Says the Communication Was Sent Out in the Regular Order-Will Resume Duties in Land. Office Today.

LA GRANDE, Or., Sept. 18.—(Special.)— The following telegram has been received: "Asa B. Thompson, Receiver of Public Moneys, La Grande, Or.: In the absence of the Register and until his successor qualifies, no business can be transacted which requires action of both officials. Office should be kept open for information

W. A. RICHARDS, Commissioner General and Office, Washington, D. C. Register E. W. Bartlett has been absent from the city and was supposed to be attending the State Fair. A literal read-

ing of the telegram conveys the impresthat this order practically removes Register Bartlett returned this evening from Portland, where he had taken his daughter for treatment by an oculist.

The telegram sent out from the Gen-al Land Office in regard to the transaction of business in the local office is the regular notice sent out by the Commis-sioner in the absence of an officer at any land office. The La Grande office will be open tomorrow and all business will be transacted as usual. There is ab-solutely nothing in the dispatch other

E. W. Davis, the newly appointed Register at La Grande, was communicated with at his home at Union over the tele-phone. He said he had no later advices from Washington than several days ago, when he was notified that he would be installed as Register as soon as his bond had been approved.

Believed to Be Dismissal. PENDLETON, Or., Sept. 18.—(Special.)— For the present the Land Office at La

Grande is without a Register, E. W. Bart-lett having been summarily dismissed during his absence at the State Pair. Asa B. Thompson, Receiver of the Land Office, today received a telegram from Washington informing him that until such time as the new Register is installed, all papers requiring the signatures of both Register and Receiver must be held in abeyance. This does not signify, however, that the office will be closed, for the telegram goes on to state that the office must be ept open for the information of the

A few days ago Inspector Green visited La Grande and Pendieton and it has been learned that the orders received by telegraph today are the result of a report he made to the Interior Department. The telegram gives no reason for the ousting of Bartlett. Those in a position to know e reason intimate that it is neglect of

#### MUCH IDAHO LAND AFFECTED. Commissioner Richards Decides Great Area Is Non-Mineral.

WALLACE, Idaho, Sept. 18.-W. A. Richards, Commissioner of the General Land Office has rendered a decision to the effect that a large area of alleged mineral lands in Shoshone is nonmineral. The case is that of the Northern Pacific Railroad protesting against the classification of mineral lands made by the Mineral Land Commission. A great part of it has been considered mineral in character for the

The territory affected by the decision consists of 27 townships, containing an area of more than 30 square miles, or 35.-100 acres, lying south of Wallace in the sion composed of ex-Governor Black, of Utah; Coionel Ryan, of Rathdrum, and State Senator Davis, of Idaho, who visited this district for that purpose in 1899, 1990 and 1991. The hearing of the Northern Pacific Company's protest was held at Coeur d'Alene last December, and United States District Attorney Cozier, of Mosrow, appeared on behalf of the Government. It is alleged that Cozier agreed to the evidence produced by the railroad company without attempting to protest, and that the three years' work of the Government Land Commission was reversed by witnesses of the railroad, who swore to the non-mineral character of the land.

If the present decision of the General Land Office is not reversed, the Northern Pacific Company will get every odd-numbered section involved, and persons own-ing mining claims thereon, whether quartz or placer, will be compelled to purchase the same from the railroad company or forfeit their rights.

#### HEARING IN BOWERS POISON CASE Detense's Strong Point Is That Cause of Benth Is Not Proven,

SAN FRANCISCO, Sept. 18.-Further hearing of testimony in the case of Mrs. Martin E. Bowers and her sister, Mrs. Zyiphia C. Sutton, was continued before Police Judge Cabanies today. In order to strengthen the contention of the defense that the actual cause of the death of Martin L. Bowers had not been proved, the at-torneys for Mrs. Bowers and Mrs. Sutton placed Autopsy Surgeon Bacigalupi on the

witness stand The doctor testified that he had only removed the stomach at the autopsy and two portions of the brain for analysis by city chemist. So far the prosecution has not proved the cause of death of Bowers to be due to arsenical poisoning.

Patrick Lervy, alias O'Leary, was put on the witness-stand by the prosecution, His examination disclosed nothing of ma terial value and the attorneys for the defense declined to cross-examine him.

