THE BOUNDARY.

LONDON, Oct. 15.—The Morning Advertiser announces that it regrets to learn from a source which it regards beyond question that the decision in the Alaska boundary tribunal virtually concedes the American case.

GREAT GATHERING OF NOTABLES.

Pilgrims' Society Gives Banquet in Honor of Commissioners.

Field Marshal Lord Roberts presided. On his right sat Ambassador Choate and on the left Lord Chief Justice Alverstone. Lord Lansdowne, Sir Louis Jette, Sir Stanley Clark, the King's Equerry and Secretary Elihu Root sat at the same table, while the other guests were distributed at small tables around the room. The Englishmen present wore their decorations and orders.

Lord Roberts proposed the health of King Edward and President Roosevelt in a united toast which met with a cordial reception. He then proposed "The Alaska Boundary Commission," to which Lord Alverstone replied, saying the meeting of the Commissioners would stand as a monument of the feeling evidenced in America and Great Britain to settle their differences by a common sense method.

Ex-Senator Turner Speaks.

Mr. Aylesworth, the Canadian Minister, answering in the name of Canada, asked if Lord Lansdowne had not lost sight of the fact that several hundred thousand of the best Anglo-Saxons lived in Canada, which, by the whole trend of his speech,

Mr. Aylesworth intimated, had been rather overlooked. Passionately Mr. Aylesworth declared that one was more loyal to King Edward than the Canadian, yet there was none who from a business and sentimental point of view more appreciated their association with America.

Root Makes a Notable Speech.

Secretary Root closed the dinner with a notable speech proposing the health of Lord Roberts as the Commander-in-Chief of the British army and declaring that none who speak the English language would fall to wish health and prosperity to the Commander of the marches to Kandahar, Lucknow and Pretoria.

Mr. Root referred to the endeavor to promote army reform on both sides of the Atlantic. The American people, he said, had inherited from Great Britain the ingrained distrust of a standing army which had led the British to limit their army appropriation to annual votes and so similarly in the American Constitution the appropriation was limited to two years. The great danger of a standing army, he said, was not that it would be a cause of difficulty and of inefficiency.

Mr. Root said that by the creation of a general staff he hoped the American and British armies may never be brought into contact. There cannot be more genuine and hearty feeling of good will than exists among the people of the United States for Canada.

After remarking that Canada had learned how colonies should be properly treated by the lesson of the American revolution, Mr. Root said he was proud to put the American Army side by side with the British army, the character of the latter being that it did not fight for tyranny, oppression or conquest, but for progress, liberty and construction, not destruction which always followed in the wake of the British arms.

BEAR A TERROR TO CHURCH

Declares Russian Occupation Means End of Protestantism.

PHILADELPHIA, Oct. 15.—The Eastern missionary convention of the Methodist Episcopal church came to an end tonight when a monster meeting was held in the Academy of Music. Dr. David S. Spencer, speaking on "Japan," said:

"I would help Japan save China. I would help her build a wall so high and so strong that the Russian bear could neither scale it nor crawl through it, for he is known unto you that wherever that bear places his paw there is an end to Protestant missions, and ultimately to American commerce."

Honorable Artillery Sails for Home.

BOSTON, Oct. 15.—The members of the Honorable Artillery Company of London today said farewell to American shores after a stay of nearly two weeks in this city as the guests of the Ancient and Honorable Artillery Company of Massachusetts. The Englishmen sailed by the Dominion Line steamer Columbus.

AGAINST SEATTLE SPORTS

FURTHER FIGHT ON CLANCY

Prizefight Supposed to Be Promoted by Him Is Held Up—Corcoran Writes Discharge of Callaghan but Concludes Not to Send It.

CONDITIONS OF OFFER.

First—Gamblers to be prosecuted under felony act.
Second—Evidence to be used only for prosecution.
Third—Deputy-sheriffs to remain in prosecutors' office until matters are settled.
Fourth—Deputy-sheriffs not to collect "fines" from slot machine owners.
Fifth—Intent of notice is to close public gambling.

SEATTLE, Wash., Oct. 15.—(Special.)—Another phase of the controversy between Prosecuting Attorney Scott and certain members of the local gambling fraternity over who is responsible for the existence of wide-open gambling in this city was injected into the scandal today, when Acting Sheriff Corcoran, in the absence of his chief, knocked the props out from under one of Mr. Scott's arguments to show why gambling has been tolerated.

