Butler Is Bumped in Seventh and Eighth.

CARLOS SMITH GETS HOME RUN

Siwash Give Portland Three Scores on Loose Fielding, but Send Five Men Across the Plate by Heavy Hitting.

PACIFIC COAST LEAGUE. Yesterday's Scores. Seattle, 5; Portland, 3. San Francisco, 5; Sacramento, 4. Oakland, 5; Los Angeles, 1.

Continued clouting of the leather in two successive innings for the victors their third straight against the Browns yesterday afternoon by 5 to 2. For six innings like Butler gave the spectators an exhibition of pennant-winning twirling, but the effort proved too much, and when the Siwashes fell upon him it was with a force that annihilated any hope the fans may have had of taking the game. Up to the seventh Sammy Vigneux' men were two runs to the good, these two having been presented largely on fumbles. Carlos Smith again distinguished himself with home run, the necessary tally to win, lifting the ball high in the air and over the right-field fence.

It was not such a bad game, and would have been considered quite the proper thing had the Portlanders managed to stay at the head of the column. But there was something against them. Those who like a hitting game and plenty of opportunity to enjoy themselves when Butler was receiving his trimmings, for the men from the North touched him up one side and down the other before they had finished.

There were prospects of much doing in the hitting line from the outset. Lumley, the big center-fielder, who will come near the top in his stickwork, made the initial base because Holly fumbled the ball, and he was carried the last two stations by a two-bagger to right field that Brashear tried to stretch into a triple, but unsuccessfully. Blake also opened with a smash out through short and into the garden patch, but he died at third, trying to gain too much ground. With two down, Nadeau was a marker for Brashear, and scored when Francis slugged the wood against the leather for two bags.

It was a good starter for a game with plenty of heavy firing all along the line, and when Seattle's loose fielding in the fourth gave the home team two more runs, there was rejoicing among those who rooted for Sammy's boys. Francis took first on a fumble by McCarthy, and Hollingsworth sent his hot liner to Barber. The tonsorial artist wanted to cut off Kie at second, and he threw too high, thereby presenting the Browns with one run. Holly scoring on a scratch hit by Ralby, although the shortstop had a close shave at the home plate.

It was a case of rejoice all around, until Parks Wilson sent out his batters in the seventh and Portland stock took a sudden drop. Zazy Zinsner opened the engagement by sending the ball over Jansing. He stole second, and after two were out came home on a double by Brashear. Brashear scored with a hot liner to Barber, connected Harry Blake and a surprised look. It was all Wilson needed, but to give good measure Brashear hit over Barber's head, and made the rounds as Jansing smashed the ball to right for two bags. Van Buren made a couple of stops out in his territory that would have been good for extra bases otherwise.

OAKLAND WINS IN THIRTEENTH. Gray, of Los Angeles, Had It Shut Out Up to Last of the Ninth. LOS ANGELES, Cal., Sept. 18.—Gray had the Oaklanders shut out up to the very last of the ninth inning, and the score should have been 1 to 0. With two men out in the ninth, and an easy throw to catch Messery at first, Gray threw the ball ten feet over Spies' head, and a moment later Messery scored on Graham's hit, tying the score. In the thirteenth the visitors tumbled to Gray's curves and batted out four runs. Lohman was put out of the grounds for talking too much, and Gorton was flied. Both Gray and Graham did some marvelous pitching. Score: R.H.E. Los Angeles... 000010000000-11 2. Oakland... 0000000010004-5 12. Batteries—Gray and Hurlbut; Graham and Gorton.

HARRIS DENIES DR. REDDY'S TALE. Opea Question Whether the Coast League Will Expand. SAN FRANCISCO, Sept. 18.—Harris repudiated in toto the statements ascribed to him in Spokane dispatches to the effect that he had told Dr. Reddy that the Pacific Coast League would not continue to invade Pacific National territory next season. Harris said today: "I have not spoken to, seen, or in any way communicated with Dr. Reddy for months and I cannot understand how this story has got about. It isn't true. The Pacific Coast League as now constituted is organized on natural geographical lines, and we are not going to give up any territory we now have."

Unless He Behaves Himself Sam Morris May Have to Go Home. SALEM, Or., Sept. 18.—(Special.)—Superintendent T. W. Potter, of the Chemawa Indian Training School, today wrote to Manager Vigneux, of the Portland Browns, that unless he can keep Sam Morris from drinking, the Nez Percés pitcher must come back to school. Superintendent Potter gave Vigneux authority to discipline Morris, if necessary, in order to keep him from drinking. Under this authority Morris can be confined if necessary. Morris is not difficult to manage but needs constant watching. He realizes his weakness and while he is in jail here he expressed a desire to be kept locked up 30 days, so that he could get the alcohol out of his system and lose his appetite for liquor.

