LIPTON IS TOASTED

Roosevelt Proposes Health at Yacht Club Dinner.

GUESTS ALL RISE AND CHEER

Message is Sent the Yachtsman Expressing Regret at His Absence and Best Wishes for His Speedy Recovery.

OYSTER BAY, N. Y., Sept. 18.—President Roosevelt was the guest of honor at the annual dinner of the Seawanhaka Corinthian Yacht Club at its handsome and spacious home on Center Island in Oyster Bay.

Notwithstanding the fact that the President was among friends and fellow club members, precautions were taken to insure his personal safety.

Immediately after the arrival of the President, the dinner, which numbered about 100, sat down to dinner. It was an informal affair, the various courses being interspersed with songs by glee clubs, in which songs nearly all the guests joined.

At the mention of Sir Thomas' name the guests rose and cheered enthusiastically, and the toast was drunk with much spirit.

Just before the closing of the dinner a message was sent to Sir Thomas Lipton, expressing regret at his absence and best wishes for his speedy recovery.

A telegram was received this afternoon from the private secretary of Sir Thomas Lipton, saying:

"An am certain had it been possible Sir Thomas would have been delighted to have been present at the dinner. His condition is certainly improved this morning, but he probably will be confined to his hotel for several days."

It was almost 11 o'clock when President Roosevelt was escorted by members of the club to his launch on his journey across the bay. As he left the landing he was given three hearty cheers.

King and Queen Interested. LONDON, Sept. 18.—King Edward and Queen Alexandra have requested to be kept well informed of the latest news from Chicago regarding the condition of Sir Thomas Lipton.

WANTED AT ONCE—25 Cash Boys and Girls. Apply at Superintendent's desk, 1st floor.

Queen Alexandra have requested to be kept well informed of the latest news from Chicago regarding the condition of Sir Thomas Lipton.

SIR THOMAS IS DOING WELL. Physicians Are Not Yet Ready to Say Danger is Passed.

CHICAGO, Sept. 18.—The condition of Sir Thomas Lipton was pronounced by his physicians to be entirely satisfactory, and it is believed that all danger has passed, though the doctors say it will be several days before they will be able to make that statement with entire confidence.

"We see no reason," said Dr. Thomas tonight, "why Sir Thomas should not mend rapidly. All dangerous symptoms have subsided to almost nothing, and while it is too early to say that there is no danger whatever, we think that there is no doubt of his rapid recovery."

It is not expected that Sir Thomas will be able to leave his bed for the greater part of a week to come and it will be at least ten days before he is able to travel.

ROOSEVELT HOME AGAIN President's Trip From Antietam Is Without Incident.

The trip was without incident, no stop having been made after leaving Chamberburg, Pa. At 7 o'clock the President was taken to the navy-yard by a tug. Thence he proceeded to Oyster Bay on board the yacht Sylph.

KNOX WORKSUPCASE

Attorney-General Is Busy on the Merger Suit.

HE WILL MAKE THE ARGUMENT

If Supreme Court Upholds the Former Decisions, the Government Will at Once Begin Action Against Monopolies.

OREGONIAN NEWS BUREAU, Washington, Sept. 18.—At the Department of Justice it is said Attorney-General Knox is busy at his summer home near Valley Forge, Pa., working up the case of the Government against the Northern Securities Company, it being expected that Mr. Knox will in person argue this case before the Supreme Court this winter.

The argument, under an arrangement made last Spring, is to be heard the middle of December, and a decision is looked for some time during the next term of the court.

In the event the Supreme Court sustains the lower courts in this case and decides in favor of the Government, it is known that the Department of Justice will be ready at once to institute suits against other corporations that are believed to come within the provisions of the Sherman law and its modifications.

The Northern Securities case is regarded as the most important now pending, and this will be made a test case to determine the extent to which the Government, through the Department of Justice, can prosecute corporations found to be destroying competition in legitimate trade.

INDIAN OFFICIAL LIKELY TO GO. Yakima Superintendent Held at Fault by Supervisor.

OREGONIAN NEWS BUREAU, Washington, Sept. 18.—An investigation into charges that were preferred against Jay Lynch, bonded superintendent in charge of the Yakima Indian reservation, is reported to have convinced Supervisor Charles Dickson that Lynch is guilty as charged. Private advices from Yakima state that Lynch was found to be conducting the affairs of the Yakima agency in an inexcusably loose manner, without system and without proper control. He was charged with inefficiency and mismanagement, and it is said to be the opinion of Supervisor Dickson that he should no longer be continued in his present position.

The investigation failed to reveal anything criminal on the part of Lynch, either as to the handling of his accounts or his general conduct of the agency. When Dickson's report is received it will be laid before Secretary Hitchcock for action, but no final action is likely to be taken until the latter part of next month, as Congressman Jones, who has repeatedly appealed on behalf of Lynch, wishes to take the case up with the Secretary when he arrives in Washington.

The probabilities are that Lynch ultimately will be removed, for the tendency in the Indian service, at the present time, is to weed out incompetents and officials

who are not generally satisfactory, and to infuse new blood that meets requirements and tends to raise the standard of the service. As Lynch is under the classified service, he has been given opportunity to make answer to all charges, and his reply will be submitted with the report of Supervisor Dickson. Lynch's salary is \$1600 per year.

Rural Carriers for Woodburn. OREGONIAN NEWS BUREAU, Washington, Sept. 18.—Pearl D. Engle was today appointed regular rural carrier, and Nellie G. Engle substitute, at Woodburn, Or.

BEAVERS MUST FACE CHARGE. Court Holds Indictment of the Post Chief Is Valid.

