Bargain Wednesday, Today, at This Store

PATTERN SHOES For Dressy Women

A grand collection of fashion in footwear in our cozy shoe section located so conveniently in the broad back aisle of our store. Some folks object to buying shoes in a "Congress Store" because shoe departments are generally located in sections where throngs are passing, jostling, and staring the poor feet out of countenance that are so patiently waiting to be fitted. Arrangements are "different" here. The shoe store is more secluded, you might pass through the store dozens of times and not notice it, because it's in the rear, screened off from public gaze and contains little "alcoves," that are like private rooms, for fitting ladies' feet. You may be as much by yourself as in your own home-if you wish-at this shoe store, and yet the display aisles are thronged. You'll never forget our shoe department once you buy here, for such shoe perfection does not exist elsewhere in our city as is found here in our stocks. Pattern shoes are our hobby, and we ride it well. They are otherwise known as "bench" shoes, and are divided into two classes:

finished entirely by one individual, who, as a rule, works at home shoe, which for service is unequaled. or in some cozy nook in the factory. Shoes of this character have Pattern shoes, \$5 to \$8. certain individuality about them which is not possible to reproduce in any other sort of work.

Team bench-work-so called on account of the work being done by what is termed "teams"-i. e., by three or four men who work together, each doing that part of the work in which he excels-one man doing the lasting, another the stitching, another the finishing: the entire shoe being made and finished by hand, but not by one

Hand-sewed shoes (so called) are often palmed off on the public as bench shoes, but are not so in any sense, being made simply in the same way as the regular high-grade factory shoes, only differing in having the welts or soles (or both) sewed by hand, all the finish-

Single-hand bench work, where the shoe is made, shaped and consider any better than a first quality Goodyear welted and stitched

Colorado Republicans Seat ex-Senator's Delegation.

HE DENOUNCES HIS OPPONENT

No Room for Wheels Within Wheels in the Party-Roosevelt Is Indorsed and Chief Justice Campbell Renominated.

DENVER, Sept. 29.-Ex-United States Senator Edward O. Wolcott won a declaive victory today in the contest before the Republican State Central Committee between the rival factions in this city, and afterward in the state conven-The committee, by a vote of 71 to 18, placed the Wolcott delegates on the temporary roll call of the convention, and the convention, by unanimous vote, made the temporary roll permanent. No opportunity was given the anti-Wolcott

chairman of the convention without op-position, and in a carefully prepared speech denounced his opponents in the Republican party. A strongly-worded resolution indorsing President Roosevelt for re-election to the Presidency in 1904 was unanimously adopted with reference to the committee on resolutions. Only one office—that of Justice of the Supreme Court—is to be filled at this year's elec-tion, and for this Chief Justice John Campbell was honored with the nomina-tion by acclamation.

The convention adjourned after adopt-

ing a platform in part as follows:
. "We cannot meet without sending our greetings to Hon. Theodore Roosevelt, President of the United States, and we approve with pride his splendid administration, his high and patriotic purposes, and renew here our devotion to the principles which he represents, and which he has so patriotically exemplified in the splendid administration he has given to the whole country. We particularly approve and commend his respect and devotion to law and order; the efforts he tions of business. One fearless leader is

outrageous violation of the election laws by the Democratic party in the city of Denver, the flagrant and open use of the police in ballot-box stuffing, and arresting of disinterested and patriotic citi-zens in their effort to prevent crime and to preserve the purity of the ballot. We likewise denounce in the strongest terms all persons miding and abetting in these rimes, and we pledge the Republican party to use every means in its power to bring the criminals to justice."

When D. B. Fairley, chairman, called the state committee to order, 89 members were present, only seven countles not being represented. The chairman an-nounced that the business of the committee was to pass on credentials and to hear contests, if there were any. The credentials of all counties except Denver were accepted, there being no other con-

Wolcott Wins Initial Victory The contest in Denver was then taken up. One delegation was headed by ex-

Senator Wolcott and the other by Edward H. Moffatt. Only two speeches of three minutes each were allowed to each side. After the speechmaking, a motion was made that a list of delegates selected at the Tabor Opera-House, known as the Wolcott delegates, should be certified to and entered upon the temporary roll call of the convention. A substitute motion that the committee certify to neither list. was lost by a rising vote, and the original motion carried, 71 to 18. Immediately adjournment was taken to the Turner Hall, where the state convention met. Ex-Senator Wolcott was introduced as temporary chairman of the convention, delegation to make a contest before the convention.

Ar. Wolcott was chosen temporary wheels in the Republican party, and no person was so near the President of the United States that the sunshine of patronage could filter only through him. There was no argument at all before the people regarding the election of any man to the United States Senate or keeping him out. Colorado in every way, Mr. Wolcott declared, was for President Rooseveit. The Republican party in the state, he said, would never surrender its organization to the corporations.

State Chairman Fairley made a few re-narks. The temporary roll call was made the permanent roll call by unanimous vote. Judge N. Walter Dixon was chosen permanent chairman, and in an address ondemned political demagogy, especially

populism and socialism.

John W. Springer introduced the foilowing resolution which was unanimously

"Colorado Republicanism stands for progressiveness. We believe in leaders who do things and who keep the wheels has made to bring all persons, rich and poor alike, in obedience to ft, and within its protection and power.

"We denounce in unmeasured terms the dent of the United States in 1904 and also

pledge the electoral vote of Colorado Fusion ticket with Mayor Low, announced for the Republican ticket."

NOTED MEN WILL SPEAK IN OHIO.

J. H. Shively, of Washington, Among Those Who Will Take the Stump. COLUMBUS, O., Sept. 29.—Chairman Dick, of the Republican State Committee, today announced the following speakers from outside of Ohio, who have accepted invitations to participate in the campaign in this state:
Senators Culiom, of Illinois, and Dol-

liver, of Iowa; Congressmen Hepburn and Lacy, of Iowa; J. W. Lyons, Register of the United States Treasury; ex-Senator W. E. Mason, of Illinois; Congressman J. M. Miller, of Kansas; J. H. Shively, of Washington State; Leslie M. Shaw, Secretary of the Treasury; ex-Senator John M. Thurston, of Nebraska, and James M. Wilson, Secretary of Agriculture.
