names are William, August, Henry and Gustaf Stubbe, and Lena, Kolpen and Caroline Stubbe, yes-terday by their attorneys, Mitchell & Tanner, commenced suit against Mrs. Reinke in the State Circuit Court, and also asked for an order which Judge Cleland signed, enjoining her from withdrawing \$1200 from the Merchants' National Bank. The Sheriff took the order to the bank, only to be informed that there was no such \$1260 deposit on hand. The woman withdrew the money on August 19, having evidently in some manner received a tip of what was

As the story goes, Mrs. Reinke, who was formerly known as Alvina Henz, came here from Wisconsin with Louis Stubbe, who was a teamster, about four years The complaint recites that he died in October, 1992, and that she took possession of the household furniture and other personal property, besides \$1800, which he had possessed. It is alleged that Mrz. Reinke refused to pay the money over to the heirs upon demand, asserting that their father had expended it all before his death except several hundred dollars. which she had expended in payment of the expenses of his last sickness and the funeral bill. The plaintiffs aver that this is not true, because Mrs. Reinke recently deposited \$1200 in the Merchants' National Bank, which was a portion of the \$1800, and this is the \$1200 which the officer of the law was too late to seize.

IDAHO IN HIGH FAVOR. Congressional Delegation Has President's Confidence.

Governor John T. Morrison, of Idaho, is at the Imperial on his way from Boise to Northern Idaho. The disaster which has befallen the Oregon Congressional delegation was well known to Governo Morrison, but when asked about the re-port that the Idaho-delegation was also suffering somewhat at the hands of the Administration, the Governor laughed, "Nothing in it at all," said he. "As far

as any one can see, President Roosevelt has every confidence in the representatives from our state, and there has been no friction in the past, nor is there likely started, probably, in the fact that the General Land Office has withdrawn a great deal of land from entry in our state and we differ as to the wisdom of some of the withdrawals. But there is no trouble. We will argue the matter out and I have no doubt that the ultimate re sult will be fair, both to Idaho and to the Nation at large.

"As a matter of fact," continued the Governor, "neither Oregon nor Idaho have realized from their timber lands what they are worth. Idaho is the younger state and we are just awaking to the

Governor John T. Morrison, of Idaho.

The state has got somewhat the worst of the scrimmage for land in which the timber speculators, the railroads, the state and the Federal Government have been engaged. For instance, the Northern Pacific Rallroad was granted every alter-nate section along its right of way through Idaho. Now it is coming in with scrip issued to it in other states and is locating the even sections, and has thus obtained a solid belt of land of great value in many places. But these things are unavoidable, to some extent. The

exceed the wheat crop of any other sec tion in the Northwest this year. Our mines are turning out the precious metals in great abundance. Everything is prosperous and the tide of immigration seems to have set permanently in our direc-

ossible To points to qualify as a marks-nan.

The drill of the 62 men under Captain bibit here in 1905. We have already ap-The drill of the 2 men under Captain H. W. Welch steadily improved as the horses became broken into their work. The battery is not supplied with horses so that it has to hire untrained horses for the occasion each time that it goes into camp. Naturally, it took several days

RENEWS COLONIST RATES

NORTHERN PACIFIC MAKES ITS AN-NOUNCEMENT.

General Passenger Agent Fee Resents Suggestion That Action Was Forced by Union Pacific.

The suggestion that the Union Pacific forced the hand of the other northern lines by putting the colonist rates in ef-fect without awaiting the action of the Transcontinental Passenger Association is vigorously resented by Charles S. Fee, general passenger agent of the Northern Pacific, who is in the city. As though to back up his statement advices were re-ceived yesterday from headquarters in St. Paul by A. D. Charlton, assistant general passenger agent, announcing that the rates would be put in effect by his line on September 15 and continue until No-vember 15. Mr. Fee said on the subject: "This newspaper talk that certain of the northern lines have been 'forced' to

issued a new folder map of Oregon which is complete in detail and up to date, both as to the data given in the map and descriptive of the state. It shows all the latest railroads in and tributary to the state, including the Columbia River & Northern from Lyle to Goldendale, Wash, and the Salem, Falls City & Western, which has been constructed from Dallas to Falls City and is to be extended eastward to Salem. It also shows the Crater Lake National Park. The reading matter is complete but concise, and is so conservative that the homeseeker will find on investigation that it rather under than on investigation that it rather under than overstates the facts. A general description of the state is followed by chapters on climate, transportation, education, agriculture, the Williamette Valley, the Umpqua Valley, the Rogue River Valley, dairying, horticulture, stockraising, lumber, milling, manufacturing, gold mining It also gives the latest report of the Commissioner of Public Lands on the public land of Oregon and the latest statistics of the livestock of the state.