NEW YORK, Sept. 18.—At the examination of George W. Beavers, the indicted Postoffice official, charged with conspiracy to defraud the Government, which was resumed today, Commissioner Hitchcock announced that he had decided to overrule the motion made by the defense at the previous hearing to dismiss the proceedings because of the invalidity of the indictment.

The defense contended that the indictment charged three separate and distinct offenses under one section of the Federal statutes instead of one, as provided by law. He also repeated his ruling that the properly certified copy of the indictment returned in Brooklyn was sufficient evidence to make out a case of probable cause, and to warrant the return of the accused, properly identified, to the district where the recent accident was returned.

It developed in the course of the examination and was admitted upon the record by District Attorney Burnett that subpoenas had been served by the defense, but so far as Beavers is concerned, the Government to make out its case before the District Commissioner in New York, in order that the defense might prove that Mr. Beavers had nothing whatever to do with the making of the contract between the Government and the Brandt-Dent Company. The subpoenas had been ignored.

"For the first time on record in this district," said Mr. Steurs, attorney for Beavers, "the Government seeks to have this accused man sent to Brooklyn without the preliminary examination that has been accorded every defendant arraigned for extradition in a quarter of a century."

"We want to know whom the Government seeks to shield by this indictment," he contended, "and if permitted to go into this case here that we will prove that there is not only a lack of probable cause to believe that a crime has been committed, but so far as Beavers is concerned, it is a case of absolute innocence, and we hope to prove it. But for some reason the Government seeks to suppress the evidence."

General Burnett said the defendant had been indicted in the Eastern district, and would be given the opportunity to prove his innocence there in due time. He said that he had no evidence as alleged in the indictment of the payment of money to Beavers, District Attorney Burnett replied that from what Mr. Steurs proposed to prove it was evidently the intention of the defense to turn the examination into a trial. After adjourning

WIPES OUT OLD FEUD

Detective Shoots Three Men on Fair Grounds.

BLOWS OUT HIS OWN BRAINS

Evansville Chief of Police, His Captain and a Councilman Are Attacked Without Warning and Fatally Wounded.

EVANSVILLE, Ind., Sept. 18.—After shooting and probably fatally wounding Chief of Police Fred Heucke and Captain Brennecke, of the police department, and seriously wounding Frank Lutz, a Councilman of Booneville, Ind., Detective Thomas Hutchens tonight shot and killed himself. The tragedy was the result of a long-existing quarrel between Brennecke and Hutchens. The cause is not known. The shooting occurred in a tent at the Tri-State Fair grounds, in the presence of at least 500 people. Neither Chief Heucke nor Captain Brennecke had opportunity to defend themselves.

Patrolman Crow was sitting at a table near the entrance of the German village when Hutchens, Chief Heucke and Captain Brennecke entered. Crow jumped to his feet and started for the detective as soon as the first shot was fired. He did not reach him, however, until both the Chief and the captain had been struck.

until next Tuesday, counsel for the defense accompanied by Commissioner Hitchcock and Messrs. Bushnell and Wise, appeared before United States District Judge Holt for a process compelling Disrupter, Miss Wrenn, to obey the subpoena and appear before Commissioner Hitchcock Tuesday. Judge Holt ruled that to bring the matter before him the defense would have to make an application to punish for contempt the witnesses who had disobeyed the subpoenas. Later the application was formally made, Judge Holt being asked to decide the question at issue some time before the next hearing on Tuesday next. No argument was made and all proceedings closed for the day.

Court-martial for Warship Accident. WASHINGTON, Sept. 18.—The report of the board of officers appointed to investigate the recent accident on board the battleship Olympia at Norfolk, finds that Corporal Yerkes, of the Marine Corps, who was killed in the explosion of alcohol, was mainly responsible for the accident. The court-martial of two of the enlisted men has been ordered.

Discuss Indian Territory Frauds. WASHINGTON, Sept. 18.—Charles J. Bonaparte, of Baltimore, who has been appointed to investigate Indian Territory affairs, had a conference today with Acting Secretary Ryan of the Interior Department. Mr. Bonaparte said he expected to visit the Indian Territory in making his investigation, but did not know when he would go there. He said that he had a tentative policy mapped out but was not prepared as yet to announce it.

Threat of Six Companies. SAN FRANCISCO, Sept. 18.—(Special.)—The Six Companies have posted notices that anyone killing in the defense of Wood Shook, the hiredling caught in Portland, will die.

Hutchens then fired the shot that struck Lutz.

Whether he intended the shot for Heucke or Patrolman Crow is not known. Both men were in the line of fire, and it is probable he intended to kill Crow for attempting to interfere. After he had fired four shots Hutchens walked outside the tent, and saying "No man will ever live to see me fired," placed the revolver to his right temple and sent his last bullet into his brain.

Six years ago Hutchens shot at Brennecke in a saloon, but the bullet lodged in the ceiling. It is believed that the conviction this afternoon of William Trimble, one of the men who took part in the riot of July 5 and 6, had something to do with hastening the tragedy. Captain Brennecke has been one of the most active workers for the state, and it is said his activity against the rioters increased Hutchens' animosity.

Captain Brennecke is still unconscious. Frank Lutz is believed to be fatally hurt.

STOLE SILVER TO COUNTERFEIT. Federal Officers Make a Discovery in Montana—One Arrested Made.

PHILIPSBURG, Mont., Sept. 18.—Federal officials have made the discovery that the silver bullion stolen about two months ago from the Granite bimetallic mill was not taken to be sold, but for the purpose of being coined into money. Iao Kovogovitch, arrested at the time of the robbery, is now held on the charge of being one of the gang of counterfeiters.

In a barn at Drummond, where Kovogovitch was arrested, the officers have found a complete outfit for making silver dollars, which had evidently been used. The other members of the gang succeeded in escaping.
