PORTLAND METHODIST PULPITS. New Charges Taken by Popular Pastors-Their Successors.

Rev. W. T. Kerr, who vacates the pul-dit at the Central Methodist Episcopal Church, does not go to a new charge, as his somewhat broken state of health in a degree unfits him for active work the

Mr. Kerr has been the paster of Cen-tral for a number of years and during his faithful administration there has accomplished much good. He succeeded in raising a large debt and has conducted the finances of the church in the most laudable manner. His retirement from this pulpit will be sincerely regretted by all members of his congregation. Rev. F. L. Young is the new pastor of this

At Trinity M. E. Church, the Rev. Alfred Thompson's femoral will be keenly regretted by his many friends among the congregation. In 1901, when Mr. Thompson had occupied this pulpit but three months, the Oregon conference assigned him to another charge in the city, but so satisfactory had been his conduct of the church affairs at Trinity that his congregation petitioned for his return, which petition was granted. He has since filled the duties of this pastorate most satisfactorily, but for various reasons it was his judgment that it would be wise to make a change, and requested his con-gregation not to present the resolutions which they had drawn favorable to his

Mrs. Thompson's departure will also be sincerely mourned, as she has en-deared serself to all, and is regarded as the most able pastor's wife in this district. She is a hard and model church worker and has ever had the ipdividual interest of all members at heart. Mr.

Thompson is transferred to Lebanon and his place at Trinity Church will be occupied by Rev. H. Oberg.

Rev. F. L. Young, of the Clarke M. E. Church, who will leave this pastorate for Central Church, has occupied this pulpit for the past two years, coming from Dallas, Or. He has proven most accept-able in his conduct of spiritual affairs, and his congregation all express keen regret at his recall. This is a young and struggling pastorate and Mr. Young has been a faithful and earnest worker in its upbuilding. His place will be taken by Rev. H. T. Atkinson, who will also have charge of the City Mission.

Corvallis' New Hotel.

CORVALLIS, Or., Oct. 5.—(Special.)— Hotel Corvallis was opened to the public by Mrs. Hammell, the lessee, tonight. The event was made the occasion of a large number of dinner parties by Corvailis families, and the elegant dining-room was crowded with guests. For about nine years the building, in an uncompleted state, has occupied a prominent site on Main street, and has been a source of regret to Corvallisites. Its original promoter failed before completing the struc-ture, and the property passed into litigation, and in part into the ownership of an estate. Last year the place was pur-chased by a Portland man, and its final

Not a Working Majority. VICTORIA, B. C., Oct. 5.-Late returns from the districts of the province show 20 onservatives returned, Il Liberals, two Socialists and one labor representative.

Two seats are still to hear from, Similkameen and Skeena. The latter is conceded to the Conservatives on the incomplete returns received, while, although nothing has been heard from the former district, the predictions favor the Liberals. This would give the Conservatives a majority of three, which is hardly sufficient to make a working majority.

Lucky Boy Mine Not For Sale. EUGENE, Or., Oct. 5.—(Special.)—L. Zimmerman, president of the Lucky Boy Mining Company, came down from Blue River today, bringing the regular monthly clean-up of the mine. The bricks were smaller than usual, valued at only \$7500, which is due to the fact that the mills were not running all the month. He says were not running all the month. He says they are not considering a sale of the property, but have gone so far and are reaping such results that they could not reaping such results that they could not think of selling, as was recently reported.

DELEGATES TO

GENERAL CONFERENCE AT LOS ANGELES.

Rev. L. E. Rockwell, whom the Oregon conference has elected as a delegate to the General M. E. Conference, which will meet at Los Angeles this Winter, came to Portland in 1898 and occupied the pulpit at Centenary Church for over a year. After the death of Dr. Gue in 1900, Mr. Rockwell was appointed by Bishop Andrews as presiding elder of the Portland District, which charge he still fills.

Rev. T. B. Ford, presiding elder of the Eugene District, who has just been appointed delegate to the General M. E. Conference at Les Angeles, to meet next January, has been in the Oregon Conference about seven years, and previous to his installation in the Eugene District, held the same post in the Grant's Pass District.

Methodist Conference Indorse Willamette University.

One Hundred Thousand Dollars to Be Raised Coming Year-Purpose to Make School Second to None in Northwest.

SALEM, Or., Oct. 5 .- (Special.) -- The Oregon Conference of the Methodist Episcopal Church today gave its unqualified indorsement to Williamette University and pledged its assistance to the raising of an endowment fund of \$160,000 in the coming year. There was no uncertainty in the tone of the conference. A number of prominent ministers spoke upon the subject and with one voice they were in hearty accord with every movement that promised to advance the interests of the school. The subject came up by the submission of the report of the committee on education, which committee recommended the raising of the endowment fund.

