

TREATY IS DEAD

Panama Canal Held Up by Colombia.

ROOSEVELT HAS NEXT MOVE

He Has Authority to Turn to Nicaraguan Route.

HINTS OF SECRET COMPROMISE

Colombian Congress May Have Voted President Marroquin With Full Power to Negotiate for Sale of the Waterway.

WASHINGTON, Sept. 22.—When the State Department closed today at 4 o'clock it was agreed that the Panama Canal treaty was dead, although eight hours yet remained within which the Colombian Congress might take affirmative action upon it.

Express Confidence in Greene. BINGHAMTON, N. Y., Sept. 22.—At the Republican ward caucus held here today night resolutions were adopted expressing confidence in the integrity of State Senator George E. Greene, recently indicted at Washington for alleged complicity in postal department frauds.

Training Ship Alliance Aground. NEW LONDON, Conn., Sept. 22.—The United States training-ship Alliance is aground at Race Rock. The ship went upon the rocks late this afternoon, and although she is apparently hard and fast she is in no danger.

Assistant to Knox Resigns. KNOXVILLE, Tenn., Sept. 22.—Judge H. Tyler Campbell, of Bristol, Tenn., has resigned his position as assistant to Attorney-General Knox. The position kept him on the road a great deal, which was objectionable to him.

Stern Again Appears in Fraud Case. TORONTO, Ont., Sept. 22.—Leopold J. Stern, wanted in Washington in connection with the postal frauds, was again before Judge Winchester today, but nothing was done save arranging the formalities of procedure.

WANTS PORT OPENED. Japan Urges China to Show Favor to Foreign Trade. TOKYO, Sept. 22, via Victoria, B. C., Sept. 22.—The Tokio correspondent of the Asahi writes that the Japanese Minister there has had several conferences with Chang Chih Tung regarding the opening of the Chinese government rest of the opening, and if it were effected the powers would have to consent to unfavorable conditions, such as withdrawals of garrisons in North China.

The Russo-Japanese entente regarding Corea is at a standstill. The revised Young Am Pho lease agreement has not been signed owing to objections by foreign Ministers. It is said that the proposed suspension of the opening of Ping Yang (already opened) in lieu of Wiju, will be withdrawn.

The Asahi says Russian military authorities in Port Arthur have invited tenders for supplying 500 tons of wheat; 500 tons of barley and other cereals. The harbor entrance is now being blocked with timber and iron chains nightly by the Russian naval officials, no reason being given for such action.

The Japanese government has contracted with the Thornycroft yards in England for the building of two river gunboats, each carrying eight guns, to be shipped in sections to Shanghai for building.

Eleven Japanese fishing vessels, which were unlawfully seized by Russian cruisers and sent to Kamchatka, have been released with their masters and crews.

BEAVERS IN TIGHTER PLACE. Ex-Postal Chief Must Give Bonds in Two More Fraud Cases. NEW YORK, Sept. 22.—Counsel for George W. Beavers were informed at the conclusion of an adjourned hearing today in the Beavers case that Mr. Beavers must be produced before Commissioner Hitchcock immediately to answer to two additional complaints received against him, predicated upon the two indictments recently returned against Beavers in Washington for an alleged conspiracy to defraud the government in connection with State Senator George E. Green and the Bundy Time Lock Company of Binghamton, N. Y.

LET'S TRAIN KILL HER

Cleveland Woman Throws Herself on Track.

DISAPPOINTED IN LOVE AFFAIR

Relatives of Nurse Contend She Was Murdered, but Detectives and Physicians Scout the Idea—Body is Badly Mangled.

CLEVELAND, Sept. 22.—Despondent and disheartened over conditions, some of which may never be known, Miss Olive Rayl, a sister of Dr. Rayl, of Glenville, whose body was found badly crushed and severed into several pieces on the Lake Shore tracks in Gordon Park early today, threw herself in front of a passenger train or lay down on the tracks to await death.

The belief of the police that she was not murdered and her body placed on the track is probably substantiated by the coroner and a second physician who performed the autopsy over the body, neither of whom incline to the theory of murder. Notwithstanding their belief that the case is one of suicide, the police are still working on it, and will continue to do so until further effort in that direction seems useless.

Miss Rayl came to this city from Wellsville, O., some time ago to take up the work of nursing with her brother, who is a physician and a training school for nurses almost immediately upon her arrival. The only cause for self-destruction if the death of the young woman proves to have been a suicide, is said to have been the disappointment in a love affair with a Wellsville man.

Miss Rayl lived with her brother, Dr. W. L. Rayl, in Glenville, a suburb. She was handsome and highly respected. Thus far the case is enshrouded in mystery. In the roadway near where the body was found, the police discovered the fresh tracks of a rubber-tired buggy, and also the footprints of two persons, one a woman and the other a man. In the bushes a short distance from where the girl's body lay was found a man's plain linen handkerchief. It was saturated with blood and bore the initials "J. D."

