

BUILD AT ST. LOUIS

Oregon to Have State Home at 1904 Exposition.

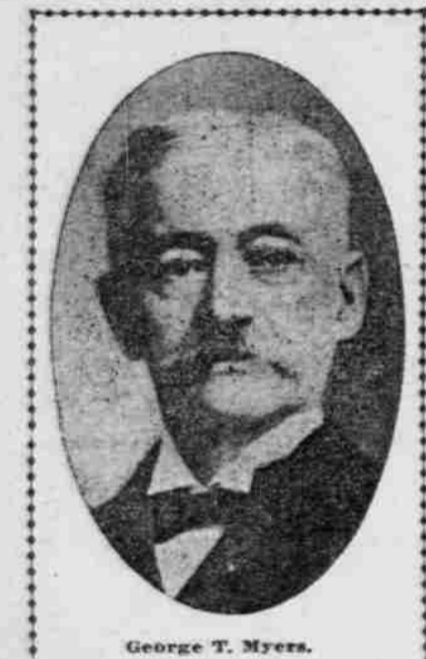

DIRECTORS APPROPRIATE \$3500

George T. Myers and S. M. Mears Are Elected to Fill Vacancies on the Board—Improvement of Twenty-Sixth Street Advocated.

SEATE BUILDING—Final action taken that will give Oregon a state building at St. Louis. NEW DIRECTORS—George T. Myers and S. M. Mears named to fill vacancies in the board caused by resignations. A. L. Mills was elected second vice-president.

Oregon is to have a state building at the St. Louis Exposition. Yesterday afternoon the board of directors of the Lewis and Clark Exposition Company appropriated the \$3500 necessary to make up the \$10,000 required for the work of construction.

The \$3500 of the amount was appropriated at a recent meeting of the State Commission, with but two dissenting votes. At that time there was some question as to whether the board of directors would appropriate the remaining \$3500, but this question was promptly answered when it came up yesterday. The appropriation was made promptly and

George T. Myers.

with a unanimous vote, and the work of preparing plans and specifications of a building modeled after old Fort Clatsop will be commenced at once.

Two new members of the board of directors were named at the meeting. The new officials are State Senator George T. Myers and S. M. Mears, president of the Portland Cordage Company. Their appointment on the board will fill the vacancies caused by the resignation of Directors W. W. Cotton and William D. Wheelwright, both of whom severed their connection with the board a number of weeks ago because of their inability to devote the required attention to the work.

As Mr. Wheelwright had been the second vice-president it was necessary to fill that position, as well, and Director A. L. Mills was unanimously selected to serve. The new directors and second vice-president were sworn in by Secretary Reed.

New Standing Committees. Following this action, President Scott announced standing committees to look after the exposition company's interests.

S. M. Mears.

The personnel of the different committees as named by Mr. Scott is as follows:

Executive Committee—Scott, chairman; Mills, Fenton, Ladd, Westinger, Myers, Wolfe, Friede. Finance and Supplies—Wolfe, chairman; Devers, Ladd, Mills, Westinger. Ways and Means—Fenton, chairman; Alinsworth, Bates, Devers, Fleischner, Malloy, Friede. Concessions—Friede, chairman; Connell, O'Shea, Wolfe, Mears. The board of women managers has been selected but for the time being the names of the members are to be withheld. Several matters acted upon by the state commission were brought up before the board. The commission's suggestion that the matter of furnishing electric lights and power for the Exposition grounds was referred, and a committee was named to act in conjunction with the commission's committee in making all necessary investigations in the matter. The committee is composed of Directors Fenton, Westinger and Mills.

The appropriation bill to Congress, as revised and submitted by the commission, asking for an appropriation amounting to \$1,125,000 was adopted, and copies will be sent to the two Senators and Congressmen from Oregon.

To Improve Exposition Approach. The necessity of having Twenty-sixth street improved between Thurston and Vaughn streets was subjected to considerable discussion. At present, there is a measure before the City Council for the improvement of the street with gravel. It was the opinion of board members, however, that asphalt and cement should be used, as this street leads up to the main entrance to the Exposition, and should be made as presentable as possible. Measures are to be taken to have the resolution now before the Council for gravel improvement recalled.

