Promotion of Vali a Challenge to Powers.

AMERICA MAY PROTEST

Interest of Education at Beirut Will Prompt Step.

BULGARIA STILL FEARS WAR

People Along the Frontier Are Moving Their Property—Fighting in Macedonia Continues. With Victories About Even.

CONSTANTINOPLE, Sept. 21.—The unfavorable comment aroused by the appointment of Reshid Pasha, the former Vali of Beirut, to be Vali of Brusa, which is really a promotion, continues. The action of the Porte in this connection is regarded here as a challenge to the representatives of the powers, especially to the American minister, who, it is thought, is likely to protest and may possibly demand Reshid Pasha's recall from Brusa. In the interests of the American educational establishment in that vilayet.

Reports from Beirut say the appointment of Halim Pasha to be Vali of Beirut has caused much disappointment. The inhabitants expect that Nazim Pasha, the Vali of Syria, who inspired confidence by his conduct when he became acting Vali after Reshid Pasha's removal, would be made Vali.

POWERS DISCOURAGE HER.

Bulgaria Takes a Less Hopeful View of the Situation.

SOFIA, Sept. 21.—The unfavorable replies of Austria and Russia to Bulgaria's last note, and the fact that none of the other great powers have yet replied, coupled with the allegations that one of the powers is encouraging the military party at the Tildas Klook, tend to create a less hopeful feeling here. There is, however, no perceptible change in the situation. Various reports are in circulation regarding negotiations between Turkey and Bulgaria looking to a solution of the Macedonian difficulty.

The diplomat says Turkey has presented a note to Bulgaria asking for the latter's assistance in reaching a peaceable solution. Bulgaria replied that Turkey must end the massacres, withdraw her frontier forces, guarantee peace and protection to the villagers desiring to return to their homes, amnesty to the political offenders, and introduce such governmental reform will justify Macedonia and Adrianople. The Bulgarian reply concluded: "If the present situation continues, the Bulgarian Government will be compelled to yield to public opinion and send an army to the frontier."

It appears doubtful that the Government has sent such an answer, but the statement published represents, in some degree, the Government's attitude.

According to information received at revolutionary headquarters from Monastir, 130 persons perished in the flames of their burning villages near Kastoria. More than 1200 bodies of women and children are said to be lying unburied in the fields and on the roadsides around that place.

AMERICA URGED TO ACT.

Strong Pressure is Being Brought to Bear on State Department.

WASHINGTON, Sept. 21.—Communications have reached the State Department urging the Government to say or do something that will put a stop to the atrocities in Turkey. It is felt that this pressure does not emanate from the missionaries. Officials at the State Department are reticent about the probability of the United States giving expression to the feeling with which the American people view the United States, but they said that reports from Turkey show that the deeds daily perpetrated in sections of that country are of such a character as to shock civilization and necessarily are of deep concern to the United States.

The State department today received a cablegram from Buchanan at Constantinople, but nothing was given out regarding it except the informal statement that it contained no alarming news and was partly concerned with routine business.

Withdrawal of the American squadron at Beirut, it is said, has not yet been determined upon, and no indication has been received from Oyster Bay as to the President's intentions in the matter.

WAR IS STILL EXPECTED.

Bulgarians Are Removing Their Property From the Frontier.

LONDON, Sept. 21.—A dispatch from the town of Gultchevo, on the Turco-Bulgarian frontier, to the Daily Mail, reports that great excitement prevails in the district because of a skirmish that occurred between Turkish and Bulgarian troops Saturday on the mountain range which forms the border line. The general impression is that war is only a question of a few days, and the people are removing their property from the frontier districts to places of safety.

The dispatch adds that Turkey is massing 40,000 troops in and around Palanka, 10 miles from the Bulgarian frontier, against which force the Bulgarians have only 6,000 at Kostendil.

The Turkish frontier officers, says a dispatch to the Times from Kubiata, Bulgaria, report that the insurgents under General Zontcheff have been defeated with great slaughter near Melnik and a great number of Bulgarians were massacred in the neighboring villages, several of which are burning.

REBEL LEADER AGAIN KILLED.

Saraff is Now Reported to Have Been Beheaded.

PARIS, Sept. 21.—The Rapport of this city, today published a report which is not confirmed, that Boris Saraff, the Macedonian leader who has frequently been reported killed or wounded, was beheaded recently near Monastir by Turkish soldiers.

Report Not Confirmed.

LONDON, Sept. 21.—No confirmation has reached here of the report from Paris of the execution of Boris Saraff, the Macedonian leader, near Monastir.

Servian Disperses Sympathizers.

CONSTANTINOPLE, Sept. 21.—The Servian government's reply to the Porte's representations says measures have been taken to prevent bands entering Macedonia and a strong band which was preparing to cross the frontier has already been dispersed. The Servian reply adds, however, that if the persecution of Christians and the excesses of the Turkish

troops continue and serious reforms are not introduced, the government will be unable to restrain the popular agitation in Serbia.

