

PROOF OF A WOMAN

Knocked Senseless by Explosion of Gasoline Stove.

WAKES TO FIND ALL ABLAZE

Plunges With Babe in Creek, Puts Out the Fire in the House, and Goes a Mile for Medical Aid.

SOUTH BEND, Wash., Sept. 16.—(Special)—Mrs. H. V. Reynolds, the wife of the electrician of the South Bend electric light works, was preparing lunch over a gasoline burner this noon when it exploded and knocked her senseless for a moment. When she came to both she and her baby were ablaze. She was alone in the power-house three miles from town. She jumped into a small creek adjoining the house and after quenching the flames she went back and put out the fire in the house and then tramped through the woods and waded through a neighbor's over a mile away for help, carrying her baby in her arms. She was brought here this evening.

Though Mrs. Reynolds is suffering intensely from burns and the nervous shock attendant on her severe exertions it is believed she will fully recover within a short time. The baby's burns are serious but not necessarily fatal.

FUGITIVE BURKE IS SEEN.

Recognized by Picture in Oregonian, but Escapes—On the Way South.

COTTAGE GROVE, Or., Sept. 16.—(Special)—It is confidently asserted that J. H. Burke, the Forest Grove forger, passed through this city the other day. Late in the evening some citizens were posting their recognized Burke in a man who answered the official description and resembled the picture in The Oregonian. The Marshal was notified and made search for the fugitive made to a grove near town and escaped under cover of darkness. It is thought here that Burke is making his way to Northern California, where he expects to meet his wife, who, as late as last Saturday, was in San Francisco. She is known to have \$100, Burke, whose right name is Hamlin, fled from Canada.

MURDER IN DESCHUTES.

PRINEVILLE, Or., Sept. 16.—(Special)—Word has just been received here of the brutal murder and burial of S. P. Donke, at the Big Meadows, 70 miles southwest of Prineville, on the Deschutes River. County officials have gone to investigate.

TRIED TO INFLUENCE NURSE.

Charge Against Claimant for Fortune of the Eccentric Mr. Hill. LOS ANGELES, Cal., Sept. 16.—Mrs. Laura Hill was arrested tonight on a complaint sworn to by Leon F. Moss, attorney for ex-Administrator Kellogg. Mrs. Laura Hill is one of the several women claiming to be the widow of the eccentric old man who died in this city a year ago, leaving \$14,000 in cash. Mrs. Hill claims she was married to Charles Hill at Forty-Mile Creek, Alaska, in 1882. The specific charge against her is the alleged attempt to influence Mrs. Frances Faria, a nurse in the Good Samaritan Hospital, where Hill died, to make certain statements to a bookkeeper at the hospital. (Mrs. Hill) claim to the fortune. This is the second one of the women claiming to be Hill's widow to be arrested.

New Park for Spokane.

SPOKANE, Wash., Sept. 16.—The Spokane Washington Land & Improvement Company announces that in the near future it will make a present to the city of a park containing between 80 and 90 acres. The land to be donated is located on the south of the city, and is beautifully situated for a park. It contains several small hills, but is generally level and has several springs and small streams. The plan is just the thing for a park. The plan has been largely worked out by H. L. Lillenthal, formerly City Commissioner, and now manager of the land company, and already considerable work has been done towards improving the property. The city officials expect to show their appreciation of the gift by improving the park. The cost of improving the park is estimated at \$100,000. The land is good and most of the land is naturally wooded.

Mrs. Tromley Tires of Jail Life.

HILLSBORO, Or., Sept. 16.—(Special)—Mrs. Gishwiler-Tromley, who is in jail awaiting a hearing on a charge of larceny by bailie, is giving the Sheriff all kinds of trouble by feigning illness. Two physicians were sent yesterday, but the woman, also in jail with the woman, asserted she was dying. The doctors reported that the woman's pulse was normal and her respiration perfect. It is thought that the prisoner is feigning illness that she may be removed from jail.

Arrested on Counterfeiting Charge.

SEATTLE, Sept. 16.—Frank Lund, a discharged street railway employe, was arrested here today by Secret Service officers on a charge of counterfeiting. It being contended by them that he was associated with Mrs. Alice Roepner, now in custody in the manufacture of bad coins, Lund's real name, according to the officers, is Lunsford.

