**EDICT FROM SHERIFF'S OFFICE** 

Deputy Corcoran Says He Will Give Prosecuting Attorney Scott Plenty to Attend To, if He Means Business.

SEATTLE, Wash., Oct. 16 .- (Special.)-Under Sheriff Corcoran today issued a chines, of whatever nature, and all other gambling devices be selzed if any are found in use after 8 o'clock tomorrow

Deputy Sheriffs Nelson and Bunce, acting upon instructions from Corcoran, ent the whole day warning the owners of trade slot machines of the order and informing them that in the event the machines were exposed they would be seized and destroyed.

The reason for this action was stated by Mr. Corcoran to be that Prosecuting At-torney Scott saw fit to ignore his written communication setting forth the will-ingness of the Sheriff's office to place any number of deputies at his disposal for the suppression of gambling, and for the further reason that the Sheriff's office interprets the failure to reply as virtually

When asked what attitude he would that the trade machines have been operated for the past few weeks under a fine system inaugurated by his office, Prosecuting Attorney Scott declined to make any statement other than to say that whenever the Sheriff's office laid evidence of any violation of the law before im he would proceed with a prosecution

Under Sheriff Corcoran gave out the following regarding the motives which prompted him to take the initiative in ppressing gambling: This office was forced to take the step

which it did by reason of the Prosecut ing Attorney's refusal to accept my of fer of assistance in freeing the city from gambling, , thus virtually putting whole responsibility up to the Sheriff. accept and will close this town tighter than a drum before we are done with it. If Mr. Scott, who in a recent interview complained that he could not get as-sistance to suppress gambling from this office, has any doubt on this score it is Sheriff's duty promptly to remove

In other words, I am merely taking Mr. Scott at his word as to where the responsibility for the existence of gambling lies, and the Sheriff's office will per-form its duty to the letter. After the paraphernalia is seized and evidence prorured it is up to the Prosecuting Attorney to do the rest.

"The Sheriff will give him enough busiess to keep every man in his office hard at work for months to come."

SOLICITS SCHOOL CO-OPERATION. State School Superintendent Asks

for Exhibits at St. Louis Pair. SALEM, Or., Oct. 16.—(Special.)—In order to help in the preparation of an educational exhibit at the St. Louis Exsosition, which will be a credit to Ore-ton, Superintendent of Public Instrucion J. H. Ackerman has issued a circular etter addressed to all school officers and teachers, soliciting their co-operation in the work of the centlemen who have this part of Oregon's exhibit in charge.

Judging by the expressions rec from those educational workers whom he has talked on the subject, Superintendent Ackerman believes that in every part of the state there will be a hearty response to every request for assistance in preparing the exhibit. The letter issued by Superintandent Ackerman is as follows:

To the School Directors, Principals and Teachers in the Public Schools of Oregon: The Louisiana Purchase Exposition is to be held in St. Louis in 1998, and for the first time in the history of enterprises of this kind, the department of education has been assigned first place, and a separate build-ing has been provided for the educational ex-hibit and a comparative display from all the

leading nations of the world. It is earnestly desired by this department that Oregon shall take its proper place as a leading exhibitor in that department. The great interest heretofore manifested by the people of Oregon in all matters pertaining to education justify the expectation of hearty co-operation in the preparation of an educational display that will intelligently and effectively

display that will intelligently and electrical illustrate Oregon's school gratem, and the re-sult achieved in all lines of work. Professor F. G. Toung has been appointed as the educational exhibit commission for Oregon, and Superintendent H. S. Lyman as superintendent, and these gentlemen have, in conjunc-tion with the committee appointed for this purpose by the State Teacher's Association, prepared a circular containing suggestions and plans for preparing a creditable exhibition, which you will receive in due time. All in-quiries and communications should be ad-dressed to Superintendent H. S. Lyman, 203 line street, Portland, Or.
Firmly believing that all will take hold of

the matter with real and enthusiasm, to the end that this exhibition of school work will be the best in the history of the state.

### Accurate Treatment in Every Case

We wish to make one point distinct and emphatic, the remedies employed in treating our patients are prescribed and compounded to meet the exact requirements in each individual case. Every patient of ours can rest assured that the treatment he receives is not the "ready-made" kind. If you want such treatment, go to a drug store and buy a patent nostrum.

We make a study of every case we treat, note all conditions in the beginning, note all conditions in the beginning note all covernments as the case progresses, and so alter our remedies as to accomplish just what our knowledge and trained perception tells us must be accomplished. After diagnosing your case perception tells us must be accom-plished. After diagnosing your case we will know just what you need. We have treated thousands of cases identical with your own, and many more of a similar nature.

### **Contracted Diseases**

To but partially cure a contracted disease is almost as dangerous as to allow it to go untreated. Unless every particle of infection and into allow it to go untreated. Unless every particle of infection and inflammation is removed the probability exists that the disease will gradually work its way into the general system. Still greater is the danger of the prostate gland becoming chronically inflamed, which always brings on partial or complete loss of power. Perhaps 35 per cent of the cases of so-called "weakness" are a direct result of some improperly treated contracted disease. We have treated thousands of cases of contracted disorders with our system, and have effected a thorough and safe cure in each instance. There have been no relapses or undesirable developments whatever, and our patients have been cured in less time than other and less thorough forms of treatment require in producing even doubtful results.

## Varicocele

We guarantee to cure varicocele by a method that involves no cutting, no ligature or caustic. No other physician employes the same treatment, and so thoroughly is our work that there need not be the slightest fear of a relapse into the old condition. Those who have been long afflicted with varicocele will never realize the injury it has caused until they feel the vim, energy and bucyancy of spirits that a complete cure will bring.

"Weakness" "Weakness" is not a nervous disorder, demanding a tonic system
of treatment, but is merely a symptom of chronic inflammation or
congestion in the prostate gland.
The congestion exists as a result of
early dissipation or some improperly treated contracted disorder,
and requires mainly carefully directed local measures. By our
own original methods the prostate
gland is quickly restored to its
original state, which results in full
and complete return to strength
and vigor. Our cures are permanent because the condition responsible for the functional disorder is entirely removed, and we are
convinced that by no other treatment is a radical cure of this allment possible.

# Stricture

Our treatment for stricture removes the necessity for surgical operations, even in severe cases of long standing. We do no cutting or dilating. No other physician employs our methods of overcoming this disorder, so the service we after you is original and distinctive. Do not give up hope because others have failed. We will cure you and the cure will be prompt and a painless one. Our treatment dissoives the stricture, and permanently removes every obstruction from the urinary passage, subdues all inflammation, removes all irritation or congestion that may exist an initialismation, removes all irri-tation or congestion that may exist in the kidneys or bladder, reduces enlargement of the prostate gland and restores health and tone to all organs affected by the disease.

PILES Quick Cures Certain Cures We cure the worst cases of piles permanently without the use of obstiments, without pain, cutting or detention from business, in from detention from business, in from two to three treatments. Our trea-ment is entirely new and peculiar to ourselves. Hemember, no mat-ter who has failed before in your case, we will cure you with mild methods, and without danger, or else make no charge whatever for our service. our service.
Should you live at a distance, we can treat you successfully at home.

WE ARE ALWAYS WILL-ING TO WAIT FOR OUR FEE UNTIL A CURE IS EFFECTED.