In a recent interview Scott claimed that he had not been able to suppress gambling for lack of co-operation on the part of the Sheriff and Chief of Police. He assigned this as the principal reason for its existence rather than the protection alleged to have been extended certain gamblers through Hughie Bean, a notorious bunco-steerer, reputed to have levied tribute on the fraternity under color of authority from the Prosecuting Attorney's office.

In a terse and suggestive letter, Under-Sheriff Corcoran today notified the Prosecuting Attorney of his entire willingness to suppress all forms of gambling and to place at the latter's disposal all the Deputy Sheriffs required to accomplish this end. The letter, which created a sensation in official circles, is in substance as follows:

Letter With Conditions.

"Mr. W. T. Scott, Prosecuting Attorney, City—Dear Sir: You are hereby notified that I will immediately, upon receipt of your request, detail one or more Deputy Sheriffs, from the present force, to assist in the suppression, as far as possible, of all forms of gambling, upon the following conditions:

"First—All violators of gambling laws to be prosecuted under the felony act, so-called.
"Second—The evidence found to be used for the purpose of convicting such violators, and for no other purpose.
"Third—The deputies detailed to your office to remain there until violations of the felony act are restricted, as far as can be reasonably expected, that is to say, until public gambling is suppressed.
"Fourth—Under no circumstances will

WIFE AND MOTHER AWAIT HIM

Later Meets ex-Lieutenant-Governor on Street and Warmly Embraces Him; Former on Return to Jail for Belongings.

HISTORY OF THE CASE.

Ex-Lieutenant-Governor James H. Tillman, of South Carolina, shot and killed Editor Gonzalez, of the Columbia State, early this year. Bad blood had long existed between the two men, largely on account of politics. Tillman finally walked up to Gonzalez, whipped out a revolver and inflicted wounds from which he soon died. He has been in jail since. He alleged self-defense.

Tillman is a nephew of the famous "Pitchfork" Senator, and has long been prominent in South Carolina politics.

BALLET CONCERNS BARRED

Oregon Mining Promoter Can't Use Mails for White Swan Scheme.

OREGONIAN NEWS BUREAU, Washington, Oct. 15.—A fraud order has been issued by the Postoffice Department against the White Swan Mines Company, of San Francisco and Baker City, Or., and against the Pacific Security & Trust Company, which was operated by Letson Balliet, of San Francisco, as a part of the former scheme. These so-called firms have been denied the use of the mails because Balliet, their promoter, has been found guilty of selling worthless stock in a worked-out mine in a manner that is said to have netted him several hundred thousand dollars, and the purchases nothing. The mining property upon which the scheme was built is said to be thousands of dollars in arrears, and has not been worked for years.

The principal offices of the White Swan Mines Company were located in San Francisco. The operations at Baker City were merely supplemental, but hereafter no mails will be delivered at or received from the Baker City office of the concern. This firm would have been debarred from the mails two years ago had not the then Assistant Attorney-General Tyner, now under indictment for fraud in connection with the administration of his office, ruled in their favor. This latter action was taken on recommendation of Attorney-General Robb.

MANILA, Oct. 15.—Governor Taft has designated December 23 as the date of his departure for Washington to enter upon his duties as Secretary of War.

Defaulter Run Down.

MANILA, Oct. 15.—George Herman, the defaulting constabulary officer, has been captured and taken to Bayanan. Eight hundred dollars was recovered from him.

After the verdict was announced, the Clerk held up the pistols which had figured in the trial and offered them to the defendant, who waived them off, saying: "They are not mine."
The jury announced at 10:45 that a verdict had been agreed upon. The defendant and attorneys were sent for, and the jury then filed into the courtroom and the verdict was read.
A demonstration followed the announcement, friends of the defendant giving vent to their feelings in a shout. The court previous to the reading of the verdict had admonished the spectators to refrain from any demonstration.
Counsel for the defense moved the defendant's discharge from the Sheriff's custody. No objection being made by the state, the court made the order. The defendant shook hands with the Judge and members of the jury, and left the courtroom, accompanied by his friends and counsel.
There was great uncertainty when court convened today as to whether a verdict would be reached. The court was proceeding with civil business when a loud rapping was heard on the door leading to the juryroom. In a moment all were astrait. That was the first sound coming from the room since the jury retired yesterday afternoon. Hasty summons were sent out, and with a little loss of time as possible the court had the jury's announcement made, thus terminating this important case which was begun 15 days ago.
