

LEVY IN JANUARY?

Questions Presented to Attorney-General Crawford.

PLAIN INTENT OF LEGISLATURE

Assessment Made This Year at Large Expense Was Certainly Intended to Be Used—Decision Bearing on Case.

SALEM, Or., Sept. 11.—(Special.)—Whether a levy of state and county taxes can be made in January, 1904, upon the assessment roll of 1903, is the question that has been presented before Attorney-General Crawford for his opinion.

The question arises out of the fact that the new law changing the time of levying taxes goes into effect January 1, 1904, while the levy of taxes under the present system will not be made until later in that month, when the County Courts hold their regular sessions.

The general demand, changed the time of payment from Spring to the preceding Fall and provided that the assessment should be made prior to July 1, the levy made in September and the taxes collected before December 31.

Under the new system the assessment begins the first Monday in January, the new law must go into effect by that time, but there was no occasion for it to go into force sooner.

The principles of statutory construction as laid down in the decisions of the Oregon Supreme Court, seem to bear out the view that the remedy for enforcement of the law is to be applied in January, 1904.

It is a general rule that, unless reversed, the repeal of a special tax law does not affect the remedy for enforcement of collection of the tax.

In the present instance the tax system was revised and the rule laid down would seem to apply. Justice Moore cited "Cooley on Taxation" as authority for the rule laid down.

The last Legislature passed an act providing that in January, 1904, the County Courts shall appoint Road Supervisors.

The same act expressly repealed the present law on that subject and under the same title all Road Supervisors would now be out of office.

During the reading of the law, the office of Road Supervisor has been abolished. Judge Boise refused to take this view of the matter and held that the Legislature, notwithstanding its express repeal, did not contemplate a lapse in the office of Road Supervisor.

Mr. Dunbar said that there is no doubt whatever as to the intention of the Legislature, but that the failure of the Legislature to make an express provision for the completion of proceedings already begun may give lawyers something to discuss.

the amount of interest-bearing warrants would be comparatively small. While the failure of the Legislature to make express provision for the continuance of pending tax proceedings furnishes a subject for discussion, the defect is not generally considered as at all serious, and certainly not to the extent of making a special session of the Legislature necessary.

BRIGHT OUTLOOK AT WHITMAN.

Larger Attendance Than Last Year—Increase in Faculty.

WHITMAN COLLEGE, Walla Walla, Wash., Sept. 11.—(Special.)—Although it is nearly a week yet before the Fall term opens, everything points to the most prosperous year in the history of Whitman.

The most radical change of the year is the separation of the college and academy. This is another step toward the complete separation which was taken place when an academy building is built.

The faculty of both the college and the conservatory of music have been strengthened by several fine instructors, who have just arrived from the East.

The trustees congratulate themselves on having secured the services of Professor Thomas J. Pennell to take charge of the vocal department of the conservatory.

Professor Pennell is a graduate of the University of California, with the class of 1902, and has received the high honor of being appointed to the secretaryship of the student department of the International Council of the Young Men's Christian Association.

CANDY FOR MRS. BOWERS

FLOWERS ALSO HAVE BEEN SENT ALLEGED POISONER.

Source a Mystery, but Attorney Vaughn, of Portland, is Thought to Be the Donor.

SAN FRANCISCO, Sept. 11.—(Special.)—Mrs. Martha E. Bowers and her sister, Mrs. Zylphia C. Sutton, accused of the murder of Martin L. Bowers, have received a large quantity of candy and baskets of flowers.

The candy was delivered to the prisoners in the San Francisco Jail. The flowers were sent to the prisoners in the same manner.

The source of the candy and flowers is a mystery. It is thought that Attorney Vaughn, of Portland, is the donor.

GLICK IS FOUND GUILTY

KILLED JAMES JONES, A SHEEPMAN, NEAR FOSSIL.

Jury Brings in a Verdict of Murder in the Second Degree—Bad Blood Between Men.

FOSSIL, Or., Sept. 11.—(Special.)—The jury in the case of John C. Glick, on trial for the murder of James Jones, a sheepman, brought in a verdict today of murder in the second degree.