Const Telegraphic Notes.

Seattle papers say: If the story of members of the crew can be believed, and the statements are strongly backed, there are now on barren East Cape, in the Behring Sea, 30 American prospecting laborers, probably slowly dying from starvation. These men were taken from Cape Nome on the steamship Manawatu, and then forced off the ship by the officers July 24. All suspects arrested in Tacoma in connection with the robbery of the Hotel Rhein have been released for lack of evidence. Spokane is threatened with a strike of bakers. Victor Walkire was sentenced yesterday at San Francisco by Judge Ellisworth, to serve the remainder of his natural life in San Quentin prison for the murder of the aged negro, Elizabeth Leroy, whom he killed on May 4. An organization of redwood lumber merchants and manufacturers of California, representing millions of capital and composed of the largest mill and shipping corporations in the lumber trade, has been perfected at San Francisco for the purpose of handling for the Eastern market the enormous demand for redwood lumber. The organization, which has a capital of \$1,000,000, includes one of the largest producers of redwood lumber in the state. The headquarters of the new concern will be at Los Angeles, Cal. W. Guy Landers, Jr., who blazed a trail across the continent with bogus checks, and who is wanted in Seattle, Portland, Los Angeles and a number of other cities for forgery, was killed Sunday by

ELECT THE D. OFFICERS

WOOLGROWERS LISTEN TO ADDRESSES ON SHEEP INDUSTRY.

Delegates Named for National Association at Portland-Williamson Talks on Forest Reserves.

ANTI-CANTEEN LAW HURTS Commander of Department of Colorado Finds Discipline Sufferer.

