Glisan streets, where a building will soon be constructed to take the place of that destroyed by fire last June. F. F. Haradon, the candy manufacturer,

has taken out a permit for a two-story brick structure at Fifth and Flanders streets. This is to cost \$10,000.

W. Frazier will soon begin the construction of a two-story brick at Thirteenth and Kearney streets. This will cover a good-sized strip of ground and will cost f15,000, according to the permit. The repairs which F. C. Stregel is mak-

ing upon his building at Sixth and Burnwill cost \$10,000. This is another step in the long list of improvements along Sixth street.

Work upon the foundation for the new Ellsworth Hotel at Seventh and Pine streets is going on apace. The work of altering the Snell-Heitshu-Woodard build-ing for its use as a temporary postofflee will shortly be begun. In the same conmeetion it is announced that the contract for the alteration of the old postoffice building has been let to Walker & Langcontractors who have erected many of the largest buildings in Portland.

## A DISCURSIVE LETTER.

#### But It Touches Several Topics of Present Interest.

SALEM, Or., Sept. 5.-(To the Editor.) closed one, for a time, at least, it is hoped, it is in order to continue the agi-tation looking to the provision of more hotel room for the traveling public in Portland. The situation in this respect is one that should not be permitted to continue for another year. This would be true if no unusual event were to be expected, but with extensive preparations being made for the Lewis and Clark Ex-position in 1965, the further apparent neglect of this important feature of the Fair will be hurtful to that enterprise in the extreme. For to amply provide for visitors is one of the most important elements of the invitation to become visitors. The reputation of Portland in the matter of being unable to care for the ordinary traveling public has already gone abroad and unless this reputation is positively removed long before the opening of the Fair it would be better to abandon it al-together. The mere knowledge that the hotels are full all the time with our own people will prevent thousands from at-tending at all, and its success will deend, not on the character of the ex-

hibit, but on the attendance. If Bingling's circus had all the attractions that are now a part of the show, but no people attended it, the enterprise would be called a colossal failure, and if it was generally known that it made no provision for seating its spectators, it could depend on having none. These auxthat a start of the start of the start of the start of the directors of the Exposition cannot build hotels they should certainly see that gome one who can do so shall be sufficiently interested in the matter to take hold of it at once.

There is scarcely a day in the year that bur hotels do not turn away a throng of people who cannot be supplied with ac-commodations. Even if no Exposi-tion were pending it would be a good inrestment for some man or men having the means to erect a hotel on the general plan and grade of the Perkins and the Imperial. But if present conditions con-tinue in this respect, the fact, even now generally known abroad, will provent the semerally known abroad, will provent the attendance of thousands who would oth-trwise be glad to accept the opportunity to visit this Coast during the year of the by all who try Carter's Little Liver Pills. Washington. Washington. Washington. Washington. Washington. Washington. Washington. Washington. Never fail to cure sick headache, often the wast is said to visit this Coast during the year of the by all who try Carter's Little Liver Pills. Washington. Washington. Doubting up a traternal society and not the idea that my friends had been a directors and corporators of the United Artisans there only remain Mr. F. S. Weilville."

BRING IT TO FORTLAND.

Mission of Oregon Delegates to Convention of Christian Church.

An effort is to be made to get the ge eral convention of the Christian Church for Portiand in 1966.

This year the supreme body of the Christian Church will meet at Detroit, Mich., October 15 to 22, and for 1994, the convention is already pledged to St. Louis. In 1965 the convention should come to the Const, if the general policy of distribu-

ton, recognized in the past, is to be adhered to, and Rev. J. F. Ghormley and Rev. Albyn Esson, pastors of the local Christian churches, believe that it will be. At any rate the Oregon delegation Christian churches, believe that it will be. At any rate the Oregon delegation to the Detroit convention this year will mind to do this. George H. Himes, secmake an effort to bring the 1905 conven-tion to Portland, and in this effort has enlisted the active support and co-opera-tion of the Board of Trade, through Seccuring this historical coin. Mr. Petty-grove has also in his possession the Bible used on the occasion of the first sermon retary Max Shillock, A strong invita-tion to the general convention to meet in this city in 1966 has already been drawn up by Mr. Shillock, who will also provide the Oregon delegation with a liberal sup-

ply of printed matter and photographs descriptive of the state, its resources and scenic attractions, before its departure for Detroit.

of Commerce, Ministerial Association, the l Mayor of Portland and the Governor of this state,

The general conference of the Christian Church usually brings together about 4000 delegates from every section of the United States and Canada. Oregon will be repre-sented at the Detroit meeting by Measrs. Ghornley and Esson, of this city, and Hev. Dean Sanderson, of Eugene.

#### Repeal or Enforce the Statutes.

PORTLAND, Sept. 6 .- (To the Editor.)-Mayor Williams' course in "regulating" gambling, etc., rather than enforcing the statutes as he finds them breeds disrespect of law. The public welfare requires deference to law, and this cannot be had where men in high places directly or in-directly exhibit a contempt of law. For such conduct the Mayor should be as amenable to punishment as are the mem-bers of the Illinois mob who were convicted yesterday of substituting their will for the law of the state. No worthy member of the community can afford to watch such official proceedings complaisantly. Repeal the statutes in question or enforce them. G. H. THOMAS.

# HISTORIC COPPER CENT.

## Founders of Portland Used in Selecting a Name.

son of F. W. Petty-F. W. Pettygrove, grove, one of the founders of Portland, and the man who named the city, has in his porsession the copper cent with which his father won the right to select the name. He is a commercial traveler for a San Francisco house, and naturally sets great store by this cent, which he has shown to many here on his visits to this city. Some of his friends have be-sought him to turn this cent over to the retary of the society, has been advised to wrestle with Mr. Pettygrove, and it is not unlikely that he may succeed in se-

ever preachhed in Portland, which with the cent was presented to him by his father as a keepsakes. It was in the Summer of 1845 that Hon. A. L. Lovejoy and F. W. Pettygrove, who owned the claim on which Portland was located, employed Thomas A. Brown

Further invitations will be requested by the Oregon delegation from the Chamber streets, blocks and lots, and when he had completed the plat, the proprietors under-took to choose a name for the newly-horn city. Mr. Lovejoy desired that it be called Boston in honor of the capital of his native state. Mr. Pettygrove con-tended that Portland was more appro-priate, as it was at the head of navigation, and the port where would land all the freight intended for the valley of the Willamette and all the sunthern pro-

duce of the territory. In order to deside the question it was proposed by Mr. Pettygrove to toss a copper cent, which he had brought with him as a souvenir of his Eastern home. This was agreed to by Mr. Lovejoy. The cent was tossed and, Mr. Pettygrove proving the winner, Portadopted as the name of the embryo city.

#### TRIP THAT PAID. Ten Miles to Get a Package of Postum.

Some sufferers won't turn over a hand to help themselves but there are others to whom health is worth something. A German woman living in the country made

a ten-mile trip to get a package of Postum. She was well repaid, for it brought health and happiness in return. A translation of the good frau's letter says: "From a child I had been used to drinking coffee dally but the longer I continued drinking it the worse I felt. I suffered with heart trouble, headaches and dizziness. Then I had such an uneasy feeling around my heart that I often

thought death to be near. "I gave up drinking coffee and tried hot water but that did not taste good and I did not get well. Then I read some letters from people who had been helped by Postum Food Coffee and I determined