Which periodical is to be the official organ of the Exposition was discussed, and the matter was referred to the committee

on press and publicity, with power to act. The directors heard a letter from Congressman Francis W. Cushman, pleading his support to the appropriation measure and assuring the officials that he would do everything in his power to have the bill passed. Congressman Cushman's letter is as follows:

Tacoma, Oct. 14.—Board of Directors Lewis and Clark Exposition, Portland, Or.—Gentlemen: The members of the Tacoma Chamber of Commerce have handed to me a copy of the resolution recently passed heartily endorsing the Lewis and Clark Exposition, and requesting the Congressional delegation from this state to give their most hearty support to the bill to be introduced in the coming Congress, providing for an exhibit by the Government at that Exposition, and also for a Federal appropriation to aid in the Exposition.

I would also add that the members of our Chamber have, in addition to their formal resolutions presented to me, requested me in person to make an active effort in this connection, as one of the greatest undertakings for better advertising the whole Northwest, and incidentally for the perpetuation of business and commercial friendship between the City of Portland and the City of Tacoma. I shall be happy to give my very best efforts in your aid. Most cordially yours, FRANCIS W. CUSHMAN.

Reception to Returning Pastor.

The lecture-room and parlors of Grace M. E. church were filled to overflowing last evening by members and friends to congratulate themselves and their pastor, Rev. J. R. T. Lathrop, D. D., on the continuance of the relations so pleasantly enjoyed during the past four years. The parlors were beautifully decorated with autumn leaves, cut flowers, palms, etc., by the members of the Epworth League. The platform was occupied by the leaders of the different departments of church

work. Dr. Lathrop and family and invited guests. After prayer by Mr. J. K. Gill, ex-State Senator, J. E. Haselton welcomed the pastor in a hearty and eloquent speech, to which Dr. Lathrop responded, pledging his best services to the church. Mr. J. K. Gill in a neat speech welcomed the presiding elder, Dr. L. E. Rockwell, who responded and in turn welcomed Dr. Lathrop. Rev. A. N. Fisher spoke for the Methodist Ministerial Association and welcomed the pastor in their behalf. The large chorus choir, under the leadership of Mrs. J. S. Hamilton, rendered two anthems in their usual excellent manner and Mr. McCauley gave with splendid effect a violin solo, "Blue Bells of Scotland." Introductions and presentations were next in order and many expressions of esteem and affection were tendered Dr. Lathrop and his family.

M. A. Ward Won Medal. At the gold medal contest held last night in Centenary Methodist Episcopal Church, East Ninth and East Pine streets, M. A. Ward won the medal. There was a large attendance and the programme was enjoyed by all. Tomorrow afternoon at 2:30 o'clock there will be a grand gold medal contest in the First Baptist Church. A programme will then be given.

Freighthandlers Give Up Strike. KANSAS CITY, Oct. 16.—The strike of 800 freighthandlers begun in June has been officially declared off. Men were imported to fill the places of the strikers.

To Discuss "Migration." The John Burroughs Society will meet at 8 o'clock this evening in its rooms on the top floor of the City Hall building.

This is the first meeting of the year and a full attendance of the membership is desired. The subject of "Migrations" will be discussed by Miss Gertrude Metcalfe. All bird lovers are invited.

NEW STYLE GOODS.

For Ladies' Long Coats and Suits. These goods are decidedly novel. We have the only line of them in this city. Fancy mixed tweeds, red, blue, brown and black mixed. These are the goods the ladies have been running themselves weary trying to find. The supply is very limited, yet we carried every yard that came to this city. The many ladies who have been inquiring of us lately for this class of material will please take note of this. These goods, made up into long raincoats or suits, are simply elegant. Inside of the next 24 hours we will have out new models of these popular garments. They are in course of being designed and made today. The J. M. Acheson Co., merchant tailors, manufacturers of ladies' suits, coats and skirts ready to wear or special order. Fifth and Alder streets.

A Full Bust in an Ordinary Corset Cover. A Full Bust in La Grecque Bust Supporting Corset Cover.

LA GRECQUE

Bust Supporting Corset Cover.

Is indispensable to a full figure in a Shirtwaist, because it takes the place of a fitted lining, and holds a full bust firmly without shifting or sagging in any position, even in an extreme low-bust corset. It brings the bust forward, making a full figure narrower.

It is adjustable at shoulders, bust and waist, so that each figure is fitted exactly. Has no seams, wrinkles or superfluous fullness anywhere; cannot push up. The heaviest figure will never be unsightly in this garment.

Prices, \$1.50 up.

MEIER & FRANK CO., Fifth, Morrison & Alder Sts., Portland.