Heavy Travel on Southern Pacific. Although the rush of traffic due to the bomeward-bound tide of the Grand Army of the Republic has somewhat abated on the Southern Pacific lines, it is still so the northern lines have been 'forced' to heavy that it is necessary to run trains put in the colonist rates this Fall is all in two sections regularly and they are tommy rot. I have the best of reasons always crowded. The travelers are mostly for believing that the introduction of one-way colonist rates September 15 to No-that California is not all of the Pacific

NEW ADJUTANT-GENERAL OREGON NATIONAL GUARD

vember 30, 1963, originated with a north- | Coast and include Oregon in their itin ern line, but neither that line nor any other north coast line has forced, or has been in position to force, the introduction of these or any other through rates. The of these or any other through rates. The ling the Sound country stop off in Ore Union Pacific may have anticipated what gon on their journey south to see Call was determined upon after the fullest conference and announced this rate first, but that the proposition originated with them, or that the Union Pacific forced the rates against the opposition of even single line engaged in north coast traffic

"The Northern Pacific's passenger traffic has been, and still continues, very heavy. As I stated recently, we have not been working very hard on Grand Army busi-ness, but there never has been a time when we have lessened our efforts to secure settlers. Summer and Winter, Spring and Fall, have all been alike to us so far as concerns this feature of our work, and each year of the past 20 we have cir-culated throughout the United States and in foreign countries thousands of pieces of valuable advertising, prepared at our own expense, in the interest of Montana, Oregon, Washington, Idaho and the North Pacific Coast generally. The Northern Pacific was the ploneer among railways in advertising the resources of Idaho, Oregon and Washington. During a period of three years-prior to the time there was a mile of railway outside of the Northern Pacific north of Coles, west of Pocatelio, Minot or Calgary-the Northern Pacific with its own line from St. Paul to Puget Sound and Portland carried into not less than 40,000 people per annum on colonist tickets, and I venture the assersettled here and became prosperous with the growth and development of the coun-

'If some of our neighbors later in the field, with greater interests in California or other sections, have only recently recognized the importance of Oregon, Wash-ington and the Pacific Northwest, they should not in their new-found seal forget the fact that there are others."

The rates are the same as those in effect last season and are only good west; bound. They are designed for people who come west to stay and are different in this respect from homeseekers' rates, which are intended for people who come west to look over the ground, pick out a home and return East to prepare for the move. For this reason homeseekers' rates are made for the round trip. The colonist rates will be in effect from September 15 to November 30, inclusive of both dates,

From St. Paul, Minneapolis, Duluth and Missouri River points to all Pacific Coast terminals from Vancouver and Victoria on the north to Ashland on the south, \$25. From Chicago to the same Pacific Coast terminals, \$30.

From St. Louis to the same Pacific oast terminals, \$30. To Spokane common points, \$2.50 less than the Pacific Coast rates

NEW PASS DISCOVERED. Bellingham Bay Road Will Use It to Reach Spokane.

WHATCOM, Wash., Aug. 31.—Superin-endent Donovan, of the Bellingham Bay & British Columbia Railway, who has just returned from a meeting of the di-rectors of the road in San Francisco, today confirmed the reported discovery of a pass through the Cascade Mountains, between the line of the Great Northern and the international boundary, of a lower elevation than any one at the present time used by a transcontinental railroad. His company, he said, had agreed to pay the discoverer \$5000 for information as to where it existed. The company's sur-veying party engaged in the location of the line from here to Spokane has been taken through the pass by the discoverer,

and its report confirms his.

Mr. Denovan said that his road would be built through Spokane, but he denied that it had been acquired by the Union Pacific. That road will reach the Sound over it, but other roads, he declared, would have the same privilege

the North End which makes it possible for the specials to receive money regularly from the women they protect. The two men officially at the head of the po-lice department declare they wish to make no personal visits to the Bad Lands, as, from their position, they will sit as judges upon the officer in question when he is brought before them. Apparently what evidence can be brought against Roberts must be obtained and told at the investigation by supposedly disinterested parties. The police committee is a judicial organization, it says, not one which can see or

Another Suit by Bridge Victim. Attorney Mark O'Neill is preparing to bring a \$5000 damage suit against Multomah County in the interest of Mrs. Emil Weber, who was one of the victims of the Morrison-street bridge accident. Mrs. Weber is said to have been confined to her bed ever since as the result of severe internal injuries, from the effects of which, it is stated, she will never fully

FOR ITS SIMPLICITY.