President Coleman was invited to address the conference and he re a brief but pointed address. He told the conference of the work that had been necessary in raising the money to pay off the debt and said that the greatest difficulty he had met was the uncertainty that existed in the minds of the people as to the future of the school. If the university is to have the undivided sup-port of the church and is to live the people are ready to help.it. They are not willing to contribute to the support of a school that is to die. He told the conference that he appeared before them merely as their servant, and for the purpose of giving them such information as he could for their guidance. The one thing the school needs now is the removal of all uncertainty as to the future support of the school by the conference. If the Methodists and other liberal people find that the conference will give its united efforts to the building up of this school there will be money forthcoming for the endowment fund. President Cole-man spoke in terms of warmest praise of the cordial assistance the school has received in the past year by residents of Portland, and said that he has assurances that this assistance will con-

Rains Please Stockmen.

CORVALLIS, Or., Oct. 5.—(Special.)— Fresent rains are a source of gratifica-tion to stockmen and farmers. The pas-tures are more nearly bare of grass than they have been during any season in the past, except last year, when the long dry season of the Summer and the de-layed rains in Autumn left a paucity of grass through the Winter both unusual and destructive. Fear that the untoward conditions of last season were to prevail again this Winter has made hay high, stock low, and the outlook discouraging.

Was Not in Hiding.

SAN FRANCISCO, Oct. 5.-D. S. Richardson, of the local postoffice, who was one of those involved in the postal scandal now being investigated at Washington arrived at his home in Oakland at 10 o'clock last night, having come direct from the Nation's capital. Richardson denied earnestly that he had been keeping himself in hiding.
"I was called to Washington to testify

in the investigation that is now in progress there," said Richardson, "and at no time during my absence did I make any attempt to keep in hiding. I have not, to my knowledge, been indicted.

"The investigation by the authorities at

Washington is being conducted with the greatest care, and a vigorous attempt is being made to ferret out irregularities in the department irrespective of what heads may fall. I do not believe that there is any likelihood of an indictment being returned against me, and am pretty cer-tain that none has been as yet. I went to Washington purely as a witness, and-tes-tified as regards the postal department on this Coast

Gentlemen: I am one of the survivors of the U. S. sanitary commission of the civil war. I am 61 years old, and owe my comfort in living these later years of my life to your Shredded Wheat, which I have used from my lirst knowledge of it, six years ago or more. I write to say that I have just received your circulars, "The Vital Question," and Gen. Booth's "Eureka." I am amazed at the extent of your operations and the large, educative way your work is extending. Thousands of our brave fellows died of sheer hospital starvation from inability to assimilate the eternal toast and tea and farma and corn starch "hospital diet," that soon excited disgust, and could not be eaten with the endiess whisky and quintine. In the attrems south I became invalided—a starch dyapeptic—never "saved" until I found your Hiscuit. You have begun and done a great work. I am giad to see you are getting part of your reward in this world. I am, (Signed.)

THE HABIT OF HASTE

AND THE SERIOUS RESULTS TO WHICH IT OFTEN LEADS.

Hastily Swallowed Food and Irregular Meals Are Sources of Much Suffering in This Country.

One peculiarity of Americans upon which visitors from other countries comment is the habit of haste. This extends even to eating. Meals are eaten hurriedly and irregularly; food is swallowed half masticated and the stomach is unthinkingly neglected and abused to such an extent that ninetenths of our people are dyspeptics. Take the case of Mrs. Ida M. Turro, the wife of a prosperous farmer at Brainerd, Crow Wing County, Minn, She

"Irregular meals and too hurried eating ruined my digestion and I was miserable until, by the aid of Dr. Williams' Pink Pills for Pale People, I was cured. I was in a very low state of health, food of any sort distressed me terribly, gas formed in my atomach and it became sore and bloated. Everything I ate seemed to turn sour. I suffered so much when I ate that I had to almost starve myself. There was a pain in my heart, my bowels were constipated, I felt chilled all the time and my flesh feld away till I was horribly thin. The doctor gave me medicine, but it did not help me, and I kept growing worse until, at my mother's suggestion, I began taking Dr. Williams' Pink Pills for Pale People. They made me feel better very soon, and I kept on taking them till my stomach stopped bloating, the pain in my heart disappeared and I became perfectly well again. I have recommended Dr. Williams' Pink Pills to a great many and will always speak of them in the highest terms of praise."

Dr. Williams' Pink Pills cure stomach trouble by their tonic action, building up the digestive organs and enabling them to do the work that nature intended them to do. Artificial ferments and predigested foods weaken the stomach in many cases. Medicines should not do the stomach's work, but should put it in condition to perform its natural functions. A diet book giving useful information will be sent free on request by the Dr. Williams Medicine Company, Schenectady, N. Y.

Dr. Williams' Pink Pills for Pale People are sold by druggists, or will be sent postpaid on receipt of price, fifty cents per box; six boxes for two dollars and a half.
