PACKED THE MEETING.

Residents of Fairview Want Railroad Along Columbia Slough.

FAIRVIEW, O., Sept. 8.—(Special.)—Last Saturday's "railroad meeting" at this place proved to be very much overshadowed, as it leaned quite heavily toward the Columbia Slough and Sandy roads. All that was done, including the appointment of a committee to wait on the railway companies, was in favor of those two highways and the people living upon them. It was intended by some to advance the claims of the Barr road and say something about the road from Montavilla, but the other faction had captured the meeting and neither the Barr road nor Montavilla was in the game at any time.

Russellville School Opens Monday.

Russellville School will open in the new building Monday morning, and at 2 o'clock in the afternoon there will be a public celebration of the completion and occupation of the new building. Croft, principal, has moved from his home into the district. He is well recognized, having served as principal of Moro school for one year, and he also holds state certificates from Oregon, Iowa and Kansas. The contractors have completed the new building and turned it over to the Board of Directors.

Courtney, manager of the Northern Box Manufacturing Company, and his family, have moved from their home at 656 Schuyler street. Mr. and Mrs. E. W. Mutch returned yesterday from a two-weeks' visit to the Sound cities. They returned on the same train that started with the Eiks' excursion which was wrecked, but they escaped with a shaking-up and a fright.

Pleasant Home News.

Denies Miss Bryan Will Wed Hobson.

CLEVELAND, O., Sept. 8.—William J. Bryan arrived here today from the East and called at the City Hall for a conference with Mayor Johnson. The latter was out of the city, however, and Mr. Bryan subsequently left for Toledo after taking lunch with Charles J. Salem, chairman of the Democratic executive committee. Mr. Bryan declined to discuss National politics, but predicted that Mr. Johnson would be elected Governor of Ohio. While here today Mr. Bryan gave out

FIREBUGS ARE ACTIVE.

Attempt Made to Burn Down Shed in Albina.

The firebugs of Upper Albina are still active, and about 1 o'clock yesterday morning they made a second attempt to start a fire in the woodshed of Mrs. H. Gans in the rear of her cottage at 432 Fremont street. Two young men happened to be passing her house at that time on their way home when they saw a light in the shed and they extinguished the fire with several buckets of water. No alarm was turned in. It is difficult to understand the motive in setting fire to the woodshed, as it is detached from other buildings. After the fire was extinguished L. B. Cusick watched till morning for the firebugs with a shotgun, but no further attempt was made. District Engineer Holden and the firemen are convinced that there is a gang of incendiaries in Upper Albina. The gang has already destroyed over \$10,000 in property in that portion of the city. The students of Upper Albina are very much worked up over the situation, and there will be no surprise if a firebug is shot. Many have armed themselves and will not hesitate to shoot if they see any one setting fire to a house.

CLEANING MILWAUKIE.

Citizens Will Make It Attractive—Pure Water Supply Wanted.

Property-owners and residents of Milwaukee are actively engaged in making the place clean, and complying with ordinance No. 3, recently passed by the Council. It will take some time to remove the rubbish that had accumulated in the streets and yards of the old town, but from the activity displayed by the people it is believed that the next few days will be the laying of some sidewalks where they are needed. The most important matter before the Council is the proposition of J. L. Johnson, to supply Milwaukee with water from Minthorn Springs water on condition that the Council give a 30-year franchise. Mayor Shindler and members of the Council have decided to issue bonds and build a water works. A report of some of the rubbish that had accumulated in the streets and yards of the old town, but from the activity displayed by the people it is believed that the next few days will be the laying of some sidewalks where they are needed.

A. H. Bastian Sues to Recover \$250 Damages From C. W. Dressler.

A. H. Bastian has commenced suit in the District Justice Court to recover \$250 damages from C. W. Dressler, a sewing machine agent at 549 Williams avenue. The complaint sets forth that Dressler, who deals in sewing machines, employed Jordan to act as his agent and that Jordan drove about in a vehicle owned by Dressler. On May 25, 1903, it is alleged Jordan left the horses standing outside a house on East 4th street, and while driving in a buggy on the same street, the Dressler team became frightened, and dashing down the street, collided with Bastian's outfit, throwing Bastian to the ground and seriously injuring him, and nearly wrecking his vehicle. Bastian was incapacitated for work for 40 days and was compelled to employ a doctor at an expense of \$25. Bastian estimates the mental and bodily anguish he suffered at \$175 more, and asks for judgment of \$250, costs and disbursements. The case will be heard tomorrow.

HEARING IS POSTPONED.

E. Strak, Shot in Foot, Cannot Attend Trial for Two Weeks.

Justice Seton yesterday postponed the preliminary examination of J. Miller, proprietor of the Twelve Mile road, charged with assaulting Edward Strak with a dangerous weapon. The examination was to be held tomorrow, but owing to the condition of Strak, who is confined at the Good Samaritan Hospital on account of the gunshot wound in his foot, he cannot be present. Dr. J. B. Olmstead, who is attending the wounded man, informed Justice Seton that Strak would not be able to leave the hospital for at least two weeks. The bullet passed through his foot from the master of the strak, who is confined at the Good Samaritan Hospital on account of the gunshot wound in his foot, he cannot be present.

No Departments in Saloons. PORTLAND, Sept. 8.—(To the Editor.)—The writer would offer the following suggestions relative to the saloon question:

First—Make the license of sufficient size so that it will be easily seen by the public and dance halls; say \$100 or \$150 yearly.

Second—Close the side (or family, so-called) entrances.

As is well known, these side entrances are "hell-holes" in design, and the self-respecting saloonkeeper has no use for them whatever. Why not, then, abolish the side entrances and the various compartments and rooms connected with all saloons?

The side entrances and rooms are but stepping-stones to the "knock-out" drops. And then what follows any well-informed person knows. Robbery and murder, and frequently worse crimes, are committed.

The writer of these lines does not frequent saloons; in fact, knows but little about the various conditions dispensed therein. He does not know the difference between a "mint julep" and a "sherry flip."

He believes, however, that if men wish to engage in the business they should not be afforded the opportunity to rob and murder their patrons. Let them sell their "goods" like any other merchant. But do not permit them, under any pretext, to run a "department" joint at the same time.

There are three large "department" stores in the city now, and it is universally conceded that these are quite sufficient for a city of the size of Portland.

JUNIOR. BUSINESS ITEMS. If Baby Is Cutting Teeth, Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and diarrhoea.