Man Implicated in Murder of Seattle

Policeman an ex-Convict. SEATTLE, Sept. 18 .- William S. Thomas shot down while fleeing from the scene of the murder of Police Officer Schaneman, was today identified as William S. Smith, alias "hai" Smith, an ex-convict, who on April 14, last, was released from the Deer Louge, Mont., penitentiary. A photograph of Smith was received by Chief Sullivan in his morning mail and makes another mesh in the web which is being woven about the gang thought to be responsible for the murder, as well as for the robbery of the Villard saloon bar the previous night

Smith, at the time of his arrest at Great Falls, Mont., on a charge of robbery over pine years ago, had been a terror to all parts of the northern part of the state. ne was tried and convicted on July 14, 1894,

riott brought a civil action. The jury tonight cleared Beale and assessed the damages to Williams, allowing Marriott the full amount of the ex-LA GRANDE REGISTER DENIES IT upon him, together with \$19,000 as punitive damages.

### GIRLS ARE INCORREGIBLE.

Left to Run Astoria Streets, They May Be Put in Charge of Society. ASTORIA, Or., Sept. 18 .- (Special.)-Two 15-year-old girls were taken into custody by Sheriff Linville last evening and will probably be committed to the care of the Boys' and Girls' Aid Society, of Portland.
The girls are ids Nylund, the prosecuting witness in the case against Frank Adams, who is being held in the County Jali to await trial on the charge of criminal assault, and Lucy Martin. Both have been permitted to run about the streets at will until they are considered incorrigible and theofficials feel that they should be placed where they will be kept under proper re-

straint.
When taken in charge they were hanging about the jail attempting to communi-cate with Adams. After being questioned by the Sheriff and Prosecuting Attorney the girls were given over to the care of their parents to be returned for examina-tion before the County Judge as soon as he returns to the city.

### METHODISTS WANT TO KNOW. Theological Institutions Under Sus-

picion of Tenching Heterodoxy. LOS ANGELES, Cal., Sept. 18.—The Southern California Methodist conference today after a sharp debate adopted resolutions urging the next general conference of the church, which will meet in Los Angeles in May, 1904, to make a "thor-ough and impartial investigation of the teachings of the Boston Universal School of Theology and the Garrett Bible In-stitute, to the end that the Methodist Episcopal Church may be informed of the exact facts in the case and definite deci-sion concerning the soundness of such teachings arrived at and a long standing cause of much anxiety and sharp contro

#### SEARCH OF AGED PIONEER. Steptoe Butte People Fear W. H.

Ragan Has Committed Suicide. GARFIELD, Wash., Sept. 18.—(Special.) The people near Steptoe Butte have been searching all day for W. H. Ragan. Mr. Ragan is an old pioneer of the Palouse country. He did his chores about the house, miked his cows about daylight this morning and disappeared, his friends and neighbors fear he has committed sulcide. Mr. Ragan is 65 years of age and has lived on his farm near the Butte many years.

#### TREATY'S LIFE NEARS END Only Four Days for Colombia to Act in Panama Matter.

WASHINGTON, Sept. 18.—Only four days remain in which the ratification of the Panama Canal treaty must be ex-changed. Dr. Hermann, the Colombian Charge, transmits promptly to the State Department such details of proceedings in the Colombian Congress as come to him, but what their nature is he declines

realizes the severity of the situation, but he has not had any instructions to request any extension of the time for ratification nor has the American Govern-ment intimated so far as known that it is anxious to grant it. The State Department is simply waiting. It was stated today that official advises received here contain certain facts which it is said put an entirely new light on the obstruc-tions which have been placed in the way of ratification by the Colombian Congress. past 40 years, and many mineral claims of worth have been located in the district, but this decision of the Land Office, unless reversed, will invalidate all mining locations that have been made on odd-numbered sections. The decision has caused a content of the learned whether there is any founcied by the Colombian Congress. It was also said that these advices are to the effect that the object in introductions that have been made on odd-numbered sections. The decision has caused a content in minor amendments. It cannot be content of the con

dation for these claims. In some quarters the suggestion is made that a real stumbling block to the rati-fication of the treaty might be removed Cocur d'Alene mining region. The lands if the new Panama Canal Company would consent to the payment to Colombia of a stipulated portion of the \$49,000,000 which it is to receive from the American Government for its rights, franchises and property along the route of the proposed According to the bill reported to the Colombian Senate that government wants \$10,000,000 of this money, but it is believed by some persons familiar with South American affairs that a compro-mise might be reached whereby balf that

amount would be accepted by Colombia. The latter government thinks she is entitled to some portion of the money. It is also suggested that Colombia might be willing to forego insistence on some of the other important amendments which have been proposed if she were compensated by the Panama Canal Company.

### Little Hope for the Treaty.

NEW YORK, Sept. 18.—General George Roa and Dr. Rufino Guitterez, both for many years prominent in the politics of a. Despite a decided reaction at Bogota. the time they left the capital in favor of the canal treaty, it is not likely to be approved they say.

