conditions there, to dispatch troops to the gold camp.

Orders were issued by Adjutant-General Bell to the First Regiment of Infantry, Company H of the Second Regiment of Infantry, the First Squadron of Cavalry, composed of Troops B, D and C, Battery A and the Signal Corps, and Medical Corps of the National Guard to proceed to Cripple Creek forthwith.

Troops were asked for by the Mineworkers' Association, but Sheriff Robertson, of Teller County, said to sever no necessity for calling out the militia.

No violence has been reported at Cripple Creek since Tuesday night, when one nonunion carpenter and a justice were assaulted by unknown persons.

A part of the troops in charge of Adjutant-General Bell left Denver over the Denver & Rio Grande for Cripple Creek at 4 o'clock. It was the intention to take the Cripple Creek Short Line from Colorado Springs to Cripple Creek, but at the former place General Bell was informed that about 30 strikers left Cripple Creek soon after it was learned that the troops were coming by the Short Line.

They followed the line of that road, and although they were ostensibly on a fishing trip, it was feared they intended to blow up the track or otherwise interfere with the progress of the troops, and the plans were changed.

President Charles H. Moyer, of the Western Federation of Miners, addressed a letter to Governor Peabody, in which he declares the conditions in the Cripple Creek district are not such as to warrant the calling out of the troops.

He declares such an act at this time is a violation of the law under which the executive is empowered to call out troops. President Moyer says that the members of the Peabody in the Cripple Creek district will help to maintain order.

Governor Peabody made the following statement regarding his action in calling out the troops:

"I have tried to act with prudence. The gentlemen who went to Cripple Creek, at my request, to investigate the conditions have advised me that the situation is such that troops ought to be ordered out. Sheriff Robertson has maintained the position he took when the matter was first suggested, and he did not join in the request for troops. I had hoped that the necessity for calling out troops would be avoided, and final action was delayed as long as was consistent with the proper protection of the lives and property of the people in the Cripple Creek district.

The report of the Governor's representatives was as follows:

"Having visited Cripple Creek, and after careful inquiry among representative citizens and property-owners, including the Mayor of Cripple Creek and Victor, we are of the opinion that the lives of citizens of the district are in danger and property and personal rights are in jeopardy. Prompt action is imperatively demanded by the people to protect the lives and property of the citizens. We find that a reign of terror exists in the district, which should be relieved at once. We do not believe the civil authorities are able to cope with the situation.

School Girls

Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.

School days are danger days for American girls. Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

A Young Chicago Girl "Studied Too Hard."

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more. —LILLIE E. SINCLAIR, 17 E. 23d St., Chicago, Ill."

"Miss Pratt Unable to Attend School."

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months. I recommend it to all young women who suffer from female weakness. —MISS ALMA PRATT, Holly, Mich."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life.

State Moves Against Gas Combine.

ST. LOUIS, Sept. 4.—Injunction proceedings instituted today by Attorney-General Crow before Judge Taylor, of the Circuit Court, reveal an apparent attempt on the part of the Laclede Gas Light Company to regulate and control the price of gas ranges manufactured and sold in St. Louis.

The Laclede Gas Company was recently sold to the North American Company, of Philadelphia, which is capitalized at \$9,000,000. The petition for an injunction charges that the Laclede Gas Light Company served notice on all St. Louis manufacturers to the effect that their ranges would have to be sold at a certain price, or the gas company would refuse to make connections free of charge.