Services Held at Westminster Abbey at the Same Time Are Attended by Noted Men.

LONDON, Aug. 31.-The remains of Lord Salisbury were interred today be-side those of his wife, in the burial grounds of the Cecils, at Hatfield. The arrangements were of the most private and simple character. All the children of the deceased were present, as were also Premier Balfour, Lord Selborne and a few intimate neighbors. Otherwise the mourners were made up of the dead statesman's tenants, retainers and in-habitants of Hatfield. The coffin was carried to and from the parish church by old retainers.

Simultaneously a memorial service was held in Westminster Abbey, which was attended by representatives of King Ed-ward, Emperor William, and other mem-bers of royal and imperial families, Cabinet Ministers, former Cabinet Ministers, diplomats, including Ambassador Choate, and members of the other embassies, and a host of peers, members of Parilament and others. The only floral tribute on Lord Salisbury's coffin was a wreath sent by Queen Alexandra. Other wreaths sent by the King of Portugal and others were used to decorate the graveyard. The Archbishop of Canterbury officiated at the funeral services. The King sent a wreath with the words, "As a mark of deepest regard, greatest respect and sincere friendship."

GOOD CASE AGAINST DAVIS Tacoma Police Expect to Convict Man Suspected of Sellwood Hold-Up.

After six weeks of apparently fruitless search the detectives now feel sure htat one of the men who held up the Sellwood car on the night of July 14 is within the toils and cannot escape punishment. Detectives Simmons and Day returned from Tacoma where they investigated the charges made against Joe Davis, the man upon whom was found a watch positively identified by D. Bradley, of Sellwood, as the time piece stolen from him on the night of the famous hold-up.

"He's a tough-looking customer," said Detective Simmons. "He says he's 19 years old, but he is every bit of 25 or more. We told him that the man he shot in the hold-up was dead. He just laughed and said

they could hang him if they wanted to.
"The Tacoma police believe they have a strong case against him. If this falls down, we have a far better and much stronge case against him in Portland, so it seems as though he would get it one way or an other. The watch has been identified, and that is pretty conclusive evidence. I hardly know what to make of the man. He doesn't seem to care about anything. Just the same he is a hard-looking customer. He was in jail for four days in Tacoma with a 44-caliber revolver in his trouser leg before it was discovered. Sometime the man who searches prisoners is not very careful. When the people in Tacoma get through with the man, we will

Detective Joe Day agrees with Captain of Detectives Simmons in his opinion of the alleged highwayman, found by Officer Laswell in a box car two weeks after the hold-up had occurred in Portland. It was merely by a chance that the man was found in the car, and at the time he was arrested it was not thought that he had any connection with the car hold-up in na or the Sellwood car robbery

MRS. BOWERS WANTS AID Sister of Alleged Poisoner Will Go to San Francisco.

Though the sisters of Mrs. Maria lowers, the suspected San Francisco Railroad Takes Bridge by Force.

Marietta, O.; Aug. 31.—Following a lisagreement between the American an asking for immediate aid. "Am in great trouble. Please comehere imme

diately. Mrs. Jones, the sister who received the call for assistance, lives on Tillamook street. According to the statement she made yesterday the cry for aid will be answered and she expects to go to San

Francisco in a few days.

Both Mrs. Bowers and Mrs. Caroline Sutton, the other sister, who was held as an accomplice in the alleged poisoning of Martin L. Bowers, have had a stormy matrimonial career, F. B. Jones, the wellknown owner of several tugboats of the Willamette, was husband No. 1. He was divorced from her. After a venture with a man named Allen in San Francisco, an-This time she other divorce followed. married Bowers, the man she is suspected

of poisoning.

Mrs. Root, another sister of Mrs. Bowers, living in Fulton, says that Bowers was far from an ideal husband. "Bowers used to run the Union Depot saloon in Oregon City. That was in 1889. His former wife was accustomed to walk around Portland with a shotgun under her arm and two dogs following her. Bowers ran away with the hired girl one night, but his wife and the police found them in a lodging-house, Bowers deserted the girl and went back to his wife. Afterward Bowers left wife No. 1 in Seattle and skipped out with \$7000. This wife is still in Seattle. My sister met him in San

nelsco and they were married there.'