WASHINGTON, Sept. 16.—Brigadier-General Frank D. Baldwin, commanding the Department of Colorado, in his annual report, urges the re-establishment of the Army canteen, under proper restrictions, and says: "I have been deeply impressed by the very marked difference in discipline and general contentment among the enlisted men since the abolition of the canteen feature of the post exchange. If men are enabled to get a glass of beer in a decent and orderly manner in the garrison, they will resort to the vile brothels which cluster around the borders of the reservation, where they drink all manner of alcoholic beverages and often sink into debauchery and ruin." The report says the present system of confining military convicts in post guard houses is demoralizing in many respects, necessitating the placing of recruits confined for military offenses with men of low character and with criminals. For long-term men, a return to the military prison at Fort Leavenworth or other similar institutions is urged. Recommendations are made that the course of instruction in the canteen be discontinued, so all subjects pursued in any school in the army be fully completed in that year. In reference to the award of medals to successful competitors at various competitions in such arms practice, General Baldwin recommends the abolishment of the system and the substitution of an increase in the soldiers' monthly pay, he suggests to increase interest in the competitions. General Baldwin speaks of the necessity for good military music as conducive to the contentment and efficiency of the soldier, and recommends a larger budget, a 50 per cent increase in the pay of musicians. Arizona Land Clerk Is Dismissed. WASHINGTON, Sept. 16.—Commissioner of the General Land Office has dismissed W. E. Murphy, chief clerk of the office of the Surveyor-General of Arizona, on account of irregularities in the administration of that office. He was suspended on August 11 and his dismissal is made to take effect then. Nearly All Colorado Crops Suffer. DENVER, Sept. 16.—A severe frost and drought have just been received throughout the agricultural district of Northern Colorado caused much damage to all crops except sugar beets. Potato-bugs in Greeley estimate that the potato crop will be diminished by 100 carloads. Santa Robbed at Santa Barbara. SANTA BARBARA, Cal., Sept. 16.—Burglars entered the Wells-Fargo Express office here and robbed the safe of \$100 in coin and currency. The rear door was entered with a key and the safe opened in the regular way by the combination. The money was found in a book or drawer of one of the desks in the office. About \$200, locked in a separate compartment of the safe, was overlooked by the burglars. McCarthy Defeats Walsh. OGDEN, Utah, Sept. 16.—Before a crowd of 500 people, Jerry McCarthy, of Montana, and Harry Walsh, of Canada, both middle-weights, fought 20 hard rounds, McCarthy receiving the decision. Walsh was clever and landed frequently, but McCarthy was too strong for him, and was wearing him down at the end. Neither man was punished severely. Toughest and Police Fight. One Man Is Killed, and Another Seriously Hurt, in Fierce Scrap. NEW YORK, Sept. 16.—Michael Donovan, a stevedore, was shot and killed, John Carroll, a driver, was probably fatally wounded, and several others were badly hurt during a fierce fight early today between the police and an East Side gang of toughs. Donovan, on his death bed, refused to reveal the name of his assailant, saying that he would "take care of him" when out of the hospital. An hour later he died. Four men were arrested, and according to the police, one of them is "Monk" Eastman. They say that it was a meeting of members of the "Paul Kelly" gang, and the "Monk" Eastman gang that caused the trouble, in which policemen were shot at, and for which the reserve of three police stations had to be called out. The police believe the trouble started over the shooting of Dave Bernstein, an East Side saloon-keeper, some months ago. Several men were arrested for the shooting at the time, but accused and accused were equally noncommittal, saying that they would "get square" in their own way at a later date. The identity of the prisoner as Monk Eastman was later established positively. Reward Is Offered for Boodler. ST. LOUIS, Sept. 16.—A special to the Post Dispatch from Jefferson City, Mo., says: Governor Dockery has decided to offer a reward of \$50 for the apprehension of the Kelly gang, who are in the banking powder trust, according to a report current this afternoon. Kelly is now in Canada, whether he fled to avoid arrest on three indictments charging him with bribery in connection with the alum baking powder scandal in the Missouri Legislature. Weeks Off Florida Coast. MIAMI Fla., Sept. 16.—The schooner Klondike brings the first authentic reports from the several wrecks north of this port. About a mile north of Boynton the Standard Oil Company's barge, No. 50, had a hard ground on the beach. About five miles south the British steamship Inghula is a total wreck. She had a mixed cargo of about 5000 tons. She was from Obveston to Liverpool. Nine of the crew were drowned. Miners to Demand Eight-Hour Day. OURAY, Colo., Sept. 16.—At a meeting of the Miners' Union, which 71 out of a membership of about 450 were in attendance, it was decided, by a vote of 45 to 28, to make a demand for an eight-hour day for the millmen of the district. The mill operators were given until September 20 to comply with the demand. It is understood that the operators positively refuse to grant the demand. Fire Wrecks Telephone Exchange. KANSAS CITY, Sept. 16.—Fire in the five-story telephone building at Sixth and Wyandotte streets today burned completely all the toll-boards and damaged the main switch-board so that for at least 30 days there will be no telephone service in the business district. Loss, \$150,000, covered by insurance. "One of us said things 'bout his life," said Uncle Eben, "he let us 'bout easier 's depend on de emnity of yob enemies dan de friendship of yob friends."—Washington Star.

ST. HELENS TREMBLED

RECENT EARTH TREMOR WAS VERY MARKED THERE. Men Were Thrown to Their Knees and the Trees Swayed as if Blown by a Hurricane.

NORTHWEST DEAD. Alvin Manning.

Garfield, Wash., Sept. 16.—(Special)—Alvin Manning, one of the pioneers of Whitman County, died yesterday at his home in this city, and was buried from the Presbyterian church today under the auspices of the Masonic lodge of which he had been a member for the past 33 years. Mr. Manning was born in Ohio April 28, 1833, the son of Jordan and Sarah (Knox) Manning, and was married to Mary in that state, acquiring his education in a select school and afterward teaching music for a while in Ewington College. In 1853 Mr. Manning went to Washington, where he remained until 1858, in which year he came to Whitman County, Washington, crossing the plains with teams. He located land, a part of which is now the town of Garfield. In political life Mr. Manning has always been active.

George W. Desart.