British Orders Fleet to Be Ready.

LONDON, Sept. 21.—Admiral Fisher has ordered that certain vessels having tenders at Portsmouth be kept in readiness to put to sea at a few hours' notice. It is not thought that this order has any connection with the Balkan situation, but is simply a part of the admiral's scheme for improving the ships under his command.

Many Turkish Officers Promoted.

SALONICA, Sept. 21.—Orders have been received from Constantinople to promote all sergeant-majors to the rank of sub-lieutenants, owing to the scarcity of officers in view of the complete mobilization of the Turkish army.

Greek Squadron Reaches Venice.

VENICE, Sept. 21.—A Greek squadron, consisting of three battleships, has arrived here. The vessels have been maneuvering in the Adriatic Sea, watching the developments in Macedonia.

ANGRY AT FOREIGNERS.

Venezuelan Press is Severe in Its Denunciation of Empire.

WILLEMSTAD, Sept. 21.—The steamer Maracabo has just arrived from Venezuela with a number of foreign notables.

TAMMANY'S CANDIDATE FOR MAYOR OF NEW YORK

COLONEL GEORGE B. McELLEAN.

Colonel George B. McEllan, who has been agreed upon as Tammany's candidate for Mayor of Greater New York, is now serving his fourth consecutive term in Congress. He was president of New York's Board of Aldermen in 1893-4 and from 1899 to 1902 was Treasurer of the Brooklyn Bridge Corporation. He is a graduate of Princeton of the class of 1886, and for a number of years worked as a reporter and writer on the New York newspapers. He was born in Dresden, Saxony, in 1865, while his parents, the famous war General, and his wife, were abroad on a visit.

lies on board. They report that the Caracas press is severely attacking the foreign and allied tribunals and the foreign consuls. Yesterday, it was Belgium. Today, it is Mexico. Obeying, it is said, President Castro's orders, the papers have learned that Senator Otero, who supports the Mexican claims; Senator Duclot, the commissioner and Senator Guzman, the agent, all of the Mexican tribunal and leading figures in Mexican society, will on Mexico's independence day give a dinner and ball to friends in a house belonging to a citizen of the United States, printed virulent articles threatening to publish the names of 15 leaders of Caracas society who had accepted invitations to be present as "anti-patriots" and as "guilty of an act of lese patrie" in going to a ball given by foreigners, "claiming money from Venezuela."

Besides this, letters were sent to the members of the Mexican commission, and a popular demonstration against the commission having been premeditated, the Mexican commission withdrew the invitations to the ball so as not to cause a conflict.

Some idea of the tone of the press against foreigners can be gathered from the following article in El Combate of Caracas, which after criticizing all the empires, said:

"Yes, let them take our gold, but let them not celebrate at a social gathering the consummation of their infamy. Let them feel our bank notes, but let not their speculative hands encircle the flexible waists of our queens of the drawing-rooms."

"Let them drink champagne and drown themselves in the foam of liquor but let them not clink their cups with those of the victims whom they have come to sacrifice."

It is reported in Caracas that the El Nacionalista, a classed as the organ of General Fernandez, the Venezuelan minister, is the most bitter of all the papers in the campaign. The empires have not been paid by Venezuela.

PRISTINE A TRUE WARRIOR

Single-Handed, He Attacks a Boatload of Americans in Philippines.

MANILA, Sept. 21.—A detachment of the Twenty-eighth Infantry embarked the boatload of sharp engagement on Torres Lake, Linao, September 10, with a band of fanatic Moros, during which Private O. E. Barnett was killed. One of the leaders of the enemy, a priest, single-handed attacked a boatload of American soldiers. He was killed.

A band of ladores attacked the town of Tilsan, in the Province of Batangas, Luzon, Saturday last, and secured the guns of the municipal police. They met with no resistance during their raid and subsequently escaped unmolested.

The town of San Francisco Anson, in the District of Tingan, Luzon, was subsequently attacked, but here they were repulsed. During the fight at this place one policeman was killed.

COLONY FOR THE POOR.

New York Philanthropist Will Take 1000 People to Montana.

SYRACUSE, N. Y., Sept. 21.—John Haezelius, known throughout Central New York as a philanthropist, has announced plans to take a colony of 1000 Syracuse people to Montana for the purpose of establishing a colony. Haezelius has obtained a list of practically all the poor people of the city and it is from them that he proposes to select his colonists. He expects every one, however, to have \$50 when starting on the trip. He states that he has been in communication with four families who went from this section a year ago to Montana, and it is upon their statements that he undertakes to found his town. Government land will be the site of the proposed settlement.

DREDGE GETS PUMPS

Work on the Grant Can Now Proceed Without Delay.

FEW WEEKS SHOULD SEE END

Operations on the Columbia Will No Doubt Begin Early Next Month—Engineers Show That Haste Has Been Made.