Public Meeting Is Called Saturday to Discuss Project.

FAIRVIEW, Or., Aug. 31 .- (Special.) --A public meeting has been called for next Saturday afternoon at 1 o'clock, the purpose of which is to consider matters relative to the construction of an electric railway from Portland to this place and Troutdale by way of the Columbia Slough and Sandy roads. All who feel themselves interested in the movement are requested to be present that the proposed enterprise may have the benefit of their active sup-

of an electric railway from Portland has been sgitated for several weeks and a right of way is assured through private "It's perfectly ridiculous," said Sig property for almost the entire distance, sichel last evening. "What can be done with Roberts unless formal charges are preferred in writing against him?"

"In of way is assured though process."

property for almost the entire distance, and a committee will be appointed to wait on all the electric railway companies with a proposition to offer the franchise. The police committee has manifestly no desire whatever to make any personal investigation of the condition of affairs in the North End which makes it possible.

franchise along the county roads from the County Court and it is probable that a portion of the line would have to be built In this connection it is reported that at least one of the County sioners is in favor of granting right of way on the Slough and Sandy roads pro-vided the property-owners will donate an extra ten feet on either side so as to make those thoroughfares wider than at present.

The meeting will be held in Artisan Hall at this place.

Newsboy-Badge Law in Effect. NEW YORK, Aug. 31.-All New York newsboys under 14 years of age began wearing badges today in accordance with the law passed by the last Legislature. Badges will be issued only to boys between the ages of 10 and 14 years. Boys under 10 will not be permitted to sell newspapers and boys over 14 can sell with-out badges. The law prevents girls under 15 years of age from selling newspapers. and no badges are issued for girls. In

EX-PREMIER LAID IN TOMB

order to secure a badge a boy must be a regular attendant at one of the public schools or at a private school, and must have the consent of parent or guardian to accept the hadge and go into the business. The work of distribution is in the hands of the Associate City of Superintendent of Schools who expects to issue tendent of Schools, who expects to issue more than 60,600 badges.

WANTSMORESPACEATFAIR Japan Asks St. Louis to Give It 18,000 Square Feet Extra.

ST. LOUIS, Aug. 31 .- M. Hanlhara, the Japanese Commissioner, received a letter today from Commissioner-General Tejima stating that he was ready to start for America, but desired before sailing to se-cure 15,000 square feet of exhibit space in addition to the 11,000 already assigned the Japanese Government. If the addi-tional space can be spared, the request

will be granted. China's reservation will be dedicated next Saturday afternoon, the intention be-ing to have the exercises begin about 3

A letter received today from James Gordon Spencer, secretary of the Exposition Association of Hawail, states that Henry E. Cooper, Superintendent of Publi Works, has been made executive commis sioner for Hawaii's participation in the World's Fair, and the association will cooperate with him in collecting a splendid

VISIT THE WARSHIPS.

City Officials Are Guests on Marblehead and Concord.

Mayor Williams, members of the Execu tive Board and the City Council, City Auditor Devlin and City Attorney L. A. McNary formed a party of formal visit to the Concord and Marblehead yesterday. They were received by Captain Perkins, of the Concord, and later visited Captain Phelps, of the Marblehead. The vessels were inspected and the city fathers loft with a happy impression of a portion of

Uncle Sam's Navy.

At a meeting of the Commercial Club-last evening it was decided to give a re-ception to the officers of the Concord and Marblehead, now in this harbor, tomor row evening at 8 o'clock.

Mayor Williams, President Cake, of the club, members of the City Council and all heads of city departments, together with local military dignitaries and members of the club, will be present.

IN CONTEMPT OF COURT United States Marshal Must Answer for Removal of Prisoner.

OSHKOSH, Wis., Aug. 31.-After series of clashes between the Federal and state courts, United States Marshal Thomas B. Reid, of Milwaukee, was today ad-judged in contempt by Court Commis-sioner W. W. Waterhouse, of Winnebago County, and will be ordered to appear before Judge Burnell, of the Circuit Court in this district, and show cause why he should not be punished.

Harry Devit, allas Harry Howard, was bound over in the United States Court on the charge of having robbed a postoffice in Kansas. While confined in the Mil-waukee County jail a write of habeacorpus was sued out here, and the Federal authorities were ordered to present the prisoner for a hearing today. In stead, they ignored the writ and Devit has been forwarded to Kansas.

JUMP INTO THE SPOKANE Man and Girl Tie Their Hands Together and Attempt Suicide.