April 8, at 2:30 in the afternoon, John C. Glick shot and instantly killed James Jones, a sheepman, on the south fork of the John Day River, 15 miles above Spray and 50 miles southeast of Fossil.

Glick rode into Mitchell, 25 miles from here, the following day and gave himself up. He freely admitted the shooting, but refused to tell the reasons that led up to it.

The trouble between the two men arose over the use of a sheep range. Last Fall Jones pulled a gun on Glick. The latter had him arrested in Grant County, and he was brought over to the State Circuit Court under \$200 bonds.

The murder appeared to have been premeditated. Jones was unarmed, and Glick shot him through the hand and body with a rifle or shotgun. Jones died instantly. His body was brought into Mitchell.

MRS. ETHEL WATKINS

GIVEN THREE MONTHS TO LIVE BY A COUNCIL OF DOCTORS.

Cured of Anemia by Dr. Williams' Pink Pills After Ordinary Medicines Had Failed.

From a despondent woman, given up to die by the best physicians she could summon, Mrs. Ethel Watkins, of No. 112 Parker street, Scranton, Pa., has become well and cheerful, a living, enthusiastic endorsement of the remedy to which she owes her life and health.

The power of Dr. Williams' Pink Pills in diseases of the blood and nerves has been shown in hundreds of cases which have not yielded to ordinary treatment. Dr. Williams' wonderful discovery, as embodied in these pills, has cured obstinate cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness, either in male or female.

The increase in valuation is general, the attempt being made to have the valuation placed at the true cash value of property, as required by law. The Assessor unceremoniously refused to do this, and the aggregate in the City of Corvallis and the Corvallis School District are fully doubled.

Taking the Fall Salmon. ASTORIA, Sept. 11.—(Special.)—The Fall fishing season opened yesterday morning, but the only gear in the water is a few traps. Later, when it is developed that there are sufficient fish in the river for steelheads and 1 cent per pound begin operations. The receipts of steelheads and silverides yesterday and today were large, but as it is known that they were in operation for some days before the season opened it cannot be taken as an index of the quantity of fish in the river.

Finest for Abusive Language. OREGON CITY, Or., Sept. 11.—(Special.)—W. W. Biner, a Portland contractor, who is completing the contract for the installation of an extensive sewer system in this city, today paid a fine of \$5 for using profane and abusive language towards City Recorder Curry in the presence of the latter's wife and family.

Only \$100 Behind on the Carnival. OREGON CITY, Or., Sept. 11.—(Special.)—With a fund of less than \$400, the management of the Oregon Fair and Carnival has met all obligations and created a deficit of less than \$100 that will be met by the business men. This satisfactory result is due largely to the energetic work of J. H. Howard, of this city, who acted as manager of the enterprise.

Shortage of Men for Harvest. INDEPENDENCE, Or., Sept. 11.—(Special.)—There is only a quantity of grain yet unthreshed and in the fields. And there is an extensive shortage of men to handle the threshing outfit. A number of the threshers have been compelled to close down. Some will not be able to get a threshing crew into their grain inside of two weeks.

Looking for a Creamery Site. GRANT'S PASS, Or., Sept. 11.—(Special.)—Curtis Seely, of Walport, Lincoln County, one of the firm of Diven & Seely, creamery men, has been in this county lately looking up a location for a creamery and has been interviewing the farmers of this vicinity and of the Applegate Valley in regard to the feasibility of the enterprise.

Shortness From Hillsdale Farm. PULLMAN, Wash., Sept. 11.—(Special.)—John Metsker, of the Hillsdale stock farm, left today with a carload of thoroughbred Shorthorn cattle, which will be exhibited at the Oregon State Fair at Salem. The cattle are an exceptionally fine lot and will do much to advertise the livestock industry of Whitman County.

McMinnville Water Supply. Engineer Chase Gives Some Figures on Installation of New Plant. McMINNVILLE, Or., Sept. 11.—(Special.)—At the last session of the Legislature the city of McMinnville got a new charter which provided for the installation of a water and light improvements. The City Council and Mayor have been out in the foothills of the Coast Range mountains prospecting the stream and water power with Engineer W. B. Chase.

