France Puts Prominent Americans on St. Louis Board.

NEW YORK, Oct. 23.—France is making great preparations for its participation in the exposition at St. Louis next year.

Snow in Wisconsin. BALDWIN, Wis., Oct. 23.—An inch of snow fell here last night.

LOOKS LIKE LOW

Fusionists Are Gaining in New York

REGISTRATION HELPS THEM

Record Is Broken, but Democratic Districts Are Shy.

SPORTS AGAINST TAMMANY

Many Heavy Wagers Are Being Made at Odds of Ten to Eight—Jerome the Prize Vote-Winner.

According to precedent, Tammany will be routed in the coming New York election. A heavy registration has always been the signal for a large anti-Tiger vote...

NEW YORK, Oct. 18.—(Special)—It looks like Low.

For the first time in this exciting city campaign the Tammany men are disheartened. The tremendous registration which swept the tide up to a higher figure than that of two years ago convinced them that their cause is doomed...

To show how the tide is running, sporting men are giving odds of 10 to 5 on the election of Low. About \$10,000 has been wagered on Wall street at these odds. The largest bet of the day was made by a syndicate of Italian bankers...

The total number of voters registered this year is 828,808, which is 13,000 ahead of the figures of two years ago, when the citizens were thoroughly aroused by the crusade against Devery and the red-light methods in Manhattan and the Bronx...

In Brooklyn the Fusionists have reason to be elated over the result of the registration, which exceeds by over 15,000 the figures of 1901. In that year the Fusionists carried 14 of the 21 districts, and this year seven of the districts that Low carried in 1901 show an increase of 4519.

Loss in Democratic Districts. In each of the seven districts that the Democrats carried in the last majority election there is a decrease ranging from 55 to 291, making a total decrease in the Democratic districts of 1351. According to the analysis, the Fusionists are between 600 and 500 ahead on the registration.

Of course the leaders on both sides publicly profess to be greatly cheered and encouraged by the great registration. They always make these statements, and no one pays any attention to them or believes them.

In consequence the "welding" in every portion of the greater city will ring with eloquence day and night, and the splendor will be an exhausted lot by election day.

OVER TO PINCHOT

President Wants Him to Control Reserves.

WILL APPEAL TO CONGRESS

Land Frauds Given as Reason for the Change.

HITCHCOCK ALSO FAVORS IT

With Chief Forester in Charge Money Would Be Saved and Existing Chaotic Conditions Remedied.

WASHINGTON, Oct. 23.—President Roosevelt, after several conferences with Secretary Hitchcock, Land Commissioner Richards and Chief Forester Pinchot, has come to the conclusion that before there can be a systematic, or even an intelligent, administration of the forest reserve system of the West, the management and control of the reserves must be placed in one single office, and this the Bureau of Forestry.

Pinchot Will Have Full Say.

If the change is authorized, Gifford Pinchot, with his force of experts most of them scientists, will take up the administration of reserves, and will be given full say in dictating the future reserve policy, and designating lands that may hereafter be converted into reserves.

With four offices handling forest reserve affairs at present, there is necessarily confusion, duplications of field work, and a lack of uniform policy. The several offices are to some extent working at cross purposes, and, all in all, for forestry matters are admittedly badly tangled.

Change Urged in Last Congress. An attempt was made in the last Congress to pass a bill authorizing the very transfer that is now advocated by the President, but a few enemies were able to secure its defeat.

TO STOP ADVANCE IN SILVER. Philippines Withdrew From the Market With This Idea.

DOWIE HAS FLED

Zionist Leaves New York in the Night.

FAMILY GOES WITH HIM

Not Known Whether He Provided for the Host.

AUSTRALIA HIS DESTINATION

Son Tells Newspapers to Get Out of the Way When They Attempt to Learn Reason for Sudden Departure.

NEW YORK, Oct. 21.—The Times is authority for the statement that, guarding his movements with all possible secrecy, John Alexander Dowie, "Elijah the Restorer," left New York at midnight for Boston, carrying all the family and baggage with him in his private car. He absolutely declined to indicate in any way when he will return to this city, and the information obtained was that he intends to sail with his family for Australia. It was impossible to ascertain last night whether any provision had been made for the members of the Zion Restoration Host, now at Madison-Square Garden, either for their return to Zion City or for their maintenance while here.

THE FAREWELL MEETING.

Dowie Gives No Hint of His Intended Departure. NEW YORK, Oct. 23.—The Dowie meeting tonight was given over principally to a farewell to Mrs. Dowie and her son, (Continued on Page 7.)

CONTENTS OF TODAY'S PAPER.

- National. Land frauds will prompt President Roosevelt to ask Congress to give control of reserves to forestry bureau. Page 1. Speculator Hunson, of San Francisco, shows there is a "leak" at Washington when forest reserves are to be created. Page 1. Commissioner Sargent's annual report shows an increase in alien immigration. Page 7. Captain E. M. Johnson will likely be detailed to instruct Oregon National Guard. Page 3. Foreign. Historian William E. H. Lecky dies in London. Page 7.