The throat of the dead girl was discolored as though she had been choked. Her body had been most terribly mangled by a train. The body was cut completely in twain across the chest, while the limbs were broken and crushed. When the body was examined at the morgue a cut in the head, that those who incline to the murder theory thought could not have been inflicted by the cars, was found.

Dr. Rayl, the young girl's brother, expressed the belief that she had been murdered. A hitch had arisen in the committee on credentials over night, and when the time for the convention to meet had arrived the committee was not ready to report. Nothing was made known of the committee's progress, and at 11:30 no attempt had been made to call the convention to order. At that hour no further statements were vouchsafed either by President Buchanan or Mr. Parks.

PARKS' CASE IS HELD UP

Ironworkers' Committee on Credentials Has Not Reported. KANSAS CITY, Sept. 22.—Samuel J. Parks early today predicted a split in the International Association of Bridge and Structural Iron Workers if the annual convention at today's session should refuse to recognize Union No. 2, of New York City, of which he is a member. The union had been expelled by President Buchanan.

A hitch had arisen in the committee on credentials over night, and when the time for the convention to meet had arrived the committee was not ready to report. Nothing was made known of the committee's progress, and at 11:30 no attempt had been made to call the convention to order. At that hour no further statements were vouchsafed either by President Buchanan or Mr. Parks.

"I do not care what they do," said Mr. Parks to a reporter. "I am going to win out in the end. If the convention sustains the committee we'll walk out and go back to New York and continue our little local of 500 members just like we did before there was any International Union."

Before the convention opened President Buchanan intimated that his candidacy for re-election would depend upon the convention's action in the Parks case. If the delegates from the union suspended by the president are seated, he probably, it is stated, will not run.

TRAIN IS HELD UP

Masked Men Blow Open Safe but Get Little Boodle.

NO SHOOTING INDULGED IN

Engine and Treasure Car Are Uncoupled Near St. Joseph and Run Down Track—Conductor Returns to City at Once.

ST. JOSEPH, Mo., Sept. 22.—Four masked men, at 10 o'clock tonight, held up westbound Burlington & Missouri River train No. 41, about five miles north of this city. The safe in the express car was dynamited and the car wrecked. Officials of the road say the safe contained but little money, and that the robbers obtained \$500 to \$1,000 in money. Everything in the safe was taken and the men escaped in the darkness with horses. A posse was organized and is in pursuit of the bandits. Not a single shot was fired.

The train was stopped by means of a red light. The engine and express car were uncoupled from the remainder of the train and backed half mile farther on where it was dynamited. The train was in charge of Conductor Harvey, who hurried to the city, and gave the alarm. The officers lost no time in organizing and making a start. It was necessary for the entire train to be brought back to the city and a new train made up which left at 1 o'clock.

According to meager reports received from the scene of the hold-up at midnight, the instant the train was stopped, two of the robbers climbed into the engine and the engine and car were run up the track. The explosion followed. As soon as the safe was dynamited, the men dashed to the wrecked car. It is asserted they did not get a cent as a result. The train was loaded with passengers for the West and the hold-up created a panic.

As soon as the conductor saw the robbers, he ran back down the track and called the engine and car to St. Joseph and notified the officers. Policemen and Deputy Sheriffs to the number of 50 were taken at once to the scene of the hold-up, armed with riot guns, but the robbers were gone.

The hills are being searched, but without success up to midnight. One of the robbers is reported to have been hurt, the extent of his injuries being unknown. The train was held up near a grading camp and was witnessed by a farmer who went to his house and telephoned to the nearest station. Citizens there armed themselves and started to the scene of the robbery, but the bandits were gone when they arrived.

According to the report made by the Secretary of the Department of Labor and Commerce, explained the purposes of the new department to the farmers.

OUTRAGES ON JEWS.

Russian Soldiers Committed All Sorts of Excesses on Gmel. NEW YORK, Sept. 22.—A Russian soldier's private letter from Gmel, written September 14, during the anti-Semitic riots, contradicts the Russian official version of the affair, says a Times dispatch from London. It is in part as follows:

"The trouble began Friday with a wrangle between a Jewish fish-seller and a Mulk (peasant), leading to a free fight, when several were injured, one Mulk mortally.

"Saturday and Sunday anti-Semitic agitators went about exhorting the people not to leave their fellow-Christians unavenged. Most of the Jews remained indoors, all the drinking shops were closed, and the streets were patrolled. One hundred workmen from the railway workshops mustered on one of the principal streets Monday and began to break the windows of Jewish houses, which they entered and plundered. A number of Jews who collected in self-defense were turned back by soldiers from the streets where the plundering was going on. They beat and arrested those not obeying forthwith.

"The soldiers stood by while the plundering mob was committing all sorts of excesses. One could hear the shrieks of children in the streets which patrols blocked against help from Jews outside. Some Jews tried to force their way down one of the side streets and the soldiers shot six dead. The police never showed themselves, while the troops protected the rioters." Gmel has 25,000 Jews out of a total population of 40,000.

OPPOSES CUBAN TREATY.