As to reports that, in the event of the treaty not being ratified, the Department of Panama will secede from the republic and organize its own national government, Dr. Guitterez said:

"I think that the people of Panama will abide by the decision of the majority. They are too patriotic to sever themselves from the mother government

The fire was SAN FRANCISCO, Sept. 18.—Frederick swer to a call from box II. The fire was Marriott, publisher of a local weekly, was swarded \$16,780 tonight by a jury in his rived.

## FAVOR OREGON IN 1905

(Continued from First Page.) souri Rivers and their tributaries and the subsequent extension of the vast irrigation projects. It recommended the appointment of a commission by the President to investigate and report such further amendments or extensions of the land laws as may promote the actual settleshould supplement its present policy of levee construction by a comprehensive reservoir system; the allotment of Indian lands; protested against contract coolie

labor in connection with the best-sugar industry; favored statehood for New Mexico. Arizona and Oklahoma The minority report was then presented. It simply struck out all reference in the tion clause of the homestead act.

The report was made a special order for

Indorse Lewis and Clark Fair. A recommendation that Congress appropriate for a Lewis and Clark memorial

building at Portland was also made.

ming, spoke against the majority report. D. Clark Gapen, of Wisconsin, Colonel Graves, of Minnesota; Congressman Reeder, of Kansas, and Senator Gibson, of Montana, spoke in its favor.

Congressman Needham, of California, offered a substitute for both reports as follows:

"Whereas, The timber and stone act, the desert land law and the commutation clause of the homestead act have, in many instances, in their administration been found to result in speculation and in monopoly of the public domain to the exclusion of actual home-building, therefore

"Resolved, That we request the Congress of the United States to make such modifications in said laws as will save the remaining public lands for actual settlers who will found homes and live upon said lends."

Amid considerable confusion the roll was called, and resulted in the adoption of the Needham substitute by a vote of 212 to

Congressman Brooks, of Colorado, offered several other amendments to the majority report relating to state and National supervision of water distribution, on the ground that they are inconsistent with the National irrigation laws. The majority report, as amended, was then carried by a viva voce vote.

Springs, offered a resolution favoring dian corn as the National floral emblem of America. 'It was adopted.

After the usual votes of thanks had been passed, the convention adjourned, and the 11th National Irrigation Congress came to an end. Many delegates left for their homes to-

night, although several hundred will go on an excursion tomorrow through Cache Valley, viewing the State Agricultural School at Logan, and the great irrigation works of the Bear River Valley.

### PINCHOT ON FOREST RESERVES.

Chief Forester Holds Any Opposition Arises From Misunderstanding. OGDEN, Sept. 18.-Gifford Pinchot, Chief Forester of the United States, in address-ing the National Irrigation Congress on

forest reserves today, spoke as follows:
"President Roosevelt has said that the principal object of the forest policy of the United States is and must be to make prosperous homes and keep them pros-perous. The object of the Government in dealing with the forest reserves is, there-fore, to give them their greatest permanent usefulness to the settler and the home-maker. Wise forest administration is impossible without a knowledge of local conditions and local needs, and without the careful adaptation of the forest re-serve rules to meet those needs.

"In the delicate and important task of administering the forest reserves, which are so vitally necessary to the well-being of industries and communities throughout the West, the Government is constantly met by the demands of conflicting interests. In each case it is essential that the administration of the reserve should meet the needs of the people, and that each reserve should be given its highest possible present usefulness, while protecting, with the utmost care, its continued utility to the community. The idea of permanent usefulness is fundamental in every case.

"The four great timber-using industries -lumbering, building, mining and trans-portation—are peculiarly dependent for their future prosperity upon a sustained supply of timber from the Government forest reserves, and special provisions must be made to meet their needs. The use of the mature timber is often essen-tial and almost universally advisable in a healthy, growing forest, and provision is made by the law for its disposition to those who need it. This use of the reserves will grow steadily greater and more essential as time goes on, and every care should be taken to safeguard the

young growth for the future.

'For the present much the most important use of the forest reserve is to supply water to the irrigator, and its utility in this respect should be safeguarded in every possible way. This, too, will increase with time, and it will become more and more evident that the foundation of the irrigation development of the West lies in the wise administration of the forest reserves. Not only can the present supplies of water be conserved by the right handling of the forest, but there is no question whatever that in many lo-calities they may be largely increased. From this point of view, as well as from many others, protection against fire is the first duty of the Government toward the

"Opposition to the forest reserve policy has arisen chiefly from three sourcesfirst, misunderstanding of the Govern-ment's policy in the creation of reserves. second, vaxatious and unnecessary delays and restrictions, certain to disappear as the reserve management improves, but for the present a serious hindrance to the use fulness of the reserves; third, the sudden

reserve as it was used before is no longer compatible with the public interests, then, unless the public good absolutely demands sudden action, which is but rarely the case, these private enterprises should be given time to adjust themselves to the approaching change.