Philadelphia 8, St. Louis 5, 9. PHILADELPHIA, Sept. 18.—Philadelphia and St. Louis played two games today and broke even. The visitors started off like winners in each game, but by good hitting in the first contest the home team overcame their lead and won out. St. Louis won the second game principally through the poor work of Philadelphia's pitchers. Attendance, 4600. Score: R.H.E. Philadelphia... 8 10 0. St. Louis... 5 8 0. Batteries—Morgan and Suggen; Bender, Plank and Schreck.

Washington 4, Detroit 0, 5. WASHINGTON, Sept. 18.—Washington won both games of today's double-header, and, for the first time this season, took the whole series from a club. Dundie's splendid pitching in the first game scored a shut-out. Detroit gave a local amateur game his own and his work practically cost Detroit the second game. Attendance, 1700. Score: R.H.E. Washington... 4 9 0. Detroit... 0 7 2. Batteries—Wilson, Dundie and Kittridge; Kissinger and McGuire.

New York 7, Chicago 1, 3. NEW YORK, Sept. 18.—The local American League team took both games of a double-header from Chicago here today. Wolfe and White were the opposing pitchers in the opening game, and the former held the visitors well in hand all through. Howell had only one bad inning, the eighth in the second contest, while the locals hit even and his work practically cost Detroit the second game. Attendance, 2000. Score: R.H.E. New York... 7 11 0. Chicago... 1 9 5. Batteries—Wolfe and Beville; White and Sullivan.

Boston 7, Cleveland 6. BOSTON, Sept. 18.—Boston won its third straight victory over Cleveland today in an exciting finish. Parent knocking a home run in the ninth, with a man on base, Dais' all-round playing was sensational. Attendance, 4700. Score: R.H.E. Boston... 7 10 0. Cleveland... 6 9 5. General Bell nor Brigadier-General Chase was in court, nor were the prisoners produced. When court reconvened this afternoon General Chase's answer was read by Acting Attorney General John Chase. General Chase holds that while the military is on duty under orders from the Governor, the right of habeas corpus is suspended. When the reading was concluded the court announced a continuance of the full hearing until Monday.

On behalf of General Bell a sworn statement was filed which declared that no prisoners were held in custody by him. Brigadier-General John Chase, in his reply through counsel, assumed responsibility for the military arrests. The answer filed on behalf of General Chase was largely based upon the recent decision of the Supreme Court of Pennsylvania in a case growing out of the anthracite coal strike of last year, and known as the Wadsworth case. A private detective, named John Chase, had been acting under orders from his superior officer, shot and killed a striker. He was prosecuted in the criminal courts for murder, and the case was appealed to him. Brigadier-General John Chase, in his reply through counsel, assumed responsibility for the military arrests.

HIGH CLASS DRUGGISTS AND — OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some practical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

Only Medicine in the Barracks.

Physical health has a great influence on a person's life. A sick mother means a wretched home, especially so when the family is poor and cannot afford to keep help. I have known hundreds of women, poor sick mothers, worn out working women, and invalids or chronic patients who became well and happy through the use of Wine of Cardui. My special attention was called to it four years ago when I caught a severe cold, being exposed for over an hour in the rain away from home. Inflammation of the womb followed, with all the painful and serious consequences. One of our ladies advised me strongly to use Wine of Cardui, telling me of a number who had been cured through its use. I used six bottles, and was not only cured but gained nine pounds in weight and felt ten years younger. I have advised sick women to use it since. It is the only medicine we keep constantly on hand for sick women in our barracks. It has never failed so far to relieve, to cure and to bless sick women. I heartily endorse it.

Captain Salvator Habely. GREEN LAKE, WASH., May 6, 1903.

WINE OF CARDUI. Captain Salvator Habely is the leader of the Salvation Army in her own town. Her life is given up to self-sacrificing labors and she is a woman of high character. Her heart goes out to all suffering women. Mrs. Habely is in a position to know the quality of Wine of Cardui, as the most distressing cases of female diseases come to her attention. Women come to her with menstrual disorders, bearing down pains and leucorrhoea, which by long neglect have become chronic. She says Wine of Cardui has never failed to relieve in these severe tests. And Wine of Cardui made Captain Habely herself a well woman when she was suffering female diseases. While cheap enough for any one, Wine of Cardui is used largely in the homes of the rich, being the best medicine women can secure at any price. Will you secure a \$1.00 bottle of Wine of Cardui from your druggist today?