SPOKANE, Sept. 1.—Private Mike Bur-bin, of Company I, Nineteenth Infantry, stationed at Fort Wright, and Lulu Hoff-man, a 17-year-old girl, of Spokane, af-tempted sulcide in the Spokane River yeaterday morning by jumping off a bridge after tying their four hands together. The cold water soon dampened their sui-cide arder and the soldier made for shore,

induced by him to join in a suicide. Bur-

Parson Sues for Libel

day, September 4. Visitors to Portland Should not miss the delightful trips up and down the Columbia River. Particulars at O. R & N. city ticket office, Third and Washington.

CUPPOSE a man rushed up to you on the street to-day, gave you this paper and a twodollar bill!

How grateful you would be!

that is just what we are doing.

GORDON hats here advertised have \$5 worth of style and quality and cost \$3-

There's the \$2 bill right off the reel.

They may wear out of style but not out of shape. When you buy a GORDON hat it's like getting \$2 in a letter.

MR. STRUMPF'S CURE

A PEORIA MERCHANT KNOWS A SPECI-FIC FOR RHEUMATISM.

He Speaks From Experience, for He Tried the Remedy Himself in a Case of Several Years' Standing.

In Peoria, Ill., everybody knows Mr. A. Strumpf, whose fur store is located at No. 419 Main street. Mr. Strumpf's business takes him to New York City frequently, and on one of these trips he learned of a specific for the cure of rheumatism, which he tried with such unexpectedly good results that he is anxious that others should know of it. He says:

"Nearly everybody can tell you of a remedy for rheumatism, but during the long years that I suffered from this disease I never heard of but one thing that would cure it. I tried it myself, and haven't had a touch of rheumatism since. In my case the disease did not trouble me all the time, but at intervals the pain was very severe and medicine did not seem to have the least effect on it. On one of my visits to New York a friend who had been cured of rheumatism by Dr. Williams' Pink Pills for Pale People advised me to try them. He was so enthusiastic that I did so, and the result surprised me, for I had almost despaired of a permanent cure. The pains began to disappear before I had finished the first box, and three boxes completely cured me. That was nearly two years ago, so you see my cure was permanent. I recommend Dr. Williams' Pink Pills every chance I get, and know of many people whom the pills have benefited."

Rheumatism is always painful, but few people know how really dangerous it is on account of the liability that it may attack the heart. Dr. Williams' Pink Pills are especially well adapted for the treatment of this trouble through the blood (the only correct way), and their power in all disorders of the blood and nerves makes them of the greatest value in such stubborn diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, after-effects of the grip, of fevers, and of other acute diseases, palpitation of the heart, anaemia, pale and sallow complexions

and all forms of weakness. At all druggists, or direct from Dr. Williams Medicine Co., Schenectady, N. Y., fifty cents per box; six boxes for two dollars and a half.

ART AND NATURE

White flour is made from wheat. So is whiskey. But neither one can be said to be a physiological food. Neither one represents those superb qualities native to the wheat and that Nature designed for her children. White flour, like whiskey, is the product of Art-not of Nature. It is. indeed, merely a part of the perfect whole. On the other hand, in Shredded Whole Wheat Biscuit, made from the entire wheat kernel, we have a food that has not been stripped of one single organic element. It represents the complete grain just as the soil, the rain, and the sunshine produced it. No effort to improve on the work of the Great Master Builder. In this food we have every property to build and maintain every part of the body. Defective teeth and weak nerves evidence the use of defective food. Moreover, in Shredded Wheat we have bulk which the system demands."

dragging the girl. They were rescued by soldiers.

Miss Hoffman is said to be the chum of a girl who rejected Burbin's suit and was induced by him to toly in a suicide Burbin's call, Colorado Springs, Col.

THE DOCTORS AGREE.

Iwo Physicians Both Agree on the New Scientific Dandruff Treatment. Dr. J. M. Powell, of Spokane, Wash. "Herpicide has given good satissays: Herpicide has given good satisfaction in my family for dandruff."
Dr. W. G. Alban, of Walia Walis, Wash., says: "I find Herpicide all that is claimed for it as a dandruff cure, I shall prescribe it." Dandruff is a germ disease, and you can't cure it unless you kill the dandruff germ; and you can't do that unless you use Newbro's Herpicide the only preparation in the world that destroys the parasites. A delightful hair

fressing; allays itching instantly; makes

hair glossy and soft as silk. It is a sure dandruff destroyer. Sold by leading drug-