F Prescential, S F F C Davidson, on F F C Davidson, on F F C C Settle, New York L Schwabacher, S

laws as may promote the actual settle-ment and development of the public do-main. It urged that the Government in favor of the protection of water and of other interests in the West, through the protection of its forests, awaits but the adjustment of a few differences to become

### MEET A REBUFF ..

(Continued from First Page.)

funds, and that it was as reasonable and minority report to the desert land act." just to require the gamblers to contribtimber and stone act and the commuta- ute as to put all the burden on the taxpayers. I said our bridges were rotten and defective, our elevated roadways were 2 o'clock, and recess until that hour was dangerous to life and property. One bridge had already fallen down, a man had been killed, a child injured and many horses crippled and killed. Numerous building at Portland was also made.

Before debate on the report of the committee on resolutions was taken up at the afternoon sension an amendment to the majority report was made commending in Utah to work in conjunction with the Government in the great irrigation projects. Resolutions of thanks to the Oregon Short Line for its courtesies and to the City of Ogden and the preas were also adopted. A motion to limit the times of debate to three speakers on each side, giving each speaker 15 minutes, was adopted.

Ex-Congressman Shafroth, of Colorado, opened the debate in a speech against the repeal of the land laws as embodied in the majority report of the committee on resolutions.

Mr. Shafroth was followed by Attorney-General Donovan, of Montanas, in favor of the majority report. Congressman Mondel? of Wyoming, followed in the negative, and William E. Smythe, of Los Angeles, in the affirmative. Colonel John P. Irish, against the report, and George H. Maxwell, of Chicago, In its favor, closed the form debate. Under the five-minute rule, W. T. Johnson, of Colorado; G. Limited and the city, and that at no time within 19 years had the city and that at no time within 19 years had the city, and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that at no time within 19 years had the city and that t ciaims for damages were being filed against us on these accounts. The peo-

an honest administration is because there is no reason why the gampiers should pay individual officials for the protection which is afforded them when they pay their fines into the city treasury.

"No Blame for Chief Hunt," "I told them that no blame could be attached to Chief Hunt, that he was acting under instructions, that I believed him Mrs. Gilbert McClurg, of Colorado to be honest, capable and conscientious, and that the responsibility for gambling rested elsewhere.

These gentlemen said they represented a large portion of the people, a fact which I did not dispute. But I stated that in my judgment a very considerable portion of the business men and taxpayers are in favor of compelling the gamblers to help in providing for the present exigencies of the city.

"I know that the people are divided on this subject, but with me it is not a question as to which side the majority is on, but only what I ought to do under present circumstances, and that is a matter upon which I must exercise my own judgment."

### CROSS COUNTRY IN AUTO Two Californians Go From San Francisco to New York.

NEW YORK, Sept. 18 .- A transcontinental party of automobile tourists has arrived in New York. L. T. Hammond and L. L. Whitman, of Pasadena, were the tourists, and the machine that carried them was a gasoline runabout of five horse-power, and 800 pounds in weight. The ourney of nearly 5000 miles from San Francisco was made in 73 days' elapsed time, and 57 days in which runs were

For nine days Messra Whitman and Hammond were held up in Omaha by a flood, while heavy rains detained them six additional days in other parts of Nebraska. For one day they were lost in the deserts of Wyoming. From Omaha to New York the trip was made in 11½ days, which esbab-lished a record between these points. To give their journey an official character the tourists carried from Mayor Schmitz, of San Francisco, a mesage to Mayor Low, of New York. The message will be delivered to Mayor Low, at the City Hall to-

### Damaging Evidence Against Jett.

CYNTHIANA, Ky., Sept. 18 .- In the trial of Curtis Jett today for killing Town Mar-shal Thomas Cockrill, 11 witnesses testified that they heard the shots fired, and immediately afterward saw Jett come out of the courthouse, thus corroborating the six witnesses who testified yesterday. Howard Blanton said he heard Jett say: "This is the 45th that I have laid low, and I'll visit my kinfolks."

Catching Salmon at Chehalis. ELMA, Wash., Sept. 18.—(Special.)—The Superintendent of the United States Fish Hatchery on the Chehalis River, Mr. Fallert, says that the run of salmon is a week earlier this year than usual and that they have already begun to catch them in the traps. This hatchery put out about 6,000,000 fish last year and they expect to do better than that this year.

#### Large Fishing/Schooner Missing. NEW YORK, Sept. 18 .- Since the gale of Cuesday nothing has been heard of the fishing steamship Beatrice, which carried a crew of 30 fishermen and was on the fishing ground off Cape Charles when last It is believed the Beatrice went

down with all on board.