SALEM, Or., Sept. 16.—(Special)—George W. Desart, aged 66 years, died in this city today. The deceased was born in Illinois in 1871, and lived in that state and Nebraska until 1904, when he brought his family to Oregon, crossing the plains on an ox team, and located on a farm near Silverton, where he lived until three years ago, when he moved to Salem. Mr. and Mrs. Desart were the parents of three children, one of whom is now a great-grandchild. Three of the children are dead, but the others, with their mother, survive. Mr. Desart was a veteran of the Civil War and a member of the G. A. R., whose funeral will be held at the funeral services to be conducted at Miller cemetery, near Silverton, Friday.

Mrs. Nancy Thompson.

DALLAS, Or., Sept. 16.—(Special)—Mrs. Nancy Thompson, widow of the late Milton Thompson, died at her home in Dallas, Monday, September 14, aged 78 years. She was a daughter of Mr. and Mrs. William B. Lewis, pioneers of 1852, in Oregon in Buchanan County, Missouri. She was married to Milton Thompson in 1855. Her surviving children are: Mrs. Jane Stinit, of Portland; Mrs. N. Woodward, Miss Martha Thompson and Vincent Thompson, of Dallas.

Mrs. Edwin Tobin.

PAYETTE, Idaho, Sept. 16.—(Special)—Mrs. Edwin Tobin died yesterday morning. The funeral will occur tomorrow at P. M. from the Christian Church. The deceased was 49 years of age, a pioneer of Idaho, but had lived a few years in Butte, Mont.

Melon Season Cut Short by Frost.

PUEBLO, Colo., Sept. 16.—Heavy frost cut short by two weeks the extensive melon industry of the Arkansas Valley, already shortened by the lateness of the Spring. Make the possession of deadly weapons by professional criminals a penal offense. Change the present law so as to make larceny from the person, regardless of the amount taken, grand larceny. Enact a law to make it a crime to possess an ineffective vagrancy act, prohibiting "loitering," similar to the Ohio statute. Give municipal or police magistrates power of commitment, so as to enable them to sentence professional criminals for a term in the bridewell, instead of being compelled to give them a fine, which they are always able to pay. Amend the present parole act so as to make the violation of a parole or conviction for a second offense punishable by a maximum sentence of the particular crime under the criminal code, the same as under the old "habitual act." Amend the law placing the parole power of the reformatory institution with a commission, and give the power with the parole board or a similar board. Increase the police force of Chicago by the addition of at least 500 men. These are some of the suggestions recommended by the citizens of Chicago by those who have to do with the public safety. Such experts as those at the head of the Pinkerton Agency, the Police Department, the City Detective Bureau and the Bureau of Identification declare that some such reforms as these in the criminal code of Illinois are absolutely imperative, if Chicago is to be rid of desperate crime and the hold-ups, burglaries and similar crimes are to be materially decreased in number.

Fanciful Death.

Deadly as was the lightning stroke that killed young Percy Barrows in Crotona Park on last Saturday afternoon, it plays a strange part in the history of the revelation of that grim freak of fancy was made yesterday at the autopsy held by Coroner O'Gorman. The skin on the lad's left side was white, unmarked, unblackened without any mark, indeed, save in one spot. There, near the heart, the bolt had printed a maldehain fern, down to the minutest ending away and with a perfection of outline that even the most skilled of photographers would find it difficult to equal. Symbolical of innocence, of all the line freshness of youth, that fern imprints was the sole mark of death. Lightning has made strange transfers to human bodies many a time, but nearly always of nearby objects. What makes this young man's death so peculiar is that there is not a fern within a rod in any direction from the tree under which Barrows was standing when he was struck. Some persons who viewed the lad's body yesterday made the fanciful remark that the lightning had picked up the impression many miles away, perhaps, to place it at last as a seal upon its victim.

Articles of War His Defense.

Colorado Commander of Militia Considers He Can Hold Strikers. CRIPPLE CREEK, Colo., Sept. 16.—Adjutant-General Bell will appear in the District Court either on Friday, in person if necessary, or by representative, to make a report to the court on the habeas corpus which was issued against him and General Chase by Judge Seeds on behalf of four prisoners in the military guardhouse. In his answer to the complaint, General Bell will set the articles of war which will govern troops in the field, and which have been made in Colorado to govern militia, as a basis to hold the prisoners. General Bell takes the position that at the present time not only the militia but all of the inhabitants of this district are amenable to the articles of war.

