MURDER OF SCHONBACHELER

Third Trial for Death Resulting From Dispute Over a Boundary Line-Judge Hanna Called From Bed to Hear Verdiet.

GRANT'S PASS, Or., Oct. 11 .- (Special.) -The jury in the Gibson murder case rendered its verdict of murder in the second degree after having been out about ir hours. This is Gibson's third trial the killing of B. Schonbacheler near four hours. This is Gibs Merlin, April 18, 1892.

In the first trial the jury disagrethe second a verdict of murder in the first deree was rendered, but the case was The third trial was begun October 1, but a jury was not secured until the afternoon of the 7th. The case went to the jury shortly before 8 o'clock last night and a few minutes before midnight Judge Hanna having retired for the night, was called and opened court to receive the verdict and dismissed the

The crime for which Thomas Jefferson Gibson was convicted on the third trial is the shooting of B. Schonbacheler at his home about four miles from Merlin on Friday, April 18, 1892. According to evidence there were two witnesses to the tragedy, Mrs. Schonbacheler, wife of the murdered man, and Charles Van Dorn, a neighbor, who was in his doorpard across Rogue River, and heard the fatal shot and saw the prostrate form. Gib-son immediately surrendered himself and

was taken to Grant's Pass and confined in the county jail.

The tragedy was the culmination of a dispute of many years' duration over the boundary line between the Schonbacheler ranch and the rented place on which Gibson was living. Numerous threats of bodily harm and even threats to kill are said to have been made on both sides. and both men were expecting trouble. Schonbacheler the afternoon on which was shot took his ancient muzzle-loading shotgun and told his wife he would go past the place carrying a 30-30 Winchester Schonbacheler coming toward him the gun and commanded him to throw down the gun, at the same time shooting his victim in the head, killing him instantly. Gibson walked nearly around the prostrate body at some dis-tance and fired again, this time the buientering his shoulder.

When the case came on for trial at this term of court out of a panel of 40 jurymen only one juror was secured. The counsel for the defense then made a moto have the case taken out of court on the ground that Gibson was insane. A commission was apointed by Judge Hanna to examine Gibson. They decided that Gibson was sane and the drawing on jurors The jury was secured af-

CUTTING DOWN EXPENSES. Southern Pacific Is Cutting Off

and Reducing Service. SAN FRANCISCO, Oct. 11 .- (Special.)-The keen-edged ax of the general manager of the Southern Pacific Company is swinging fiercely along the Western system of the corporation. An order for retranshment on a scale unknown of before in the history of the company has gone forth from General Manager Kruttschnitt's office and is being followed most rigidly by the managers and superintendents of the different departments.

It was learned yesterday that within few days between 290 and 300 men will be discharged from the various positions along the Coast division and the services of proportionate numbers employed on the other lines running out of this city will be present force of men in the employ of the road on its California line will be

For several days the heads of the various departments of the Western system have been holding secret meetings in this city. Yesterday it developed that these eetings were the result of a conference held several weeks ago with General Manager Kruttschnitt, at which he informed his assistants that retrenchment must begin at once and that every working force on the company's lines must be cut

to the lowest possible number.
One of the first moves made was to consolidate the positions of two train dispatchers and a trainmaster on the narrow-gauge system, throwing all the duties of the three places on the shoulders of the latter official, thus saving to the company the salaries of two dispatchers. Then the positions of traveling conductors along the divisions were scratched off the payorli, and growing more reckless in the use of their blue pencils, the chiefs of the operating department turned their attention to recently created positions of train ents. They were promptly abolished, ving to the company something like agents.

This is the first move which will be exthe taking off of which represents a say ing in salaries alone of more than \$10,000 a month, also quite a sum in wear and tear, and materially assists the officials down the working forces in the

OREGON PRESBYTERIANS WILL AIM AT GENERAL COMITY.

Extension - Resolution Synod at Corvallis,

CORVALLIS, Or., Oct. 11.-(Special.) By action of its synod, the Presbyterian church of Oregon favors a federation with other denominations, by which there shall be no clash in church extension, opera-tions and a general comity in the work. For the purpose, a committee of five has been appointed, and this committee is ready to negotiate with similar committees from other leading denominations for

The matter occupied the attention of the

synod for a considerable period at the business meeting yesterday affernoon, and there was general participation in the discussion. A purpose in the plan is to pre-vent the establishment of new churches in remote districts where the field is already served in whole or in part by on or more other denominations. The tender to increase the number of poor rches, by establishment of new with still smaller resources was decried in the progress of the debate. Instances were recounted wherein small churches in rural communities struggled for existence, and yet lived to see other denomina tions come in and divide even the meager resource availabale in the community Even in larger communities and towns the increase in the number of church congregations cometimes surpasses resources and some of the utterances in the syno-were in opposition to this tendency. Th uitimate purpose is. If possible, to form a federation with other denominations, to the end that the tendency may be arrested and more perfect relations of comity be tween the various churches be established.

