FIERY APOSTLE IS COMING.—The Nation-al spiritual special of the Salvation Army, Colonel S. L. Brengle, is to spend three days in Portland, and will conduct revival services at 128 First street on Saturday at 8 o'clock; also on Sunday at 7 and 11 A. M. and 3 and 5 P. M. and on Monday at 3 and 8 P. M. The Sunday and Monday services are announced as "Two Days With God." The Colonel will be assisted by Major Dubbin and a staff of officers. Colonel Brengle is known as the "fiery spostle" of the Salvation Army, and is one of the most acceptable and able specials in that organization in America. He is also the uthor of a number of books dealing with the subject of holiness. Since Colonel Brengle received his commission as a Naanal spiritual special, six years ago, he has seen over 6000 people at the penitent form in his meetings; all kinds of sin-ners, including drunkards, one forger and several murderers; while multitudes of Christians have sought the blessing of a clean heart and the baptism of the Holy The local Salvationists are ex-Spirit. pecting great things during the Colonel's visit to the city. The Colonel is at present on an extensive tour, taking in nearly every Salvation Army Corps in the States of Oregon and Washington.

DEATH OF MES. SARAH L. FAY. - The many friends of Mrs. Sarah L. Fay will many irrends of Mrs. Sarah L. Fay with learn with profound regret of her death. She expired yesterday afternoon at her residence, 350 Madison street. Mrs. Fay was born in Syracuse. N. Y., March 13, 1828, and was in her 66th year. Her carly life wassepent in her native town. In 1861 she was married in Appleton, Wis., to Charles L. Fay, who survives her. It was indeed sai that her death should occur on the 42d anniversary of her mar-riage. Accompanied by her husband, she arrived in Portland in the Spring of 1884 and has since resided here. She was a devout Christian, being an earnest worker in the First Congregational Church of this city during the entire time of her residence in Portland. Among her Christian friends she was affectionately known as "the little mother," and although a great sufferer from HI health during the last years of her life, she was always smiling and cheerful, with a kind word for every one. She leaves one son, Pro-fessor Charles R. Fay, of New York City. Services will be held at the First Congre-gational Church Saturday, September 5, at 2 o'clock. Friends are invited. Services at terment private.

SPIRITUALISTS" ASSOCIATION STATE -The State Spiritualists' Association of Oregon has just concluded its second annual convention, in the parlors of the World's Advance Thought, in Port-land. A great deal of interest has been manifested in the movement of spiritual-ism, as several societies have been chartered by the association. The state assoclation is an incorporated institution un-der the laws of Oregon. It holds a charter from the National Spiritualists' Association of Washington, D. C. After the general business had been transacted the ollowing persons were elected officers: Rev. G. C. Love, president; E. de Yongh, vice-president; L. B. Larsen, secretary; Captain J. H. McMillen, trensurer; G. M. Lazelle, J. S. Greenfield, H. W. Behnke, C. Affolter and J. E. Trigg to constitute the board of directors the board of directors.

MAZAMA OUTING TODAY.-Mazama day has arrived at list. This afternoon the members living down town will saddle themselves with individual lunches, cof-tée cups, Chinese lanterns and a few matches, and thus protected they will journey in a Willamette Heights trolley car to Willamette bridge, where they are exi ested to be on hand at 1:50 o'clock, en rou e for the picnic to Macleay Park. The com mittee has worked hard trying to send invitations to every Mazama, but if in the hurry any have been overlooked it is hoped that this announcement will be sufficient, with the assurance that all will be welcome. Colonel Hawkins promises

building with the assurance that all will be welcome. Colonel Hawkins promises that the journey up the trail to Macleay Park will be leisurely taken, but all the same it is expected that stout Mazamas will part with three pounds of avoirdu-pois, and that jean Mazamas will add three pounds to their weight by the out-ing. From 8 to \$:30 o'clock friends in the city can, if they like, gaze on the hill back of St Vincent's Hospital, and "look out for the stick," for about that time Colonel Hawkins' doughty brigade will light their Chinese lanterns and set off their illumizations. Apart from the lunch, one of the most entowher sources of the one of the mast enjoyable events of the outing will be short speeches from Ma-zamas, in which stories about recent outings will be teld. BLACK BARS AND DUCKS IN MARKET .--

People who went hunting on the 1st inst, and got no ducks, and others who have gone out to Celumbia Slough fishing for bass without catching any, have been as-tonished to see young ducks by the score and bass by the hundred displayed for sale in the markets. It makes them think that there are others who are better duck hunters and bass fishermen than themselves. Something over 100 bass of all sizes, from a quarter of a pound up to three pounds in weight, were brought in to a market by one man Thursday, and found ready sale for the large ones at 30 cents per pound. The fact that many citizens

have not yet been able to get a bass to try for the quality of that fish accounts for the high price paid for them. Some six dozen young wood ducks and a few others, mostly widgeon and mallards, were displayed in front of a market yesterday and sold readily at \$2.25 a pair. Some sportsmen found fault because several of the fowls are too small, and accused the man who killed them of being a "pot hunter." Most of the young ducks were nearly full grown and all in fine condition, and the flappers will have grown big enough to fly in a week or two more.