OREGONIAN NEWS BUREAU, Washington, Sept. 21.—A telegram was received by the Chief of Engineers today stating that the pumping machinery for the converted dredge Grant has been received at the Mare Island navy-yard, and will at once be placed in position on the ship. From this it is inferred that recent pre-

deposition made by Walter J. Meyer, Post-office inspector, also sets forth a number of particulars in the United States Government's case against Stern. These relate to a contract made by the United States Government Postal Department with Stern for the supply of letter-partners' satchels.

ADMIRAL EVANS CRITICIZES.

Official Guilty of Intoxication Not Punished as Deserved.

CHICAGO, Sept. 21.—The complete record of the court-martial case of Assistant Paymaster Richworth Nicholson on the Asiatic Station, received by the Navy Department today, contains a severe criticism by Rear-Admiral Evans of the court which tried Nicholson because of the inadequacy of the punishment inflicted by the court. It was alleged that while on shore at Chefoo, China, Nicholson became intoxicated and assaulted an elderly civilian. The sentence of the court was that Nicholson be reduced five numbers in his grade. Rear-Admiral Evans, in reviewing the case, says the evidence was of such a character that the sentence should have been more than a dismissal from the Navy. Three others of the court recommended clemency.

The Admiral disapproves the sentence being totally inadequate and insufficient and that the records of the court are a precedent in future cases. Nicholson is a native of California.

CANAL MATTER DRAGS.

Colombia Has Asked the United States for No Extension of Time.

WASHINGTON, Sept. 21.—Ament the expiration of the time limit for ratification of the Hay-Herran Panama Canal treaty, the State Department is waiting any request from the Colombian government for the extension of this period. At the State Department today the canal situation was said to be in some hopeless state as described in the statement of Minister Beaupre, received Saturday.

The President and Secretary Hay are being kept in close communication with the State Department regarding the canal. Mr. Herran, the Colombian Charge, expected Secretary Hay to return to Washington this week, but since the receipt of Minister Beaupre's cablegram indicating that he had abandoned hope, it is said at the State Department there will be no occasion for the Secretary's return until next month.

CLEVELAND, O., Sept. 21.—Senator Hanna stated today that there was no truth in the report published in some papers this morning that he would resign the chairmanship of the National Republican committee on account of ill health. Mr. Hanna's duties as chairman, it is pointed out, are extremely light at present, and will continue so until the National Republican convention meets, when a new chairman may be named. Mr. Hanna declined to state whether or not he would again accept the chairmanship if offered to him.

CONDemn OLD PARTIES.

Colorado Populists Show Great Sympathy With Miners on Strike.

DENVER, Sept. 21.—The Populist State Convention today nominated and elected Judge Frank W. Owens, of Leadville, for Justice of the Supreme Court. Resolutions were adopted condemning, in the most thorough terms, the present Republican State Administration and all those supporting the Democratic party because its recent state convention failed to denounce the use of the military at Cripple Creek. The resolutions read:

"We condemn the Republican State Administration as corrupt, vacillating, incompetent and infamous. As a crowning proof of its infamy we point to the conditions at Cripple Creek, where the militia has been turned out to starve and the mine-owners in aid of a conspiracy to break a strike."

The resolutions declare the troops were ordered to the district where absolute quiet and peace existed, in violation of principles of law and justice, and adds:

"The ordinary process of the courts of Colorado is being obstructed by the military and the responsible for its presence and conduct are therefore directly in insurrection against the government of the state of Colorado."

"We therefore demand the immediate punishment of the rebels under the law and the impeachment of the Governor of the state as soon as possible."

The convention was called to order in the afternoon at 2 o'clock this afternoon and was in session for several hours. A. B. Gray, of Denver, presided.

Toledo People Make Great Demonstration Before Vote is Taken.

TOLEDO, O., Sept. 21.—The franchise ordinance granting a 2-cent franchise to the Toledo Railways and Light Company, which had been vetoed by the Mayor, was tabled tonight by the Council. A great crowd gathered, filling the corridors and overflowing into the street. Red fires were burned freely outside and the crash and burr in several glass doors opening from the Council Chamber.

Before the convention met in annual session here today, Sam Parks, of New York, said: "I have come here for the purpose of making the fight of my life for labor, and I honestly believe it is necessary to make such a fight. It seems that some are fighting against the rights of labor instead of for it. The delegates from Local Union No. 2 from New York City, are going into this convention. President Buchanan has no power to suspend Local Union No. 2, and we will go into this convention without hindrance."

Several delegates attempted to gain the attention of the chair, but President Buchanan ordered the convention to proceed with the next order of business, the receipt of credentials of the tie different unions. Another delegate then said: "I have no objection to the convention being called to order until the credentials have been passed on to show who is entitled to sit here." President Buchanan said: "The motion made is out of order. The present order of business is the presentation of credentials, and no business can be done until the credentials have been passed upon."