Sugarplanter Discusses Reciprocity Before Farmers' Congress.

NIAGARA FALLS, N. Y., Sept. 22.—The Farmers' National Congress assembled here today in 24 annual session, being called to order by President Flanders, of Albany. Governor Odell delivered an address of welcome.

Major G. Purse, of Savannah, Ga., gave an address on "Sugar Supply of the United States." The Congress should oppose a reciprocity treaty with Cuba, he said, unless the reciprocity treaties are made with France and other countries. Major Purse, who had been president of the Savannah Board of Trade for 22 years, pointed out that sugar is the only product of the soil which is largely used to make the United States debtor to foreign lands for supply. The aim of this country should become a sugar exporting instead of importing country.

In the general discussion which followed the reading of the paper, all the delegates agreed that the United States will ultimately produce all the sugar it uses. Secretary Cortright, of the Department of Labor and Commerce, explained the purposes of the new department to the farmers.

At the evening session, F. P. Austen, Chief of the Bureau of Statistics, made an address on "Farm Products in the Markets of the World." Mr. Austen finds that from 1870 to 1900 the population has increased 70 per cent, and agricultural exports 130 per cent, but that the increase in the number of people engaged in agricultural work has increased only 75 per cent. As prices are now lower, a greater per cent in bulk is exported. Of wheat, the United States produced 60 per cent of the world's production, against 73 per cent in 1875. The United States also produced 70 per cent of the world's cotton, three-fourths of the world's wool, and 49 per cent of the provisions used in international commerce. Mr. Austen thought the United States was more than holding its own.

JETT GUILTY OF MURDER.

Jury Fixes Punishment of Kentucky Feudist at Death. CYNTHIA, Ky., Sept. 22.—After a trial lasting eight days, the jury in the case of Curtis Jett, charged with the murder of Town Marshal Cockhill at Jackson, Ky., July 31, 1902, this evening rendered a verdict of guilty, and fixed the punishment at death. The jury retired at 2:44 P. M. When they returned to the courtroom at 5:10 P. M., after agreeing on a verdict, Jett, who had been held in the county jail, returned to the courtroom. He was given over to the custody of the Deputy Sheriff, Colonel Hanton, Jett's lawyer, will file a motion for a new trial tomorrow.

This has been the second trial of Jett on the charge of murder. In his first trial for the murder of J. B. Marcum at Jackson, Ky., Jett and Thomas White were sentenced to life imprisonment. The jury agreed among themselves not to divulge the proceedings in the jury-room. One juror, however, stated that for four ballots the jury voted for the death penalty and one for a life sentence. All agreed on the fifth ballot.

DEVELOPS INTO A MURDER.

Aged Farmer, Who Was Assaulted, Succumbs to His Injuries. KEENE, N. H., Sept. 22.—The assault on Ashbel Dunton and Mrs. Malloch Barnes, at East Sullivan, Saturday, developed into a murder tonight through the death of Mr. Dunton. The aged farmer died without giving any clue to the perpetrator with the deed.

The neighbors agree that the quarrels between Barnes, his wife and Dunton had been frequent. In these Dunton has been figured as taking sides with the woman who, it is alleged, was often the victim of Barnes' ill-temper. Dunton has a son, Herbert, a soldier in the regular army, stationed in the Philippines. A daughter, who is the wife of Dr. A. Perkins, of Ogden, Utah.

Cashier Charged With Embezzlement

NEW YORK, Sept. 22.—John A. Scott, cashier of the London Assurance Corporation, was arrested tonight on a magistrate's warrant, charging him with embezzlement on the complaint of Charles L. Case, the manager. It is understood that the embezzlement amounts to more than \$5000.

St. John's Sept. 22—John Barrett.

In 1895 a board of Government engineers recommended extension of both jetties at the entrance to Yaquina Bay as a means of deepening the bar. The minimum depth for the past ten years has been between 12 and 14 feet at low tide. This is insufficient for the growing needs of commerce. The estimated cost of the extensions was \$1,025,000. The cost of the two jetties as they now stand was about \$602,000.

winds and waves of the ocean." Captain Symons insisted that extension of the jetties would "throw the bar beyond the protection of the outlying reef and tend to diminish the permanent depth of the bar channel."

The board which inspected the bar ten days ago has not yet filed its report. The board is composed of Lieutenant-Colonel Heuer, of San Francisco; Major Mills, of Seattle; and Major Langford, of Portland. The extensions, each 200 feet long and would run parallel with each other, 1600 feet apart. The south jetty now is 3700 feet long and the north 2300 feet. The proposed extensions are indicated by dotted lines.

Advertisement for Dr. Kilmer's Swamp-Root, featuring a large illustration of the Oregonian Building and text describing the medicine's benefits for kidney ailments. The text includes: 'Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen, it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back, is also convincing proof that the kidneys and bladder are out of order.' It also lists various medical professionals and their addresses in the city.

Never give up! Not while you can buy Ayer's Sarsaparilla. J. C. Ayer & Co., Lowell, Mass.