ACCIDENTS CAUSE BLINDNESS .- As a result of two accidents in alighting from an electric car, which happened about a year apart, the father of Dr. P. S. Langworthy, who is about 70 years of age, has become entirely blind. He lives with a daughter on East Taylor, near Thirtieth street, and of late has so far recovered from his inleads the police to the belief that it was juries as to be able to get out doors and walk a little for exercise. A wire is stretched the length of his daughter's yard, on which is hung a loop of wire, which he takes hold of, and walks back and forth guided by the wire, until he has had exercise enough. It is about threa years since he was injured the first time,

by being thrown down as he was alight-ing from a car. He fell in a sitting posi-tion, and his hip was damaged, and as a result he lost the sight of one eye. About a year later he met with an almost pre-cisely similar accident, the other hip being injured. He was had up a long time on account of this injury, and finally it resulted in the loss of the sight of his other eye. He has been able to get out a little for two or three months, but entertains no hope of recovering his sight, and about his only pleasure now is in taking exercise as stated.

FIRE DEPARTMENT BUILDINGS NEED RE-PAIRS .- It is evident that the city will soon have to provide some money for the bet-terment of the buildings of the Fire Department. The cost of maintaining the department at present is \$9000 at month. This covers salaries, repair of engines, wear and tear of horses and plant generally, but goes no further, so there is no moncy left to provide new engines, hydrants, etc., rendered necessary by the growth of the city, and no fund for the repair of buildings. These buildings are all becoming dilapidated; some have leaky roofs, and all need painting, as none of them has been painted for 20 years. The house of No. 5 engine company leaks so badly that the men of the company re-fuse to sleep there in rainy weather. In some of the houses there are no bath-tubs. The bell tower between Morrison and Alder needs repairing; attention was

NEW ARRIVAL IN PORTLAND HELD UP FIRST NIGHT. Unmasked Robbers Spring From Behind Woodpile and Embrace

RATHER ROUGH WELCOME

Him and His Money. Stepping out from behind a high woo plie on Seventh between Salmon and Main streets two highwaymen held up Stephen Spencer last evening about 11 o'clock. A 50 gold piece was their reward. Spencer, who came originally from Virginla, arrived in Portland yesterday morn-

ing from Montana, where he had been for several months. On the very first night of his stay in this city he was made to pungle up to the robbers who are doing an excellent business just now. The men who robbed Spencer wore no

arms around the victim's body. Turning around, Spencer took a good look at the highwayman's face. Then a second man stepped in front of Spencer and, after in-timidating him with a revolver, proceedcd to go through his pockets. These con-tained a \$20 gold piece and 40 cents in small change, besides his watch. The timeplece was returned, as was also the sliver. But the robbers kept the \$20, for a double eagle cannot be identified.

eagle cannot be identified. After the robbers were through with Spencer, they directed him to go on with-out looking behind. He went for a dis-tance, but soon went to the police station and told of the occurrence. "I've been in almost every state in the

Union, but this is the first time I have ever been held up," said he. "They didn't treat me roughly. The first one selzed me in his arms, so that I could hardly move, while the other went through my pockets in a few moments. I guess the watch wasn't good enough for them. I bought it when I went to Heppner at the time of the flood.

Accompanied by Officers Phillips and Austin in plain clothes, Spencer made a tour of every place in the city where a be a pleasant surprise, and they ought to hold-up man might go after making his know. HELD UP UNDER ELECTRIC LIGHT. T. P. Burke Is Robbed By Unmasked

Highwayman. Under an electric light and wearing no nask a bold highwayman held up J. P. Burke Thursday night at the corner of Ninth and Everett streets. Burke was on his way to his home, 505 Everett street, and was thinking of nothing less in the world than a robber. Suddenly a man of

medium build stepped out from behind a projecting building and ordered the aston-shed pedestrian to throw up his hands. A revolver prevented all argument. The robber secured \$5.50 from Burke and went his way. So did Burke, but inwardly wrathy. He notified the police of the rob-bery, but the news was carefully sup-

pressed. Burke describes the highwayman as being of medium build, wearing clothes of good material and excellent fit. His hat was of the soft variety with no crease, The robbery was committed about 11:15, while many people were yet upon the streets. Ninth and Everett is, however, a rather unfrequented neighborhood, and there were annarently no witnesses to the little financial transaction.