Nearly Doubled Values. Assessor Gives Returns of Over Four Million Dollars. CORVALLIS, Or., Sept. 11.—(Special.)—The footings on this year's assessment roll, just completed, give Benton a total taxable property of \$4,238,430. The figures last year were \$2,907,105. The ratio is about

AILING MEN

WE CAN CURE YOU

DR. W. NORTON DAVIS.

Stricture. Our treatment is absolutely painless, and perfect results can be depended upon in every instance. We do no cutting or dilating whatever.

Syphilis. No dangerous minerals to drive the virus to the interior, but harmless blood-cleansing remedies that remove the last taint of the virus.

More Men Might Be Well. There are scores and hundreds of afflicted men who believe their cases incurable because treatment in the past has resulted in failure, and who through this belief are being deprived of the full and complete health that might be theirs.

Contracted Diseases. Improper treatment of contracted diseases can easily bring loss of power. An examination brings this very cure in a very large portion of the cases of weakness. Lingering inflammation centering in the prostate gland is sure to result in disordered functions, and the condition will never be corrected until the inflamed and swollen gland is restored to its normal state.

Weakness. So long as physicians continue along the old lines of treatment of this disorder, men will continue to be disappointed time and again in their efforts to obtain a cure. We have found that disorders entirely local are responsible for premature loss of power etc. The street there is not even the slightest possibility of obtaining a cure through use of internal remedies alone.

Quick Cures Certain Cures. We cure the worst cases of piles permanently, without the use of ointments, without pain, cutting or detention from business, in from two to three treatments. Our treatment is entirely new and peculiar to ourselves. Remember, no matter who has failed before in your case, we will cure you with mild methods, and without danger, or charge you no charge whatever for our services.

St. Louis Light Concerns Merged. JEFFERSON CITY, Mo., Sept. 11.—The Secretary of State today issued a certificate of consolidation of the electric light companies of St. Louis, with a capital stock of \$10,000,000.

POPULAR MAYOR OF FOREST GROVE WHO WAS RECENTLY MARRIED

FOREST GROVE, Or., Sept. 10.—(Special.)—At their future home at Forest Grove, on noon, September 2, Miss Florence Condit and Mr. Frank T. Kane were united in marriage by the Rev. Daniel Staver. Only immediate relatives were present. The wedding gifts were numerous and costly.

Frank T. Kane is one of the best-known young men of Forest Grove in fraternal, financial and political circles. In his four terms as Mayor he has wiped out nearly all the city's indebtedness, systematized its departments and made a most creditable record.

As cashier of the local bank he has won an enviable reputation as a safe business man, and recently by his carefulness and nerve saved the bank several hundred dollars and captured a notorious forger who had victimized many reputed shrewd bankers. Mr. Kane is colonel on the staff of brigade commander of the Knights of Pythias, and is also master of the Forest Grove Masonic Lodge.

Board of Trade at St. Helens. ST. HELENS, Or., Sept. 11.—(Special.)—The town of Rainier has succeeded in organizing a live board of trade on a solid basis. Following are the newly elected officers:

President, W. D. Plue; vice-president, Dr. A. P. McLaren; second vice-president, M. H. Abbey; secretary, W. C. Fischer; treasurer, Dean Blanchard; executive committee, J. A. Schunhausen, I. Swett, W. C. Leo, Joseph Doherty and G. S. Stoddard.

Logging in Lane County. MILLIONS OF FEET OF LUMBER WILL BE CUT THIS WINTER. EUGENE, Or., Sept. 10.—(Special.)—An idea of the amount of logging done in this county may be gained from the fact that the Booth-Kelly Lumber Company alone has 50,000,000 feet of logs either in their booms at the mills or ready to be floated down the river. They have 4,000,000 feet of logs at their Coburg mill and

they could reach, and it was expected that the death of the old orchard had been completed.

Mr. Bryant was greatly surprised when visiting the island recently to find the old trees, stripped of their bark, loaded with large red-necked apples.
