# Mail Pouch Thief and Forger Walks Off Train.

**ELUDES HIS CUARDS** 

### MARSHAL STOPS TO WASH FACE

Man He Brought From Denver to Philadelphia Mingles With the Crowd, and Is Soon Lost to Sight,

PHILADELPHIA, Oct. 18-Albert E. PHILIADELPHIA, Oct. 18.-Albert E. Bell, the malipouch thief and forger, who was brought to this city from Denver by Deputy United States Marshals D. H. Baker and Alvah Davis, today eluded his guards, and is now at liberty. When the train reached the Pennsylvania railroad station, Davis and Bell went to the tollet apartment of the Puliman car, and while the Deputy Marshal was washing his face the prisoner walked to the plat-form of the car, mingled with the crowd of passengers and disappeared.

For nearly three hours after the swindler had made his escape, Davis and Baker wandered about in search of him, and finally notified the local police authorities. Government and city detectives are now endeavoring to locate Bell, but he has the advantage of a long start, and the officers

are without a clew. Bell was arrested while he was ill in a hospital at Denver. He confessed to hav-ing stolen a malipouch containing about 1200 checks from an express train on the Pennsylvania Railroad at Germantown Junction, this city, on the night of September 8. He was held in \$10,000 ball for his appearance in the United States District Court here.

In custody of Deputies Davis and Baker, the prisoner left Denver for this city Friday afternoon. As he was still suffering from the effects of the illness which took him to the Denver hospital, the officers did not deem it necessary to shackle him. He was accompanied as far as Pacific Junction by Mrs. Sharp, who was arrested with him, but later discharged. The trip to Philadelphia was uneventful

until this city was reached. Deluded by the tractability of the prisoner the deputies failed to guard him carefully and his escape was rendered easy.

OREGONIAN NEWS BUREAU, Washington, Oct. 19,-In a local interview to day, Governor Chamberlain of Oregon comments on the decision of the Alaska Commission as follows:

"I have always felt there was really nothing to arbitrate. In other words, America had everythting to lose and nothing to gain by an arbitration. The consent to arbitrate gave coloring to a right of Great Britain to make a claim which, in my opinion, has no foundation in fact. I cannot see how it would have been possible to decide against the claim which was assorted by America, and which until very recent years had been lived up to. and acted upon by persons of every nationality on the ground, who were in a position to know the respective merits of the contending parties.