The debate for the movement was led by Rev. Mr. Griswold, who secured the

doption of the following resolution "Resolved, That a committee of five, of whom the moderator shall be chairman shall be appointed, looking toward church federation in the churches of Oregon.' Th emembers appointed were: Rev. C. B. Griswold, Dr. Holt, Rev. G. H. Barton

and Rev. W. E. Connell. Albany College, the educational institu-tion of the church in Oregon, was the subject of consideration during the afternoon, An endowment of \$130,000 for the institu-tion was asked. President Lee presented the claims of the college to the synod, The committee on education reported ap-proval of the claims of the college, and the synod voted to indorse such movement as the board of trustees of the college might make to secure the desired endow

Hon, W. S. Gilbert and Dr. Holt wer re-elected as members of the board of directors of the San Francisco Theological Seminary. A resolution was adopted requesting a larger attendance of elders at future synoda.

CHURCH IS 50 YEARS OLD. Presbyterians Observe Semi-Cen-

At the service this morning, Rev. J. A Hanna, of Los Angeles, Cal., who was on of the organizers and was the first pastor occupied a place in the pulpit, and pre-sented a brief historical sketch of the early history of the congregation. The church was organized September 24, 1852, with five charter members. It was the seco nomination in the entire Northwest, inJohn Grubb were chosen trustees. The organization of the church was reported to the Presbytery of Oregon, October 6, 1853, when Rev. J. A. Hanna was appointed stated supply or acting pastor, and was recommended to the board of home missions for the sum of 1800 in aid of salary. sions for the sum of \$400 in aid of salary September, 1860, at which time the total membership had grown from five to 23. Up to this time, the congregation was without a church building. Services were either held in the Baptist or Methodist churches, or in the County Courthouse In April, 1860, the erection of a church edi fice was undertaken. As before stated, then. Lumber was expensive, labor was high, and the undertaking a great one. There were no planing mills nor sash and loor factories. Among those who contributed over \$500 each for the work were John Grubb, J. B. Congle, Dr. J. R. Bay-ley, Andrew Roberts and John Wrenn, all of whom have passed away. After a year of effort, the work on the edifice was sunpended, for want of funds, and it was not until after the lapse of two years that it

The building was finally completed, how ever, at a cost of \$5000, of which only \$500 was from the board of church erection. It was dedicated in June, 1864. It was the scene today of the semi-centennial serv-ices, and was the scene of the sessions of the late synod. The dedicatory sermon was preached by Rev. E. R. Geary. He was assisted in the ceremony by Rev. J. A. Hanns and by Rev. Gustavius Hin of the Methodist Episcopal church. The first paster in the new church, the second building of the kind in the Presbyterian nomination in the state, was Rev. Rich-d Wylle, now paster of a church at Napa, Cal. KILLED BY HOBOS. Spokane Man Shot to Death on a

Northern Pacific Train. SPOKANE, Wash., Oct. 11 .- (Special.)-Elmor Petrie, of Spokane, was shot to death by a thug on a Northern Pacific freight train a short distance west of the high Hangman Creek trestle, shortly ter 8 o'clock tonight. Robbery was the motive of the murder. . G. E. Fulkerson a harvester, who lives at North Yakima, was the only eye-witness of the murder except the accomplice of the man who

fired the shot.

Fulkerson and the victim of the murder were traveling together in a lumber-car from the harvest fields to Spokane, according to Fulkerson's story, when the two men came over the top of the train and approached them. The four talked a minute, and tifen one of the strangers fired a shot over Fulkerson's head. Petrie fell over like a log against the lum pile. The two men then ordered Fulker-son to hold up his hands, searching him and made him get off the swiftly-mov

Fulkerson walked to Spokane and told the police his story. The train had arrived, and in the lumber car, just where Fulkerson said the body would be found was found. The man was dead.

"I had been working as a harvest hand in the southern part of Spokane County," said Fulkerson, "and yesterday I wanted to come to Spokane. SMELTER FOR UNION

Great Plant to Be Installed in Eastern Oregon.

NEW YORK CAPITAL BACKS IT

Articles Are to Be Filed Today With the Secretary of State-Capitalized at \$5,000,000-Electric Lines to Be Built,

UNION, Or., Oct. 11,-(Special.)-The consummation of one of the most gigantic mining propositions ever promoted in Union County, if not in the entire state, was announced here today. George H. Downs, the mining promoter, who has been making the town of North Powder his headquarters the past two years while at work upon this big deal, stated that his project has the backing of New York capitalists, and that the matter has reached

the point of certainty of consummation. The company has just perfected its incorporation, and the articles will be filed with the County Clerk here and with the Secretary of State tomorrow. The name of the corporation is the Eastern Oregon Mining, Milling, Transportation, Smelting & Generating Company. The capital stock is placed at \$5,000,000. The first officers of the corporation will be: H. O. Gorham, president and treasurer; W. H. Gorham, vice-president, and George H. Downs, secretary and general manager.

The company proposes to erect a 250-ton smelter near the town of North Powder, in Union County, about 15 miles south of Union, for treating all the various grades of gold and copper ores found in the southern part of Union County and northern part of Baker County, and in order to bring such ores to the reduction works it is proposed to build a number of short electric lines to the mines, covering a dis-

tance of over 50 miles. These lines are to be built not only for carrying ores, but passengers and freight as well. Manager Downs declined to give particulars as to the routes of the but says the entire project is a certainty.