Colorado Mine-Owners Will Post Notices to This Effect.

CRIPPLE CREEK, Colo., Sept. 16.—It was announced today that notices will be posted tomorrow at all mines owned by members of the Association of Mine-owners to the effect that no member of the Western Federation of Miners need apply for work. Adjutant Bell today refused a request of the mine owners for a military detail to escort 50 workmen who, it is expected, will come tomorrow from Colorado Springs. The general said he would not issue a military detail to the district, but that any workman who came into the district would receive protection while here. There is a full in the excitement which has been prevalent for the past two days, and both military and civil authorities are awaiting the decision of Judge Seeds in the habeas corpus proceeding on next Friday, at which General Bell says he will have his prisoners present.

WASTING SICKNESS

Loss of Flesh and Strength Which Puzzles Doctors

Mrs. Allaire Was Failing Every Day and Her Physician Could Not Help Her.

How many men and women are suffering from a debilitating illness for which doctors can find no satisfactory explanation and which ordinary medicines fail to cure. A recommendation of a change of air or of a resort to the seashore, or to the mountains, however, are not able to follow such advice, and others, unfortunately, find no benefit after all their expense and trouble. This, for a long time, was the experience of Mrs. George Allaire, of No. 4 Knox street, Worcester, Mass. She says: "I was so greatly run down in health that the doctor who was attending me said I would never get well. I was wretchedly ill," she continued; "I had lost so much flesh that I was little more than skin and bones, and I was ghastly white. I couldn't eat nor sleep, couldn't work—in fact, was so weak that I spent more days in bed than I did out of it. I suffered considerable pain in the region of my liver, my stomach was out of order, and I was so miserable that I began to think the doctor was right. Finally one day when the doctor was at the house to see me I told him I was going to give Dr. Williams' Pink Pills for Pale People a trial. 'All right,' he said, 'do so. There is nothing more I can do for you.' 'Imagine my feelings when, after taking Dr. Williams' Pink Pills four weeks, I was able to do my washing and ironing—something I had not been able to even attempt for three years. I kept on taking this medicine for a while longer, and was entirely cured.' 'Dr. Williams' Pink Pills for Pale People, the medicine which cured Mrs. Allaire and thousands of others, are an unfailing specific for all diseases arising from impoverished blood, or weakness of the nervous system—two fruitful causes of nearly all the ailments to which mankind is heir. They have cured stubborn cases of rheumatism, neuritis, spinal trouble, partial paralysis, locomotor ataxia, St. Vitus' dance, and all forms of weakness. As a tonic, acting on both the blood and the nervous system, they are equally benefited by Dr. Williams' wonderful discovery you must get the genuine Dr. Williams' Pink Pills for Pale People. They may be had of any druggist, or will be sent postpaid on receipt of price, fifty cents a box; six boxes, two dollars and fifty cents, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

ARE YOU SATISFIED?

If Not, What Better Proof Can Portland Residents Ask For?

This is the statement of a Portland citizen— The testimony of a neighbor. You can readily investigate it. The proof should convince you. Mrs. Gove, of 50 Montgomery street, wife of Captain C. G. Gove, ex-coast captain, who is well known to our readers, says: "I tried Doan's Kidney Pills and they did me more good than any other remedy I ever used for my kidneys. For two or three years, off and on, I suffered from sharp pains across my back, which started with a dull aching, and when I walked or overexerted myself the pain became very acute. Any cold I caught aggravated it, and rendered my kidneys weak. I read about Doan's Kidney Pills and got a box at the Laue-Davis Drug Company's store, corner of Yamhill and Third streets, and used them according to direction, with the result that the backache left me and my kidneys were wonderfully strengthened. I am greatly pleased with the results obtained from Doan's Kidney Pills, and I unhesitatingly recommend this valuable remedy to any one suffering from kidney trouble." For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

HAND SAPOLIO

Is especially valuable during the Summer season, when outdoor occupations and sports are most in order. GRASS STAINS, MUD STAINS and CALLOUS SPOTS yield to it, and it is particularly agreeable when used in the bath after violent exercise. ALL GROCERS AND DRUGGISTS
