Stern Will Fight to the End.

TORONTO, Ont., Sept. 8 .- Mr. Stern refused to be seen when a reporter called at his home today. He referred all call-ers to his attorney. Mr. Stern's lawyer said his client was ready to appear before an extradition Judge and prove his in-nocence, which is interpreted as a declaration that extradition proceedings will be followed to the end. He will not leave the city, the attorney said, and if an extradition warrant is secured Mr. Stern will at once leave for Washington.

C. Robinett, K. C., is Mr. Stern's legal representative. "Mr. Stern maintains that no arrangement existed between him and Mr. Machen in regard to the leather straps for mail carriers' bags," said Mr. Robi-nett today. "He performed his full connett today. "He performed his full con-tract. I believe that Mr. Stern is wanted as a witness against Machen and others. Besides, politics is so intermingled with the affair that no foreign government would be willing to hand over a fugitive."

SCRANTON, Pa., Sept. 8.-Carroll D. Wright, the umpire to whom was referred the five disputes betweeen the operators' and miners' representatives on the Board of Conciliation appointed under the provisions of the Anthracite Mine Strike Comnission, filed his findings today with T. D.

He is of the opinion, as in the case of Coxy Bros. & Co., that the Lehigh Coal & Navigation Company ought to give preference to all their old men who are not incompetent, or not guilty of misdemeanor, to render their employment un-desirable. Leading up to the final award

the umpire says: "There can be no doubt that a man has a right to guit the service of his employer whenever he sees fit, with or without giv-ing any cause, provided he gives proper notice, and the employer has a perfect

right to employ and discharge men in ac-cordance with the conditions of his in-dustry; that he is not obliged to give any cause for discharge, but that he should, as in the reverse case, give proper notice.

"This right to discharge must, therefore be sustained. Any other view of the case would result in compelling men to work for an employer when they did not wish to, and thus enslave them, when on the other hand it would compel the employ-

ers to employ men whether they had work for them or not, and whether the men were incompetent or not, and would thus tarnate business and work to the injury

Troops Continue on the Seene, but Are Having Little Work.

COLORADO SPRINGS, Colo., Sept. &-A special to the Gazette from Cripple Creek says work was resumed this morning on the Strong, Findlay and C. K. & properties, all with a fair-sized force of men. The latter property started to pump water, which will take them several days before mining operations can be resumed, but the other two mines immediately commenced work. Demonstrations took place on both the C. K. & N.

and Findlay mines. Today the following properties are at work in the camp: Ajax, Golden Cycle, Strong, Portland, Wood's properties, El Paso, C. K. & N., Findlay and Old Gold. Those contemplating resuming in the near future are the Hull Cliy, the Granite, Stratton's Limited, Last Dollar, Elkton and Vindicator. With the latter resuming operations, it means that mearly every large property in the district will be working, and from recent developments it is evident that what men cannot be obtained in the district will be brought from other

mining camps. Shortly after 8 o'clock, when the Findlay mine opened half a dozen men of-fered insults to the soldiers and men going to work. They were arrested and escorted to General Chase, who, after warning them against any repetition of their offense, ordered them released. At the Mine Association rooms at the National Hotel, and at properties that have resumed work, men are applying for work constantly.
